#### SCHOOL NOTES.

We welcome to the Staff this Term Mr. P. Radford, B.A. (Oxon.), who comes to us immediately from Eton.

 $-\Omega -$ 

We regret that Mr. Debenham was the victim of a serious accident in the holidays, and has been unable to resume his work this Term. Shortly after the beginning of the Term, Mr. Burgess was taken seriously ill, and had to undergo an operation. We are pleased to say that they are both now out of hospital, and are on their way to recovery. Mr. Burgess wishes to express through "The Torch-Bearer" his thanks to all who inquired after him during his illness.

Owing to the absence of Mr. Debenham, Mr. Lawrence rejoined the Staff; and up to the beginning of the Leaving Certificate Examination Mr. Burgess' work was taken by Mr. T. Inglis Moore, B.A. (Oxon.), recently of the English school of the University of Manila.

On October 14th, C. S. Buchanan, C. F. Weston, R. F. Butcher, and G. R. Kierath were made Prefects, and J. Locke, F. A. Page, and H. M. Vincent Sub-Prefects.

A Dance was held in aid of the Cricket Club in the Dining Hall on December 14th. This was too late to receive more than passing mention in this issue.

The Old Boys' Scholarships for 1932 have been awarded to F. A. Page and E. O. Harding. C. W. N. Thompson has been awarded a Scholarship offered by Hemingway and Robertson.

#### THE SCHOOL BADGE.

For some time consideration has been given by the Council and the Old Boys' Union in collaboration to the design of the School crest. It has long been known that the design is not heraldically correct, but as correspondence with England takes so long, it has not been possible to reach a conclusion rapidly. A design has recently been submitted to the College of Heralds; if it is approved, it will be at once registered. Proper safeguards can then be taken against the wrongful use of the design. It is anticipated that the reply from England will be favourable, and will contain the formal registration

The proposed design is printed on the front of this issue of the "Torch-Bearer." This may possibly be premature, but it was done purposely in order that Old Boys may be able to see it. The mitre has of necessity been removed, the design of the border altered slightly, and the torch has been given the shape which is, so it is understood, heraldically correct.

The change may perhaps come as

a shock to those who have not known of the long deliberation which has taken place. However, approval will be general of the measures taken to secure permanent and regular form.

#### CHAPEL NOTES

On the first Sunday of the term one hundred and twenty boys made their communion at the Corporate Service of Holy Communion. Bishop Wilton was the celebrant and preacher.

On Open Sunday, 18th October, the special preacher was the Rt. Rev. Francis de Witt Batty, D.D., Bishop of Newcastle. At the service the Bishop dedicated two tablets, inscribed as follows:—

To the glory of God and in memory of Russell Sinclair this tablet is placed in gratitude by the School mindful of the wise counsel and generous service of a good friend. 1930.

In memoria aeterna erit iustus.-Ps. exii., 6.

To the memory of George Smith Greenwell who in his seventeenth year was drowned at Collaroy while most gallantly attempting to save life on April 26th, 1931. Quod habuit hic, fecit.

~0--

M. Maughan, D.S.O. The names of Old Boys who fell in the Great War were read by the Headmaster, and the lesson was read by J. L. Pulling, Esq.

There was a full choral service at Evensong on the 23rd Sunday after Trinity, when a special choir of members of the staff, in addition to the Choir boys, sang the anthem, "Lord, hear my ery."

During the Term, addresses were given in the Chapel by the Headmaster, and also by the Rev. T. Armour, Principal of the Bush Brotherhood, and by the Rev. N. A'B. T. Backhouse.

The offering on Open Sunday amounted to  $\mathfrak{L}$

#### JOHN AYLMER REID.

A sad occurrence clouded the close of the second Term.

J. A. Reid, who joined the School as a boarder in Barry House at the beginning of this year, contracted a cold, which developed into pneu-He was taken to hospital, monia. but the attack was so severe and rapid that he died after two days' illness.

He had become unusually prominent, for a new boy, in sport. He was looked upon as the most prominent colt in football.

He was the son of Mr. A. G. Reid, of Port Macquarie, an Old Boy of the years 1891-1895, who was a Prefect and a member of the 1st XI.

He had already made many friends among both masters and boys, who mourn his loss deeply.

The Funeral Service was read in the Chapel, and the interment took place at Manly Cemetery.

#### GEORGE GREENWELL.

The Royal Humane Society's Gold Medal and Certificate of Merit have been awarded to George Greenwell, who lost his life in the attempt to save another's at Collaroy on April 26th of this year.

#### MILLER'S POINT CLUB.

This year has been notable for definite progress. The present position is as follows:-Every Friday night during term, about sixty boys (sometimes as many as eighty) attend at Holy Trinity Hall for games, in which about a dozen A Scout Shore boys take part. Troop of nearly twenty boys, recruited from Club members, meets regularly once a week under Scoutmaster Milton Boyce. The Scout Troop is sponsored by the Old Boys' Union, which, by means of a subcommittee, keeps in constant touch, and provides financial and other most valuable assistance.

Mr. Ray Coffin and Mr. W. Bevan,

members of the Old Boys' Sub-Committee, have been most active in helping to form a Citizens' Committee, consisting of thirty members, chiefly mothers of the Club boys. This Committee has recently been formed to assist the Scout Troop; already it has raised over £9-the proceeds of two dances which it arranged.

This money, which is controlled by the Citizens' Committee, has been allotted for the purchase of tents and other necessary equipment for the Scout Troop. The Committee has also rented a four-roomed house near the Argyle Cut; this will be used as a Scout den, and will be available at all times for the use of

the Scouts. Early next year many of the younger members of the Club will be enlisted as Cubs, and will meet on Wednesday evenings for their

special activities. At the Club recently, skipping competitions have aroused keen interest; and a surf ball, used instead of a heavy medicine ball, has enabled a vigorous game of hand-ball to be played safely.

Undoubtedly the best feature of all is the friendly spirit that exists between the boys of Miller's Point and those of Shore who help at the Club.

#### THE LIBRARY.

The Sixth Form members of the Committee dropped out at the beginning of the Term, and the vacancies have been filled by boys from the Fifth Form. We thank the members of the old Committee for their assistance in what has always been a thankless task. The School reading public should realise that these boys give up much of their time to the Library work, and should co-operate in every way possible. The new Committee has done good work in overhauling the books and straightening things out generally. Matters are at present more orderly than they have been for some time. A large accumulation of new books has been catalogued and placed in circulation.

Will all boys who are leaving please see that they have not any of the Library books in their possession? This also applies to Old Boys.

124

In recent years books have been disappearing at an alarming rate. It will help a great deal if any books thus discovered are returned to the Librarian.

#### HOUSE REGATTA.

The House Regatta was held carlier than usual this year, to enable outside crews to be selected before the end of the year, consequently the standard shown in the racing was lower than in previous years. However, the purpose of the Regatta was accomplished : it enabled an early selection of crews to be made. These fours are now rowing regularly as a preparation for next term.

This year the Regatta was held at Berry's Bay; this arrangement proved most satisfactory, less expensive. and more convenient. At the beginning of the term, training was considerably hampered through lack of rowing material, and one boat was found to be almost useless. This unhappy state of affairs was remedied by Muston and Page, who came to the rescue, and, with a squad of senior boys, worked so enthusiastically that within a few weeks the damaged boat was ready for the water.

All the coaching for the Regatta was done by senior boys. This gave added keenness, and afforded them · an opportunity of putting their rowing knowledge to the test.

An eight under the supervision of the Headmaster has been enjoying some preliminary training at the Gladesville shed. A four and several pairs are also undergoing their initial training.

Christmas Camp will commence on Wednesday, 27th January, 1932.

The results of the House Regatta were as follows :---

#### SHOOTING CAMP, 1981.

This year we stayed at the Maroubra Bay Hotel, a fact which at first caused no little uneasiness of mind among the super-respectable members of the Camp. The 'bus set out thither on the appointed date, and reached the punt all unaware that one intended passenger was missing. The gentleman concerned, however, was painfully aware of the fact, and at the last moment dashed on to the punt, breathing very erratically and fitfully, as though he had just run a fast mile. He had! In fact, he had chased the 'bus from the School to the punt.

When we reached the hotel, complications began to set in in earnest. As the 'bus swung round blissfully to enter the garage, there was a sound as of Cerberus grinding his teeth from the infernal regions beneath us. The vehicle stopped very suddenly, a projecting portion beneath having impaled the slope of Everyone got out, the roadway. springs relaxed, and the bus was able to move again. It moved slowly in with a few inches to spare on either side. Suddenly an ominous scratching sound, from above

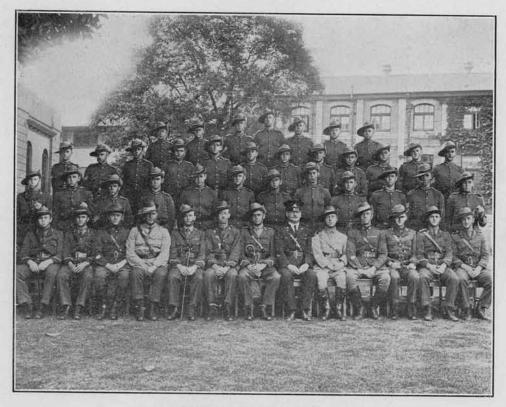

this time, caused us to look up. We observed the top of the railing on the roof of the 'bus just scraping the top of the garage doorway! Henceforth we got in to deal with the roof question, out to negotiate the sloping road, and in again to set off for the range, reversing the process when we returned.

Most of the party had single rooms, but in several of the larger rooms it was found necessary to put two into one large bed. Precautions were taken successfully to prevent this happening to certain members of the Camp, for obvious reasons, and no beds were broken.

One astute gentleman, divining that there were no ladies in his vicinity, obtained the permission of the management to use the ladies' bathroom, which was unobtrusively situated at the end of his passage, and, with two other astute gentlemen, kept the fact secret and enjoyed long and undisturbed showerswhile the remainder of the Camp "queued up" in large numbers before the other two bathrooms. However, the position became delicate and somewhat dangerous when we discovered that there was in the

passage a legitimate user of the bathroom!

Our attentions for the most part were divided between blowing off the Government's ammunition and pushing the 'bus, when the driver allowed it to run out of petrol; while one of our number spent considerable time in arranging for the sight, and more particularly for the presence of the manager's very young daughter. Most certainly very few members of the Camp confined themselves solely to shooting. R. B. SPEIRS.

#### BOXING TOURNAMENT, 1931.

This year, the changes in connection with the conduct of the Boxing Tournament which were mooted last year were carried into effect. Tt. was considered that by holding the tournament in the second term rather than the third there would be less interference with the examination work, and better co-ordination with other School sport, viz., football and athletics. Another improvement was found in extending the tournament over three weeks, the evenings used being those of 21st and 28th August and 3rd September.

We wish to thank Mr. C. G. Hill, of the Sydney University Sports Union, who very kindly acted as referee throughout the tournament. We also wish to thank Mr. Taylor, who again donated special prizes, which were awarded as follows:—

#### A NEW PARTY.

#### A PLAY IN ONE ACT.

A story of the ancient Republic of Yoom-Yoom-Ya, about 900 B.C., translated, revised and modernised from the original Yoom-Yamish by E. O. B. THOMAS.

Scene I. : The market of Oomp-ba, capital of Yoom-Yoom-Ya.

(Enter three citizens.)

1st C.: Well friends, what shall we devise to while away the weary day?

2nd  $C_{\cdot}$ : Let us go and watch the wrestling or the dancing-girls.

3rd C.: I'm weary to death of wrestling and dancing-girls!

1st C. : Shall we bathe in our great harbour or go fishing?

3rd C.: I'm tired of bathing. and fishing.

1st C. : Well, that's all we can do! 2nd C. : Yes; and yet you would think that our riches could buy us amusement! But no; although everyone is rich and our city prosperous, yet life is very dull.

3rd C.: Yes. But everlasting is the greatness and prosperity of Yoom-Yoom-Ya!

(Enter a fourth citizen.)

4th C.: Gentlemen, have you voted yet?

3rd C. : Voted? What for?

4th C.: Why, for the political elections, of course!. You must vote for Ka-Ba, of the Patriotic Party; you have heard the speech of our leader, Niv-Ba, and know our policy, so elect Ka-Ba to the Assembly.

 $3rd^{\circ}C_{\circ}$  (to 1st C. and  $2nd^{\circ}C_{\circ}$ ) ; Is there an Assembly?

2nd C.: Politics! Why, I never mix myself up in anything of so doubtful a character!

4th C. : But, sirs, have you not the good of your country at heart?

3rd C. : The good of your country! Did you hear that? How vulgar to speak of the fair name of Yoom-Yoom-Ya in such a connection! What odious cant!

4th C.: But, gentlemen, our party is trying to show you that you are living far beyond your means! The last government borrowed money recklessly from the surrounding countries, and we can see financial ruin coming to the country unless we all make sacrifices.

 $2nd \ C_{\cdot}$ : Absurd! The republic has never been so prosperous.

3rd C: Yes, great are the riches and power of Yoom-Yoom-Ya!

2nd C. : Mark you, we have no need of politicians; you scoundrels conduct the affairs of the country purely for your own benefit, and we shall have nothing to do with you.

4th C.: At all events, gentlemen, you must vote or you will be fined; and I advise you to vote for your own benefit and elect Ka-Ba (exit).

3rd C.: How tiring those vulgar fellows are! Oh dear, here comes another.

#### (Enter fifth citizen.)

5th C. : Have you voted yet, citizens? No?Well, vote now for Oot-za, of the Workers' Party, and save the poor from being crushed under the heel of the rich. The Workers' Party will make Yoom-Yoom even greater and richer than We propose----ever.

3rd C : Do you know, impossible though it may seem, I believe this fellow is even more vulgar than the other.

1st  $C_{\cdot}$ : Oh, well; I suppose we had better go and vote.

2nd  $C_1$ : Yes; I don't want to be fined. What party was in the majority last time?

*3rd C* : I don't know.

1st C. : The Workers' Party.

3rd C.: Oh, well; we shall go and vote for this so-called Patriotic Party, if it's their turn.

2nd C. : Come, then, before we are fined.

5th C.: That's right, citizens! Now, as man to man, I advise-

(Excunt 1st, 2nd and 3rd citizens, with 5th citizen following, talking as he goes.)

Scene II. : The same, three years later.

(Enter 1st, 2nd and 3rd citizens.)

1st C. : Election day to-day, my friends! And a great change has come over the republic in the last three years. Our prosperity seems on the wane!

2nd  $C_{\cdot}$ : Yes; I have been losing

money steadily ever since the last elections. The taxes levied on us are far too high. Something will really have to be done to stop the decrease in our wealth.

3rd C.: Yes, something will have to be done. Why, you will hardly believe me when I tell you that I can't replace a hundred slaves I lost in the plague, and I'm left with only a miserable thousand to look after me!

1st  $C_{\cdot}$ : Well, we shall have to look to our politicians to do something for the country.

2nd C. : Most certainly they should. They brought the republic to this condition, and it's their duty to set things right.

3rd C.: That's right! And what annoys me more than anything else are these politicians of the Patriotic Party that say we brought the trouble upon ourselves by being extravågant, Impertinence, I call it! They say we must observe strict economy in the future if we want to save the republic. How absurd!

2nd  $C_{\cdot}$ : Oh, well, no one believes them, and no one is going to vote for them. The Workers' Party is going to alter things! Did you hear the speech of their leader, Gan-La?

3rd C.: Yes; a fine speech by a clever man-a strong man who can save the country! What a wonderful idea of his it is to borrow money from the surrounding countries, and use it to employ everyone!

1st C. : I suppose the money can be borrowed! All the countries round us are in a bad state, too, and we have been at war with them; sò they may not be able nor willing to help us.

 $3rd^{2}C$ : Of course, they will help us! Gan-La said so himself.

1st  $C_{\cdot}$ : He's not very popular with the other countries.

2nd C.: That doesn't matter. They must realise what a wonderful man he is!

1st C. : Oh well, I suppose everything will turn out right.

3rd C. : Of course it will! Come and vote for the Workers' Party, and everything will be well in a few days. (Excunt.)

Scene III. : The same, one year later. (Enter 1st, 2nd and 3rd citizens.)

1st C. : Well, my friends, I don't know what it is like with you, but I'm faced with ruin, unless something drastic is done.

2nd C.: Ruin! Why, I'm losing money every minute! My business is gone to pieces, and there is no prospect of it recovering.

3rd C.: And it's all because of that scoundrel, Gan-La. The lies that man told at last elections—saying that he could borrow money and set things right again! Why, the whole idea was absurd! How people could have believed him I don't know.

2nd C: That's the worst of these politicians! They are all the same; they tell nothing but lies, and govern the republic purely for their own benefit. They haven't the good of

our country at heart at all. A set of blackguards, that's what they are!

1st C. : Oh, I don't know! These fellows of the Patriotic Party don't seem quite as bad as the Workers' Party people. After all they foresaw this trouble, and told us we were living too extravagantly.

2nd C. : Nonsense! They only said that to cause alarm and profit by it themselves!

1st C. But they told us long before me knew it ourselves that we must economise, and they are quite right.

2nd C.: Economise! They only said that at the time to make money out of it for themselves.

3rd C.: At all events, I have known it all along myself. Haven't I said to you both time and again, "Really, I'm living far too luxuriously; I simply must stop giving money away to beggars"?

1st C. : I don't think you are being quite fair to the Patriotic Party, you know.

2nd C. : Fair! Of course, we are; and what's more, they don't deserve any fairness. No; it's these politicians that have ruined us : these hereditary, commercial, self-seeking politicians! What we want are men at the head of the government who have the good of their country at heart. We must do away with this machine-like system of politics, and place men like ourselves who love their country in charge of the republic. 3rd C.: That's right! What we want is a new party.

(A confused noise which has been growing outside now resolves itself into definite cries, "Hurrah for the Yoom-Yoom-Ya Party, the Merchants' Party, the Peasants' Party, the City Party, the Peasants' Party, the Southern Party, the Eastern Party, the Western Party!" The noise gradually dies down again, and as it does so, enter the 4th citizen.)

2nd C. : But-but-how many new

parties are there?

4th C.: Fifty-four—and more are being formed every day!

3rd C. But surely there must be some big new party! All these others can only be very small.

4th C.: Oh, yes! There is a party that is getting considerable support from a certain type of person.

2nd  $C_{\cdot}$ : That will do us. We shall join it. What is its name?

4th C. : The "All for Ourselves Party"!

#### SCIENCE LECTURES.

To give a greater insight into the application of science to industry, a series of lectures for Intermediate forms was arranged this Term.

The first of the series on Crude Oil was given by Mr. Cameron, Engineer to the Vacuum Oil Pty. The lecture was illustrated by a series of very interesting films.

Mr. Duncan, of the North Shore Gas Company, gave the second lecture on Coal Gas. The lecture was followed by a series of experiments, hy which Mr. Duncan illustrated the methods adopted to determine the quality of the gas. Interesting exhibits of the by-products of the gas industry were also shown.

Following upon an invitation given at the lecture, a party was shown over the Oyster Bay Works by Mr. Duncan and Mr. Woods.

A very instructive talk was given

by Mr. Wills, of Elliott Bros., Ltd., on Liquid Air. After explaining the process of manufacture, the lecturer demonstrated the properties, and detailed the uses of liquid air in commerce.

Mr. Boardman, of the Australian Museum, delivered a very interesting lecture at the Museum on Marine Life. The lecture was profusely illustrated with slides, which enhanced the value of a very instructive lecture.

The Shell Oil Company gave us a demonstration of the methods used for testing motor spirits and lubricating oils. Mr. Helms gave us a short lecture on the blending of motor spirits and lubricants.

We are very grateful to these gentlemen for so willingly placing their specialised knowledge of these interesting subjects at our disposal.

#### CADET NOTES.

#### INSPECTION.

Brigadier F. B. Heritage, C.B.E., M.V.O., inspected the Corps on 1st December. An account of the inspection will appear in the next issue.

#### GUARDS OF HONOUR.

A Guard of Honour was provided on Armistice Day, when Lieut-Col. Maughan visited the School.

It is intended that there shall be a Guard of Honour on Speech Day. ADJUTANT.

#### ADJUTANT.

Lieut. J. B. Burrell was appointed Adjutant as from 1st October.

#### TRAINING.

The I.C. and L.C. Examinations interfered with the work this Term.

The programme included Lewis Gun Training, I.S.L., Bayonet Drill, and Miniature Range Shooting. In addition, Cadets in the senior platoons commenced N.C.O. training.

A special class for N.C.O.'s who are likely to return to School next year was conducted by Sgt.-Major Davidson during the whole of each parade.

Twenty-minute lectures for Cadets wishing to become N.C.O.'s were held after parade towards the end of Term.

Further references to training will be found in the paragraph dealing with the Camp.

#### OFFICERS.

The appointments of I. G. Esplin,

G. C. Cullis-Hill, R. H. Sheaffe, D. M. Cowlishaw, R. G. Row, and M. V. O'Reilly as Cadet Lieutenants as from 5th August, 1931, were gazetted early in the Term.

#### CAMP.

The Corps went into Camp at Long Bay Rifle Range from 9th December to 13th December. In this Camp, the training of those Cadets who wish to become N.C.O.'s was continued, and the N.C.O.'s who were candidates for promotion received special instruction.

Full details will be given next - term.

#### SHOOTING.

With the exception of Miniature Range work, no shooting was done.

The Earl Roberts Imperial Cadet Trophy Competition shoot, which was carried out just before the Term commenced, is dealt with in the Shooting Notes.

#### RECRUITS.

Boys who are over 14 years old, and physically fit, may join the Corps.

Those who wish to do so should enrol as early as possible next Term, as the uniforms have to be made. Shortly after the beginning of Term, Farmer & Co. send men over to take measurements for uniforms.

A certain number of used uniforms may be available.

#### NUMBER OF PARADES.

1 Inspection.

#### STRENGTH.

9 Officers, the School S.M., 35 N.C.O.'s, and 140 Cadets. Total, 185. 2 Cadets left. 2 Cadets enrolled.

#### PROMOTIONS AND APPOINTMENTS.

Q.M. Cpl. F. A. Page to L/Sgt., as from September 25.

L/Cpls. C. W. Thompson and F. W. Thomson to be Cpls.

Cdts. G. C. Heyde and E. M. Pain to be L/Cpls, as from October 9, 1931.

#### RIFLE SHOOTING.

This year we again took twentytwo into Camp. It was decided that Coogee, where we have stayed for the last two years, was too far from the Range, and so after much debating on the subject, it was decided to stay at Maroubra Bay Hotel, which turned out to be very comfortable and very handy to the Range. During Camp, although the weather was excellent, we had our first experience with "fish-tail" winds, the practice at shooting , under these conditions proving very . useful.

This year, as before, a professional marker was employed to assist the inexperienced markers among our number, who, however, soon attained quite a good state of efficiency.

This year we were at a distinct disadvantage, owing to the fact that the only ammunition procurable was of a very faulty and unreliable type. This, together with the fact that the conditions of the Competition still provide for the smaller "bull" and "inner" circles, made the shooting very difficult. Nevertheless, several individual performences were better than those of previous years. The G.P.S. Competition this year was exceedingly close. In the Rawson Cup, the School and Armidale tied for second place with 463 points, being defeated by Grammar, who scored 488. However, Armidale having the greater total at the 500 yards range, they were placed second, and the School third.

In the N.R.A. Shield, the School, with a score of 336, were defeated by Grammar for first place by the small margin of 6 points.

After a very exciting contest, Sydney High won the Buchanan Shield, the School team being defeated by only 1 point.

The final result of the Premiership was: Grammar, 1st; Shore, 2nd; and High, 3rd. We extend our congratulations to Sydney Grammar School. We also congratulate G. H. Litchfield on winning the Venour-Nathan Shield with a score which, although put up under adverse conditions, was as good as that of previous winners.

The scores in the various matches were :---

Owing to the fact that this trophy is competed for throughout the Empire, the official result has not yet come to hand. The conditions of the competition were published in the last issue of "The Torch-Bearer."

Teams were entered for each of the two grades in the Militia Forces Monthly Competition on September 5th. The match consisted of two practices, seven rounds slow fire at 400 yards, and ten rounds rapid fire at the same range. The first team came 7th, and the seconds 11th, inexperience in rapid fire causing their downfall. Teams and scores were :--

#### TENNIS.

#### FAIRWATER CUP.

For the fourth time in succession we were successful in winning the Fairwater Cup. The match was played on Eight-Hours' Day at "Fairwater," the home of Lady Fairfax, who entertained the teams and visitors during the day. Weather and other circumstances prevented team practice, and, added to this, we were handicapped by the absence of Harding and Mace. The substitutes, Chapman and Bourke, played very well, and Chapman's win in the singles was full of merit. Falk and White played well in the doubles, but were not seen to advantage in the singles, although Falk was called upon to play Poidevin,

who, at the top of his form, is ranked in the first twelve in the State. Barnes played extremely well in the singles, and with Chapman in the doubles paired to such effect that they defeated the opposing second pair in straight sets, and extended Poidevin and Stratton to sixteen games in the second set of the rubber.

The juniors played very well. Wood played excellently to defeat Watson in two sets, with the loss of four games. Marks, although much below his best form, scored our second victory in the singles. Hole and Bourke played well, but were beaten by superior opponents. Hole was seen to best advantage in the doubles, in which he and Marks played the match which decided the fate of the Cup. To win the match we had to win another set. The play was keen in the first set, which went to the Grammar pair at 6-2. Sensing the seriousness of the situation, and warming up to their task, Hole and Marks won the second set at 7-5, and thus completed one of the most exciting matches in the history of the Cup.

The School Tournament is progressing slowly, but the Committee hopes to complete it before the end of Term.

We record with pleasure and satisfaction that Falk, Barnes, and White have been selected in the G.P.S. team which will play the N.S.W. L.T. Association's team on 14th December.

#### ATHLETICS.

#### 41st ANNUAL MEETING.

The School Sports were held at Northbridge on Wednesday, 2nd September, under good conditions a light breeze from the east and fast tracks. Performances were of very fair standard, considering the short time which had elapsed since the end of the football season, and in several cases competitors subsequently showed greatly improved form with further practice.

The outstanding feature of the meeting was the breaking of the under 16 high jump record by D. R.

136

Shetliffe, a process which he continued, with improved figures each time, up to the G.P.S. Sports Meeting. He also won the open high jump.

P. C. Taylor, in spite of an injured ankle, collected the honours in senior grade in 100 yards, 220 yards, 440 yards, and 120 yards hurdles. D. R. Shetliffe won the Junior Shield, taking the high jump, hurdles, and third place in the broad jump. T. A. Tonkin, in the under 14 division, scooped the pool, winning the 100 yards, 220 yards, and high jump.

The Committee desire to express through these columns their gratitude to the many friends of the School, and parents, who gave donations to the Prize Fund. It was anticipated that this would be a very difficult time for such donations, and the response made was exceptionally gratifying. The Headmaster, R. W. Carey, Esq., and J. P. Hardy, Esq., again generously presented the senior, under 16, and under 14 Cups respectively.

The following is the result of the afternoon's events:---

#### ATHLETIC MEETING v. S.U.A.C.

This function was held at Northbridge on October 2nd. The day was fine, with a strong breeze at east-north-east. The University team was very strong, and our seniors could not cope with them, but the events provided useful experience. Practically all our competitors showed improved form, particularly Puflett, Harding and Shetliffe. Taylor's ankle, which had precluded any training since the School Sports, was still well below form, and he was unable to do any really hard work. University won by 61 points to 25.

In the Juniors, S.G.S. beat us by 43 points to 39, and the contest was close until the last event. The performance indicated that we had a fairly strong team, strong enough to hold out hopes of retaining the Junior Shield at the Combined Sports.

#### G.P.S. SPORTS.

October 10th turned out to be a beautiful day for the Sports-fine. warm, with a very light southerly breeze. The King's School fielded two very fine teams, which carried off the honours in both senior and junior divisions, and we offer them our heartiest congratulations on their splendid double win. High School and The Scots' College also fielded strong teams in the senior division, and we were not without hopes of good results from our own senior team. However, a partial failure in three departments sufficed to set us into fourth place. The Junior team was strong, and performed well, being beaten into second place by only 6 points. It would be invidious to pick out competitors for criticism, but D. R. Shetliffe, above all the others, achieved fame by first breaking the junior high jump record with a leap of 5 ft. 8½ ins., and then. with pratically no respite, going on to win the senior high jump at 5 ft. 8½ ins. We offer our sincere congratulations to Maguire (S.G.S.) on his splendid run in the mile championship, in which he put up the fine figures of 4 mins. 35 2-5 secs.

Appended are the results of the meeting, as they appeared in the "Sydney Morning Herald" of 12th October, 1931:--

### PREPARATORY SCHOOL ATHLETICS.

The sixth annual Athletic Meeting was held at Northbridge on 29th September. A fine though windy day helped us to have an excellent meeting.

We wish to thank Mrs. A. S. Herbert, who kindly distributed the prizes at the close of the meeting.

The "Victor Ludorum Shield," the gift of Mr. Randal 'Carey, was won by R. S. Neil, who scored 8 points in the Senior Championship.

The "Athlonikes" Trophy, donated by Mrs. J. C. Pope, was won by G. B. Connor, who scored 6 points in. the Junior Championship,

The points scored by the Quarters were:—Baker,  $34\frac{1}{2}$ ; Linton, 33; Davies, 30; Hall, 17½.

The physical culture display by the boys, under Sergeant-Major Davidson, was again greatly appreciated by all.

#### PREPARATORY SCHOOL CRICKET

The team has improved steadily throughout the term, and has developed into a good side. With three matches still to play, the 1st XI. has played five, winning two and losing three.

Manly's innings produced 81, Moore securing the splendid average of 5 for 8 runs. The School, however, only replied with 47.

Coogee's first innings produced 36 runs. Hewson bowled splendidly, securing 5 for 9 runs. The School replied with 108, Finlay batting beautifully for 46.

Bad captaincy lost up the Scots' match. The Prep. scored 58 runs, and Scots' were only five down for 76 runs at close of play. A junior team from Trinity Grammar School was soundly defeated. Pronk sent T.G.S. in to bat, the side making 31 runs. Hewson again bowled well, securing 7 for 11, including the hat trick. The School replied with 250—Neil 82 n.o., Finlay 50, and Moore 35.

The 2nd XI. have played five matches, winning four and drawing one.

The 3rd XI. played three times, winning each match.

In the Quarter Competition, Davies won all three matches, scoring 9 points, and winning the Competition. Linton was second with . 6 points.

#### CRICKET.

#### 1st XI.

The 1931 cricket year has ended with last year's success repeated, and the winning of the Premiership by the close margin of 1 point. The record is 13 matches played, 10 won, 2 lost, 1 drawn, and 1 abandoned owing to rain. Throughout the year, with very few exceptions, the team maintained its form, a matter by no means easy, but absolutely necessary to come high in the Competition, since most of the schools fielded strong sides. The genuine team comradeship was always in evidence, and all games were played in that unselfish spirit which is so characteristic of the game and which makes it so worth while.

Once again it was clearly shown that able, keen work in the field is the factor of supreme importance in winning matches; in this respect the team compared most favourably with, for example, last year's side, The batting steadily improved in all respects till there was no tail, the last batsmen being capable of putting up good scores, though they had few chances of showing their powers, as only three times did the whole side bat, and then, when runs were really needed, a ninth wicket partnership ran to 53. The bowling, if not as good as the batting, was always dangerous to batsmen who attempted liberties, and therein it was probably far better than it appeared to onlookers. Another advantage we had was that the team, once chosen for this Term, remained unchanged, the new members fully justifying their positions.

In fielding, it is again difficult to pick the best. All who played in the team last year showed marked progress; they were sounder in ground work and returning, generally quicker in movement, and brought off many brilliant catches. Of the whole team, none was quite equal to Vincent in anticipating.

In batting, better footwork and

more inclination to lay on the wood were pleasing features. To be remembered were the splendid partnerships of Falk and White in T.K.S. match (153 for fourth wicket), and of Falk and Chapman for the next wicket (160), of Row and Barnes for second wicket against S.H.S. (131 in 68 minutes), of Lyttle and Tavener, who put on 53 for the ninth wicket against N.C., and of Cullis-Hill and Row passing T.S.C. total in an opening partnership.

A comparison of the averages of the first and second rounds of the Competition will show definite improvement, especially of Row (two centuries), Kierath, White, and Vincent. Barnes was a trifle unfortunate not to get going, for he is a far better batsmen than his figures indicate. Falk was never in better form, and was probably the best bat in all the schools; his 176 was quite a masterly display.

With the ball. Row showed a welcome return to form. Kierath and Chapman also bowled well, varying pace and flight with occasional swingers; the number of wickets Chapman took hardly furnishes a true guide to the value of his bowl-White was as dependable as ing. ever, and is spinning the ball more; if he can impart a little more devil into his bowling he should go a long way, as he has the natural advan-. tage of height, and, generally, can command his length. Barnes must persevere with his slow ball of deceptive flight. Our two leg-break

bowlers were not in form; it is to be hoped they will come on next year, when they will be needed.

Lyttle kept very well indeed for his first term in the XI. He shows every promise of being a first-class batsman as well, and this term's experience should prove of great value to him next year.

A special word of commendation is due to White for his able captaincy, which helped towards the team's successes immensely.

We all most sincerely and heartily thank Mr. A. B. S. White for his unflagging interest in the welfare of the team, and we must assure him of our deep appreciation of his help both on and off the field

v. T.K.S.—Played at Parramatta on 17th and 21st October.

. Having won the toss, White sent in Row and Cullis-Hill to bat on a good but dead Our start was inauspicious, for wicket. with only 39 runs on the board we had lost three wickets, through bad strokes, though Barnes batted very well indeed till he fell to a fatal mistake. Falk and White started quietly, and the first hour produced 55 runs; in the remaining 70 minutes to lunch 106 were added. Both batsmen soon picked up their best form, and laid on the wood. After lunch they took a little time to settle down to hit the bowling about again. White was fast approaching the century when he mis-hit and gave an easy catch. With Falk he had shared in a magnificent stand of 153; there were two chances in an otherwise sound innings. Chapman joined Falk, and the rate of scoring did not slacken. Falk soon reached his first century in the 1st XI., and, taking full toll of the weak-

ened bowling, got to 176 before the end of his innings came. It was a superb effort, marred by only one chance at the wicket after passing the century; he was at the wickets 165 minutes. The score was 12 when he went in, and 352 when he was out. Chapman batted well and aggressively for 57 not out. T.K.S. fielding was good till towards the end of our innings. White declared, leaving slightly over two hours for play. Kierath soon dismissed J. S. White, taking a fairly hard return smartly; while in the next over White yorked Grant. Nicholson and Whiting had then to face a serious position, but playing soundly, remained undefeated when stumps were drawn Except for early, owing to the light. one warm chance to silly leg by Nicholson, they made no mistakes. Our bowling was very fair, but seemed to lack sting.

On resuming on Wednesday, after adding 13 more, Chapman took a neat catch at silly leg off Row, and Whiting was out. J. V. Nicholson did not last long, White penetrating his defence with a good one. . Giblin showed good defence, but soon lost F. V. Nicholson, who was well caught by Barnes at point; he had played a very good innings. Giblin, Egan, and Sanger all did splendid work for their side, and a draw looked probable, till Egan was taken brilliantly by Vincent off Kierath, who had struck a good length. With fifteen minutes left for play, and the last man in, the excitement was intense. White rose to the occasion, and at last got past Sanger, thus winning a great match for us by 60 runs with barely eight minutes to time. T.K.S. put up a grand, sporting effort. Our work in the field was not up to what the team is capable of, being far too patchy, and consequently the bowlers suffered. White did another marathon feat of bowling-27 overs-and sent down few loose ones, while Kierath, Row, and Chapman did good work. Lyttle, in his first Competition match, gave promise of developing into a really good keeper.

v. S.G.S.—Played at Northbridge on 24th October, and won by 89 runs.

White won the toss, and sent S.G.S. in to bat on a wicket that, though a little soft after rain, was never at any time difficult. Chapman and White opened. The former soon had McConnell out from a weak stroke to silly leg, and was unfortunate to see several balls drop safely. Barnes relieved white, but had no length. A double change to Kierath and Row was successful, for both bowlers had the batsmen immediately in trouble. In his second over, Row accepted a return from McGilvray, and, with the score unchanged, Kierath got Cocks and Bullen, the first mentioned with a grand ball. The last six wickets fell for 18 runs, both Row and Kierath bowling in fine form. The fielding was good, and a brilliant catch by Chapman, as well as much good work by him, was a special feature.

Our innings began badly, with three men out for a total for 9. The attack was good, McGilvray and Wing being the Meads was fast, but most of his pick. balls were obviously balls to let alone; he got a good one in when he clean bowled Barnes. Falk and White, as in the previous match, became associated at a moment when things had begun to look serious. They again put up a fine partnership, which did not end till we were past our opponents' score. White was a bit shaky for the first few balls. On the defensive at first, they gradually played more freely, and the rate of scoring was fairly fast as we approached the necessary total. Chapman later batted well, and Kierath hit very freely.

v. T.S.C.-Played at Northbridge on 31st October, and won by 8 wickets and 30 runs.

White won the toss, and decided to go in the field. The sky was overcast and the wicket soft, but quite easy. At first the bowling lacked length and direction; the batsmen, however, did not take ad vantage of their opportunity. After a slow start, Dick was taken very smartly at first slip by Kierath off White. Play continued very dull, while White changed his bowling frequently. With the score at 39 after 90 minutes' play, White came on at the northern end, with Row at the southern. Vickery hit White to fine slip. and was nicely caught by Vincent. In White's next over Zions, who had done good service for his side, drove hard to silly point, and Chapman made a really brilliant catch. From this point wickets fell quickly, and our bowlers had the upper hand. At lunch time there were seven wickets down for 49 runs, and the side was out half an hour afterwards for an addition of 14. White had the wonderful average of 2.28, and Row, too, got his wickets cheaply. The wickets were only hit three times. The safe and ex. cellent catching was a feature of the innings, and the whole team did splendid work in the field.

Row and Cullis-Hill opened for us, and had the satisfaction of not being separated till we had passed T.S.C. total by 20. Both gave chances, but scored fairly quickly considering the slow state of the ground. It took them 75 minutes to get the 64 required, and they showed that the wicket favoured the batsman rather than the bowler. Purnell sent down some good balls, but suffered owing to faulty fielding. Play ended early owing to the light, which had never been good, becoming very bad.

v. N.C.—Played at Stanmore on 7th and 11th November, and drawn.

White won the toss, and we went in to bat on a wicket that played very low. We knew this was likely to be the case, and our batsmen felt somewhat cramped. Row and Cullis-Hill took no risks, and made a very fair start for us, remaining together 45 minutes, when Row was Cullis-Hill followed caught at mid off. Row very soon, and Barnes did not last long. Falk and White found themselves together with our score but 44 for three wickets, and again they set to work to alter the complexion of the game. At lunch they had added 50 to the total as a result of sound batting. The rate of scoring was slow, but the fieldsmen were well placed, and were doing keen work. With 16 more added, and both going splendidly, a most unfortunate misunderstanding took place, and Falk was run out. Chapman failed for once to score, and then Kierath joined White with five men out for 114. Kierath soon got busy, and played quite his best innings to date. In 26 minutes this partnership added 60 runs, and then White had hard luck to be given out caught at the wicket. Both he and Falk played invaluable knocks. Kierath was next to go, his 72 being a brilliant effort, and included ten fours and two sixes. Vincent, after the first

few balls, shaped well for 19. The ninth wicket partnership was a very welcome and highly valuable addition of 53 by Tavener and Lyttle. They played excellent cricket as they gained confidence, and both hit the fence several times with sound shots. The innings lasted just under five hours, and the slow scoring was mainly due to the nature of the wicket, though Newington fielded well till they were obviously weary, and losing their earlier good placing in the field. Mears and Bentley opened to the bowling of White and Chapman with 100 minutes left for play. In his third over, White got past Bentley. Mears and Greville took no risks, the scoring was slow, and the bowling good, particularly that of White. With the score at 25, the batsmen altered their minds about a short run; Kierath moved quickly, and threw down the wicket. Row relieved White, and Lyttle took a splendid catch on the leg side Play ceased soon afterwards.

Resuming on Wednesday, run came slowly, till Baker was snapped up very smartly at the wickets off Chapman, who had taken Row's place. In the same over, Cakobau gave an easy chance at fine slip; most unfortunately this was Lees was batting confidently, dropped. and both batsmen gradually got well set, eventually saving their side. White tried various changes; all bowled well, but There could do little on a dead wicket. were several close calls in the running,. and at least two chances were given that should have been taken. But for these lapses the fielding was very good. The rate of scoring quickened, Lees laying on the wood. Cakoban, too, played many The partnership was broken good shots. after two hours, when Lees was out to a magnificent catch by Chapman. He played a fine innings, and with Cakobau saw 165 runs added to the score. Cakobau soon followed, after a rather lucky but good knock. Another wicket fell, and then it was time. Lyttle kept very well indeed; his keeping gives great promise.

v. S.I.C.—Played at Riverview on 14th and 21st November, and won by 153 runs.

White, having again won the toss, sent in our usual pair. The first 65 minutes' play produced 53 runs, with Cullis-Hill and Chapman out. Row started uncertainly, mistiming, but gradually settled

down, and, with Falk going solidly, a big score looked probable. Then, as in the previous match, there was wrong judgment in running, and Falk was out for a well made 40. White and Barnes did not last long. Kierath joined Row, who was nearing the century, and the rate of scoring increased. Sixty runs were added in 23 minutes, when Row's innings canie to an end. v. S.H.S.—Played at Northbridge on November 28 and December 1, and won by 9 wickets and 7 runs.

S.H.S. won the toss, and went in to bat on an excellent wicket. Chapman and White opened the bowling for us. Runs came at even time, and the batsmen seemed disposed to be aggressive. White picked up his length after the first over. and in his third trapped Cheetham into a stroke off which Vincent made a nice catch. Chapman was bowling particularly well. He failed to hold a hot return which came awkwardly, but held a still harder shot a few balls later. Lyttle took McLeod at the wickets. Meanwhile Various changes Cohen was batting well. were tried, but no bowler seemed very Falk was the seventh bowler, dangerous. and immediately off a full toss had Cohen caught at fine leg by Barnes; it was a very fine catch. Hill and Webb proved a hard pair to separate. Our fielding, which at the start had been extremely good, was marred by the missing of several catches which should have been held; that the total was not much less was entirely due to these lapses. This fifth wicket partnership added 68; the rest did not offer much resistance. Not once were

the stumps hit; eight were out to catches, and the last two were run out in the one over, due to smart work by Lyttle, Falk, and Barnes. A thunderstorm had delayed play for 65 minutes, and for some time the bowlers found it hard to get a sure foothold; the wicket was not affected to any extent.

We began our innings with 55 minutes left for play. Row and Cullis-Hill took no risks, the latter being almost too cautious, and in being so he gave a chance. The light 'gradually became very poor, but even. The bowling was not dangerous, though at the southern end the ball was inclined to get up. Row got in some good on-drives, and Cullis-Hill hit loose stuff on the leg side hard. Both were still batting when time came, and the match was left with 176 being required to win.

The game was resumed on the following Tuesday, the light being very dull and the wicket perfect. For the first half-hour runs came slowly, due to the bowlers keeping a good length. Both batsmen realised the pace must increase, Both and gradually it did. With the score at 87, Cullis-Hill attempted an impossible run and paid the penalty. He had played a very helpful knock to his side. Barnes followed, and at once began to bat confidently, hitting hard, placing well, and running excellently. His example was infectious, for Row, too, started to score fast, his best shot once again being the Under this hard drive on the on-side. hitting the fielding became poor, with the exception of Owen, who did excellent work throughout the innings, and the keeping of Thompson. Barnes reached 50 in 42 minutes. After a period of rapid scoring, for a few overs the batsmen were kept comparatively quiet. Row reached 80, and then opening out, got 15 in the one over, while Barnes, in true sporting spirit, gave him as much of the strike as was possible. The match was won with 55 minutes to spare. Row, in

getting his second consecutive century, played very solidly, his carpet drives, as the result of good footwork, being a delight. He gave one possible chance while forcing the pace. Barnes was brilliant; he knew what was wanted, and did it. He put any chance of not getting the runs within time beyond doubt in half an hour or so.

## 2nd XI.

The Term has been a very broken The conditions of their Comone. petition make the 2nd XI. more dependent on the clemency of the weather even more than the 1sts. Consequently this Term we have had three drawn games in the six Competition matches played. The game against Scots' was not even com-One match, was lost, that menced. against Newington. Good wins were recorded against St. Ignatius' and Grammar. In non-Competition. games the team was unbeaten.

The team was a good deal stronger than in the First Term. The batting improved very greatly, and about eight or nine members of the side were capable of big scores. Wenden and Irving were the best batsmen. Hole, though hardly as reliable as in the First Term, also did well.

In bowling there was plenty of variety. Sturrock (fast) was the mainstay of the attack, but Irving (medium) and Carey (slow) did Langby, Harding, and very well. Butcher were also useful. Smith gives great promise as a leg-break bowler, but he has too often been unavoidably absent on Saturdays to get the necessary practice in matches.

Fielding was the weakest department. Not many catches were actually dropped, but not enough were made by the extra alertness that counts for so much in fielding. The

ground fielding was not as clean as it should have been. The only two outstanding fieldsmen were Langby and Adams (slips) (mid-off or cover). Both these were excellent. Flatt was a hard trier behind the wickets; and against fast and medium-paced bowlers did well'.

Midlane has been a most useful emergency, and has done well whenever he has been included in the team. He has been most unlucky not to find a regular place in the team.

King's won the 2nds Premiership, and we are runners-up.

Professor L. G. Melville has resigned from the Chair of Economics at Adelaide University to accept an appointment as adviser in Economics to the Commonwealth Bank. Previously his services had been lent to the Bank by the University.

Through the generosity of the Headmaster and School Council, the Annual Tea took place at the School on Friday, 9th October, in the new Dining Hall. About 300 Old Boys attended. The Tea was followed by the Annual Meeting of the Old Boys' Union, when the report, appearing below, was presented, and officers for the ensuing year were elected.

## S.C.E.G.S. O.B.U. ANNUAL REPORT.

Gentlemen,

In presenting the Annual Report and Balance Sheet for the year 1931 for adoption, your Committee is pleased to say that the year has been one of the most successful in the history of the Union.

In the Annual Report for 1928, the Committee deprecated the fact that interest in the Old Boys' Union was at a very low ebb. In 1929, interest had revived, and an optimistic view was taken for the future. Last year, the Report showed the highest membership and activity since the Union's inception. In spite of the extremely difficult conditions through which we are passing, your Committee presents a Report of achievements unequalled in any previous Report.

Membership.---With a total membership last year of 1382, the Register now shows a membership of 1451, 248 of these being Life Members.

New Constitution.—Your Committee presents for your adoption a new set of rules to govern the Union. The last Constitution was accepted in 1905, and was subjected to considerable alteration during the twenty-six years that it was in operation. The proposed rules, while embodying the old principles, make provision for altered circumstances, a larger membership, and a wider range of activities.

Unemployment .-- In common with many others in the community, a number of Old Boys have suffered by the depression and lost their employment. Fifteen months ago a scheme was entered upon by the Committee of the Union to endeavour to place some of these men in employment. Your Committee has carried on this work with marked success, and appreciative letters have been received from Old Boys for the assistance they received. Ťο carry on this service an appeal is made to all Old Boys, whenever they hear of a vacancy, to inform the Hon. Secretary.

Rifle Club.—At the request of a number of Old Boys, a Rifle Club was formed during the year. Although a shoot has not taken place as yet, arrangements have been finalised.

Holy Trinity Scout Troop.—This Troop was sponsored by the Union in the early part of 1930. During the current year your Committee made a further donation to its funds, and the sub-committee dealing with the matter reports splendid progress.

Old Boys' Union Scholarships.—The Old Boys' Union Scholarships for the year were awarded to R. G. Row and G. C. Cullis-Hill. At a later date Cullis-Hill was appointed A B. S. White Scholar, which prevented him from holding the Union's award. After consideration, your Committee decided that no other award would be made for the year.

Heraldic Crest.—Steps were taken during the year by your Committee in conjunction with the School Council to register the School crest with the College of Heralds. This involved an alteration in the School crest in order to make it heraldically correct. Acceptance of the registration from England is now awaited.

Term Letter.—In accordance with the practice adopted in 1930, your Committee has each term forwarded to the School Council a letter advising of the Union's activities.

Annual Dinner.—The outstanding successes of the dinners held in 1929 and 1930 were eclipsed this year, when 206 Old Boys attended the first dinner held in the new School Dining Hall. Although the acoustic properties of the hall were not all that could be desired for the speakers, the re-union was a marked improvement on the functions held in the city. Very successful dinners were also held in Longreach, Narromine, Melbourne and Adelaide, and greetings were exchanged with the Union.

Football Matches.—Three football matches were played against the School on the 20th June, and resulted in the School winning the match for the firsts, and the Old Boys winning the matches for the seconds and thirds.

Cricket Matches.—Three cricket matches were arranged against the School for 26th September, but were cancelled owing to heavy rain.

Congratulations.—The congratulations of the Union were sent to the School on winning the Cricket Competition last year, the Head of the River Race this year, the Drill Competitions for the Cadet Corps, the Inter-School Debating Competition, and on the success of the School in the Intermediate and Leaving Certificate Examinations, including the winning of the Proficiency Prize in the latter.

Foundation Day.—After consultation with the School Council, your Committee has fixed Saturday, February 13th, 1932, as Foundation Day. Details of the function have still to be worked out, but members will be notified in ample time.

Finance.—Prior to the closing of the Government Savings Bank, your Committce passed a resolution transferring the Union's funds in the Government Savings Bank at North Sydney and Barrack Street to the Commonwealth Bank. Before the transfer from the Barrack Street branch could be completed the Bank suspended payment. At a special meeting of members held on July 2nd, the Constitution was altered to provide for the banking of funds in such bank as the Committee may from time to time see fit.

Conversion of Bonds.—At a special meeting of the Committee held on 20th August, it was resolved to convert the Union's holding of Commonwealth Bonds to the value of £1250 to the new 4% loan.

Committee Meetings.—During the year fourteen meetings of the Committee were held, attendances being set out below. On the 7th May, R. R. Sinclair resigned from the Committee on the ground of inability to attend meetings, and T. T. Halstead was elected to the vacancy.

Attendances of Committee at fourteen meetings:-G. E. Browne, 14; G. C. Turnbull, 14; D'A. F. Roberts, 13; Rev. I. D. Armitage, 12; A. H. Curlewis, 12; Rev. D. Davies, 12; A. B. S. White, 12; B. C. M. ## OLD BOYS' DINNERS.

The Melbourne Old Boys' Dinner took place on Thursday, 4th June. The function was a great success, due to the able organisation of T. C. Boehme. A menu, which was sent to the Hon. Secretary, Sydney, was signed by T. C. Boehme, E. Barton Browne, R. P. Franklin, N. K. Gilfillan, H. G. Harcourt, L. H. Lemaire, R. Smith, V. D. Watson, and C. Kaeppel.

The Adelaide Dinner was held on 8th May, when there was a good attendance. A list of those present is not available, but this will be rectified in future. Telegrams were exchanged with Sydney O.B.U. Congratulations are due to J. R. Barter, who acted as Hon. Organiser.

The Dinner which was arranged at Longreach on Friday, 24th July, appears to have been a most successful re-union, for which A. H. Campbell and his colleagues deserve congratulations. The following is an extract from a letter to the Hon. Secretary, Sydney:--

"On the evening of Friday, 24th July, the School Old Boys had a reunion. There were thirteen present, and we had quite a number of apologies. I am enclosing the Toast List, signed by all Old Boys present. Your telegram reading 'Best wishes to you all from the President and members in Sydney' was greatly ap-We hope to make this preciated. an annual event, but it may possibly end in the Sydney Schools having one big dinner, but, of course, each School will have its own table." 4 The Toast List referred to was

signed by T. S. L. Armstrong (1894), A. H. Campbell (1906), Paul Royle (1908), S. Zlotskowski (1915), S. B. Broughton (1919), R. C. Jameson (1919), N. M. Kater (1921), John H. L. White (1921), T. S. McKenzie (1922), S. F. McNally (1922), J. W. White (1922), F. N. Bell (1927), and A. L. Mackenzie (1928).

Several enquiries were made by the Longreach Old Boys in connection with the School's history, and it may interest Old Boys to read the answers.

"The School was opened by Lord Carrington, then Governor of the colony, on 4th May, 1889. So far as the School Register states, there were no pupils at the opening. However, in July, 1889, the School began with 23 boys. In July, 1931, there were 625 boys at the School. The sports area at Northbridge is 23 acres. The Rev. D. Davies has been attached to the School since the opening, and has been Hon. Treasurer of the Old Boys' Union since its foundation."

Reports of G.P.S. Old Boys' Dinners at Narromine and Murwillumbah, each of which was held on the night of the Regatta, appeared in the September issue of the "Torch-Bearer."

At the Annual Dinner, the following apologies for absence were received :- R. Cairns Anderson, Don. Balmain (Bega), H. R. Bradden, J. Brumby (Burren Junction), S. E. Buttenshaw, Ivo Clarke, G. K. Connell, Rev. L. S. Dudley, T. D. Esplin (Melbourne); H. В. Hodgson (Moree), F. G. Hocken, J. Lanceley, Colin Macleod, H. R. Meynink, E. J. Newell (Bringagee), J. C. Nield (Oxford), J. C. Orr, B. R. The Union offers its congratulations and good wishes to G. S. Cox on his appointment as New Zealand Rhodes Scholar for this year. He is a native of Palmerston North, and was educated in Dunedin and Southland, New Zealand, and at School. He entered the School in June, 1922, and left in 1926.

Open Sunday, which was held on 18th October, took the form of a Dedication Service. The Bishop of Newcastle gave a fine address, and, during the service, dedicated two brass tablets situated on the western wall of the Chapel—one to the memory of the late Mr. Russell Sinclair, the other to the late George S. Greenwell. Further details appear elsewhere in this issue.

#### -0-GENERAL.

The Union offers its congratulations to P. J. Woodhill, B.A., LL.B. (Syd.), on being admitted barrister and F. R. S. Dawes and B. M. Salmon, solicitors; also to R. Taylor, R. J. M. Newton, A. G. Small, C. D. Everingham, and G. L. Newton on their success in recent legal examinations.

A number of Old Boys played in the "Fathers and Sons" open foursome at Killara Links on Saturday, 14th November. A. H. and H. W. Hattersley won the event, with C. E. and T. S. McKay fourth, D. T. and D. S. Esplin fifth, and L. A. B. and J. D. Stuart tenth. Among those competing were:--N. D. McIntosh, R. A. Dickson, J. Hughes, C. G. Maschwitz, R. W. Carey, J. R. Carey, R. B. Shetliffe, J. Stringer, R. M. Hadley, R. H. Coffin, D. M. Myers, A. F. James, E. T. and N. E. Penfold, A. C. Smith, W. Epps, R. K. Terrcy, B. Saddington, and A. W. Uther.

H. L. Higgs is at present in Glengarry Hospital, Mosman, suffering from scarlet fever.

The 50-mile Aerial Derby which was held recently was won by an Old Boy, Geoff. King, with a sensational dive—one of the most remarkable pieces of piloting ever seen out here, according to the Press.

T. D. Esplin has commenced practice as an architect in Australasia Building, 28 Bond Street, Sydney.

Evan Mander Jones expresses himself as delighted with Oxford, where he is now at University College, reading Hellenistic history and rowing in coxswainless fours. L. F. Fitzhardinge, T. Dunbabin, and J. C. Nield foregathered to welcome him shortly after his arrival.

Old Boys of the School are making history of one kind or another every day, and one of the latest contributors is S. G. Bradfield. He was the first person to drive a car across Sydney Harbour Bridge!

It is very pleasing to see Old Boys at Northbridge showing a keen interest in the performances of the School. Among those seen recently were Dr. H. W. Kendall, Messrs. N. Y. Deane, A. B. S. White, and W. G. Boydell.

Dr. Kendall was the first boy entered on the School Roll, played in 1st XI. and 1st XV., of which he was captain, rowed with the 1st Crew, and was a Prefect.

Mr. Deane was a Prefect, and captained the 1st XI., as well as being in 1st XV. and 1st Crew. To his credit stands the unique record of 412 runs scored in 210 minutes, in the compilation of which he hit no six.

Mr. White, who is always present at all School matches, was Head of the School, Senior Prefect, captain of the 1st XI., played with 1st XV., as well as participating in running and rowing events. He is donor of the A. B. S. White Scholarship.

Mr. Boydell has recently returned from Korea, where he spent fifteen years. At School he occupied the positions of Senior Prefect, captain of 1st XI., and played with the XV.

As well as the above, Messrs, C. Q. Williams and A. H. Maclachlan have been very regular in their attendance. Another keen follower is J. M. Alexander, who is at present at the University.' Golfers : John Allerton and Don. Esplin have also put in an appearance. Any Old Boys who turn up at the matches are always greeted very warmly by Mr. Walmsley and the XI.

One of the most regular onlookers is Sergeant-Major Davidson. Most Old Boys have pleasant memories of an occasional Friday afternoon spent in the enjoyable and unique company of the S.M. He is one of the most loyal supporters the School has had, and takes a keen interest in the doings of Old Boys. May he infuse a little of his enthusiasm into the boys under his command !

Francis N. (Binghi) Bell writes that he will be in Sydney at the time the Bridge opens, and would like to meet any of his School friends of the 1920-30 era at Farmer's Corner at 9 o'clock on the morning the Bridge opens.

Letters received from R. B. Hipsley, who is at present in Manchester with Metropolitan Vicars Ltd., show that he has not allowed the grass to grow under his feet, and with the help of a motor cycle has ridden over many parts of England, Scotland, and Wales. In one week-end he covered 470 miles and during a two weeks' holiday he covered over 1300 miles. Owing to facilities granted by the company, he finds time to indulge in all forms of sport. He mentions having met Jack Roberts and Eric Holden on several occasions.

W. A. Bishop, of Scone, is at present in St. Luke's Hospital convalescing after an operation. His brother, J. S., has recently returned from a trip to England.

D. R. Litchfield passed through Sydney recently on his way back to Cooma, after visiting Geof. Walker in the Warialda district.

G. T. Reid returned last month from a trip to England. During his travels he met several Old Boys. He met Captain Mackenzie in Natal, and also visited Noel Gullick, who is in charge of an asbestos mine in Filabusi; whilst in England he visited Oxford and met J. C. Nield, Dunbabin and Fitzhardinge, and at Rugby, J. Wolstenholme.

## T H E T O R C H - B E A R E R. Dec. 1, 1931

All arrangements for the Old Boys' Rifle Club have been completed, and A. D. Hudson will be pleased to hear from further prospective members.

Congratulations to P. N. W. Taylor on the extension of his Medical Scholarship for another year

## UNEMPLOYED OLD BOYS.

The Old Boys' Union has established a list recording those Old Boys who, owing to the times, are seeking employment, and though a goodly number of our Old Boys have been found positions through this means, there are numbers still unplaced. All employers, friends of the School, and especially Old Boys, are asked to communicate with the Hon. Secretary of the Old Boys' Union Box 1334J., G.P.O., Sydney, or ring Y4146, should they have a vacancy or hear of one anywhere, and the matter will receive prompt attention. Amongst the positions sought are those for accountants or in an accountant's office; advertising; bookkeepers and draughtsmen; engineersclerks: internal combustion, freezing, local government, asphalt, mechanical and bush-workers, marine : jackeroos, overseers, and station managers; surveyors; travellers in all lines; wool-classers; as well as office boys and junior clerks.

## G.P.S. OLD BOYS' GOLF AND SPORTING CLUB.

In June, 1930, members of the constituent Clubs and Unions of School Clubs, Ltd., were invited to join a proposed Old Boys' Golf and Sporting Club, for which an option of lease and purchase of the Dec Why Links had been obtained. Owing to the depression, applications for membership were not numerous enough to enable this plan to be carried though, so the Club was formed on a smaller scale to play at Dee Why under tenancy conditions, i.e., a capitation fee for each member is paid to the owners of the links in return for a reduction of "green fees" to 2/- per day, with the same status and privileges on the links and in the club house as members of the Dee Why Club.

The Club House was completed last year, with ample accommodation and satisfactory catering.

Annual subscriptions are:-

Members : .		£4/4/-
Associates .		£2/2/-
Non-playing	members,	£1/1/-

Payable half-yearly, or quarterly if preferred.

The experience of the first year has convinced the Committee that the Club is capable of becoming a useful section of the activities of the Old Boys of the various schools and now that there is a prospect of some lifting of the depression, they hope to see soon an increase in the membership.

Any further information that may be desired by any Old Boy can be obtained from the Hon. Secretary of the Old Boys' Club at the Club, Warwick Building, Hamilton Street, Sydney, or Box 1335J., G.P.O., Sydney.

## S.C.E.G.S. OLD BOYS' CLUB.

During the year the Directors of School Clubs Ltd. inaugurated a series of lunch hour addresses, which have proved most. popular. The Directors have been fortunate in their choice of speakers, and the thanks of the Club members are due to the gentlemen who have so kindly addressed them. The subject of the addresses and the speakers have been as follows:--

- "Country Problems"-Mr. W. M. Fleming.
- "The Melbourne Premiers' Conference"-Mr. A. C: Davidson.

"Industrial Psychology"—Dr. A. Martin.

- "Communism"-Major Treloar.
- "The History of the Rugby Union"-Mr. G. V. Portus.
- "The Indian Situation"—Mr. A. M. Pooley.
- "Present Problems"-Prof. Lovell.
- "The History of the School Club" ---Mr. D'Arcy Shelley.

To the Old Boys who are interested in the welfare of the Club, and especially to those in the country who rarely have an opportunity of visiting it, a short resumé of Mr. D'Arcy Shelley's address is here given.

"The Old Newingtonians' Union decided to open club rooms for its members at the annual meeting in 1920, and in 1921 the club rooms were opened at 'Cromer,' in Phillip Street. Three months later the Old Sydneians' Union followed suit, but with a new departure, in that the Club was a separate body to the Union, and all later clubs followed S.C.E.G.S. Old Boys' their lead. Club opened their Club rooms in 1924, all three clubs being housed A still further innoat 'Cromer.' vation was inaugurated by the S.C.E.G.S. Club when Old Boys of T.A.S. were made eligible for associate membership. This idea has been adopted on a wider scale by the Associated Clubs.

"The year S.C.E.G.S. opened their Club rooms there was an endeavour to form a combined club, but the S.C.E.G.S. Club in particular refused

to entertain the idea. Next year, with the leases running out, negotiations with other Old Boys' Unions commenced, with a view to some combination, T.K.S. vainly urging the clubs then formed to make it a combined body, so losing their separate identity, but this met with a definite refusal. T.K.S. then formed After further negotiatheir club. tions, School Clubs Ltd. came into existence, a company limited by guarantee, of 40 members, with a capital of £1000. It was then possible to lease premises providing for separate rooms for each of the Associated Clubs, and common rooms, such as billiard, card, and dining rooms, for the use of all. Owing to the generosity of the Fairfax family, who gave every possible help, the present Club rooms in Warwick Building, Hamilton Street, Sydney, were opened in 1927. The opening ceremony was performed by the late Sir James Fairfax. The Club Library was started by him.

"T.S.C. Club was formed in October, 1926, and admitted to the Company premises.

"The original Directors of School Clubs Ltd. were :-S.C.E.G.S., Mr. Dudley Williams and Dr. F. G. A. Pockley; Newington, Messrs. E. S. Kelynack and R. Cowlishaw; S.G.S., Messrs. W. Russell French and F. H. Mullens; T.K.S., Messrs. G. P. Stuckey and D. M. Shelley. And some still hold office.

"The total membership of the five clubs is in the vicinity of 2000, and the clubs have done, and are doing, good work amongst the Old Boys of the various schools, particularly the younger ones, in providing accommodation, recreation, and a common meeting ground."

At the present time, like all other clubs, the School clubs, are feeling the effect of the depression. It behoves all who are in a position to do so to loyally support the Club, in order to build up a Club worthy of a Great Public School.
