

THE
TORCH-BEARER,

THE MAGAZINE OF
THE SYDNEY CHURCH OF ENGLAND GRAMMAR SCHOOL.

No. 1.

JUNE, 1901.

Vol. XI.

Editorial.

WE have come to the end of another half-year in our history—the first half-year of the new régime, and naturally we look around for indications of progress or otherwise in the School's life generally; and we have reason to be more than satisfied with our survey, and can look forward to the future with strong hopes for increased prosperity. We are on a fair way, for instance to attain to the numbers of some seven or eight years back, more keenness is seen in school work and in sports, and, though much is still to be desired in these respects, we believe that time will bring its improvements. At present, though,

more enthusiasm is what we want, enthusiasm which will lead boys who have an examination before them to do more than the regular set work from day to day, and which will prevent them from jogging on in the same easy-going fashion whether they have a month or a year before the testing time; an enthusiasm too, which will make them train and practise for football without being rounded up and will induce them to sacrifice personal convenience to the advantage of the team as a whole. To put the matter plainly, the School has suffered from an apathy which pervaded to a greater or less extent every department of School life. It was not

worth while bothering about anything. Of course, there were always the honourable exceptions to this accusation, the boys to whom the credit is due of upholding the honour of the School under so trying and discouraging circumstances. For there is such a thing as the honour of the School, sneer as Stalky and Co. may; and few realize what can be done and has been done by boys who sacrifice their own convenience and wishes to what they

see to be the benefit of the School as a whole. May their number ever increase.

We hope, however, and we feel we have reason to hope, that the tide has turned in this respect, as in others. But we cannot too strongly emphasize what we know to be an undoubted fact, that no School is doing its duty whose members do not work hard and play hard, and on all occasions, in spite of all difficulties, set their teeth and 'go for all they are worth.'

The Boat Club.

THE Schools Regatta was held on April 20th on the Parramatta River and its success was in a great measure due to the untiring energy of the Honorary Secretary, Mr. D. Maughan. Everything went off without a hitch, and the rowing of the various crews was quite up to the usual standard. As a detailed account appeared in all the newspapers it is necessary for us to give a brief account of the School's Race only.

A very good start was effected and until near Gladesville, it was difficult to decide which crew was ahead, but from this out there was not the least doubt about the result. Riverview, who had been a little rough at first, steadied down, and rowing beautifully together with good swing and excellent use of the slides drew right away from the other crews and won by several lengths from Sydney Grammar School. The School crew rowed pluckily and finished several lengths behind S.G.S.

The winners were a really good crew from stroke to bow and had evidently

done a lot of solid training, for they afterwards made an interesting race for the Senior Fours. We congratulate them heartily on their success.

Mr. Burnside who had the responsibility of the School crew had unusual difficulties to contend with, as very little rowing had been done before Christmas and the crew were young and inexperienced.

However it is to be hoped that next year's crew will not be under the same disadvantages, and that members of the Boat Club will make good use of spare Saturdays and holidays to supplement their after School work by long rows to Lane Cove River and other delightful camping spots about the Harbour.

The names and weights of the School crew are as follows:--

	St. Lbs.
F. C. Kater (bow)	9 13
R. C. Adams (2)	10 0
J. F. Reid (3)	11 12
D. Taylor (str.)	9 11
H. S. Bland (cox)	6 0

Experiences in a Back Country Sheep Station.

An Old Boy from the parish of Balah and Gunnabonna which lies about 600 miles due West of Sydney, and 150 miles from Hay the nearest railway station, has supplied us with a long and very interesting article on "Experiences on a back country sheep station." Owing to want of space we can only publish a few extracts although a great deal of it is equally valuable in showing the contrast between the average town boy's *idea* of station life, so full of "glorious gallops after Starlight and his gang" of "the running fire of stock whips and the fiery run of hoofs" and the frequent reality—the lonely, dreary existence of the far-out West.

Leaving school at a moment's notice he set out with all speed for Hay where his father met him with the news that 20,000 acres of land had been thrown open for settlement, and as the first on the spot has first claim, it was necessary for them to journey with all speed to anticipate the usual rush. A thirty miles drive on a dusty road with the thermometer 110° in the shade, brought them on their first stage; the latter part in the dark was varied by an attack on a wire fence and a tumble into a creek while groping about for a gate. The hotel which was reached at 9 p.m. boasted of a stable, though usually a *small* paddock of 1000 acres does duty for a stable and one finds it large enough after chasing his horse round it a few times.

Next day saw another lively experience 50 miles under a burning sun across an absolutely treeless plain, "as far as the eye could see the only signs of life were

hundreds of rabbits and of course a few of our old friends, the crows, who kept up a string of remarks on our personal appearance." After leaving Gunbar a change comes over the scene, the plain gives place to a series of sand-ridges covered with scrub, pine chiefly, and cockatoos, galahs, bell birds, etc., fill the air with sounds, so that the journey to Hillston was even enjoyable. Here an old blackfellow formerly in his father's employ appeared, his hair and beard being quite white, the result of a snake incident. He once tried to kill a snake with a bridle and pulled it on to him; he dropped the bridle and the spike of the bit caught in the heel of his boot and thinking it was the snake, he kept running round the place until he fell down exhausted; he still maintains that big-fellow snake changed the colour of his hair. Hillston is described as a picturesque little town situated in a bend of the Lachlan and surrounded by thick scrub. There is one main street, with pepper trees flourishing on each side of the road.

His first impressions and experiences of his new home were not poetical. "I was awakened next morning by the cook ringing the breakfast bell, or rather, making an unearthly row with a lump of wood and a kerosene tin; a deal board served as a table, the family plate consisted of tin plates and pannakins, while the breakfast offered an attractive programme of tea, bread, and meat. The house, containing four rooms, was built of galvanised iron and lined with hessian and paper. At first the sound of snakes crawling up between the walls and the

lining scared me a bit, but I got used to it. We always shook out our blankets at night before turning in, as it is not comforting to feel a snake wriggling about in your bed. There were three men employed on the station. One did the cooking when he was at home; our meals were always damper, salt mutton, and black tea, twice a day; we had to wash and mend our own clothes. Our work consisted in going round the four big paddocks taking the stock to water, and chopping up that plague of the squatter the Bathurst burr. In about a fortnight the three men left me to go to the Wyalong Goldfields, so I wired to my father who sent me a man from Hay. However, he spent two months in finding the place, and I had to do the best I could with not a soul to talk to and not a companion except my dog, the mailman came past once a week. Talk about loneliness, I don't wonder at poor chaps going off their heads out back. I used to talk to the dog so that I should not lose the use of my tongue, and for the first time in my life I tried singing, I sang all day long and the dogs used to join in the chorus.

One night I was struggling through some song and it must have been attractive, for suddenly an uninvited guest in the shape of a huge tiger-cat rushed in pursued by the dogs, and I was up on the table in an instant for a tiger cat is twice the size of an ordinary cat, and if he once gets a grip of you there is no getting him to let go again. However, the cat settled down amicably, and on waking in the

morning I found it on my bed purring in a most friendly manner."

One day he returned home and found a "tourist" swagman in possession of his establishment, but he turned out to be a desirable visitor and stayed for a few days. Another visit he received on a washing day, a lady and gentleman, but the battered condition of his costume led him to hasten their departure. At last the relief party consisting of his father and a colonial experimenter arrived and they had to build a residence half a mile away to fulfil the conditions of living on the property; then came a three months job of putting up a mile and a half of wire fencing, cutting the posts, boring and putting them in the ground. This was varied with shooting, for after recent rain duck, swan, wild turkey, emus, etc., were abundant and eggs plentiful; there were also rabbits, kangaroos, and wild pigs. Sugar and jam were now added to the menu and a couple of goats—a jam tin served as a milk pail—changed the colour of the tea and provided a lot of excitement and exercise, as they generally required more yarding up than a mob of cattle.

The new chum became chief cook and might have succeeded but for his ambition. His sister had given him a little theory with the result that he was always trying to outdo all previous efforts with disastrous results. The paper concludes with the hearty wish that the sister may soon get married so that she may take less interest in her brother and cease sending him recipes which are so dangerous in such hands.

Football.

BEGINNING the season with eight of last year's players, we had a nucleus on which to found a sufficiently strong team, if the second team of last year had been up to the requisite standard. Owing to its weakness and lightness, there was not the crop of likely men coming on that we might have expected if our second team had been stronger. However, we were able to fill up the vacant places more or less efficiently, and the team thus constituted gave on most occasions a creditable account of itself, the chief exception being against Newington, when, granting that it was over-matched, some members of the team gave the impression of being beaten before the game started. Harder training is necessary if the team is to do as well as it lies in its power to do. We may lack experience and weight, but there is no reason why we should lack condition. We have been considerably helped by several old boys, both in our practices and in some club matches, notably by Fisher, Way, Larkin, Holtermann and Bland, to whom we tender our hearty thanks.

The second fifteen is still only able to meet third teams from the other schools, but has on several occasions showed really good form. Unless, however, its members grow fast and heavy, they will be too light to be of great service as a recruiting ground for the first team. The team is strongest in the back division. Bland, Hartridge, Gunning, Black II, and Giblin II, all promise to develop into really good players.

The thirds and fourths have played

several matches with varying success. Amongst these youngsters several prominent players are to be found, notably Cook I, Dibbs II, and Parkes I.

The following are the details of matches played:—

May 1st. *First XV v. Manly Federal*, at Manly. Lost by 16 to 3.

May 4th. *V. Old Boys*.—Lost, 16 to 6. The Old Boys brought up a fairly strong team, including Larkin, Way, "Bega" Bland, Lyne and Russ. Barton, and though some of them were not in the best of condition, their superior weight, and, in some cases, superior skill gave them a decided win.

May 11. *V. Aoma*.—Won, 3—0. This was a really good game, and in it the team showed perhaps to greater advantage than in any match played this half. The forwards worked well, following the good example of Way and Larkin, and the passing of the backs was at times brilliant. Hickson scored the only try gained.

May 15th. *V. Sydney Grammar School*.—Lost, 9—8. This was our first school match, and had the team shown more confidence at the start of the game, it is possible that the result might have been different. As it was, it was not till towards the end of the first half that they began to realise that they were holding their own. The last quarter of an hour was most exciting, and it was anybody's game until the whistle blew.

The School kicked off against the wind, and Deary returned. Hickson and, shortly after, Terry found touch by good kicks. Manning (S.G.S.) from the line out kicked down the field, and Terry forced. S.G.S. again took the ball to our 25, when Taylor relieved by a good run and kick. Deary's return was smothered by Dent, but a free was awarded to S.G.S. for offside. Hickson returned in touch. Dent again showed up with a dribble into touch, a performance which he repeated a minute after. S.G.S. then came with a rush and were soon awarded a free, but the kick failed and Terry forced. From the drop out S.G.S. came with a passing rush, but Fenwick tackled well and stopped it. Exchange of kicks took place, and then the School got in a good piece of passing, which finally went astray. From

a free Sayers took a shot at goal but failed, and Buchanan forced. After some desultory play the School again tried passing, but Sayers was tackled with the ball. S.G.S. now made a strong attack and kicked to Moore, who missed the ball. Several S.G.S. men were following up well with only Terry to pass, when Sayers, who was offside, took the risks and picked up and kicked. A free to S.G.S. resulted, from which a good goal was kicked. Half-time. Scores, S.G.S. 3—0, S.G.S. opened the second half with some passing, which Sayers stopped. But S.G.S. were not to be denied, and MacLachlan scored after a pass from Close. No goal followed. Scores, S.G.S. 6—0. The next incident worthy of note was a splendid attempt at goal by Hickson, which just went wide. Then Kater, Black and Hickson passed out to Fenwick, who made a fine bumping run along the wing, being tackled near the line. Turton, who had followed up well, was at hand and scored. Hickson kicked the goal. Scores, S.G.S. 6, C.E.G.S. 5. S.G.S. now came again with Close and MacLachlan in evidence, but were too eager, and C.E.G.S. were awarded a free. The kick was a good one, but fell short. After some loose play Buchanan crossed the line in the corner. No goal. Scores, S.G.S. 9, C.E.G.S. 5. Hickson put in some strong defensive work, which stopped a dangerous piece of passing. Some line work followed, and Taylor again and again took the ball well and gained ground. In spite of good tackling the School were hard pressed, and Fenwick opportunely saved by a sprint from the opposite wing. A scrum was formed on our line, and Close made a dash through, but Terry's tackling was too good. Play went to half-way, then to S.G.S. 25, where Sayers missed the goal from a free. With ten more minutes to play the School attacked strongly. Reid broke away fast from the ruck and passed to Hickson, to Kater, and finally Sayers scored, and took the kick amid great excitement. A goal meant a lead of one point. The ball, however, went a little outside the posts. Shortly after the drop out Burns put in a very neat kick, which lodged in touch about a foot from the goal line. A hot struggle took place on the S.G.S. line, which was ended by a free to them. Terry returned high, followed up fast, and the ball went out near S.G.S. line. As Turton was hurt in blocking the return and only half a minute was left to play, the whistle went with S.G.S. winners by 9—8. As the referee ap-

pointed did not appear, Mr. Marks, of S.G.S., kindly agreed to take his place, which he did in a most able manner.

May 29th. *V. Newington College.*—Lost, 45—0. There is very little to describe in this match. We were out-classed, and the team as a whole seemed to be weighted with this idea all through the match. Hickson, Kater, Fenwick and Taylor fought hard all through, and Sayers did some useful kicking, but it was only occasionally that any dash at all was to be seen.

We played with the wind behind us in the first half, and this probably accounts for the fact that Newington scored only 11 points as against 34 after half-time. The wind spoilt their passing again and again. Altogether they scored eleven tries, and as Brown was in excellent form, six goals were kicked, making a total score of 45. The scoring was mainly done by the Newington backs, the passing at times being extremely good, and as Terry was practically useless at full back owing to a strain, a passing rush usually ended in a score. Brown (3), Millican (2), Ireland (2), Prescott (2), Finau and Jones obtained tries, and Brown kicked six goals.

June 1st. *V. Fitzroy F.C.*—Won, 25—3. This match was played on the Saturday after the Newington match. One could scarcely believe that the same team was playing. Certainly, we had the help of Mr. Frith and Larkin in the forwards and of Holtermann in the backs, but we played one short owing to MacCabe being laid up by illness. Holtermann (2), Kater (2), Fenwick (2), Reid scored tries, and two goals were kicked.

May 22nd. *V. The King's School.*—Lost, 26—0. During the first half of this match we managed to stave off the attacks of the powerful King's School team with very fair success, and though for the greater part of the time we were hard at work defending, the score at half-time was 6—0. From the first King's began to attack, but for some time without success, until Debenham got possession of the ball after a mis-kick by one of our backs, and raced in. No goal was kicked. Play was fairly even for some time, and then King's came again with their passing, but each time something went wrong. Jaques' passes from the scrum were not as clean as they might have been, though for all that Ryrie generally managed to take them. Finally, however, a series of passes enabled Futter to score in the corner. Again no goal. After a short spell of even play we made our first dangerous attack on T.K.S.

line, and Reid came near scoring. The ball was soon back again, but till the whistle blew for half-time there was no further score. 6—0. For the first ten minutes of the second half we still kept back all attacks, and once Fenwick carried the ball well into the opposing 25 after a fast run along the wing. The ball came back by means of a dribbling rush headed by Davis, and Debenham made a brilliant dash for the line. Kater tackled him, but the pass went on to Futter, who again obtained a try. From this point till the end of the game—which was inadvertently cut short by the referee—King's scored freely, partly owing perhaps to Hickson's injuring his wrist and having to play back, partly also to our hard struggle against superior weight, added to the fact that our team was not in the best of condition. Tries were got by Debenham, Ryrie, Jacques, Futter, and Newton, and one goal was kicked by Doyle. Score, 26—0. A feature of the play was Ryrie's clever handling of the ball, and especially his clever turning as he feinted to pass. Again and again he sold our backs and passed in an unexpected direction. Dent played a good game at five-eights; he came round the scrum very smartly—too smartly sometimes, and once or twice intercepted cleverly. Taylor was again the best of the forwards, and, as usual, the bulk of the defensive work was done by Hickson, Kater, Fenwick and Terry.

June 8th. *V. St. Joseph's College.*—We kicked off with no wind that made any difference to either side. The ball was well returned and a scrum followed on our side of the half-way line, from which a pass went to Hickson, but he was collared before getting far. A series of scrums followed from which St. Jos. usually got the ball, and eventually started a passing rush which ended on McPadden scoring after a smart run. Score, 3—0. Scrums followed in the middle of the ground, relieved by an excellent high mark if Hickson's. Shortly after, Gunning took a mark and kicked well for the line. The next noticeable incident was a strong run of Hickson's, who reached Ruthven at full back, but was there pulled down. St. Jos. obtained a free for Dent's off-side, but nothing followed. Taylor then came from the line-out with a strong dash, and St. Jos. replied with a passing rush. Even play followed, relieved by Dent and Fenwick breaking away several times. Long kicked well for St. Jos. Another free to St. Jos. went wide, and again play went to centre. Dent, Adams and Reid showed some good dribbling, and Black very

cleverly got his kick in when St. Jos. rushed the ball back. From a long kick of Hickson's, St. Jos. forced. A free to St. Jos. brought the ball close to our line, but Gunning returned in good style. Fenwick followed on and smothered Ruthven, but St. Jos. forwards rushed the ball through, and a timely mark got us out of a tight corner. Half-time was called, the score being 3—0 against us. After kick off the ball was well returned, and we had to force. Scrums on the line followed and Ruthven, who had come up to the three-quarter line, made several dangerous attempts to break through, but Hickson tackled him each time. St. Jos. were awarded a free right in front of the goal, but the kick was poor, and Hickson returned to half way. Black missed a kick which bounced high, and St. Jos. forwards following on, scored. No goal followed. We now attacked strongly, by means chiefly of dribbling rushes, but Dent kicked too hard and St. Jos. forced. Again we attacked, but this time St. Jos. replied with a forward rush, from which Black kicked into touch. Then Fenwick and Kater came with a dash. St. Jos. returned by a long kick, and as the return was blocked, a scrum was formed near our line, from which a pass was sent to McPadden, who scored. Ruthven kicked the goal. Score, 11—0. Play was interrupted for a short time as Davis (St. Jos.) twisted his ankle and had to retire. On resuming, return kicks took place between Hickson and Long, and finally Sayers sent the ball out by a good kick along the line. St. Jos. then came with a fast passing rush to within a yard or two of our line, and St. Jos. scored again. No goal. Score, 14—0. Henceforward we were on the defensive, having to force twice. Relief was given once by our wing three-quarter, who raced along the line from our 25 to St. Jos. 25, and then passed to Taylor, who got clean away, but lacking pace, was overhauled. On another occasion, Dent intercepted and dribbled up the field, and on a third, Fenwick rushed down the field, and was only forced out at the corner. Finally, the whistle went with St. Joseph's winners, 14—0. The backs played a very creditable game indeed, and Gunning is to be congratulated on his plucky and smart play in his first match with the School fifteen. He took Kater's place at scrum half, while Kater played five-eighths, and Black went to full back in place of Terry, whose strain prevented his playing. The forwards did not use their weight in the scrum, and with a few excep-

tions, did not follow up well—a point in which St. Joseph's forwards were a contrast to them. The passing of the opposing backs, after Ruthven came from full back to centre three-quarter, was smart and accurate. In this match, as in two other School matches, no referee attended, and arrangements had to be made as well as possible under the circumstances.

v. S.G.S. Lower School I. Won 9—8. Our team played a really good game in this match, both forwards and backs. Gunning and Black (2) scored, but no goals were kicked.

v. T.K.S. III. Lost 69—0. Though our opponents were decidedly too good, the score should not have been so large; the team themselves will acknowledge that they could have done much better.

v. Newington College III. Lost 16—3. This was rather an uninteresting match as neither side played with much dash. Newington, however, showed more than our team in the first half and scored 13 points, while in the second each side scored 3 points each.

v. Newington College III. Lost, 8—3. A hotly contested match. Moore III scored a try.

We have had no separate third team this term, the team so-called consisting as a rule partly of seconds and partly of those who though not in the second team were not numerous enough to form a third team. This combination played four matches three of which were won.

v. Newington College V. Won 11—3. Moore I. and Hartridge (2) scored tries and one goal was kicked.

v. T.K.S. V. Lost 9—6. Boydell I. and Giblin II. scored tries.

v. N.C. V. Won 25—0. Pattison (2), Giblin II. (2), Bland, Boydell I., and Broughton obtained tries, and Giblin kicked two goals.

v. S.G.S. L.S. II. Won 34—4. Giblin II. scored 3 tries, and Moore II (3), Boydell I (1), Saliney (1). Giblin II kicked 5 goals.

IV. Team v. N.C. VII. Lost 6—3. Pye scored for us.

v. T.K.S. VII. Lost 6—5. Linton try, and Boydell II., goal.

v. N.C. VII. Lost 11—0.

v. S.G.S. L.S. V. Lost 8—3. Roberts scored a try for us.

Old Boys' Union.

Notice of any change of address should be at once sent to the Hon. Secretaries of the Old Boys' Union; S.C.E.G.S.

Present members of the School are reminded of the following rule:—Boys in their last term at School may join the Union, but not be members till they have left.

Alterations and additions to list of members, published in April, '98; March, '99, and April, '00 († opposite name denotes in other lists but with new address):—

†F. C. Adams, B.A., Doohat, North Sydney.

R. J. Adams, Hawkesbury Agricultural College, Richmond.

†G. N. Allen, Argyle, Glencoe, Northern Line.

†A. D. Blaxland, E. Scottish Australian Mining and Investment Co., 72 Phillip-street, Sydney.

G. E. Browne, Killarney, Spit-road, Mosman.

Ivo Clarke, Cavendish street, S'anmore.

†D. H. Cowper, c/o C.B. Co. of Sydney, Ltd., West Maitland.

†M. Dawson, 37 Ossington-street, Bayswater, London, W.

V. Y. Deane, Deancliff, High-street, North Sydney.

†T. H. Dent, Bank of N.S.W., Napier, N.Z.

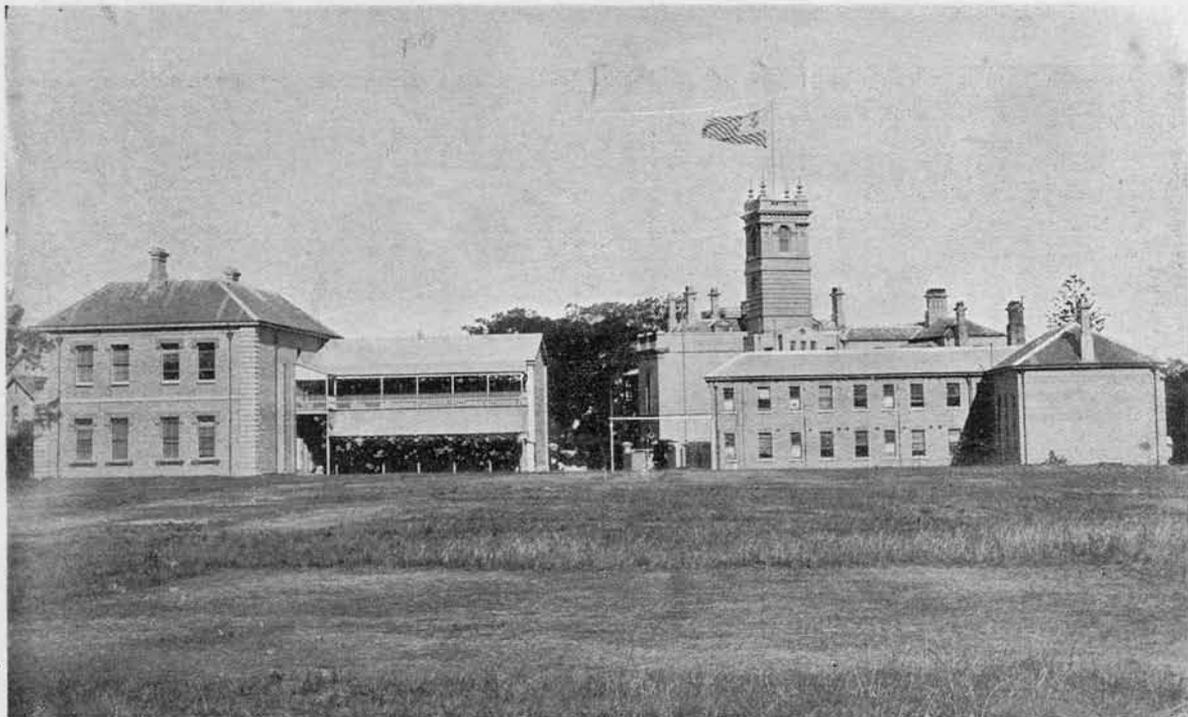

C. J. I. Dent, Ironside, Trafalgar-street, Stanmore.

L. N. Dent, Ironside, Trafalgar-street, Stanmore.

BERRY'S BAY AND SCHOOL BOAT SHED.

SCHOOL HOUSE AND DORMITORIES.

CLASS ROOMS.

WORKSHOP & LABORATORY.

STUDIES

DINING HALL.

†G. H. Devonshire, B.A., 1 Frederick's-place, Old Jewry, London.

D. P. Evans-Jones, B.A., The Grammar School, Sydney.

†S. A. L. Fischer, Oland, 104 Victoria-street, Potts Point.

J. E. Forsyth.

A. D. Fisher, The Priory, Edward-street, North Sydney.

†O. E. Friend, Brantwood, South Head Road, Woollahra.

A. G. Gunning, Charis, High-street, North Sydney.

†H. J. Gould, Eynesbury, Woollahra

S. H. O. Holtermann, Oakhunt, West-street, North Sydney.

†H. V. Jaques, c/o Kelso King, Esq., Tresco, Elizabeth Bay.

W. G. King, c/o S. A. L. Fischer, Oland, 104 Victoria-street, Potts Point.

G. N. Larkin, Ridge street, North Sydney.

†F. L. M. Merewether, Castlefields, Edgecliffe Road, Woollahra.

†E. Heron, High-street, North Sydney.

G. A. More, B.E., Altona, Berry-street, North Sydney.

N. G. Pattison, Tunally, River Bank, Rockhampton.

A. C. Pilkington, B.A., P.O., Oxford.

R. S. Reid, Rostella, Grosve-or Crescent, Summer Hill.

F. B. Richmond, C.B. Co. of Sydney, Canowindra.

†G. W. Rundle, Ormond College, Carlton, Melbourne.

†L. F. Uther, Bonville, Coff's Harbour.

G. H. Vernon, Wendover, Hornsby.

J. B. St. Vincent-Welch, Standish, Greenwich.

E. R. Way, Eastern-road, Turramurra.

†A. B. S. White, c/o Bank of N.S. Wales, Old Broad-street, London, E.O.

†A. H. Yarnold, B.A., S.C.E.G.S., North Sydney.

The Annual Re-union took place on Saturday, May 4th. In the afternoon the usual football match took place against the School team. The Union was represented by S. H. O. Holtermann (Capt.), F. C. Adams, F. C. Bland, Rus. Barton, G. R. C. Clarke, M. L. Clarke, H. J. Gould, J. E. Forsyth, H. Ireland, A. H. Moseley, J. Lyne, G. N. Larkin, R. S. Reid, E. R. Way, M. C. Moseley.

After a very exciting game, the result was a victory for the Old Boys by 16 to 6. Afternoon tea was provided by Mrs. Hodges, and, notwithstanding many counter attractions, a large number of ladies, Old Boys, and friends of the School were present.

In the evening the Fifth Annual Dinner took place at the A.B.C. Cafe, and the following were present:—The Headmaster, F. C. Adams, W. A. Bull, F. C. Bland, Russell Barton, W. G. Boydell, R. G. Burnside, W. B. Clarke, G. R. C. Clarke, M. L. Clarke, R. W. Carey, L. N. Dent, C. J. I. Dent. Rev. D. Davies, N. Y. Deane, W. K. Dawson, D. P. Evan-Jones, C. N. Firth, J. F. Fitzhardinge, O. E. Friend, C. F. Fiaschi, A. D. Fisher, A. J. Gould, A. G. Gunning, N. E. Giblin, E. R. Holme, A. D. Hall, R. N. Hickson, H. P. Harriott, T. Hudson, H. Ireland, H. V. Jaques, H. W. Kendall, D. T. Kilgour, C. H. Linton, C. Moseley, A. H. Moseley, W. J. Morson, C. Murnin, A. Newham (Hon. Member), Dr. E. O. Pockley, C. W. Rundle, R. S. Reid, F. G. Simpson, A. J. Senior, D. F. Roberts, W. H. Wilkinson, H. N. Wilkinson, A. H. Yarnold. Apologies for absence were received from L. A. Baker and A. J. Kelynack.

The toasts were:—"The King," proposed by the President; "The School," proposed by F. G. Simpson, and responded to by A. H. Yarnold; "Absent Friends," proposed by H. Ireland, to which C. E. Murnin, who has only just returned with the Contingent from China, was forced to reply in response to loud calls; and "The President," proposed by H. W. Kendall, and responded to by Mr. Hodges. The latter, in the course of his speech, warmly welcomed Mr. A. Newham as hon. member, and also suggested that the Union was now strong enough to elect one of its members, other than the Headmaster, as President.

The tables having been cleared, the Annual Meeting took place, and the following Report was read by the Hon. Secretary, G. R. C. Clarke:—

ANNUAL REPORT FOR 1900-1901.

To the members of the S.C.E.G.S. Old Boys' Union: Gentlemen,—In presenting the Seventh Annual Report, your Committee congratulate the Union on the steady increase of numbers; at the same time they regret that so many have forgotten to send in their subscriptions.

The Headmaster being *ex-officio* President of the Union, Mr. Hodges takes the place of Mr. Robson in that position.

The usual football and cricket matches have been played against the School, and full accounts of these, as well as detailed reports of the doings of Old Boys, have appeared in the *Torch-Bearer*, which has been sent regularly to all paid up members.

Your Committee note with pleasure the addition to the School Staff of the first Old Boy in Mr. A. H. Yarnold, and they warmly congratulate him and the

School on the appointment. They are also glad to find that "The Sergeant" has been re-appointed to his old duties.

During the year the Annual Smoke Concert was held in the School Hall, a farewell gathering to Mr. Robson, at which a testimonial was presented to him, and also a welcome to Mr. Hodges. All were well attended and proved highly successful gatherings.

The Union has been well represented in South Africa and China by twenty-four (24) of its members. Some have returned and several have obtained commissions in the latest Contingent. Detailed reports of their doings at the Front have appeared in the *Torch-Bearer* Old Boys' Union article, which has been made particularly interesting by the inclusion of special war letters contributed by members.

In accordance to the powers given them by Rule V, your Committee have great pleasure in stating that they have elected as honorary member, Mr. A. Newham, the Hon. Secretary of the Council, and a gentleman who has always taken the warmest interest in the School.

Your Committee offer for your consideration the following suggested amendment to the rules:—(a) That the number of Vice-Presidents be five (5) instead of two (2).

Your Committee are indebted to the Old Boys' Unions of The King School, Newington College, St. Ignatius College, St. Joseph's College, All Saints' College for complimentary tickets for various social events during the year; also to the Melbourne Combined Old Boys' Unions for an invitation to send a representative to their function in honour of the establishment of the Common-

wealth. In the latter the Union will be represented by Mr. G. W. Rundle.

In resigning their trust, your Committee would earnestly urge upon you the usefulness of the Union, and claim that

it has fully-realized all that could so far be expected of it.

We have the honour to be,

Yours faithfully,

G. R. C. CLARKE, } Hon. Secs.
D. DAVIES, }

BALANCE SHEET, 1900-01.

4th May, 1901. G. R. C. CLARKE.

D. DAVIES,
Hon. Treas.

The Report and Balance Sheet were received and adopted on the motion of Russell Barton, seconded by W. B. Clarke.

The motion *re* increase in number of Vice-presidents from *two* to *five* was unanimously passed.

The Rev. D Davies was re-elected Hon. Treasurer, and G. R. C. Clarke, Hon. Secretary. The number of nominations for Vice-Presidents and Committee exceeding the number of officers required, a ballot was necessary, and the President, in accord-

ance with the rules, appointed Messrs. L A. Baker and A. D. Hall as Scrutineers; the ballot papers to be returned on or before May 31st. The result of the ballot was as follows:—Vice-Presidents, Russell Barton, J. F. Fitzhardinge, E. R. Holme, H. W. Kendall, N. Trevor-Jones; Committee, W. A. Bull, W. B. Clarke, N. Y. Deane, A. D. Fisher, N. E. Giblyn, H. P. Harriott, C. W. Rundle, F. G. Simpson, A. H. Yarnold. Dr. E. O. Pockley was one of those elected, but he withdrew his name, owing to his early departure for England.

A very successful Smoke Concert brought the evening to a close. The following took part:—Messrs. R. G. Burnside, F. G. Simpson, C. W. Moseley, S. N. Stevens, W. Bennett, Stuart Allan, and S. Shipway. The only item which marred the success of the evening was the discovery that a visit had been paid to the cloak room by some of the nimble fingered fraternity, one of the latter now being compelled in consequence to live in retirement for the term of six months.

The name of E. M. Sullivan was omitted in the list, in our last issue, of the Old Boys who had left with the Federal Contingent for South Africa. All Old Boys will be glad to know by recent cables that G. L. Hobson, who had been seriously wounded, is getting on well. All welcome the safe return of C. F. Fiaschi, O. W. Gillam and C. Murnin, who are looking extremely well after their trying experiences in South Africa and China; and also that of Capt. J. Wilkinson, who though not an Old Boy, has always been closely connected with the School, and has played on several occasions for the Old Boys' team. Capt. Wilkinson and C. F. Fiaschi were among those who received war medals from the Duke of York during his recent visit.

The Rev. R. Griffiths, late Private Chaplain to the Archbishop writes to a friend of the School from Bloemfontein, April 12th:—"I have lately come across an old acquaintance of yours, a former C. of E. Grammar School Boy—J. Mair. He is now A.D.C. and Provost-Marshal to De Lisle, and is doing really splendid service. I liked his modest and sincere manner, and was struck by his keenness and ability, as far as I could judge, in his

work. The credit of Sydney C.E.G.S. appears safe in his hands." Hearty congratulations to Mair on his success, as also to A. C. M. Gould in obtaining his Lieutenantcy in the Imperial Bushmen, and to J. E. F. Coyle, J. G. Edie, C. M. Fetherstonhaugh, and E. D. Kater on obtaining their commissions in the Federal Contingent. The greater part of the Contingent landed at Port Elizabeth, where they were kindly received by a number of ladies and provided with tea, etc., before entraining for Johannesburg, a trip of 7000 miles, involving eight days and eight nights in the train. From Johannesburg they went to Elandsfontein, and from thence to Klerkorp, arriving on the 3rd of June, and on the 4th they evidently got to business, as one officer and a trooper were severely wounded.

A. B. S. White has taken a trip to the old country. Writing from Suez on April 14th, he says he intends spending a few days at Naples, and then going on to Rome. He will be altogether about two months on the Continent.

G. W. Rundle has gone to residence at Ormond College to attend lectures for the Medical Degree at the Melbourne University.

A. Newham, Esq., the Hon. Sec. to the Council, has been elected an honorary member of the Union.

At the recent Inter-University Sports Meeting N. E. Giblin tied for first place in the High Jump at 5ft. 4in., and A. D. Fisher obtained a second place in the 100 Yards.

Mr. A. C. Pilkington is acting as locum tenens at Cheltenham College. Mat. Dawson spent Christmas week with him at Oxford, and under his guidance

made an acquaintance with the architectural beauties of the various University buildings.

A few copies of volumes VI to X of *Torch-Bearer* (price 5/-) may still be obtained on application to the Editors.

Many congratulations to H. C. Pockley on his approaching marriage to Miss Rosie Turner at Gordon, on the 18th inst.

Congratulations to G. A. More on taking his B.E., and to R. C. Wilson on taking his B.Sc. The former is going to obtain some further practical experience in mining in one of the mining districts of N.S.W., and the latter is taking the Engineering course at the University. Congratulations also to N. Trevor Jones on passing his last section but one in the Final Law Examination.

A. D. Fisher and N. E. Giblin are playing for the University XV, C. W. Rundle for the Glebe, in the Electoral Football Competition, and W. G. Boydell for the University 2nd XV. G. R. C. Clarke is playing for the University A, No. 2 Team, in the Tennis Competition. T. H. Dent, playing for Hawke's Bay in the Inter-Provincial Match v. Wellington, took 12 wickets for 110 runs, which the *N.Z. Daily Telegraph* states to be "a splendid performance, and ranks him as one of the best bowlers in the colony."

The Hon. Treasurer begs to acknowledge the receipt of subscriptions from the following, for the year ending May, 1902:—T. S. L. Armstrong, L. N. Dent, C. J. I. Dent, H. J. Gould, C. W. H. Macarthur, H. Ireland, A. B. S. White, J. W. Gibson (2), D. T. Kilgour, Rev. D. Davies, N. G. Pattison, G. N. Larkin, W. J. Morson, B. H. O. St. John, E. R. Holme, V. Y. Deane.

In the event of any mistake, kindly write to the Hon. Treasurer. Members are reminded that their subscriptions for year 1901-1902 are now due and must be paid within *three* months from May 4th.

WAR CORRESPONDENCE.

[E. C. NEWELL.]

Klerksdorf, 3rd March 1901.—We left Kopkenure on 24th February, and joined Methuen's column at Klerksdorf. The following morning we started off at 5 a.m. and went for a five days trek round Ventersdorp way and reached here yesterday at 3 a.m. We commandeered some sheep and cattle and burnt a good many houses, grain, etc., on the trek. We are moving off again to-morrow morning on another trek that will last some time. I am beginning to think we shall never get home. Methuen is a very good General to be under, very kind and considerate to his men, he generally walks all the way when we are trekking, I for one have not seen him on horse-back yet.

Fourteen Streams (near Warrington), 18th March 1901.—Wrote you from Klerksdorf on 3rd March. We left the following morning at 4.30 a.m. and treked here taking 12 days, we did some heavy marching and had a few cuts at the Boers, the best one being at Wolmaranstadt. We left our convoy behind, and all the mounted troops marched from 6 p.m. on the 5th and travelled to Wolmaranstadt, getting there about 4 a.m. next morning. Guards were put on all the houses, etc., but the Boers evidently had had warning, as they only captured one and he turned out to be a Boer commander. We camped at Wolmaranstadt till 2 p.m. then off again, and an hour later were fighting. After shelling them for nearly three hours retired as it was getting late and couldn't shift them, but for all the firing I believe there were only 10 men wounded on our side. I saw two of the poor fellows carried off on stretchers, and it doesn't make you feel very comfortable either. Have not been well lately, a touch of fever I think but not enough to lay a fellow up.

Mafeking, 22nd April, 1901.—I never thought when we left Mafeking the last time (August 1900), that we would see it any more, but here we are again. The place is much cleaner and the houses or some have been repaired etc. They (the Officials here) made us come across the river a good way out of Town, as they think coming up

from the Cape way we might bring the plague here. We are to take convoy from here to Lytchenburg and Zeerust, after that I don't know what will happen, but I think we will be ordered home. Everyone seems to think that we will arrive home in June.

[E. D. KATER.]

E. D. Kater, in a private letter (from Klerksdorf, May 15th), to the Editor, refers to George L. Hobson as follows: "The doctor says he is the pluckiest man he has seen, and he is doing very well. George was with B Squadron when they got into their disaster, and when they were running short of ammunition, he was sent back to warn the Adjutant. He cantered up to a man in our uniform; but, when he got within three yards of him, the man proved to be a Boer, who fired on him but missed. He then put up his rifle and told George to put up his hands. But, he saw by the way in which he put it up that it was unloaded, and as two men, who he thought were his own, were coming on

behind, he also put up his empty rifle and told the Boer to "hands up"; so it was a case who could load first. The Boer did and shot George through the shoulder, and at the same time, the two men behind fired and also hit him. Of course he could not go on fighting, so they took him prisoner and took all his clothes. He was plucky,—I should never put up my hands with a man's rifle up so close to me as that, and not chanced it being unloaded."

[COL. LASSETTER.]

Col. Lassetter, writing (May 12th) to Mr. Hobson, re G. L. Hobson, says: "I am very glad to be able to tell you that he is doing very well. He had a very hot time of it, and was shot by four bullets—one in the fingers, one in the neck, and one, I believe, in each arm. You need not have the slightest fear about him. His Captain, Mr. McLean, was severely wounded, and one of his officers, Mr. Lamb, was killed. Your boy fought very bravely and I am proud of him."

School Notes.

THE present Term will end on Friday, the 21st inst., and the School will re-open on Tuesday, July 16th, at 2 p.m.—for new boys at 9.30 a.m.

The collection for Missions, Hospitals, etc., were: Term I, £2 13s. 5d.; Term II, £3 6s. 4d.

On Friday, May 3rd, a Special Anniversary Service was held in the School Hall, at 11.30 a.m. The address was given by the Rev. A. Yarnold, R.D.

During the Easter Holidays a great improvement was made in the cricket ground by digging up the concrete wicket and laying down turf instead.

May 27th and 28th were observed as whole holidays in honour of the visit of the Duke and Duchess of York, and June 3rd in honour of the birthday of the Duke.

R. N. Hickson is Captain of Cricket and Football, *vice* A. D. Fisher left; and J. F. Reid Captain of Boats, *vice* R. S. Reid left.

The Annual Athletic Sports Meeting will be held on the Sydney Cricket Ground on or about the 4th September. The G.P.S. Combined Meeting will be held on, Friday, September 27th.

We regret to have to announce the death, on June 5th, of Dr. Dagnall Clark. Dr. Clark has been School Doctor since

February, and has been intimately connected with a great many of our day boys for many years.

The following new boys have joined since February:—W. Alison, H. N. Besnard, V. G. Bath, J. Burns, J. Challand, J. S. Chapman, G. S. B. Dibbs, O. B. Dibbs, P. A. C. Davenport, P. A. C. Doddimeade, E. V. Doddimeade, B. J. Grant, W. P. Hall, J. N. Hoare, K. B. F. Lumsdaine, F. P. MacCabe, C. R. Mitchell, J. M. Maclean, Q. M. Meredith, R. W. Moore, B. R. Moore, D. C. Macphail, H. Miller, C. J. Parkes, H. A. Parkes, A. N. Pye, W. S. Pattison, A. H. Richardson, L. F. Rhodes, L. M. Rhodes, C. S. Smith, A. E. T. Smith, M. P. Smith, D. Smith, J. H. Stephenson, D. G. Thomson, J. D. Thomson, F. Werry, H. S. H. Wardlaw, D. Williams, R. Wisdom.

The following have left:—T. Broome, P. E. Browne (Matric. 1901), A. D. W. Fisher (Prefect, Capt. Cricket and Football, Champion Athlete, Junior, and Matric. 1899), E. R. Way (1st XI, 1st XV, Prefect, Junior 1900, Matric. 1901), R. S. Reid (Prefect, Capt. of School, Capt. Boats, 1st XI, 1st XV, Junior, with Physics Medal 1899, Senior 1900, Engin. Matric. 1901), E. L. Hutchinson (Prefect, Junior 1900, Matric. 1901, 1st XV).

The following left last Christmas:—E. S. Barton (1st XI, 1st XV, Prefect), J. E. Forsyth (1st XI, 1st XV), R. H. Gate, W. H. Hoskings, F. Kelly, L. Lehmaier, H. Thomas, F. L. E. Nash (Prefect, Junior 1899, Senior 1900).

In our last issue we inadvertently omitted all mention of the references on the opening day of the Term to the death of Queen Victoria and the accession of

King Edward VII. The Head Master briefly addressed the School on the life and character of our late beloved Queen, pointing out her many excellencies both as a monarch and as a woman, and the marvellous advances made by the Empire in the course of her lengthy reign. Having predicted for the new reign a continuance of the loyalty and devotion to the Throne that had been so marked a feature of the one that had just closed, he asked all present, as any joyous demonstration would be inappropriate under the circumstances, to repeat after him the words "God save the King." Thus did the School renew its pledge of the loyalty that has ever been—we trust will ever be one of—its characteristics.

Adams I, Dent I, Williams I have been elected members of the General Sports Committee; Taylor I and Turton I of the Football Sub-Committee, and Sayers of the Boat Club Committee.

Mr. and Mrs. Hodges, since their departure from Townsville, have been the recipients of many handsome testimonials. The Trustees of the T.G.S. and numerous other leading citizens presented Mr. Hodges with a beautifully illuminated address framed in native woods. Several small water-colour paintings of the School and other interesting local objects are introduced. From the Masters and Boys of the T.G.S. Mr. and Mrs. Hodges received a very handsome silver salver and tea service, and from the Old Boys' Union they received a magnificent massive inkstand in silver, with paper knife and pens. The presentation was made by a committee consisting of Messrs. Henry, Butt, Perkins and Boyd.

Mr. Henry stated that there had been a unanimous response to the invitation to join in the gift, answers having come from England, South Africa, and other distant places. From the Cathedral Chapter of North Queensland, of which he was for several years a member, Mr. Hodges received a handsome gold pen and pencil case with an inscription. From Rugby, England, Mr. Hodges has had a letter signed by 16 of the Masters, with "all best wishes from us for your success in your new work, begun with a new century. Your memory is green as ever."

The subject for the Old Boys' Union Prize for this year will be (1) The History of Australasia (Jose, Angus and Robertson 1/6), (2) General Geography of the Australian Commonwealth. The Examination will take place about the first week in September.

We desire to express our thanks to Mr. T. A. Dibbs for the kind interest he has taken in improving the surroundings of the School Ground. The trees which he had planted

some time ago are beginning to shoot up well, and he has now had some more planted along the Eastern fence. Although a great deal has been done in the work of removing the wire grass, turfing and top-dressing, to make a good cricket ground the outfield still requires a lot of attention, and another attack is to be made on it again next term. To make much progress £20 or £30 will be required, and we hope that Old Boys and friends of the School, particularly those interested in the School cricket, will help us to raise this amount. The Captain of cricket will be pleased to receive any donations for this undertaking.

New Guinea Mission Notes.

The Headmaster has received the following letter from New Guinea.

"The Bishop has asked me in answer to your letter of March 3rd to allot one of our boys to the North Sydney Grammar School, and I need hardly say how glad I am to do it. One of the great advantages of supporting the mission in this way is that it will give us some idea of *regular*

and *reliable* support and we shall know when to expect it."

"I have allotted you Panuel Tiwekuri. The first is his Christian name, the second his old heathen name. You may not recognise the Christian name but it is an adaptation of Phanuel. He had fixed on this months before he was baptized and we could not shake him off it. We are

keeping their old heathen names now partly as a means of identification, partly so as to preserve what we can of New Guinea."

"Panuelais the Printer's boy at Dogura, and he has showed a wonderful aptitude for his work. He can be left to set up type by himself, and has set up a good deal of what of Genesis has been printed."

The Rev. Copeland King will give an address on the New Guinea Mission in the School Hall on Tuesday the 18th June.

The following notes have been kindly sent to us from the Mission.

The Anglican Mission is extending its schools up the N.E. coast. One day at the Head School a particularly dull boy gave a remarkably correct answer; one of his school mates in amazement burst out with "Oh, yours is the pig's head!" It sounds rather a dubious compliment, but the remark is explained by the fact that it is the native custom at feasts to give the pig's head to the most distinguished person present.

The office and work of a gravedigger among the natives involve not a few inconveniences. In addition to the observance of a severe fast, men who dig graves and bury the dead, must purify themselves by washing their hands with croton leaves or scented herbs, as a substitute for soap. They do not even then consider their hands sufficiently clean to handle their food, but convey it to their mouths with a small stick.

There is a legend in New Guinea that once a creeper with a zigzag stalk grew right up into the heavens. Some of the natives after ascending made friends with the people they found living up there, and occasionally exchanged pigs with them. One time the celestials gave their friends a spotted

pig, but when the next time the natives went up taking another spotted pig as payment, they were thought to be insulting their friends by bringing back the same one. In anger the heavenly ones destroyed the ladder, thus cutting off all communication for ever.

The widow's mourning in New Guinea is very severe. When after the first paroxysms of grief she comes outside the house where her husband lies buried, she will be so exhausted by fasting and mourning that a woman is needed on each side of her for support. She will suddenly throw up her hands and fall flat on the ground, or dash herself with great violence against a tree, or gash her cheeks with shells. She will also plaster herself with mud. Then when the first stage of her mourning is over she will retire inside the house and begin to make her widow's jacket of threaded seeds, 'Job's tears,' and only emerge to view again when it is completed to put on.

People not only mourn for human beings carried off by death; the pig and the dog are equally honoured. On the River Mamba the march of civilization, represented by the Government surveyor and the gold miner, led not long ago to the immolation of half a dozen village dogs. At once six girls were loaded up with all the ornaments in the place and sent into seclusion for a month. A mourning head-dress was put on, their faces were painted with yellow clay, and grass was plaited into their hair. The Anglican Mission school on the river finds the attendance of its scholars affected by such mortality amongst their four-footed friends.

The Government are getting the natives on the River Mamba to bridge over the creeks, which flow into and feed the River. These bridges are strongly and neatly made, and noticeably displayed at each of the ends are sharp spikes pointing upwards. These, the natives explain, are to catch and impale the evil spirits that might endeavour to cross the bridge, and so prevent them endangering the public safety.
