THE LATE AUGUSTUS F. ROBINSON.

The death of Mr. Augustus Robinson meant the loss of one of the best friends that the School ever had. He served it on the Council, for nearly twenty-five years, and for most of that time he was Honorary Treasurer. His experience in business was great, and may be typified by his leadership of the firm of Hogg, Robinson & Co., importers and Lloyd's agents, his directorship of the Australian Gas Light Company, and his presidentship of the Sydney Chamber of Commerce. It was most conscientiously and effectively turned to the advantage of School finance and development. It is not too much to say that his work is an essential part of all the sound and substantial growth that

the School has made since this century began—the House system, the every-way valuable estate represented by the playing fields, the early part of the process by which the Dining Hall block was attained, and the Chapel itself, are among the things his fellow-workers must see as they look around for his monument. It is great and will endure. The present trying and dangerous period in Australian history may yet be marked by signs of distress in every Australian institution that does not exist for profit—as the Great Public Schools do not—and so had not attempted to enrich itself in the good times, and must face the burdens with faith and courage rather than large reserves of money

or other capital. But the wisdom of the financial policy in which Mr. Robinson led the School for so long is likely to bring it even more comfort now than in days of general prosperity. Soundness is all, in any sort of school finance, and the Robinson tradition is all soundness, in prudence and honour.

Mr. Robinson was an English Public School man. His own school was Marlborough. It delighted him to work for an Australian school that existed for the establishment of a form of higher education based upon the old English Public School tradition. He helped in the choice of Mr. Hodges for the headmastership when the first change of Headmaster came, just after his election to the Council in 1899. Of all the distinguished candidates then offering (enough to ensure the wise direction of a number of such schools), there was no doubt, after a few months' experience, that Mr. Hodges was exactly the Headmaster that this School needed. The co-operation of the two English Public School men, Hodges and Robinson, in their respective spheres of work for the School, must remain a joy to contemplate for all their helpers still remaining now they have both gone. They illustrated so well in their own character and conversation the best of what the tradition they represented and laboured to make ours also was capable of producing.

It is significant that the two names most associated with the ef-

forts that led to the building of the Chapel are those of Mr. Hodges and Mr. Robinson. They were as free from pietism as any of the shyest of laymen in religion, but as truly religious in their laymen's way as any of the saints. Both thought education must have its base in religion if its foundation was to be sure and its effects good. They therefore continually strove to have its necessary elements complete in the School, as there could not be without a Chapel, and one that was beautiful within and without. Nowadays the School could not well think of itself without such a Chapel, as it gathers for services, now simple and now elaborate, among memorials of its past that speak directly of ended lives, long or short, among them these two, all spent or sacrificed, as God willed, in accordance with an ideal combined of knowledge, faith, and activity in well-doing.

The tributes paid to Mr. Robinson's memory have been many and sincere. But perhaps the School knows better than most of those whom he had done good how much there is to regret in his loss. He died peacefully, after ending the labours of a long life and composing his mind, or, in the Scottish phrase, "making his soul," for taking leave of this world. There was the least possible sadness in such a parting. But there is much in the realisation that he was a type of English Chris-

tian gentleman, that was formed in a different age and will not be repeated. In our changed conditions we can only hope to profit by its example. Such men are luckily potent influences in the lives of

others, and, if the mould that shaped them has been broken in the mutability that we call progress, they do tend to exult the Spirit of Man which fulfils itself, and the Divine Purpose, in other good ways.

SCHOOL NOTES.

The Archbishop paid a visit to the school on June 18th. On Assembly he presented the members of the Eight with their oars and rudder.

o o o o

On July 1st D. O. N. Bourke, R. M. Little, P. C. Taylor, and R. H. Sheaffe were appointed Sub-Prefects.

o o o o

On August 25th we lost the services of Mr. Mander Jones, who has gone to England to take a course of study at Oxford, where we wish him every success. A presentation was made to him in the Common Room on August 21st.

o o o o

The heavy rain which began on the night of Sunday, July 5th, was responsible for some damage and more disorganisation. One window was blown out and others blown in, the drive was washed up against the dining-hall, and water came in at various places. As so many classrooms became uninhabitable, the Lower School was sent home on

Tuesday, with enough work to keep them well occupied.

o o o o

On the occasion of the International Football Match, a half-holiday was granted on August 3rd in celebration of the victory of the Eight last term.

o o o o

The Boxing Tournament was held this term instead of in the third term, as has been customary for some years. There were several disadvantages in the former arrangement which, it is hoped, will be avoided by the new.

o o o o

It was decided this year to give up House Football, and to put all players into teams to play outside matches. Some House matches were played in July, but they did not form part of any competition.

o o o o

The Cups and Trophies have been removed to the Dining Hall, where they make a fine show.

RETIREMENT OF DR. PRESCOTT.

At the end of the present term the Rev. C. J. Prescott, M.A., D.D., will retire from the Headmastership of Newington College. Dr. Prescott's career as a Headmaster has been long and distinguished. He came to Australia as a young man some fifty years ago. Shortly afterwards he was appointed to the Headmastership of the Methodist Ladies' College in Burwood. He held this appointment with conspicuous success for fourteen years, and then assumed his present position. On his retirement, he will have completed thirty-two years of service as Headmaster of Newington.

While he has been always enthusiastically devoted to the interests of his own School, his influence has extended far beyond it. He has been a leader in the councils of his own Church, and has given valued service to the general cause of education. The G.P.S. com-

munity will not entirely lose him, as he will continue to be a member of the Headmasters' Association, and, we hope, to contribute to it, as hitherto, the fruits of his experience. Dr. Prescott has always been foremost in regarding the G.P.S. as a united community, representing various creeds, but with a common high purpose. All the Schools have cause to acknowledge his kindly friendship, and this School certainly no less than the others. We extend to him our felicitations upon the conclusion of his active service, and our good wishes for many years of happy leisure.

His successor is Mr. P. R. Le Couteur, M.A., who comes to Newington from Western Australia. Mr. Le Couteur is a former Victorian Rhodes Scholar who won distinction at Oxford, not only in scholarship, but also as a first-class cricketer. We extend to him a hearty welcome.

GEORGE GREENWELL.

The death of George Greenwell was recorded in the last "Torch-Bearer." We take the following from the "Sun" of July 9th, 1931:

The heroism of the late G. S. Greenwell, the 17-years-old schoolboy and member of the Collaroy Surf Club, who was drowned at Collaroy on April 26th, has been recognised by the Surf Life Saving Association of Australia.

At the last monthly council meeting it was decided to posthumously award the association's meritorious award in silver, in recognition of his gallant attempt to

effect a rescue. This is the highest award that the association bestows, and is only given when exceptional bravery has been displayed in a surf rescue.

It will be remembered that George Greenwell took the line out to succor a surfer who was in difficulties in a heavy sea. The line became entangled in the seaweed, and the weight of the weed dragged the young swimmer under and he disappeared. Later his brother, Richard Greenwell, recovered the body.

A portrait of Greenwell has been placed in the Library.

CHAPEL NOTES.

On Ascension Day, at the end of First Term, a Voluntary Service was held in the Chapel during the first School period. The service was a Corporate Communion. There was a large attendance. One hundred and twelve made their Communion.

Addresses have been given by the Headmaster, also Revs. N. A. B. Backhouse and C. T. Debenham.

On Open Sunday, August 9th, the special preacher was Canon H. S. Begbie. An anthem was sung by the Choir. The offertory amounted to £17/9/1.

At Evensong on August 2nd, which was a full choral service, the Choir, supplemented by members of the Staff, rendered an anthem.

The Committee of the Chapel Fund acknowledge with many thanks donations from Lorna Patricia Scammell, Peter Grant Goddard, David Clarendon Cox, Francis William Hixson, Alan Gordon Uther, and Ian Hubert Maclean.

On Friday afternoon, August 28th, His Grace the Lord Archbishop of Sydney confirmed the following candidates:—

Adams, Leonard Sherywood; Anderson, Kenneth Falconer; Angus, Stuart Douglas; Angus, Arthur Leighton; Austin, Ronald Richard Austral; Bell, Samuel Tertius; Betts, Peter Selwyn; Boulton, Alan Sydney; Boyce, John Raymond; Brudenell Woods, Basil; Buckham, William Lindsay;

BAPTISMS.

June 20th, 1931—Lorna Patricia Scammell.
June 21st, 1931—Peter Grant Goddard.
July 25th, 1931—David Clarendon Cox.

DEATH OF DR. PRITCHARD.

The death occurred on August 20th of the Rev. William Charles Pritchard, D.D., whose Sunday evening visits to the School will be remembered by boarders. Dr. Pritchard served the Church in Australia for many years with devotion and enthusiasm. In recent years he edited the "Church Standard."

He always showed a most kindly interest in the School, and looked forward to attending Chapel once in each term. His addresses were always inspiring by reason of his sincerity and kindly sympathy. We offer our condolence to Mrs. Pritchard.

MILLER'S POINT CLUB.

This term a most satisfactory arrangement has been made for attendance at the Club by members of the School. School House and Robson House combined, Hodges House and Barry House combined, and Day Boys supply helpers in turn.

Over seventy discs have been issued to the Miller's Point boys as membership badges. The boys appear to value them, and always wear them.

A gramophone is now in use at the Club. Form III. C. provided about forty records.

Fifteen Boy Scouts recruited from the Club meet every Wednesday night, and are doing good work.

There are several new recruits in training. Scoutmaster Milton Boyce (Baden-Powell Medal of Merit) has given splendid service in training the Scouts. A solid foundation has been laid. We wish to record our deep appreciation of the assistance given by Rev. C. Wilder Clarke, who has been transferred to Clovelly; his place has been taken by Rev. A. B. King, who is keenly interested in the welfare of the Club.

DEBATING.

The results of our activities during the season just closed must be regarded as highly satisfactory. An unbroken series of victories in the G.P.S. Competition has given us the right to hold the Louat Shield for the second year in succession. Since the Competition was initiated,

eleven years ago, this School has been successful in gaining the Shield on four occasions.

We were fortunate this year in having as our defenders three speakers of more than average ability, viz., Weston, Speirs, and Harriott. Speaking in that order,

these three speakers formed an almost perfectly balanced team.

The series opened with a debate against Sydney High School. We negatived the motion, "The State is not justified in providing free secondary education for all who deserve it." We placed a broad interpretation upon the subject, and secured the decision by a narrow margin.

Then followed our contest with Sydney Grammar School, in which we affirmed the motion, "The present democratic system of government in Australia is desirable." In spite of certain difficulties raised by the wording of the motion, we were successful in establishing a case for the present system.

In accordance with the decision of the G.P.S. Committee that each team should take part in one impromptu debate this year, our contest with Newington College broke new ground. The subject, chosen half an hour before the opening of the

debate, was such that the speakers all found sufficient material for very creditable speeches. We affirmed "That the Press in Australia is not fulfilling its functions."

Although impromptu debating has certain limitations, it is probable that the principle will be extended in the Competition.

In the final debate against St. Ignatius' College, we affirmed the motion, "No people should be held against its will under the sway of any other." Our opposition proved forceful and redoubtable, but appeared to base their case on a view narrower than that merited by the subject. The adjudicators, Messrs. G. Mitchell and W. J. V. Windeyer, reported to Sir Henry Braddon, who kindly consented to take the chair, that our team had been successful by a few points.

Increased interest has been manifested in the debates held this year. It is very desirable that such interest should be maintained.

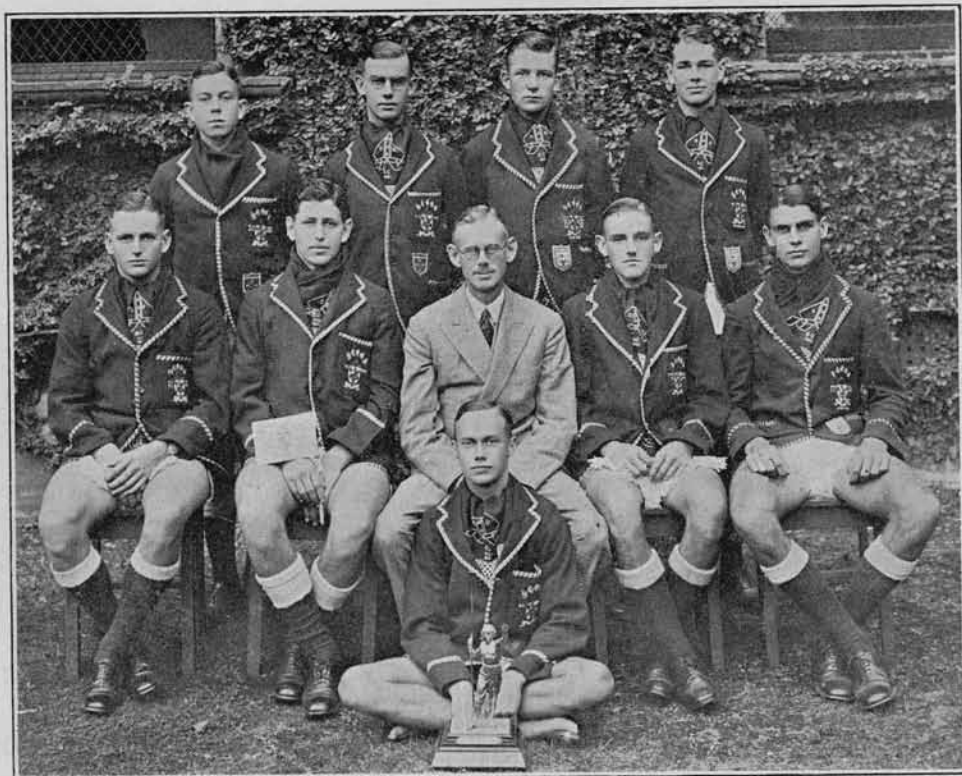

"THE DOVE-FEATHERED RAVEN."

(By G. W. Harriott, VI. A.)

We all know him! I always associate him with a butcher's shop, for no good reason but that the first time I met him he was a butcher, and a prosperous butcher, at Bugaldie. 'Enery Smithson was his name—'Appy 'Arry to a large section of his clientele—and in his character of the bluff optimist who refused to

be downhearted at trade depression (he never thought it necessary to remind his cronies that, as the one and only butcher in the town, he could afford to laugh), he added not a little to the size of a not inconsiderable paunch. It was only when one saw the dark rings under 'Arry's eyes, or spoke of him to old

J. H. Cooper

Billy the swagman (old Billy with his quaint philosophy, and those queer little tricks of speech which seemed to show that he had not always humped his own bluey, was as well known at Bugaldie as the glassless dial which did duty as a town clock ten years ago), that one looked past the hearty mouth and complexion and saw the man's eyes—and they were not a pretty sight, even as butchers' eyes go!

But he is a versatile gentleman, and by no means confined to one class or trade. I have met him in circumstances even less calculated to endear him to one—as a sub-manager in Kembla Buildings interviewing applicants for a non-existent job! There was a boy from one of the G.P.S., accompanied by an imposing parent, who very evidently regarded sub-managers as dust beneath his chariot-wheels. Him our friend received with a cordial shake from a damp paw, an over-readiness to laugh at the I.P.'s rather caustic brand of humour, and dismissed with half-promises and hopes of anything from a directorship to a C.B.D.

The next on the list was a quiet fellow with excellent credentials from the rector of a dingy little parish and the headmaster of a suburban High School. His eyes were steady and clear, the darns in his trews as neat as the carefully knotted, not-so-new tie, his collar as spotless as his patched shoes. The S.M. looked him up and down with

a fishlike eye. His "Well!" would have made an icicle turn up its coat collar! "Sorry! No chance at all." Tempus five minutes!

His forte is quick-change artistry. I was once constrained to ask him, in his character of a hail-fellow-well-met surfing acquaintance, for the loan of the large sum of a shilling! His face would have made the Miracle of Spring blush and furtively hitch up its socks! He is a self-made man, and worships his Creator. A stander of drinks who toucheth his victim for the price thereof! He is not averse to laying it on with a trowel, in order that he may dig it out with a spade! His face and soul in juxtaposition inspired the North Sydney football colours! The excellent Mr. Cooper hits his particular nail on the head in the following passage from "The Sea Lion":—

No small portion of that which struts about under the aspects of right and liberty and benevolence is, in truth, derived from some of the most sneaking propensities of human nature.

Nor is sex any barrier. In female habiliments I have most experience of him as an aunt—and if I ever have to illustrate graphically the usefulness of aunts, he shall be the point of origin! There is the small aunt with the thin mouth, who deals in fair words and leaves one's two halfpennies to jingle disconsolately unmated! There is also the large aunt, who claps one on the shoulder and bites one in the leg all in the

same motion! And the ancient aunt of whom it has been well said :

“The theme divine at cards she'll not forget,
But takes in texts of Scripture at picquet;
In those licentious meetings acts the prude,

And thanks her Maker that her cards are good.”

I think that there must be a special circle in hell reserved for them, and a picked array of hearty-faced fiends with large tridents to spur slothful endeavour!

THE LIBRARY.

The work of the Library has proceeded normally this term. We thought to have a thorough overhaul of the books in the course of some afternoons, but this has not been possible, as the Committee has not had the necessary time. It is thought that we may manage this at the end of the year. We did, however, have a rather superficial turn-out and investigation one afternoon, and found things rather in disorder in obscure portions of the room. Painstaking and strenuous investigation revealed (i.) dust and (ii.) books! It is doubtful which had the greater claims to antiquity. The disorder in the magazine cupboard was sorted out, and a number of back numbers given to the Miller's Point Club, where they will be of more use, we hope.

The better half of the Classical Section has been transferred to the Sixth Form room, where it will receive more use than it did in its former somewhat obscure abode.

As the Leaving Certificate Examination approaches, the Committee becomes depleted, and it becomes

necessary to secure some new members. Will any Fifth Form boys or others who would like to join the Committee please see Mr. Jones or Speirs?

The following books have been bought for the Library this term:—
“Australia” (W. K. Hancock),
“Economic History of Australia” (Edward Shann), “The A.B.C. of Atoms” (Bertrand Russell), “The Stars in their Courses” (Sir James Jeans), “The Moon” (J. Nasmyth and J. Carpenter), “By Guess and by God” (W. G. Carr), “My Mystery Ships” (Admiral Campbell), “The Polar Adventure” (Arneson), Pope's Poetical Works, “Everybody's Pepys,” “The Rover” (Joseph Conrad), “The Flying Bo'sun” (Arthur Mason), “The Lucky Number” (Ian Hay), “The Terror” (Arthur Machen), “For the Term of His Natural Life” (Marcus Clarke), “Sheepmates” (William Hatfield), “Big Money” (P. G. Wodehouse), and the “Sydney Morning Herald's” commemorative volume, “A Century of Journalism.”

THE BOAT CLUB DANCE, 1931.

The dance held at the end of last term under the auspices of the Boat Club was a great success, both from the point of view of mammon and of terpsichere. The floor was good, and the band, the celebrated "Black and White," excelled itself.

By 7.45 p.m. the hall began to fill up, and by a quarter past 8 there were about three hundred people dancing, or rather staggering, round inside. The night was stifling, and by supper-time many an immaculate shirt-front had wilted!

The supper was served in the old Dining Hall, which had been suitably decked in blue and white streamers for the occasion. The aforesaid supper was prepared by numerous kind ladies organised by Mrs. Robson, and we would like to take this opportunity of thanking her and her helpers for their service. We must also thank Mrs. Robson for the bridge party, at which she acted as hostess.

The hall had evidently proved too hot for many couples, for by 11 o'clock there was standing room only up the tower. The latter also, so I am told by reliable witnesses, was not the cool spot one would have thought it. Although scheduled to finish at 11.30 p.m., it was thought to be far too good to stop, so the powers that be were approached and sanction was given that we should go on till midnight, with the proviso

that a few young and able gentlemen should remain behind after the festivities to help put back the tables and forms: because if this was not done the maids would miss their beauty sleep, and thereby be unable to render service with their customary alacrity next day!

A few young and able gentlemen did remain behind, and apart from knocking the legs off the piano, they managed quite well, and then departed to what is reported to be by no means the least enjoyable part of the evening—the ride home.

Thus ended a function which I think everyone will agree *was* most enjoyable, and which we all hope shall remain an annual function. Therefore, ladies and gentlemen, one more toast: "The Boat Club Dance—May its Shadow Never Grow Less!"

CADET CORPS.

Special Parade.

On August 21st Col. J. T. McColl, O.B.E., M.C., General Staff 1st Division, visited the Corps. Col. McColl very kindly judged a Platoon Competition held on that date.

The programme was as follows:— Corps Parade; Line; Platoon Competition, (1) Squad and Arms Drill, (2) March Past; L.G. Demonstration; March Past in Column of Route in order of merit.

Swords were worn by the Pl. Comdrs. In addition to bearing the brunt of the Competition, they had to think of their sword exercises.

Several parents and friends were present.

The detailed results were as under:—

	Ad- vance.	Inspec- tion.	Arms Drill.	Squad Drill.	March Past.	Total.
Possible :	100	100	100	100	100	500
No. 1 Pl. . .	70	80	55	70	80	355
" 4 " . . .	65	75	60	65	70	335
" 6 " . . .	60	75	60	65	65	325
" 5 " . . .	55	75	55	60	75	320
" 2 " . . .	60	70	60	50	65	305

Col. McColl commented favourably on the uniformly high standard of the Arms Drill, and also upon the general smartness of the turnouts.

Capt. E. Mander Jones.

The Corps has been fortunate in having at its disposal the services of Capt. Mander Jones, whose wide experience and knowledge have been

of the greatest value, both on parade and in administration.

Capt. Mander Jones carries with him the best wishes of the Corps for his success at Oxford, and an assurance that his return will be welcome.

Training.

No. 1 Pl. : Musketry.

No. 3 Pl. : L.G.

No. 4 Pl. : Section Leading.

No. 2, 5 Pls. : Squad and Arms Drill, Musketry, Miniature Range.

No. 6 Pl. : Squad and Arms Drill.

The system of training previously employed was departed from in order to raise the general standard of efficiency. Instead of the N.C.O.'s training the Cdts., an instructor was allotted to each Pl., and all except No. 3 were prepared for the Platoon Competition previously mentioned. The result was very satisfactory. Next term the N.C.O.'s will have an easier task.

Examinations.

On July 10th the Parade was given up to the examination of candidates for Cadet Commissions, or for promotion to the rank of Warrant Officer or Sergeant. Capt. Marlan, Staff Corps, Adjutant of 17th Bn., represented Brigade as President of the Board of Examiners.

The syllabus included Arms Drill, Musketry, Platoon Drill, Field Sig-

nals, Section Leading, and, except for, the rank of Sergeant, Company Drill. The examination in Squad Drill was conducted last term. Six candidates passed for Cadet Commissions, two for Warrant rank, and six for the rank of Sergeant. All were promoted to the rank of Sergeant.

When the procedure preliminary to appointment to Cadet Commissions and Warrant rank has been completed, the successful candidates will take appropriate rank.

Kirby Shield Team.

A photograph of the team that won the Kirby Shield for the Corps last term is published in this issue.

Shooting.

The Corps team will again represent the State in the Earl Roberts Imperial Cadet Trophy Competition.

Teams and individuals from the Corps took part in the Annual Prize Meeting of the N.S.W. Militia R.C.U. Full details are given in the Shooting Notes.

The results of the Musketry fired at the end of last term are given below.

A miniature range course was fired with the L.G. at Chatswood Range.

Staff.

W.O. J. F. McGrath, who is well known to all Cadets, as he has been attached to the Corps from its inception, has been appointed R.S.M. of 30/51st Bn. Our thanks are due

to R.S.M. McGrath for the personal interest he has always taken in our work, and for the exemplary manner in which he has carried out his duties. We offer him our congratulations on his promotion, and our best wishes.

Enrolment Forms.

A record of the training, appointments, promotions, courses, camps, guards, competitions, etc., is being entered on the back of the enrolment forms, which will be returned to Cadets on leaving School, to be a reminder and a record of the part each played in the Corps. Old Boys who wish to obtain their forms should write to the C.O., enclosing a stamped and addressed long envelope.

Text Books.

It is still difficult to obtain copies of I.T., S.A.T., and I.S.L.

The C.O. acknowledges with thanks the text books kindly supplied by two Old Boys, Major C. E. Cameron, M.C., and S. G. Stott. These books were immediately put to good use.

An appeal is made to Old Boys who have books to spare to send them to the C.O.

General.

High velocity rifles were issued during the term, the old rifles being withdrawn. This necessitates the use of Mk. VII. ammunition in lieu of Mk. VI. The H.V. rifles appear to be a very good lot.

The tunics of the N.C.O.'s who passed for Cadet Lieutenant have been altered to conform to the pattern laid down for officers. These Cdts. and the C.S.M.'s are wearing Sam Browne belts. Canes with the School crest on the top have been obtained for N.C.O.'s.

The C.O., Lieut. Burrell, and Sgt. Calman attended a Weapon Training School in June at 17 Bn.

Owing to changes in personnel, the Cdts. in the Corps last year who were divided amongst 4 Pls. last term were reorganised into 3 Pls. The 2 recruit Pls. of last term, supplemented by additional enrolments, were divided into 3 Pls.

The Band has had the benefit of Mr. Debenham's instruction this term. There are three buglers and six drummers. More are required.

Return of Equipment.

The appeal made last term resulted in the return of belts by two Old Boys.

An appeal is again made to Old Boys and present boys to spare the School the expense entailed by the non-return of belts, pull-throughs, oil bottles, slings, and bugles.

RIFLE SHOOTING.

At a meeting of the General Sports Executive held on Thursday, May 14th, I. G. Esplin was elected Captain of Shooting.

On May 16th, a team of five represented the School in an eliminating contest to decide what Corps would represent New South Wales in the Earl Roberts Imperial Cadet Trophy Competition. Although the shooting was not very good, the School team won by a margin of 103 points, scoring 244 out of a possible 320. The personnel of the team and the scores were:—

(Highest possible score, 80.)

Sgt. I. G. Esplin	63
Sgt. R. H. Sheaffe	62
Cpl. B. E. Midlane	54
Cdt. E. M. Pain	65
Cpl. R. B. Speirs, fire director.	

The unusual nature of the conditions was in some measure responsible for the poor scores. There were four practices; five shots at 500 yards; five shots, "fire with movement," from 500 to 100 yards; five shots rapid at 200 yards; and five shots snap at 200 yards. The School team will represent New South Wales in September, when teams all over the British Empire will compete for the trophy.

On June 6th and 8th, members of the School took part in the annual prize meeting of the Australian Militia Rifle Clubs' Union. In the first match, "The Gallipoli," Sgt. I. G. Esplin, of the School, and Cdt. W. Cutler, of Grammar, both scored possibles. In the shoot-off, Esplin scored another possible, thus win-

ning the match. In "The Merris," the School "A" team filled third place. The team and scores are:—

(Possible, 35.)

Sgt. L. D. Calman	31
Sgt. I. G. Esplin	32
Cpl. G. H. Litchfield	34
Cpl. B. E. Midlane	33
Cpl. R. B. Speirs	32
Cdt. E. M. Pain	35

Following on the miniature range tests which were carried out last term, about ninety boys were tried out with the .303, and this number was gradually reduced to thirty-five, from whom the boys to attend shooting camp will be chosen. Unfortunately, only five of these were representatives in last year's teams.

On August 8th we entered teams in the "A," "B," and "C" Grade Competitions held by the N.S.W. Militia Rifle Clubs' Union, the "A" team being beaten for second place by 2 points. In the "A" Grade, Sgt. I. G. Esplin filled third place in the individual totals, and in the "C" Grade Cdt. H. F. Heyde gained the same place. Each was awarded a handsome silver spoon. Teams and totals were:—

"A" Team.

(Possible, 75.)

Sgt. I. G. Esplin (Captain)	63
Cpl. G. H. Litchfield	61
Cdt. E. M. Pain	55
Cpl. R. B. Speirs	54
Cpl. S. Newbigin	53
Cpl. F. N. Braund	51

Cpl. B. E. Midlane	49

"B" Team.

(Possible, 75.)

Cpl. Crombie (Captain)	49
Cdt. Bathgate	60
Cdt. Locke	49
Cdt. Johnston	45
Cdt. Banks	42
Cdt. Wittus	42
Cpl. Campbell	41

"C" Team : Cdt. Swan (captain), Sgt. Calman, Cpl. Harriott, Cdt. Weston ii, Cdt. Morris, Cdt. Allan, and Cdt. Heyde.

On July 25th and August 15th the House matches were held, the ranges being 300 and 400 yards. After a keen contest, Hodges' House won with a total of 231 out of a possible 280. School House were second with 219, Robson third with 209, and Barry 197. Teams and totals were:—

The G.P.S. Matches will be held at Long Bay on Tuesday and Wednesday, September 22nd and 23rd.

The L.T.H. target has been altered. The aiming mark is now a circle 24in. in diameter, the bull being 20in.

FOOTBALL RETROSPECT.

A new scheme of organisation was adopted this year, whereby eighteen XV.'s, subdivided into nine divisions, participated in outside games against other schools. All teams practised, as a rule, twice a week, one practice day being originally intended for inter-division games, though actually few of them were played, and on Saturdays fixtures were played. As the scheme in its entirety was inaugurated a month after football began, an absolutely full fixture list was not obtained, but every team played about six outside games, twelve XV.'s playing every game.

There is no doubt that the experience gained in these matches; the playing on strange grounds and consequent loss of stage-fright, the studying of other types of play, both of schools and individuals, must be of great benefit to the young footballer.

The 1st XV., a young team, played quite soundly throughout the season. We were again forced to "make" a half and a five-eighth, but on the whole the men selected did well in these difficult positions. The strength of the team lay in the forward-back

combination, a very desirable factor at any time, but very necessary with our XV., again possessing no penetrating back. After striking two hard matches at the outset, in which we were far from disgraced (St. Joseph's being a really brilliant side), the team defeated Armidale, King's School, and drew with Grammar. All members of the XV. were exceptionally keen throughout the season, and, with another year, should develop into a good side.

The 2nd XV. won five of the seven matches, and were defeated by St. Ignatius' after a close match (5-3) and by a much superior side in St. Joseph's (28-0). Their forward play was of quite a high standard, the backs not being so sound. They practised keenly, and deserved their success, coming third in the Competition.

The 3rd XV. won four matches, and had a satisfactory season, also coming third in their Competition.

Of the other teams, the 9ths were undefeated; and the 5ths, 7ths (Junior "A") and 18ths did exceptionally well. Results (in brief) of these matches are appended.

FOOTBALL CHARACTERS.

Watson (Captain).—A good forward, who was tried as centre three-quarter for a while, an injury preventing further development. A brilliant tackler, equally good in loose and ruck, and captained the team well.

Cowlishaw.—Breakaway forward. A good player, always with the game; tackles hard, and good handler. A very useful man all-round.

Buchanan.—Half. A light player, but good in defence and attack. Settled down well to position, though occasionally appeared slow to clear. Great worker, game and eager always.

Taylor.—Centre three-quarter. After a month in the pack, where he played well, tried in the backs and developed considerably. A strong runner, difficult to tackle, and, with much improved hands, he should do well next season. Still rather slow off the mark.

Muston.—Second row forward. Good, hard rucker, and used weight to advantage. Did well in line-out, and a good dribbler.

Heath.—Centre forward. Raked well throughout the season, and good in loose and ruck. Should do well next season.

West.—Wing three-quarter. Young (15), but the most improved player in the side. Fast, and faster to seize opportunities. Our most prolific scorer. Good hands and fair defence. A good future.

Row.—Five-eighth. Previously a forward, but settled down fairly well. Good tackler, fair kick, and very fair hands. A trier.

Wenden.—Centre three-quarter. Fast off the mark, and tricky runner. Improved in defence and attack, and, with more confidence, should do really well.

Chapman.—Full-back. Developed from second row forward into a very sound player in this position. Safe take, good kick, but, unfortunately, very slow.

Puffett.—Wing. A fast runner, who improved towards the end of the season. Slow to anticipate, very fair in defence, and, handling uncertain. Will improve with experience.

O'Reilly.—Front row forward. Very fair forward, hard rucking, and good worker outside.

Cullis-Hill.—Centre three-quarter. Chief faults, slowness off the mark and erratic hands. Very fair tackler, kick and take, and draws man well.

Kierath.—Second row forward. Fine pair of hands; useful anticipation, and excellent line kick. Fine place kicking of early in the season unexplicably lost. Improving in low tackling—the weakness.

Sinclair.—Lock. Heavy forward, who gained and retained place in team by hard work. Good in ruck and line-out.

Bourke ii.—Front row forward. Young and light, but very vigorous. Always on the ball, and learning the game rapidly.

Kierath ii.—Front row forward. Another small but keen player. A sharp outside hook. Has a good season ahead.

Bourke i.—Front row forward. Hard worker, but slow. Slow also in hooking. Very fair tackle.

Vincent.—Half-back. Played once for 1sts. Serves a very clean, quick pass. A safe tackle and very fair kick, both feet. With experience should do really well.

Sheaffe, R.—Breakaway. A quick, hard-tackling player, game, and always on the ball. Too light, unfortunately, for this position in the 1sts.

S.C.E.G.S. v. N.C. (first Competition match).—Played at Stanmore on Saturday, July, 11th.

Newington kicked off, the kick going into touch. From the resulting scrum, a bright moment of ours took the ball down to N.C. twenty-five line, but it was brought back to half-way. After some play in mid-field, N.C. rushed down to our line, but the position was saved by a good line kick by Chapman.

From half-way the opposing winger made a run, but was finally stopped by Watson. N.C. were awarded a free kick just outside our twenty-five line, and Lees kicked a fine goal from the side line. Play went down to N.C. territory, where Kierath attempted a field goal, but was unsuccessful.

Play was then mostly in our twenty-five, where we were awarded a free kick, which went out at half-way. The ball worked back again, and N.C. forwards dribbled on to our line, where a free kick was given against us in front of the goal, which was successfully kicked by N.C.

A long kick from mid field resulted in a five yards scrum near our line, but two free kicks and a solid attack took the play to the other end of the field, where Buchanan broke through and kicked the ball over the line, being beaten, however, in a race for it. Each team attempted to goal from a penalty on the half-way line, but each kick missed. The whistle went for half-time shortly afterwards. N.C., 6; S.C.E.G.S., 0.

When play commenced again, a rush by Watson and a free kick took us near the N.C. twenty-five. Taylor broke through the forwards, and passed to West, who ran well and passed to Kierath, the latter scoring in the corner. No convert.

We were given three free kicks in mid-field, but nothing came of them. The N.C. winger dashed down the side line and lost the ball near our line, but another man gathered it and scored. 9-3.

Cowlshaw broke away several times, but was tackled. He was effectively

marking Lees, the N.C. five-eighth. After a free kick to us, Taylor suddenly burst through the N.C. forwards, and, after beating the opposing full-back, was eventually brought down hard, but on the other side of the goal line; 9-6. The play now became very fast on both sides, and N.C. scored a penalty goal from half-way.

N.C. twice had to force from free kicks, but a free kick to them went into touch right on our line, and a try resulted; 15-6. Just before the end of the game, Lees broke through and passed, and N.C. scored and converted, the final score being : N.C., 20; S.C.E.G.S., 6.

The backs showed quite good form, varying their movements more than heretofore. Buchanan was a strength at half, though the Newington forwards worried him occasionally. Our pack held their heavier opponents well, and worked in some good combined movements with the backs. Taylor played well, and Lees' kicking for Newington was exceptionally good.

S.C.E.G.S. v. S.J.C.—Played at North-bridge on Saturday, July 18th.

The play at first was confined to mid-field, St. Joseph's presently reaching our twenty-five line and being driven back to half-way by a good line kick by Chapman. An opposing three-quarter then broke through, and got well over our line; he then attempted to score in the centre, and, being by this time pretty close to the fence, he was suddenly bowled into touch at the rear by Watson. Soon afterwards a fine line kick by the St. Joseph's full-back took the ball to our twenty-five line, where one of their men broke through, but was tackled from behind by Cowlshaw while attempting to dodge the full-back. We almost immediately received a free kick for off-side.

Another attack was repulsed by a good line kick, and, after some play around half-way, one of the St. Joseph's three-quarters broke through and passed to Beaton, who scored and converted. 5-0.

A solid attack by us took the play to the other end of the field, but shortly afterwards a long kick brought it back in front of our goal, where we were awarded a free kick. We then made a fine attack, and carried the ball right to the St. Joseph's line. It was brought back again just as quickly, and Beaton again scored. St. Joseph's followed this with another try, making the score 11-0.

Two free kicks, a mark, and a good line kick each drove off attacks, but our backs were not getting anything of the ball, as the opposing forwards were coming through our pack and keeping the halves off the ball. Most of our advances were by line kicks, a good one by West finding touch near their line. Half-time came with the play in mid-field.

We then had three tries scored against us in rather a short time, making the score 22-0. There was then some excellent kicking by different members of our team, which brought the play frequently into St. Joseph's twenty-five; but no one could penetrate the defence, and the play always worked back again. On one occasion a free kick went to within five yards of their line, but their forwards took the ball back to mid-field, and the opposing winger scored, leaving three men on the ground at various stages of his path.

Soon after, Buchanan kicked to the St. Joseph's full-back, and a scrum near their line resulted. From this our back line got moving, and the ball came out to Wendon, to Taylor, to Puffett, who ran and kicked over the full-back. A St. Joseph's man raced to the ball, but it bounced out of his hands straight in front of Puffett, who dashed up at this moment and fell on it, giving us a try. 27-3.

We now attacked fiercely, and a scrum was formed right on the opposing line, after a rush by our three-quarters and a kick right into the corner. St. Joseph's, however, scored two more tries, and the final score was: S.J.C., 40; S.C.E.G.S., 3.

The St. Joseph's side is undoubtedly a really good one. Our team did well to be in their opponents' territory in the last ten minutes of the game, and played with vigour to the end.

S.C.E.G.S. v. S.H.S.—Played at North-bridge on Wednesday, July 22nd.

We began the play in very bright fashion, making rush after rush into High territory. Our forwards showed up in great manner, and took the ball to the opposing line time and again. High forced twice, and were always on the defensive during the first part of the game. The play proceeded in bursts of a few seconds, at the end of which interval there was usually a free kick for one side or the other. The referee was Mr. A. L. C. Irving. Neither side succeeded in goaling, however, the kicking being of low standard.

With the play in mid-field, West got the ball and came round behind the forwards to the other side of the field. He eluded all the opposition, and scored a fine try. 3-0. It was now High's turn, and they immediately scored, making the score 3-3.

A rush down field by High was stopped by Chapman, and shortly afterwards we gained a free kick, which went into touch five yards from the High line; play swung over to the centre after a force by High. A scrum broke up near the goal line, and Buchanan raced over for a good blind side try, which was converted by Kierath. 8-3.

During the remainder of the half, we made several determined rushes, but could not get over. High gained a lot of ground with free kicks, but just before half-time our backs took the ball right on to the opposing goal line. Several men tried to get over, but were swept back by force of numbers. A free kick right at the side failed to go over, and the whistle went for half-time, the School leading 8-3.

After the resumption the play was fairly even, each side making several attacks, which penetrated to the opposing line, but no further. A High man dashed down the line and went over, but fortunately he had put his foot out en route, and a line-out resulted. Play went up and down the field, interspersed with numerous free kicks. With the ball in our twenty-five a High man looked like scoring, but was caught by Taylor. Almost immediately, however, a back broke through, and they scored in the centre and goaled. 8-8.

A free kick took us to half-way, when High made another attack and went over again, the try being converted. 8-13. As a result of hard tackling, both our centres, Wendon and Watson, were hurt, and were replaced by forwards.

A premature headlock by R. Bourke in the line-out gained High a free kick, which took them to our twenty-five. High were proving too heavy, although fine line kicking by Kierath was making up a lot of lost ground for us. Good combined work took us to their arena again, but they came back to our twenty-five and stayed there. Just before full time they scored another try, making the final scores 8-16.

High's combination was much improved in the second half, their centre, McNichol, doing particularly good work.

S.C.E.G.S. v. S.G.S.—Played at North-bridge on Wednesday, July 29th.

For a time the play was even in mid-field. Grammar then took the ball down to our line, and, following loose play, they scored. 3-0. The ball then went down to the opposing twenty-five line as a result of a good line kick. A passing rush by our backs took the ball further, and a free kick went into touch close to the line. From a scrum, Row got the ball and fought his way over the line, but lost the ball; in the ensuing scuffle, Sinclair dived on it and scored. 3-3.

Grammar soon went down to our line, and stayed there for some minutes, there being several scrums a few yards out from our line. They received a free kick, of which nothing came; and we received another shortly after, which went out at the twenty-five line. A rush to mid-field followed, and the ball was kicked to Buckingham at full-back, who came up and started Taylor off down the line; he was eventually stopped, however, a yard short. The play was then concentrated in the Grammar half of the field. A free kick sent the ball down to our twenty-five, but some fine kicking of ours sent it back to near the other line; the ball went to West, who raced round the full-back and went over. Half-time came shortly after, the School leading 6-3.

A very lively movement gained us another try as soon as play commenced. The kick-off went well down to a Grammar man, who fumbled it; our forwards dashed down upon him, got possession of the ball, and West went through and scored. 3-9.

We attacked hard, and Grammar also commenced an attack, which finished on our line; they kept up the pressure, and gained a free kick right on the line, but could make no use of it. We put a free kick out over the twenty-five line, and then went down to the Grammar twenty-five and right on to the line, Grammar forcing. Then with two good line kicks they came down to our end of the field, and, getting well away, scored. 6-9.

Grammar then commenced a remarkable finishing spurt, and we experienced a lively time. Their winger got away, but was tackled by Cowlshaw. Then their back line broke through, and we were saved almost on the line by a fine tackle by Buchanan. Determined tackling by Watson and others held Grammar out, and presently a kick went into touch on their line. They came back, but we went down to their line again. Eventually the play worked back to our line, where Grammar

sent the ball out along the three-quarter line and scored. 9-9.

With only a few minutes to go, play was very dashing on both sides. Our forwards dribbled splendidly up the field; here we got a free kick in a good position. Kierath missed the goal completely, but was awarded another kick, as Grammar had rushed him. This missed by a foot. With time up and everyone waiting for the whistle, the ball was kicked over our heads, and a Grammar man was after it with three yards start on three of our men. He reached it (it bounced straight up into his hands), and we looked like losing on the post. The race continued, and suddenly Buchanan covered the intervening space with a brilliant dive, toppled him headlong, and they were still on the ground when the whistle went. Draw, 9 all.

S.C.E.G.S. v. T.A.S.—Played at Armidale on August 1st.

For the first ten minutes the game saw from one end to the other, our forwards showing to advantage. As a result of a long-kick by Chapman, Heath, following on well, received a weak return from the full-back and scored. Kierath converted. School, 5-0. Play continued to be even, Croft showing up for Armidale. We were winning the ball from the line-out and scrums, but the Armidale backs and breakaways defended well. Shortly before half-time Sinclair dived over, to make the score 8-nil.

On resuming, Armidale attacked fiercely, but good tackling by our team held them back. The School pack were now winning the ball consistently from the scrums, and Buchanan set his backs moving well time after time. As a result of one of these movements, Puffett ran strongly for the corner, but the Armidale full-back (Barnard) stopped him with a beautiful tackle. Then Croft intercepted a pass from the School five-eighth, and, sprinting hard, short-punted over Chapman's head. The bounce favoured him,

and he scored a fine try. School, 8; T.A.S., 3. From a scrum on the Armidale line Puffett went over on the blind side. This try was also unconverted, neither Kierath nor Chapman having had any success at goal. We kept Armidale penned up in their territory for the remainder of the second half, but failed to score again. School, 11-3—and a very pleasant trip and game.

S.C.E.G.S. v. S.I.C.—Played at Riverview on Saturday, August 8th.

Shortly after the kick-off by Kierath, Riverview, from a piece of opportunism shown by one of their forwards, were nearly over, but were pulled up close to the line. The majority of the play at this stage took place inside our half, Riverview making ground with some splendid kicking. From off-side play by us, Woolridge nearly goaled for Riverview. A period of mid-field play followed, until Hickey, the Riverview five-eighth, made a beautiful opening for Rankin to cross. Woolridge converted. 5-0. At this stage the play was remarkable for the number of free kicks, and two attempts by us were unsuccessful. Now we began to have the upper hand, and made repeated onslaughts on the View line, until finally West crossed. The attempt at goal was unsuccessful. 5-3. We had definitely the better of the play now, and once seemed certain to score, but mishandling lost a golden opportunity. A penalty kick of ours from a fair distance out, but right in front of the post, just failed, and at half-time the scores were still 5-3.

Shortly after the commencement of the second half Riverview rushed play to our twenty-five, and there, Tully toeing through from a ruck, beat Chapman in the race for the ball and scored. Woolridge converted. Scores: Riverview, 10; School, 3. Two unsuccessful attempts at goal by us followed from distances that were not very difficult. Then Igs. were nearly over when Burfitt made an

opening, but Rankin dropped the ball. Almost afterwards they were given two free kicks, but Woolridge failed at each. The ensuing play remained slightly in favour of Riverview, and when the full time bell rang the scores still were: Riverview, 10; School, 3.

The game throughout was rather scrappy and notable for the great number of free kicks awarded both sides. This fact rather detracted from the attractiveness of the game. With a goal kicker we could have won this match (Riverview's fifth successive victory), as no less than six attempts from decent positions were made, but the kicking was again lacking in accuracy.

S.C.E.G.S. v. T.K.S.—Played at Northbridge on Saturday, August 15th.

The remarkable amount of forward play was a very outstanding feature of this match. Both sides had backs missing, and the game was closed up. It was particularly manifest in the first half, and in the whole match the ball only once reached our outer-entre from the back line. The game was quite even at first, and was largely confined to mid-field; but later we commenced to show superiority, and gained ground by good line kicks, by Chapman in particular. From one of these, a line-out a few yards from the King's line, resulted in our scoring. 3-0. No convert. Each side succeeded in penetrating close to its objective, but not over it, and half-time came soon afterwards.

In the second half both sides attacked and penetrated to the opposing line fairly frequently, but our attack was superior, insofar as it usually penetrated further; but was frequently stopped by free kicks to King's. Our forwards, well led by Watson, continued to do most of the work, and kept the play for the most part in the King's territory, although their backs retrieved the position often. A great dash down the line by West resulted in his scoring. 6-0. Again the try was

not converted. No further score came, and the final whistle found play in mid-field.

We were definitely superior in the second half, and the team had that feeling and played to it. King's forwards, who had worried us in the trial match, were more than held by our pack, who gave their backs every opportunity.

S.C.E.G.S. v. T.S.C.—Played at Bellevue Hill on Saturday, August 22nd.

Scots' attacked vigorously, and a Scots' player, after selling Cowlshaw a dummy, started an attack that looked dangerous. Taylor, however, intercepted, a pass out in the three-quarter line, and turned the tables by dashing up the field, with Pufflett in close attendance. The latter was brought down a few feet away from the line; a little more resolution and a score would have resulted. Another Scots' attack was warded off by Taylor intercepting in a ticklish situation. The pressure continued, but Chapman and Watson held the fort. Determined and consistent tackling by these two and Taylor continued to save us. We launched several onslaughts to the other end, but the defence was too good. Our score came from a free kick near half-way, Kierath drop-kicking a beautiful goal. 3-0.

We were still subjected to repeated attacks by the opposing back line, and the trouble invariably commenced when the ball reached the Scots' strong inner-centre. Wenden could not hold him, and the overlapping man was bound sooner or later to come through. It only happened once in the first half; but the try was converted by Dick. 3-5.

In the second half we attacked with several good movements, but after a while the Scots' inner-centre, who was now drawing about three men (Cowlshaw was now in the backs); and then not being tackled effectively, came to light again and four tries were scored very quickly,

three of which were converted by Dick with excellent kicks.

Our men kept at it resolutely, and kept the play down the Scots' end of the field. We were very unlucky not to score three times, two touch-downs being disallowed. We were doing all the attacking now, and when the whistle went we were still pressing hard. Final score, 3-23.

Second XV.

The 2nd XV., in the 2nd Grade Competition, won 5 matches and lost 2. Against St. Ignatius', our five-eighth and best winger were unable to play, and we were beaten by 5-3, and thus failed to be runners-up to St. Joseph's.

In the last match against Scots' we had a good win of 20-3, their 3 points being from a penalty goal.

The keenness and comradeship was excellent throughout the season.

The following were the results:—

- v. N.C.—Won by 10-6.
- v. S.J.C.—Lost by 28-0.
- v. S.G.S.—Won by 14-3.
- v. S.I.C.—Lost by 5-3.
- v. S.H.S.—Won by 16-6.
- v. T.K.S.—Won by 10-3.
- v. T.S.C.—Won by 20-3.

Under 14 Football.

Both teams in this grade have done fairly well. The 1st Team won all its matches except two, and, in both these, members of the team gave considerable aid to our opponents by getting Saturday detentions, thus robbing their side of their help. We lost the only match against St. Ignatius' and one out of three against King's. Eight matches were won.

The 2nd Team deserves great credit for winning all its matches against under 14 teams. In fact, their only loss of the season was against N.S.H.S., when some of their opponents were 16 years of age. This team proved very keen and coachable, and have thoroughly deserved their success.

PREPARATORY SCHOOL FOOTBALL, 1931.

The 1931 season has been a very satisfactory one from every point of view. The freedom from sickness and the continuous fine weather have enabled us to build a team of good combination. From the very

beginning the team has improved individually and as a combination, so that we were able to win the majority of matches played, losing only one Competition match.

The strength of the side, without

doubt, lay in unity of the pack, each member playing with great spirit and doing his job excellently. The back division has also shown very good form, the best of a good lot being Herbert and Connor. Moore, the full-back, has captained the team excellently, his accurate kicking and sound judgment being largely responsible for the success of the team.

The team has played twelve matches, winning eight and losing four. One hundred and seventy-five points were scored, as against 109 scored by opponents. This is an excellent record, and quite the best performance in our Competition.

The 2nd XV. and 3rd XV.'s have also done very well, the 2nd XV. winning 4 matches, losing 1, and drawing 1. The 3rd XV. has won

4 matches and drawn 1.

The lower teams have practised hard, and although having no competition with other schools, yet their hard work will show fruit in the 1932 season.

The Quarter Competition was won by Davies, with Linton second. The points were : Davies, 3; Linton, 2; Baker, 1; Hall, 0.

Lieut. Geoff. Mander Jones sailed for Delhi by the R.M.S. *Narkunda* on June 26th. He will join there the York and Lancashire Regiment. It will be remembered that Geoff. graduated from the Royal Military College, Duntroon, in 1929.

Another Old Boy graduate from Duntroon last year is Lieut. G. Macleod, who has been seconded to the Department for Home Affairs, Canberra.

W. Douglas Henderson has graduated M.B., B.S., at Edinburgh University.

Marcel Verbrugghen writes again from Kangaroo Ranch, Park Rapids, Minn., U.S.A. : "We have a sheep ranch here, and get about 35/- to £2 a head for our lambs at present. Last year lambs brought £3 a head, but this naturally has been the poorest year for a long time on the market. We had a good type of mutton and wool sheep. It is a

half-cross between Rambouillet (type of Merino) and Hampshire (mutton sheep). We use Hampshire 1st Grade rams, and thereby have a three-quarter breed throwing back to the Hampshire, which gives us a good mutton lamb and a quick maturer."

Prior to his departure for England, E. Mander Jones was presented with a silver-mounted malacca cane by the officers of the Sydney University Regiment as a mark of appreciation of his services to both the regiment and the officers' mess.

C. M. Gosling, who was admitted as a solicitor in 1928, has now commenced practice on his own account at 129 Pitt Street, Sydney.

Brian Baker, in conjunction with Mr. Bruce Allan, has just started a Riding School in Bickell Street, Mosman (near junction of old and new Spit Road). They are both experienced horsemen, having been on the land for the last ten years. They have also horses for hire. We wish him every success, and have no doubt that Old Boys will give him "a leg up"!

The Old Boys' Dinner at Longreach (Q.) on July 24th was a great success. The toast of the School was proposed by T. L. Armstrong, and supported by N. M. Kater. P. Royle and F. Bell eloquently spoke to the toast of "Head of the River,"

while A. H. Campbell proposed that of "Old Boys and Masters." To the School Song was added the verse:—

Here's to us gathered in Longreach to-night,
To honour the old School and keep her fame bright;
May we meet every year till our numbers have might—

Old Boys' Dinners are proving most popular functions. The main piece de resistance was, of course, that held at the School at the end of the first term, when over 200 Old Boys spent a very pleasant evening in the familiar surroundings—familiar, except for the new Dining Hall itself, which made the comfortable accommodation of so large a number possible.

o o o

All Old Boys who are Masons will be interested to learn that Lodge Torchbearer (whose members are all Old Boys) was dedicated last year. The Lodge meets on the second Monday in each month at Castlereagh Street, and visitors will be welcome. J. W. Martin, of 16 Spring Street, Sydney (Tel. : BW1178), is the Secretary.

o o o

Owing to the difficulty in obtaining military text books, Old Boys who have them to spare are requested to forward copies of I.T., S.A.T., and I.S.L. to Major Bagot. Acknowledgments of those already received appear in the Cadet Notes.

At Narromine, Roy Kierath organised a most successful dinner for G.P.S. Old Boys on Boat Race Night. Old Boys of the School present included B. McArthur, A. M. Heane, L. H. Kierath, H. W. Kierath, A. V. Harvey, J. R. Harvey, R. L. Harvey, R. J. Kierath, J. Manchée, T. M. Scott, H. Mitchellmore, V. D. Heggerton, H. Grieve, T. C. Dugan, J. G. Scott, E. L. Webb, R. Perry, L. Frankel, F. M. Stephenson, J. M. Scott, R. H. Carter, and J. Z. Huie.

Enthusiastic functions were also held in Melbourne and Adelaide.

o o o

Dudley H. Roberts has taken over the Adjungbilly Freezing Co. Ltd.'s business at Gundagai, in which he has held an interest for some time.

o o o

J. C. Jaeger, formerly Baker graduate scholar of the University of Sydney, and for the last two years a senior scholar of Trinity College, Cambridge, has been elected to a research scholarship in mathematics of that College.

o o o

All Old Boys of the early years of the School give their most sincere sympathy to Dr. H. W. Kendall (the first boy who entered the School) on the death of his sister, after a long illness. During the first years of the School, the late Miss Florence May Kendall was always to the fore in all things connected with its welfare, and did her utmost to further all things in connection with it.

Harry Bennett was born on April 17th, 1904, and entered the School in January, 1918. He was in the 2nd XI. in 1920, and left at the end of that year. We take the following from the Hay "Grazier":—

The death took place in the Hay Hospital, under particularly sad circumstances, on Saturday, of Mr. Harry Bennett, of Leneva, a district holding, following an operation for appendicitis. Deceased, who was the son of Mr. and Mrs. John Bennett, of Sydney, but for many years residents of Oxley, had spent some considerable time in the Carrathool district, being employed on Mr. J. S. McCulloch's property in acquiring a knowledge of grazing. Nearly two years ago he purchased Leneva from Mr. R. Baldwin, and had latterly resided there. He took ill suddenly, and was admitted to the Hay Hospital on the 7th inst. When it was realised that the young man's condition was very serious, his father started from his home, at Chatswood, but owing to rain falling in the vicinity of Narrandera, he had difficulty in getting his car through, and when he reached Hay his son was dead. Deceased's body was taken to Sydney for interment, the funeral being fixed for today. Mr. Bennett, who was 27 years of age, was rightly esteemed by all who knew him, and his untimely death was a severe blow to his many friends.

o o o

A G.P.S. Re-union Dinner was held in the Club House Hotel, Murwillumbah, on Boat Race night, when it was decided to re-form the G.P.S. Old Boys' Association on the Tweed. The Mayor (Ald. A. E. Eyles) presided over a gathering numbering twenty.

The first toast was that of "The

King," which was drunk with musical honours.

The chairman said he was very pleased to see such a representative gathering. The function was somewhat a repetition of what the G.P.S. Old Boys used to have every year on Boat Race Night. There was then in Murwillumbah an Association comprised of representatives of the various Great Public Schools of New South Wales. It was now thought desirable to resuscitate the Association. No man wanted the memory of his old school to die, and it certainly would not while similar gatherings were held. He then moved that the Association be re-formed.

Mr. J. Bromley seconded the motion, and it was carried without discussion, unanimously.

Mr. Bromley, who said he was a great believer in keeping alive the traditions of the various schools among Old Boys, suggested that possibly two re-unions could be held each year, the second on the night of Athletics Day. The Association would thus gain strength.

The election of President of the Association was proceeded with. Mr. G. J. T. Glennie (King's School) was chosen unanimously to fill the position. Mr. Bromley was elected Secretary.

Mr. Glennie then took over the chairmanship of the function.

The toast of "The Winners" was in the hands of Mr. M. G. Russell.

who offered his congratulations to Shore on winning the coveted Head of the River race.

In responding, Mr. Bromley sympathised with St. Joseph's in the death last week of their popular and well-loved coach, Bro. Joseph. St. Joseph's, he said, were always good triers. He was indeed pleased that Shore had taken the coveted honour from High, who had held it for so long. It meant that the Head of the River title had come back to one of Sydney's original rowing schools.

Mr. Bromley proposed the toast of "The Losers." Responses were made by Messrs. B. Halliday (King's), G. Harry (Newington), L. Salmon (The Armidale School), S. Halliday (King's), S. Park (Scots'), and P. Smith. (St. Joseph's).

In proposing the toast of the "Great Public Schools of New South Wales," the President said the Old Boys of the G.P.S. did not think they were "the salt of the earth." At school they met men whom they were proud to call friends, and many of whom made their mark in high positions in the State.

It was a good idea, said Mr. Glennie, to resuscitate the old Association. He commended Messrs. Bromley and Russell for reorganising the movement culminating in the function. A G.P.S. Old Boy could always be relied upon to "play the game," and very few ever "went wrong."

Faces which were previously seen at the table on the Re-union Dinner Night were missing, among them Dr. McEvoy (St. Ignatius'), who had passed to the Great Beyond, and Dr. Goldsmid, who had sought "fresh woods and pastures new."

However, now that the Association had been again established, the speaker added, he looked forward to many such gatherings, where the spirit of the old schools was uppermost.

Mr. Loveday responded.
