School Notes.

THE absence of the Headmaster on Speech Day caused disappointment to the School and Old Boys who were present on that occasion, the more so when it was learnt that Mr. Purves for the past few weeks had been feeling far from well. Mr Purves intends taking a holiday, and it is the earnest hope of all that he will soon return fully restored to health.

We are also glad to welcome back the Rev. C. P. Brown, after a twelve months' absence on active service.

We regret to lose the services of Mr H. Hunt and Mr Bates, who have resigned their positions on the Staff to join the Public Instruction service. We wish them every success in their new sphere.

We welcome on the Staff Mr. A. L. G. Mackay, B.A., Sydney, who has returned from active service.

Sunday, August 31, was Open Sunday; the Rev. A. H. Garnsey, Warden of St. Paul's College, preached. The

congregation was a large one, and included many Old Boys.

We are glad to acknowledge the gift of several copies of Wisden's Cricket Almanac for the Library from Mr. J. F. Fitzhardinge, who has greatly supplemented those previously received. We

now have copies from 1879 to 1919.

As there may be some misunderstanding as to who is the donor of the Brian Simpson Shooting Cup, Mrs. Ashburton, Thompson wishes it to be known that the Cup is provided out of a sum of money left by the late Lieut. Brian G. C. Simpson, Royal Horse Artillery.

Prefects and Committees, Term 3.

Chapel Notes.

ON Aug. 1, an address was given by the Rev. A. S. Webb of the Melanesian Mission. Open Sunday was on August 31. There was a very large congregation. The preacher was the

Rev. A. H. Garnsey, and during the service he dedicated the panelling on the South side in memory of the late Lieut. C. V. McCulloch, and that on the North side in memory of the late

2nd Lieut. K. Taylor; he also unfurled a blue Ensign flag in memory of the late 2nd Lieut. Eric R. Sinclair.

Since our last issue tablets have been placed in memory of J. S. Wilson, E. R. Sinclair, R. L. C. Royle, F. D. W. Oatley.

On September 7, the Acting-Chaplain unveiled the window in memory of the late Major R. R. Brown, M.C. The subject is St. Patrick, patron Saint of Ireland. The description is given by the artist, Mr. Norman Carter, as follows:—"The subject is St. Patrick, and the incident depicted is as follows: On Easter Day in full episcopal robes, with mitre and Crozier, St. Patrick proceeded with his missionary band to the Hill of Slane and lighted the Paschal Fire on the summit. This was against the royal command of Leoghaire, the Ard Righ, or supreme monarch of Ireland, for the Druids had told him if any fire was lighted before their own sacrificial fire, it would never be extinguished. Leoghaire is seen in the right-hand panel with Druids and men-at-arms, interviewing St. Patrick, who is in the left-hand panel. The result of the interview was that the king gave his

consent to the preaching of the gospel throughout Ireland. With St. Patrick is the youth Benen or Benignus, bearing the book of the gospels. He was the son of the Chieftain Secsen. Benen had been so captivated with the gospel doctrines that he became St. Patrick's inseparable companion, and afterwards was one of the Comhards, or successors to S. Patrick in Armagh."

The Chapel Committee beg to acknowledge with many thanks the following donations to the East end Memorial Window for all Old Boys who volunteered for the war, received since last issue: Per the Rev. D. Davies, Mrs. Basil St. Vincent-Welch, £1 1s; Mr. W. L. Cooper £1, Mr. Ivo Clarke £2 2s, Major Keith Williams £10 10s, Mr. G. N. Larkin £2 2s.

Following have been baptised: July 6: John, Basil St. Vincent-Welch; on August 10: Kenneth Clarke, and on August 22 (privately), Brian Nicholas Larkin.

On August 21st, the first marriage of an Old Boy took place in the Chapel. The ceremony was taken by the Rev. D. Davies.

Speech Day.

NOTWITHSTANDING the gloomy meteorological forebodings of the previous days, beautiful spring weather ushered in our Speech Day on September 11th. After a short service in the Chapel, the distribution of prizes by the Governor, Sir Walter Davidson, took place in the marquee erected on the grounds. His Excellency was attended by Lady Davidson and Mr. F. Lamb, Private Secretary.

His Grace the Archbishop presided, There were also present on the platform, Rev. Canon Sharp, Rev. Canon Charlton, Mr. A. F. Robinson, Mr. A. B. S. White, and Mr. Randell W. Carey (members of the Council), Mr. R. P. Franklin, Headmaster of Melbourne C.E.G.S., and Dr. F. Antill Pockley.

The Archbishop in opening the proceedings, expressed the hearty welcome

extended by all to the Governor, whose genial presence among them was greatly appreciated. It was, the Archbishop said, a matter for great regret that the Headmaster was unable to be present, owing to an unexpected and somewhat serious breakdown in health. It had, however, been arranged that Mr Purves should take a much-needed rest for six months, when there was every hope of his being able to resume duty completely restored to his normal good health. He ventured to speak for all present when he said that Mr. Purves would carry with him into his enforced rest their deep sympathy and affection.

The Archbishop also made reference to the absence of Judge Backhouse, who, as an old member of the School Council, had been on the platform at many successive prize-days, but was at present obliged to be away from Sydney. It was, however, he said, a great pleasure to welcome Mr. Franklin who had lately returned from active service, and who was here on a visit from Melbourne. Sydney had done Melbourne a good turn by giving Mr Franklin as Headmaster of their Grammar School. (Laughter and applause.)

In the absence of Mr. Purves, the Archbishop then read on his behalf, the report of the school for the last years, as follows:

Your Excellency, Your Grace, Ladies and Gentlemen—

I have the honour to present to you the report of the School for the last year. It will remain in many memories that this time a year ago your Excellency drew a good omen from the fact that the School hymn, which had just been sung in Chapel, was the same one that you had heard nearly twenty

years before at Pretoria, when the South African war was drawing to a close, and you wished for the School and the whole world that a similar blessing might then be close at hand. Within two months Your Excellency's omen was fulfilled, and as a first duty we would now record our devout thankfulness for the blessing of Peace. The war has left a sad series of blanks, no fewer than 122 in the roll of Old Boys. Their names are read in Chapel on many commemorative days throughout the year that they may be familiar as household words to every member of the School, and that the tradition may be established that here in our midst belonging to our School are sacred names. The fortunes of our soldiers have had a faithful historian in my good friend, Mr. Davies, and no one knows so well as I his indefatigable services in this heavy task which has been a labour of love to him. The Chapel has become richer in memories and beauties. The silk flags in the Chancel are in memory of John Wilson and Eric Sinclair; sections of panelling bear the names of Colin McCulloch and Kenneth Taylor; a window completing the series of allied national saints commemorates Reginald Brown, and there are tablets to R. E. C. Royle, C. V. McCulloch, G. P. Edwards, and F. D. W. Oatley, whose sword is shortly to be hung alongside.

The memorial organ to be presented by Mrs. J. G. Antill Pockley is now under construction by Messieurs Norman and Beard, and we look forward before a year is over to hearing the services made beautiful by this noble monument to a gallant Old Boy. Another gift of great importance to the School is a rowing shed, given by Mr. and Mrs. Russell Sinclair in memory of a previous Captain of Boats, who rowed for three successive years in a winning eight, and who was as simple-minded a boy as the School has ever been happy enough to own, such a boy as leaves everyone the better for his friendship. The shed is now being built in Looking Glass Bay and will be of the greatest value to School crews. The School is indebted

to Mr. F. W. Hixson, and his willing victims for the sum of about £600 to buy the land and equip the shed. Now that we are to have a shed of our own on the Parramatta, perhaps there will not be so many Saturday excursions up the Lane Cove River, where our friends at St. Ignatius College have for many years allowed us to use their stabling, swimming baths, and grounds as if they were our own, a privilege which has been greatly appreciated, and has made all the difference to the comfort of our crews.

The Memorial Playing Fields at Northbridge are the School's principal effort to commemorate its pride in the number, nearly 900, of its sons, such as the author of the School song must have had in mind when he wrote the verse beginning—

"And here's to the fellow, who,
facing the foe".

These grounds will be opened on the 27th of this month by one of our oldest friends, Sir Thomas Dibbs; three of whose grandsons, Old Boys of the School, fought for the Empire, two of them at the price of their lives; the third with an unrivalled record as an all round athlete who also won the highest distinction at the University is R. J. A. Massié, Major, Croix de Guerre, and D.S.O., with two mentions in despatches to his credit. You are all invited to attend the opening of the grounds and to see the use to which your generous contributions have been put. Much still remains to be done, and as a work so well begun must not be left unfinished the indefatigable band who arranged last year's fete and this year's dance in the Town Hall, and secured for us a bright performance by the Merry Makers, have further designs in mind. A School like this is always needing money for something, and we can only ask the many cheerful givers to believe that we are grateful, and to look for a reward in the character of the boys, in whose hands later on some part of their country's destiny will lie.

Sir Samuel McCaughey's princely be-

quest of £10,000 will do much to relieve financial difficulties; we greatly appreciate Sir Samuel's catholicity of interests that led him to remember schools belonging to other churches than his own; he might have perhaps heard, as is nothing but the truth, that there have come to this School from his own large and powerful and generous communion, many of our most distinguished boys, whom we should have missed sorely in scholarship, sport and character. It is hoped that this bequest will make possible the execution of a scheme for additional buildings, which would have been undertaken earlier, but for the losses caused by the epidemic, and in it will be included the James Blackwood Memorial Laboratory which has inevitably been delayed until it should be possible to carry out the whole scheme of which it is a part.

During this year of sickness we have mourned the deaths of two boys—Alick Hardy and Gavin Drummond—both leaving behind them unsullied names, and of Dr. Basil St. Vincent Welch, a returned soldier, with a splendid war record, and of Mr. Wilfrid Docker, the School's honoured friend and bursar, who was a regular attendant at open services and on Speech Days.

The School was heavily handicapped in cricket by the absence, either through influenza or the apprehension of it, of several prominent members, but I am pleased to remember that the Second XI have won all their competition matches up to date, and are in consequence leading for the premiership. With the new grounds all our teams should have much better chances. I know that with one small ground at the School and the irregular use of the St. Leonards' oval it has been a hard task to provide sufficient games for 500 boys, and that harassed masters of sport are to be admired for the ingenuity with which they have partially met the difficulty. We now look forward to a time not distant when we shall be able to play seven matches simultaneously, and still have room for tennis courts and practice wickets. A recorder of School rowing might almost borrow the words of a ker-

tain James Stuart, who is said to have commenced his recruiting speeches for a desperate adventure with the ominous phrase, "Accustomed as I am to misfortune." Last year's intended stroke had an appendicitis operation which put him out of the boat three days before the race, and this year's seven broke his slide at the start. We hope that misfortune does not intend to travel steadily up the boat till she reaches the bow seat. What is most to be regretted is that for two years in succession Mr. Alan Ramsay, creator of oarsmanship and character, has been robbed by ill-fuck of the true results of his patient and skilful work.

In examinations, however, we have been more fortunate, 24 boys obtained Leaving Certificates, and out of the four University Scholarships open to the whole State, Welsh and Melville won respectively the general proficiency and the mathematical, and Welsh was also proxime to Melville for the latter scholarship. It was gratifying to notice the large number of first classes in mathematics, physics, and English, and Welsh's position at the head of the first class in the first and second of these subjects. In the Intermediate Examination 58 boys passed, two of them with first classes in all their subjects, and two more with first classes in all but one. The net results of the whole 58 showed the satisfactory average of two first classes for each boy.

Towards the end of the year the Victoria League Council in England organised an Overseas Competition which was won by Kenneth Slessor with a poem on the capture of Jerusalem.

We note with pleasure the following performances of Old Boys: The Peach Brothers and Dr. Eric Pockley have won tennis championships; O. D. Meares the country golf championship; Chenhall, Morgan and Wilson (all formerly under Mr Ramsay, and Keith Williams, Major and M.C.), rowed in the University Eight; Ormiston, Pountney, and Suttor were in the representative A.I.F. football XV, and Mayne in the opposing New South Wales and Australian

team; Gregory and Trenerry had places in the A.I.F. cricket eleven at home; E. J. King-Salter has continued at the R.M.C., Sandhurst, the soundness of body and mind which marked him at School, and has not only been first of all cadets in the second year examination, but won the heavyweight boxing of the College, and being chosen to represent Sandhurst against Woolwich, won the match for his side. L. H. Holden, M.C., after flying from Melbourne to Sydney, is now flying from one country centre to another as a promoter of the Peace Loan; and Sidney Pickles, the world-famed airman, is now back again with a three seater Avro and proposes to give scientific exhibitions of the safety of his art, and to place aviation on a sound commercial basis. We hope there will be included in his scheme a cheap and regular service between the School and the Memorial Playing Fields.

The School offers to its returning soldiers a proud welcome and values their services and those of their fallen comrades more than any other distinction that can come its way. We hope to see them in very large numbers at the Old Boys Evening on the 27th of this month. Of returning masters, we already have back Major Harris, and Captain-Chaplain Browne and are expecting shortly Captain Dixon, Sergeant Barton and Sergeant Ross, all of them old and valued members of the staff.

I am charged with a message to the School and its friends from Mr. and Mrs. Hodges, who greatly regret that neither of them can be present, but send good wishes and kindly remembrances to you all.

Many of us in responsible positions have felt that the strain of long war years succeeded by an epidemic year would have been insupportable but for the help of our friends; and I, personally am bankrupt of words in which to express my gratitude for the generous sympathy of the Council and the loyalty and energy of my colleagues, upon whom more than upon anyone else, depends the success of the School.

His Excellency congratulated the boys upon their fine year's record, which, judging from the point of view of examinations, seemed better than that of any previous year. It was, he said, extraordinary that the School should capture two out of the four matriculation scholarships. He was glad to learn also of the increased facilities for sport which the boys would shortly have. Referring to the boat race on the Parramatta, of which His Excellency had been a spectator, he condoled with them in the bad luck which had befallen their crew when No. seven had broken his slide during the contest. He hoped that the next rowing season would make amends, and that the School would carry off the championship of the river. In sport, as in studies, a healthy spirit of rivalry between schools was a great incentive to effort.

But highly as they prized the success won in the schoolroom or the sports ground, he felt sure that what they would value most would be the fact that as many as 900 had gone from the School to do their duty on the stricken fields of battle—a number exceedingly high in proportion to the School. Of this number 122 had fallen. We used, said His Excellency, to pray like Solomon for a long life; but it is better to pray for an honorable one, even if it be short.

Referring to the fine memorials which had already been erected in the School Chapel, His Excellency told the boys that these should act as a tonic, ever reminding them of the high tradition the school had established, and urging them to carry on those traditions to the fullest extent in their power. Australia,

he said, has a unique chance to develop its civilisation unhampered by many old customs pertaining to the old-world, yet heir to a great history and to the grandest national traditions. It was possible for Australia to set an example to the whole world by establishing happier conditions for her people than could be found elsewhere. This was an ideal for the boys to remember when, later, they went out to play their part in the outside world. His Excellency was heartily applauded when he urged the boys, and all present, to set their faces against anything which might make for cleavage among the various portions of our united Empire.

Canon Sharp, senior member of the Council, moved a vote of thanks to the Governor. Canon Sharp's connection with the School covers a period of some 35 years, so that its history was bound up with his life's work and interest. He referred to the presence on the platform of Mr. F. de V. Lamb, Private Secretary to His Excellency, who was one of the Old Boys of the School.

Mr. Robinson, in seconding the vote of thanks to His Excellency, for his genial presence and words of encouragement to the boys, especially welcomed Lady Davidson, who was present at their prize-giving for the first time.

Afternoon tea was served on the lawn as usual after the formal business was concluded.

Rowing.

THIS term work has been steadily going on at the shed, and new material being licked into shape with fairly satisfactory results. On account of the bad weather conditions which usually prevail during September and October it is advisable to do as much of the early work as possible during the winter term, when there is nearly always good water for the "freshers," to learn to handle the oar, and to become accustomed to the boat. Their watermanship comes with the later experiences of wind and bad water, which are all too frequent during the early summer months.

With the advent of the House scheme for sports, we shall at last see the commencement of a race of best crews in the School for Head of the River, which will do much to bring the sport up to a high pitch of excellence, as it will give mediocre and backward oarsmen a chance of rowing in the same boat

with the more experienced ones. It will also provide a much better chance for the "freshers" to obtain excellent racing practice in the shape of a race for second House crews. The difficulty will be to obtain coaching for the various Houses, but with assistance from Old Boys we should be able to get over that. It is very probable that the first championship races will be rowed at the end of the next term, but details as to course and locality have yet to be decided. Of the new material presented, this year Beer ii, Roberts, Sinclair ii, J. Windeyer, Hadley, Boundy and Beer i, are shaping very well indeed, and the remainder with a few exceptions are decidedly above the average of last year's material. Next term, after the Combined Schools' Sports, we hope to be able to start preparations for next year's race, the first step being the preparations for our annual Christmas races.

Athletic Sports Meeting, 1919.

THE 29th annual meeting took place on the North Sydney Oval on Thursday, September 4th. We were favored with perfect weather, good racing, and a large attendance. The prizes consisted of cups for champion-

ship events, and match bowls with the School crest for second places, and for handicap events: the Headmaster, Mr. Randall Carey and Mr. J. P. Hardy gave cups for the winners, of the Senior Shield, the Junior Shield, and for

the championship under 14. Two new records were established, P. J. Heath winning the open hundred in 10 2-5 secs., and F. W. Edwards the 120 yards hurdles in 17 secs. The Senior Shield was won by F. W. Edwards with 17 points, the Junior Shield by H. Pannifex with 14 points and the under 14 championship by N. B. Purser with 13 points.

The officials were as follows: Committee: (The Headmaster (President), the Rev. D. Davies, P. J. Heath A. H. M. MacLachlan, D. N. Shadforth, J. L. Vivers, L. O. Rutherford (Hon. Treas.) and A. H. Curlewis, (Hon. Secretary.) Referee: C. S. Hutchison, Esq.; Judges: E. M. Bagot, Esq., L. A. Baker, Esq., J. H. Hedges, Esq., A. A. Heath, Esq., J. L. Pulling, Esq., R. S. Holcombe, Esq.; Starters: A. D. Hall, Esq., and J. O. Harris, Esq. Clerk of the Course: C. S. Tiley, Esq. Timekeepers: H. E. McIntosh, Esq. F. L. Grutzmacher, Esq.

The Committee desire to thank the officials, the donors of cups, and those who gave donations to the prize fund, the O. B. U., E. S. Dietrich, Esq., H. E. Macintosh, Esq., E. E. Brooks, Esq., G. O. Harris, Esq., C. E. Prell, Esq., Palmerston Heath, Esq., Mr. and Mrs. Johnson, Mrs. Lloyd, A. F. Manchee, Esq., S. J. Janes, Esq., Dr. Boazman, Dr. Purser, A. Reid, Dr. Worrall, E. H. Taylor, "A", G. F. Baker; and Miss Wright for very kindly distributing the prizes. The Returned Soldiers' Band played selections during the afternoon and added materially to the success of the meeting.

The School records now stand as follows:—

100 yards: P. J. Heath 10 2-5 secs, 1919.

100 yards, under 16: P. J. Heath, 10 4-5 secs.; 1916; N. D. McIntosh, 10 4-5 secs., 1918.

to Grammar's 25. Here Hesslein secured and with a long pass to Langdon, who punted down field, Munro secured and dashed over. Hesslein contributed the goal. 8-0.

Shortly after the kick off we received a free kick, and Vivers found a good line. From a scrum Ludowici secured and passed to Hesslein to Wallace, who easily beat our backs and scored. Hesslein converted. 13-0.

Shortly after kick-off; a passing rush in which Heath, Piggott and Reading were conspicuous, carried the ball into Grammar territory. Hesslein saved with a good kick. From the line out Grammar secured, and after some brilliant play, Munro crossed the line. Hesslein was unsuccessful with the kick and the half-time whistle went with the score 16-0.

In the second half our forwards did some really brilliant work, the break-aways Sendal and Rutherford being specially noticeable. But the Grammar backs proved too good for our lighter and slower ones, and Wallace, beating his man, dodged MacIntosh, and scored. Hesslein kicked the goal. 21-0. Our forwards again monopolised the game, and gained some ground. After a considerable period of mid-field play, the ball was kicked by Grieve, and Wells secured and passed to Shadforth, who flashed across the line. The try remained unconverted. 21-3. Directly after kick-off the ball was passed to Wilkinson, who on being tackled, passed to Langdon, who scored. Hesslein kicked a goal. 26-3. After the kick off Vivers and Archer broke away from a line out; after good play by Heath and Pulver we pressed in Grammar territory. The full back saved with a good kick, and shortly afterwards Munro scored in the corner; the kick failed. 29-3. Our forwards desperately tried to force the ball up field, but the superior condition of the opposing backs took away our chance of further scoring. After some fine passing work Grammar again scored. Hesslein failed at goal. 32-3.

For the rest of the game we defended, and the score remained unaltered at full time. It was a fast and interesting game throughout; had the backs been more equal the score would certainly have been different, as the forwards more than held their own.

v. S.J.C.—Played at No. 1 Oval, Tuesday, 22nd July. Lost 0-12.

Team: Brooks, Wells, MacIntosh, Goddard, Maclean, Shadforth, Grieve, Archer, Piggott, Rutherford, Vivers, Sendall, Reading, Heath, Pulver.

We won the toss and defended the pavilion goal. S.J.C. kicked off with a slight wind against them. Rutherford secured but S.J.C. forwards were too quick, and he was tackled, and after some strenuous play in mid field our forwards broke away with the ball at toe, Heath and Vivers being prominent. From a scrum we secured, and the ball travelled to Goddard, who, however, was tackled. Our forwards were playing well, and the backs were an improvement on the previous Saturday's play. From a line out we secured, and the ball travelled to MacIntosh, who broke through, and we looked like scoring, but being unsupported, he was tackled, and the attempt failed. S.J.C. forwards broke away, but were stopped by Grieve. At this stage an unfortunate accident occurred. Grieve, in stopping a rush, broke his collarbone. He was forced to retire, and we had to play a man short. Goddard moved to half and Pulver took his position. S.J.C. now played with greater determination, and some hard play took place in our 25. S.J.C. worked the ball down to our line and a forward secured and dived over. 0-3. S.J.C. again pressed hard, and more ruck work occurred near our line. From a line out in our 25, S.J.C.'s wing threw the ball well out and a forward being handy secured and scored. The attempt at goal was a success. 8-0. There was no alteration in the scores at half time. In the second half S.J.C. made good

use of the wind by punting up field, and following on, but in every case, Brooks, who was playing a splendid game, relieved by smart handling and accurate kicking. Our forwards carried play to S.J.C. half. From a scrum their backs got moving, and fast play followed, which ended in Allman landing a good field goal. 0-12. From now onward our forwards played with increased dash and proved superior to the S.J.C. pack. Our backs, however, with a man short, could not get moving and were compelled to tackle hard, Brooks especially saving time and again. From now on till full-time play centred in mid-field, the forwards keeping S. J.C. back by hard tackling and dribbling rushes, in which Vivers, Rutherford and Pulver, were prominent. Full time came with the score 0-12. The game was fairly even until Grieve had to retire. Our forwards played a good solid game, and were the better of the two packs. The backs lacked combination, but tackled solidly, especially MacIntosh and Brooks, who played well throughout.

v. T.S.C.—Played at T.S.C. on July 26th. Team: Brooks, Jameson, Maclean, MacIntosh, Boazman, Shadforth, Rankin, Sendall, Rutherford, Vivers, Archer, Reading, Pigott, Pulver, Heath. This was one of the best matches of the season. It was a very fast, hard game, and very even, except for the ten or fifteen minutes following half time. Our forwards were excellent throughout, and were slightly better than the opposing pack. Vivers and Rutherford were perhaps the most prominent, while Sendall played very well indeed. Individually the backs were good, but they suffered from lack of weight, and the combination was not strong, though better than usual. Brooks at full back was sound, his tackling and line-kicking were very good. In fact the tackling of the whole team was excellent, and showed pluck and determination. From the kick off the game was fast, the forwards following on hard and playing solidly in

the rucks. T.S.C. opened the score. Pilcher, the five-eighth, took a pass on our 25 line, and ran with considerable judgment and dash, and scored near the corner. No goal. T.S.C. 3-0. Our forwards gradually worked play down field, and from a ruck on their line Sendall picked up and scored. Rankin converted from a difficult angle, S.C.E.G.S. 5, T.S.C. 3. The score was unaltered at half time. On resuming, T.S.C. attacked vigorously and very soon scored. 5-8. Continuing the attack, they carried all before them and scored three more tries, one converted, within ten minutes, making the scores 19-5. The School team rallied at this stage and gradually T.S.C. were pressed back. Several strong attacks failed. Presently Rankin kicked a penalty goal, making the score 19-8. Even play followed, until full-time, but the scores were unaltered, T.S.C. winning a fast, clean game by 19-8.

v. St. Ignatius College.—Played at Riverview, Aug. 2nd. Team: Brooks, Jameson, MacIntosh (capt.), Curlewis, Boazman, Rankin, Maclean, Vivers, Pulver, Rutherford, Reading, Sendall, Archer, Heath, Piggott.

St. Ignatius won the toss and we kicked off against the sun. St. Ignatius securing the ball found the line at half way. From the line out they started a passing rush, which was only stopped by the determined tackling of Curlewis and MacIntosh. The ball was put out of play by a good line kick from Boazman. St. Ignatius again securing the ball, scored near the corner. The kick at goal failed. Score 3-0. The forwards followed on from the kick off and forced St. Ignatius to kick for the line at half way. Our forwards by a dribbling rush, in which Vivers and Archer headed the pack, brought the ball to St. Ignatius' 25. The forwards knocked back to Rankin, who failed to reach Boazman with the ball; St. Ignatius forwards following on, brought the ball back to our 25, where Brooks found his line. St. Ignatius se-

cured the ball and scored a try, a goal succeeded. 8-0. The game, after the kick off, was opened up by Pulver, who passed to Boazman to Curlewis to MacIntosh, who gave the ball to Jameson, who lost it, just as he cleared the touch line. St. Ignatius forced, and securing the ball after the kick off, started a passing rush, which was stopped by Jameson. Some very determined work by Heath, Rutherford, Vivers, and Pulvers again brought the ball to St. Ignatius 25, but their full back secured, and kicked a long line. St. Ignatius scored again from the line out. 11-0. Again getting the ball from our kick off they scored just as the half time whistle blew. 14-0.

St. Ignatius, breaking through our forwards, carried the ball on, where MacIntosh dived, but failed to secure, and they scored between the posts and converted. 19-0. Our forwards gained the ball after the kick off, and carried it down to St. Ignatius' line, where the full back forced. Vivers secured and found the line in the corner. St. Ignatius gained the ball in the line out, and found the line near half way. Our forwards, headed by Vivers and Pulver, made a dribbling rush to the St. Ignatius 25; where they started a passing rush, and were only stopped by Curlewis and Jameson accounting for their men. Soon afterwards the St. Ignatius backs started another rush, and Maclean failed to stop his man, who scored between the posts. The kick converted. 24-0. Vivers took a mark, after the kick off, and gained ground from the kick. St. Ignatius forwards breaking through were stopped by a nice piece of work by Boazman. Breaking away again, they scored. 27-0. Full time.

Our forwards had the best of the game, but the backs did not work well as a team. The individual effort was good. Rankin failed to get his backs moving, while Jameson lacked determination when he was making a run with the ball. His tackling was good. Shadforth (capt.) was not playing, owing to a strained side, but the team was well led by MacIntosh.

v. T.K.S.—Played at No. 2 Oval on Saturday, August 16th. Lost 0-35.

Team: Brooks, Jameson, MacIntosh, Boazman, Pulver, Shadforth, Manchee, Sendall, Vivers, Rutherford, Heath, Reading, Miller, Piggott, Archer.

In this game the home forwards displayed that superiority and dash which was so marked a feature of every match. But as usual the lightness of our backs gave the visitors a distinct advantage, and at times they certainly lacked combination. Moreover, the ground in certain places was covered with a fine dust, which completely hid the game when the ball passed into that quarter.

T.K.S. won the toss, and quickly carried the ball into our 25, but Vivers, with a splendid line kick, saved a difficult position. For the first ten minutes the game was in neutral territory, but McLaughlan managed at length to get the ball out to his backs, and a brilliant passing rush landed him over the line. This score was converted. 0-5. The forwards now played up strongly, but it was impossible to resist the fine combination and dash of the visitors' backs. McLaughlan, time and again managed to feed his three quarter line, and by half time three unconverted tries were added to the visitors' score—0-14.

The kick off in the second half by Miller carried us far into their territory, where a fast and dashing game was played by the forwards in which Vivers made great use of his height in the line out and elsewhere. A brisk attack brought Sendall out of the ruck with the ball at his toe, but quick play on Sheehan's part saved what might have been a score, and brought his backs once more over our line. The try was converted. 0-19.

After this two more scores for T.K.S. followed in quick succession. They were both converted. 0-29.

Our backs were now moving more freely, although severely handicapped by their light weight. Several line kicks by Vivers brought us again into their half, where the forwards successfully followed up with dribbling rushes,

which, however, were all stopped by the sturdy play of the King's School backs. The last ten minutes saw the "School" twice again over our line, but the tries were unconverted. 0-35.

When the final whistle blew this score was unchanged.

The deciding factor of the game was the superiority of the T.K.S. backs; ours were far too light, but at times played a fine defensive game. Boazman was conspicuous in this defence, and MacIntosh's tackling saved many a situation. Special mention must be made of Manchee's playing, which for so young and inexperienced a back gives great promise for coming years.

In the forwards Vivers and Heath were consistently good, while Archer and Sendall showed up well, both in loose and ruck. Miller and Piggott also worked solidly in the ruck.

v. S.H.S. Played at No. 2 Oval on Saturday, August 23, and won 27-3.

Team: Brooks, Hixson, Shadforth, MacIntosh, Jameson, Curlewis, Manchee, Miller, Piggott, Rutherford, Sendall, Vivers, Heath, Archer, Pulver.

S.C.E.G.S. loss the toss and defended the south end. High School kicked off, but were at once placed on the defensive. Archer, securing from a line-out, passed to Manchee, to Curlewis, to MacIntosh, who was tackled close to the line. Vigorous forward play followed in which Heath, Sendall and Rutherford were prominent, until Vivers secured and passed to Manchee, who cut in and passed to Curlewis to Shadforth who punted to the full-back. His kick failed to find the line and Hixson picked up and running strongly down the line scored. Vivers' kick failed. 3-0.

From the kick-off Miller, Piggott, and Vivers figured in a dribbling rush to High School's 25, where Vivers picked up, and beating the full back, scored. The kick failed. 6-0. The Shore backs were now becoming surer, both in handling and attacking, and we continued attacking strongly until half-time.

On resuming High School found the line in our 25. Desultory play fol-

lowed, but a good line-kick by Brooks put us in a better position. Several passing rushes ensued, in which all the three quarters took part, ending with a brilliant run, Shadforth passing to Hixson who outstripped the opposition and scored in a difficult position. Vivers converted. 11-0. The team was now playing with more dash and combination, the forwards obtaining the ball from the scrums and line-outs and the backs making the most of their opportunities. The next try came to Pulver after some good ruck work, but was unconverted. 14-0. From a line-out near half way Manchee passed to Curlewis, to MacIntosh who after a good run passed to Shadforth, who, sidestepping his man, scored near the posts. Vivers' kick was successful. 19-0.

From the kick-off the forwards took the ball into High School's 25, and from a scrum Manchee passed to Curlewis, who cut in towards the line, and with a fine jump over two opponents scored. Vivers again converted. 24-0. High School now redoubled their efforts and dribbled the ball into our territory, finishing with an unconverted try. 24-3. Their three quarters were becoming more enterprising, but Jameson's tackling prevented their advance. Shore rapidly resumed the attack, and a passing rush ended in a good try by Piggott, which was not converted. 27-3. Full time sounded with the scores unaltered.

v. N.C. Played on August 30th, at Stanmore, and lost 19-11.

Team: Brooks, Jameson, Shadforth, MacIntosh, Hixson, Curlewis, Piggott, Manchee, Miller, Rutherford, Vivers, Sendall, Heath, Archer, Pulver.

This was the last of our competition matches, and marked the close of the season, which, if unsuccessful as to results, showed pluck and determination. Carr kicked off for Newington, and after several rucks, MacIntosh broke through, ran into their 25, and passed to Shadforth, who scored between the posts. Manchee converted. Shore 5-0. Newington then attacked, and for some

time the play was even. Stewart then intercepted a rather weak pass and he broke through, scoring between the posts and Carr converted. 5-5. Our forwards, who had from the start bettered Newington, then vigorously attacked, and the ball was soon speedily flying towards the home goal. From a line-out Manchee secured, and passed to Curlew to MacIntosh to Shadforth, who passed to Jameson, who scored in the corner. Vivers failed at goal. 8-5.

Ruck play followed in which Archer, Vivers and Pulver were prominent, and from a scrum Manchee lined, and the man secured, and after a passing rush half-time whistle went with the scores 8-5 in our favor.

In the second half Newington backs seemed to be slightly better than before the interval, and from loose play New-Beveridge scored and Carr converted. Newington 10-8. After the kick-off the Newington full back found the line in our 25, and from the line out Newington again scored. The attempt at goal was unsuccessful. 13-8. Newington now vigorously attacked, and time after time their rushes were stopped by Manchee. From a line-out in our 25 Vivers secured and punted down field, the ball going out of play at half way. Our backs here started to attack, but their passing rushes were spoiled by an erratic pass here and a knock-on there. From a mark Manchee secured and lined. The ruck play that followed the line out carried the ball

into their 25, and from a scrum Sendali scored. Vivers failed to convert. Newington 13-11. For a time the play continued near half-way, and a penalty was awarded against Newington, Vivers trying at goal from a difficult angle, but failed to add the extra three points. After more vigorous forward play, the opposing backs broke through and Stewart scored an unconverted try. Newington 16-11. Then followed an exchange of kicks between the two full backs, Brooks finally finding his line near half way. Shore then began to attack strongly, forcing Newington close to their line, but no try was scored. Newman then secured, and after a passing rush, Stewart dashed over. Newington 19-11. About three more minutes remained for play, and after unsuccessful dribbling rushes by both sides, the final whistle sounded with the score unaltered at 19-11 in Newington's favor.

The team showed a decided improvement on the T.H.S. match, but although brilliant individual play on the part of some of the backs did much for our benefit, there was a lack of combination and dash which proved fatal. Our forwards were superior throughout to the opposing pack and made several openings, of which the backs failed to take advantage. On the whole our defence was good, but at times the tackling could have been better. The backs, handicapped as they were through lack of weight, nevertheless put up a good fight against a superior combination.

An old boy writes from Alexandria on June 3rd:

To-day has been a very sad day in the history of the regiment, for to-day all the 1914 men, some 40 odd, and six officers, have left us and gone away home to Perth, and with them went the Bn. Head Quarters, and so now the old 73rd, which has been together for about twenty years, since South Africa, has been broken up, and a new 73rd will be formed at home with very few of the men who have fought and given all they have of their life, for the sake of the Red Hackle, in the Batta-lion. We, when we look back and read of our history, are glad that we, too, have been able to uphold the hon-our and good name which our fore-fathers engraved deep on the shield of Scotland, and we, too, have been "second to none." Our life in the Re-giment has been one long joy, and so

strong is the honour and discipline that we have gained the reputation wherever we have been as the best regiment on the front. Our children have got something to look back upon, and we who still remain have got something to uphold and live for. To-day all the faces we knew and loved best have gone, and there remain about two of us who really belong to the Regiment and a few men, and soon too we will be dispersed to goodness knows where—it is very sad.

The new battalion is being formed at home and the head quarters will take over, but no officer who has not been on active service since 1914 or 1915 is allowed out of Egypt unless for special demob. I am going to Cairo to-morrow on leave for a few days. This is too lonely.

The following is an extract from one of the Sydney dailies:

O. D. Meares, who won the Country Golf Championship at Manly yesterday, had returned from the front only ten days, after four years' service as a gunner. He is now 22 years of age. He had a great athletic record at school as follows:

Church of England Grammar School, Football colours 1913, rifle colours, 1913, cricket colors 1913, 1914, football colors 1914, rifle colors 1914.

Great Public Schools: Premier badges, rifle shooting, 1910 and 1913.

Combined Public Schools: First eleven 1913. He won the 1st eleven batting and bowling averages S.C.E.G.S. 1913 and 1914; was in champion service team, N.S.W., for rifle shooting in 1913; was third in Commonwealth shooting team for Lord Robert's Cup for boys under 15, in 1910.

The following extract is from one of the Sydney weeklies in answer to a correspondent: *Vitae Lampada tradunt* is a Latin motto. *Vitae* is the genitive of *vita*, meaning life; *Lampada* means a torch. *Tredere* is a verb, meaning to "hand over." The whole sentence

means:—"They hand over the torch of life," that is "they die."

The following is from one of the Sydney evening papers:

St. John has for many years been Queensland's foremost player, and his annexation of the State tennis championship will undoubtedly be popular.

He is certainly playing in fine form just now. In the inter-State match between New South Wales and the northern State, he easily defeated Rice, 6-0, 6-4, and narrowly missed a second victory over Norman Peach.

He had his revenge against Peach in the Queensland championship, when he won 3 sets to 1. In this match Peach put up a great fight in the fourth set, which he lost 10-8.

St. John's second win against Rice was an extraordinarily narrow one, each set going to 5 games all. In the last set St. John led 5-0, but Rice, playing a fine losing game, drew level, only to be beaten—5-7, 7-5, 7-5, 7-5.

St. John is a versatile figure in sport, having represented his State in football, tennis and chess, besides being a cricketer of no mean order. And this, despite the fact that he lost his right hand and the lower portion of the arm.

At tennis one would expect him to have great trouble in throwing up the ball to serve, but he has, by practice, overcome the difficulty by pressing the ball between the stump of his right arm and the end of the racquet, and swinging both arms upwards. He has a very good service of the American type.

Gunner Hunter Freeman enlisted in the artillery while a member of the analytical staff of the Colonial Sugar Refining Co., in Sydney. He was demobilised and placed in charge of a department of the highest explosive factory in England. After rendering good service he rejoined the artillery, and was at the front when the armistice was declared.

He immediately availed himself of the opportunity to get advanced educa-

tion, and was sent to Lille, where he took first prize in chemistry in a class of 75 soldiers, with 95 per cent. of marks in the first course. His success was repeated in the second course which he has just completed. He won the first prize again with 99 per cent. of marks, and has now been recommended to be sent to the Bonn University.

K. St. Vincent Welch writes correcting a mistake in our last issue. It is he who has taken over the late J. B. s practice, while H. L. took the practice at Narrandera, S. being still at Abermain.

Fred Rothe obtained his Commission in the A.F.C., and was to sail from Home for Australia on July 14th.

David McCall McCowan's new address is the Black Watch, 2nd Battalion, c/o Military Governate, Gaza, Palestine. He expects to be appointed Finance Officer of the Gaza district, which administers a strip of country 60 miles wide by 25 miles deep, containing 76 villages.

Basil Jackson, who is still in the Persian Gulf, has been promoted to the rank of Lieutenant Commander.

W. P. Bassett, who returned from active service a short time ago, has passed the first section of the legal examination which was held in July, and is sitting for the second section in October.

E. J. King-Salter, who recently won the boxing competition (heavy weight) at Sandhurst, and soon after successfully represented Sandhurst against Woolwich, has been placed first in the list of successful candidates in the second year examination at Sandhurst.

E. R. Gallop has returned from the front and is now assistant engineer at the Mitta Dam, Albury.

H. C. H. Nicholls is in the architect's branch of the Murrumbidgee Irrigation area at Leeton.

On July 6, Sapper Leslie, D Troop, 1st Australian Wireless Signal Squadron at great risk to himself from the well known treacherous under-currents, and the strong surface current, rescued a drowning Armenian refugee from the River Diyalah. A recommendation has been sent in from O.C.A.W.S.S., Baghdad, to the Australasian Branch, R. N. S.

L. S. Dudley, who has for some time been a member of the Grafton Bush Brotherhood, has been accepted by the C.M.S. for two years' probationary service at the Boys' School, Hyderabad, and his address will be the Church House, Hyderabad, Deccan, India.

Several Old Boys have been very prominent in sport during the past month, notably the brothers Peach, and Dr. Eric Pockley, in tennis; D. C. Suttor, I. W. L. Ormiston, C. Pountney in A.I.F. football; A. V. Mayne in N.S.W. football; J. M. Gregory, W. L. Trenerry, in A.I.F. cricket; O. D. Meares, in golf (winner of the country championship; and H. F. Wilson, A. D. Morgan, H. W. T. Chenhall rowed for the Varsity against Melbourne, with G. Hart as reserve man.

F. P. McIntyre writes from the Headquarters of the North Persian Force, Kasvin, on the 19th June, 1919, and states that in about six weeks time his address would be the Cavalry Club, Picadilly, London. His brother Donald had settled down in the farming business in the States, and appeared to be doing pretty well after his very serious ill health in England from the result of shell shock. The youngest brother had been a prisoner in Germany for nearly two and a half years. Since the armistice he had been engaged in relief operations in Holland and Germany, and had just returned to Eng-

land, only to find that his battalion (2nd Argyle and Sutherland Highlanders) was due for foreign service. He was shot down over Lille, at the battle of the Somme, and had now definitely decided to throw over the air-service. "We are still in occupation here, and as such are part of the army of Occupation of the Mesopotamia Expeditionary Force, though distant from it by about 600 miles by road! So far nothing of a tangible nature has been decided as regards our fate at the Peace Conference; in fact Persia's demands and needs have not even been mentioned as far as I know. One thing, though, is quite palpably obvious that without us she cannot stand alone with the unrest that exists in Afghanistan, and all round her northern frontiers, as far as Urmigh, in Armenia. I should say we shall be here in one form or another for many years. The country can never really develop until we take it over from an administrative point of view and Egyptianise it. Bribery and corruption are rife and where these two exist development is a finite impossibility. With a good administration and a progressive policy of railroads, the country has vast possibilities. At the present it is stagnant, and only kept going by British capital spent here in lavish quantities. Even our assistance has to be sought militarily to quell a minor tribal rising! Russian influence has, of course, ceased, and that perhaps is the best thing that could have happened. It remains to be seen if it can be entirely and permanently excluded. One thing is certain that with a Russia Regenerate, immense efforts will be made by her to regain her former footing. To prevent for all time the Russo-Indo question ever seriously arising again, it is up to us to see that that footing remains as precarious as it is now. We can never trust the Russians again.

MacIntyre's address in Major F. P. MacIntyre, 14th Hussars, the Cavalry Club, Piccadilly, London.

The School fete is fixed for October 17th, and the G.P.S. combined athletic meeting for October 17th and 18th.

Captain L. H. Holden, M.C., after flying from Melbourne to Sydney, gave various exhibitions in Sydney, to further the Peace Loan, and is now going from centre to centre in N.S.W. for the same purpose.

S. Pickles returned by the *Orsova* and has brought out with him a three-seater aero machine of 120 horse power, and proposes to give exhibitions of flying in the near future. He proposes to establish a factory in Sydney, with a view of placing aviation in Australia on a sound commercial basis.

The Rev. I. D. Armitage, who has for several years been incumbent of Cronulla, has been appointed rector of Campbelltown.

The Rev. Egerton North-Ash, sub-dean of Newcastle, has been appointed *locum tenens* to the Rev. E. Howard Lea, Rector of St. Mark's, Darling Point.

The Hon. Treasurer begs to acknowledge the receipt of subscriptions received up to September 10th (those received after this date will be acknowledged in the December number) for the year 1919-1920 from the following:
