SCHOOL NOTES.

We record with sorrow the death of Geoffrey Hellicar, who was killed in a motor-cycle accident near Gosford during the holidays. He was a boy who was well liked in the School both by masters and boys. To his relatives we offer our deepest sympathy.

Requiem aeternam dona ei, Domine.

o o o o

Mr. W. Sawkins, B.A., of Sydney University, has joined the Staff this term, and is resident in Robson House.

o o o o

Mr. E. B. Lester has left us to take a position at Geelong College, Victoria. In addition to his ability in the classroom, and his genial presence in House and Common Room, he will be missed for his mellifluous voice in "quires and places where they sing."

o o o o

One of the most notable of our new developments this term is the inauguration of Scouting as an official School activity. Two troops—1st and 2nd Waverton—have been filled already, under the leadership of the Rev. N. a'B. Backhouse, and a variety of plans have been set forward.

o o o o

Another new thing is the formation of a Hobbies Club. Under the auspices of Mr. Jones and Mr. Broinowski, a number of boys are

making things in wood, leather, and metal. They inhabit a den somewhere in the labyrinthine recesses of School House, but are very shy at this time of year. A boy who cannot find congenial employment out of school nowadays must be hard to please.

o o o o

A new departure in the work of the School this term is the inauguration of a scheme for encouraging advanced work in the A Forms. Under this scheme approved boys are able to do special work at the subjects which interest them most. In each subject a syllabus has been prepared, the idea being to encourage originality. The distinction work will not be reckoned in making out the Form and Division Orders, but at the end of the year there will be published in the Speech Day Report a list of boys who have attained to the classes of Distinction and High Distinction. It is to be hoped that one of the results of the scheme will be an increase in the number of literary contributions to "The Torch-Bearer."

o o o o

A mump invaded the School premises in the course of the term, and, the Natural History Society having failed to catch and pickle it, ran wild among both boarders and day-boys. The sight of happy convalescents lying in the sunshine during school time gave rise to

mixed feelings, mostly envious, among those whose classrooms look towards the Chapel.

o o o o

The School is indebted to the generosity of Andrew Reid, Esq., for the presentation of a mounted Geological Map of the Commonwealth of Australia.

o o o o

Mrs. M. Swift, whose three sons have been prominent at different times in the rowing, athletics, and football of the School, has presented a cup, to be called the G. A. Swift Memorial Cup, and this has been allotted to the winner of the Mile Championship of the School. The School is much indebted to Mrs. Swift for this addition to the available trophies.

o o o o

Members of the "Thing" spent two very enjoyable evenings this term. Professor Lovell gave a most interesting lecture to members on Psychology, which was appreciated by all those present, since the subject is outside the usual School course. At the second meeting two scenes from St. Joan were read; and also Lord Dunsany's "Night at an Inn," which provided a little light amusement. Meetings of the Thing will be held at an early date next term.

o o o o

The first meeting of next term will be on Thursday, September

22nd, after School, when Dame Sybil Thorndike and Mr. Lewis Casson will be present and will speak to the Society. Members will be fully notified later.

o o o o

During the past term the School learnt with regret of the death of Mr. Arthur Giles. He was for fifty years a master of the Sydney Grammar School, and for forty-four years was "Master of the Lower School." We offer to Sydney Grammar School our sympathy in their loss.

The passing of such a man serves to make it very clear that schools such as the Great Public Schools of New South Wales are part of the same tradition, and that the strength of one is a strength to all. Mr. Giles was not well known outside his own school: he was one of those to whom the spectacular tasks did not appeal; his interest was absorbed by the smooth running of the School organisation and routine. Yet perhaps the quiet devotion of such men has really the more potent influence for good in the formation of character, which is the chief end and aim of all schools. As Rudyard Kipling says of his own schoolmasters:—

Bless and praise we famous men—
Men of little showing—
For their work continueth,
And their work continueth,
Broad and deep continueth,
Great beyond their knowing.

THE EDITOR.

After a long spell of work on "The Torch-Bearer," Mr. Jones has handed over the cares of office to Mr. Burgess. We hasten to add to that a statement that the new Chairman of the Editorial Committee took over the work before this number came out; so that any blame may not miscarry. Mr. Jones is still supervising the School Register. The School owes him a great debt of gratitude for the good work he has done.

The Editorial Committee takes this opportunity of appealing to readers of "The Torch-Bearer" for literary contributions. Quite a large number of persons do their bit towards the making of each number: masters in charge of various sports and other School activities, boys who write accounts of matches, Old Boy correspondents all over Australia and overseas. To all of them

we express thanks, and to those few also who write poems, and stories, and plays. Now, we want more of these. We know that there is in the School a vast untapped quantity of imagination, and other forces that are just waiting for literary expression. Sometimes this desire to create has grown so strong that "The Torch-Bearer" has seen rivals, other Richmonds in the field. We want to see that force turned into our channels. We have lots of room for accepted work; and we are always ready to help and advise would-be contributors.

It is quite possible that many do not know that there is an annual prize, presented by Mr. Fitzhardinge, called "The Torch-Bearer" Prize, which is awarded for the best work contributed during the year.

CHAPEL NOTES.

The Open Sunday Service was held on 21st August. In order to bring the Old Boys of the country districts into touch with the Chapel, the service was broadcast. The Headmaster preached the sermon.

o o o o

His Grace the Archbishop confirmed a large number of boys in the Chapel on Tuesday afternoon, 30th August.

o o o o

During the term, an enlarged Choir of masters, senior boys, and the School Choir has sung anthems at Evensong, and on Open Sunday.

o o o o

Addresses in Chapel have been given by the Headmaster, and also by Rev. N. a'B. Backhouse and C. T. Debenham.

Lodge Torch-Bearer.

A Masonic Church Service will be held by Lodge Torch-Bearer in the School Chapel on Sunday, October 16th, 1932, at 8 p.m. The service will be taken by the Ven. Archdeacon Davies, B.D., F.R.H.S., Senior Grand Chaplain, and the address will be delivered by Aubrey Halloran, Esq., B.A., LL.B., Grand Master. It is expected there will be a large attendance of Old Boys and present boys and friends of the School. The School Choir, under Mr. R. G. H. Walmsley, will render the anthem.

BAPTISMS IN THE SCHOOL CHAPEL.

July 17, 1932—Peter John Shirley.

OPEN SUNDAY.

Imbued with patriotic ardour, Alfred Noyes cried out:—

There is a song of England that none shall ever sing;

So sweet it is and fleet it is
That none whose words are not as fleet
as birds upon the wing,

Could more than seem to dream of it,
Or catch one flying gleam of it.

And for every Old Boy there must be the same intangible song concerning his school. During school days, and in after years, all are influenced

by it, but one is unable to describe fully the nature of this elusive force which strengthens the bonds of fellowship.

Open Sunday provides a tie with our former life; and Old Boys, their parents and relatives come from far and wide to take part in this service, which keeps the old School torch aflame.

The sergeant-major, an ominous figure of school days, but who seems now to have assumed a mild de-

meanour, ushers one to a seat. The years-old ceremony opens afresh, this time to be broadcast for the benefit of those, still interested, but too far distant to attend. The spirit changeth not. Once more we hear the familiar School lesson read. The well-trained choir effectively render the anthem. Then the Headmaster, arising, addresses the assembly, stressing, significantly enough, the fact that religion is the force of coherence in forming the character of youth. We hear one who has moulded, from youth into

manhood, so many others, speak from experience, and all listen attentively, a sea of faces sloping backward from the aisle. At last this impressive service draws to a close, and all rise as the organ pours forth our National Anthem, the twin flags before the East Window of the Chapel moving slightly—or so it seems—in the thunder from the many throats. The blessing bestowed upon us, we disperse and renew many old acquaintances on the lawns and drive without.

LIBRARY NOTES.

About half-way through this term it was noticed that the Library was becoming dirtier and more untidy every day. It was at this stage that the Sixth Form members, already engulfed in work, resigned from the Committee and handed over the unpleasant task of setting things to right to the Fifth Formers. The numbers of these were increased by eleven, and once again an extra large Committee began its term of office. Doubtless it would be a good idea if in future the senior members of the Committee were to resign at the end of the first term in the Sixths, because after that they apparently cannot attend conscientiously to their duties.

ously to their duties.

It is to be regretted that again a complaint must be made for the benefit of those people who seem to forget that the Library is their own, and who do not treat its contents as they would their own property. They should remember that they are allowed to have free use of all the books therein, and that they reap benefits free of any charge; and therefore it is a very small thing for the Librarians to ask that more care should be taken of the books, and that boys using the Library should help rather than hinder them in every way.

THE MUCKADILLA HOSTELRY.

A PLAY IN ONE ACT

by

S. Q. E.

TIME OF ACTION—1920.

Scene I. : Muckadilla, the residence of old Bill.

Enter—Old Bill, young Bill his son, Mr. Stanley the storekeeper, Mr. Southern the publican, others, and the two remaining residents of Muckadilla.

Old Bill : "Any of the fellers not here?"

Young Bill : "Wait on!" (counting)
"Ten, eleven, twelve. Yes, Dad, the whole town's here."

Old Bill : "Now then, Bill" (to Mr. Southern), "are you going to tell us here, or are we going along to the pub?" (hopefully).

Mr. Southern : "No, Bill, I'm out for good now. Now, you gents, you wants me to tell you who I've got for the hostelry. That it?"

Mr. Stanley : "Yes, Bill, you know that as well as us. Get on with yer job, you malingerer" (with emphasis).

Mr. Southern : "Righto, Billo, give a cove a charnst! Well, old Bill, young Bill, Billo, and gen'lemen, to cut a long story up, as I heard a bloke say oncet, what I've got to keep the pub is two Diggers back from the front."

Young Bill (excitedly) : "Take yer oath? Whato, boys, free beer!"
Old Bill, Bill, Billo, and remaining eight citizens : "Free beer! free beer!"

Scene II. : Same. Outside Railway Station.

Enter—Old Bill, Mr. Southern.

Old Bill : "Well, Bill, here's the train" (a rattle within).

Mr. Southern : "Yes, same ol' engine, same driver, same carriage—minotnus, I calls it."

Old Bill : "Well, don't reckon there'll be much trouble pickin' 'em in the crowd."

Enter from the train—The passengers, Messrs. Thomas and Joseph Forbes.

Mr. Southern (to Tom and Joe) : "Are you the coves for the pub?"

Tom Forbes (to old Bill) : "You're Mr. Sloven, are you, old man?"

Old Bill : "What may you be a-calling of me of, young snappen whipper? You young —"

Mr. Southern (hurriedly) : "Yes, I'm Bill Southern."

Joe Forbes : "Righto, son, show us the pub, will yer? We're very anxious to get there, aren't we, Tom?"

Tom Forbes : "My incarnadined oath!"

Old Bill : "Come on, Bill, show the Diggers up to the pub, will yer? Maybe you're not hungry, you coves?"

Tom Forbes : "Oh, no; get a great feed at the R.R.R. for a bob between you, don't you?"
(Laughs, and exeunt.)

Scene III. : Same. Outside the Hostelry.

Enter—Mr. Southern, Messrs. T. and J. Forbes.

Mr. Southern : "Say, you gents, give yer a tip : shout all free beer fust day!"

Tom Forbes : "Say, Joe, have an idee the beer'll all be free fust day." (Assent from Joe.)

Joe Forbes : "What's more, son; all ter-morrer we'll call all beer free—grate it—for nuthen—and given away." (Similar assent from Tom.) "Righto, Bill, you can tell the coves that from us."
(Laughs and exeunt.)

Scene IV. : Same. 10.30 Next morning.

Enter—Billo, young Bill, old Bill, townsmen and hangers-on.

Old Bill : "Look 'ere, Billo, we've been waitin' here since half-past eight. When do yer reckon they'll open?"

Mr. Stanley : "Mebbe they've fuked it."

Young Bill : "May so be as they're waitin' on the barman."
(Chorus of dissent.)

Old Bill : "Billy Smith, knock on that door for the last and final round."

(Knocks on door. Enter—Tom and Joe Forbes on balcony.)

"Why the blankety blank don't yer let us in, yer big stiffs?"

Tom and Joe Forbes : "Don't you keep hangin' round here, you deadbeats! Me and my mate bought this pub for ourselves, and we're not half through drinkin' it yet a while."
(Laughs from Tom and Joe, and exeunt inside.)

CLOTHES.

By A. L. Preece.

On looking in the dictionary, I see that "clothes are coverings for the human body, either for decency or comfort." Anyway, seeing that I couldn't think of a better definition, I'll take their word for it.

As far as I can see, clothes are

connected with six different things. Thus:—

- (1) Ordinary clothes.
- (2) Bedclothes.
- (3) Clothes-lines.
- (4) Clothes-horses.
- (5) Clothes-presses, and
- (6) Clothes-pegs.

Ordinary clothes are, as you may imagine, just ordinary.

Bedclothes may be subdivided into two divisions:—

(1) Summer bedclothes.

(2) Winter bedclothes.

Summer bedclothes consist of those pieces of material under which you crawl to keep the mosquitoes away, and winter bedclothes are those under which you crawl to keep the cold away.

Clothes-lines are those things which you see in the backyards, and, as well as being football goals for small boys, are used to hang the clothes on when washing day comes.

Clothes-horses are not what their names imply. I daresay it would use too much starch to try and make a horse out of clothes: in this case it means a frame on which to hang them.

A clothes-press suggests something like a traffic-jam, but actually it is a receptacle for clothes.

Clothes-pegs are those little wooden things with which you clamp the clothes on the line. It's rather a pity they're not made big-

ger, because then they would be useful as catapults.

Clothes are a great bother to keep clean. As I carry my bag to school, it inconsiderately rubs dirt on my trousers. On going deeply into the matter, several remedies have been suggested to me. These are (1) to buy another bag; (2) to buy trousers which won't show the dirt; (3) to grow knock-knees or a lop-sided shoulder; and last, but not least, to give up school, and most likely go on the dole.

Therefore, as a conclusion, I say that clothes are a nuisance and absolutely unnecessary. The classical English author sums it up in these words:—

“What's the use of wearing braces, neck-tie, shirts, and shoes with laces, when we have woad to clothe ourselves in?”

Woad is a kind of dye with which the ancient Britons used to cover themselves. I think that the author was a very far-seeing man; but as I have not made a name for myself yet, I will reserve my reforms till a later date. I s'pose some people won't agree with my ideas, anyway!

RETROSPECT.

By MacLeod Morgan.

One day at Northbridge I was sitting not far from two small boys, probably in the Third form at School. Suddenly a brilliant red “baby” car swung into the grounds, and a big “he-man,” clad in a

leather coat, alighted and strolled towards the grandstand. The two lads gazed after him, and one, venting his superior knowledge, exclaimed:

“O-o-oh! That's Brown. He

played in the First Fifteen last year, but he has left now." A pause, accompanied by the munching of sweets, followed, then: "Wait till I leave school!"

His companion's mouth was agape at the enthusiastic intonation of these words. Yes—what things they would do when they left!

Well, what of it? Most boys feel the same way. There are many reasons to account for this longing, the principal being the desire to give more scope to manliness. How much more independent it sounds to be called "Mr. Jones" than just plain "Jones"! Heedless of the trite phrase of elders, "school days are the best days of your life," the belief grows in young breasts that after school they will pass into a world far less trivial than these splendid institutions which mould the character of youth.

At last the great day arrives, and the departing boy steps forth, full of hope, but not without regrets, from the gates which he shall enter no more as an active pupil of his old school. The farewell, however,

has not quite the anticipated zest. Something seems to be lacking. As one proceeds, perhaps one is fortunate enough to keep in touch with former companions. Others may travel far, forming new friendships. These latter boys, more so than the rest, realise that in the sophisticated world friendships of the same intimate understanding of those of school days can never be formed again.

In these circumstances, one's view of the school gradually changes. One adopts a very tolerant attitude, and, instead of regarding school in small groups of classes, teams, and the activities in which one took part, looks upon it as a united whole, working towards a single end—the advancement of youth. Being in a position to stand away and behold the school as a complete organisation which, in its various departments, has shaped character through one's young days, enables one to say with more genuine pride than ever before:

"That was *my* school!"

EARLY MORNING IN BED.

Have you ever remained in bed, say, for five, ten or even fifteen minutes after the alarm has told you it is time to be up and doing? Well, I bet you have, and so have I. Leigh Hunt has told us how at some hour near mid-day his man wakes him, and brings him his shaving-

water, and warms his clothes for him, and all that kind of thing. He has told us of what things great men like Leigh Hunt think of when they lie in their comfortable beds making any old excuse to enable them to remain there..

Let me, a poor humble fellow, tell

you of what I thought this morning when my alarm first rattled out its noisy warning. My bed faces due east, and I am separated from the morning lord of that region only by a frosted glass window. The result is that when, and if I awake at about six-fifteen, I am greeted by a dull red and diffused glow. As the sun rises above the hills, the glow becomes brighter; and, if I wait long enough, which of course I should not do, the sun becomes so bright, even through the frosted glass, that I am obliged to put my head under the sheltering bed-clothes again and to shut my eyes.

This morning, however, I discovered something new. About the time when the dull red tinge is changing to a brighter glow, I discovered that there was a dreadful din to be heard. No, it wasn't the alarm-bell; it was more human than that. Well, at any rate, I listened carefully, and discovered that the din was not issuing from one source, but, instead, from myriad sources. For instance, I heard cocks crowing all round the horizon, or so it seemed: calling and answering each

other from distant fowl-yards, or, to be more poetical, from different kingdoms. As well as this was the inevitable barking of dogs; I don't mean the noisy, harsh barking of the dogs of the neighbourhood, but that of dogs living two or three miles away. Close at hand there was the singing of my own canaries, a beautiful enough sound at the right time, but a deafening noise in the early morning. Nor was this all, for there was the cooing of doves, and the shriller double note of the peewits. Also there was the occasional bang as a careless milkman dropped the lid of his wooden box, instead of closing it gently as any considerate man would do. Added to all this was the cloppity-clop of the horses' iron shoes on the cold metal roads, and the distant crunching, rumbling sound of a milk-cart turning a corner somewhere.

Have you ever noticed this din? Wake up to-morrow early and listen carefully; but don't listen too carefully, as I did this morning, with the natural result—it sent me to sleep again.

POETRY.

A SONNET.

The inspiration came the other night:
 My mind raised up the deepest of my soul.
 There could I hear the sweet melodious roll
 Of verses, and there shone poetic light.
 And yet to grasp those verses, not the might

Of all my mind could aid me, nor control
 The glorious writings of that fading scroll,
 That vanished ere they half appeared to sight:
 And I have seen a beetle in a stream
 Clawing the waters, held by twigs and mud;

While through the grasses round, with
calm supreme,

A breeze played, heeding not the vic-
tim's blood.

Such is the suffering of the man, I deem,
Who sees the river, but cannot taste
the flood.

J. HOLME.

**A SONNET TO THE PASSAGE OF
CLOUDS OVER THE MOON.**

The night wind raged, clouds filled the
vault on high—

I gazed, and lo! the night was at its
noon.

High from the zenith shone the gibbous
moon,

But fitful glowed the empress of the sky,
Hidden by broken clouds, all scudding by,

Which now her orb did free and now
festoon;

And golden, placid o'er the winds' wild
crown,

A halo lit these clouds, that east did fly.
Then mused I, as I saw this wondrous
sight,

If man's primaeval ancestors of old,
Peering from out their caves on some
bleak height,

Drawing their skins around their bodies
cold,

Were awed as they beheld that halo bright,
And struck, as I, with wonder to behold.

J. HOLME.

A CAMP BY THE BLUE LAKE.

Awakened by bird calls, at daybreak,
We rise up both healthy and strong,
And go to the bank of the blue lake,
And sing while we're going along.

The lake is now rosy with sunbeams:
We near it at dawning of day,
And waking to life, all the bush seems
To chase the night shadows away.

Then into the lake with an uproar,
A cheering, a splash, and a shout,
A swift race across to the far shore,
Before it is time to come out.

Then after the swim comes some hiking,
Through bush, over mountain and crag,
Which programme is all to our liking,
And no one would loiter or lag.

At evening when camp-fire is glowing,
The moon weaving magical spells,
And night her romance is bestowing,
Then each one his best stories tells.

**THE CALL OF ROMANCE.
(A South Sea Day Dream.)**

On an isle where misbehaving
Natives wouldn't worry me,
And where coco-palms were "waving"—
It is there I fain would be.

In the blue lagoon we read of,
I would have aquatic larks,
Meanwhile taking watchful heed of
"Dorsal fins" attached to sharks.

To my leaf-hut then retreating,
I would slumber in its gloom,
Lulled by sound of "wavelets beating,"
And the "distant breakers boom."

"Breadfruits" I would gather later,
And I'd lunch in Crusoe style;
Then refreshed, explore the "crater"
Always found on such an isle.

Maybe, to divert my leisure,
Some "gay parrot" I would tame,
Feeling the accustomed pleasure
When it "learnt to call my name."

Soon my energies I'd muster
Dredging in "pellucid" deeps;
"Priceless pearls" possessing "lustre"
I'd collect in shining heaps.

Hunting I would have, and fishing—
"There'd be none to say me nay";
Joys for which a fellow's wishing
Would be mine from day to day.

Though there might come "gales terrific,"
Overturning rock and tree,
On an Isle in the Pacific,
I repeat, I fain would be.

But, alas! the vision rosy
Fades away, and here I am
Fagging fiercely at the prosy
Tasks connected with "Exam"!

J. G. D.

NOMEN VEL NOMINA.

Listen, gentles, I pray, to this sad little
lay,

Which tells of the toils that lie hidden
In the last final say on the christening-
day,

When sponsors do what they are bidden.
I sing of a mother, like many another,
Whose mind ran on house decoration,
And had found a fine name with a sound
and some fame

On a tin when she planned renovation.
I sing of a father whose tastes ran the
rather

To Shakespeare, and things of the
garden-beds,

And who thought much of slips, and
borders, and thrips,

And who in the Forest of Arden weds.
I sing of a third, who was born, so I've
heard,

To the father and mother aforesaid,
And was named on the day in the regular
way,

As ecclesiastical law said.
Now when she was born, on this maiden
forlorn

There twinkled a planet malign,
For they called her Ophelia Calceolaria
Rosalind Kalsomine. C. E. B.

IN PALACE GARDENS, SYDNEY.

This is the tale that was told to me
At the fountain's edge, betwixt lunch-
and tea,

Where Captain Phillip looks out to sea.

Each morn while we are in our beds,
The breeze that blows o'er Sydney Heads,
And brings the rosy-rising dawn,
Flutters the cobwebs on the lawn,
Where Puck and other such small fry
Hang out their bathing-suits to dry.

Titania, the Fairy Queen—
By mortal eyes so seldom seen—
Sits combing out her golden hair,
Away on Dame Macquarie's Chair;
While her maidens seek for the downy
stuff
Which fairies use for a powder-puff.

Then, ere the kookaburras wake,
The fairy crew their baggage take,
And on rose-leaf ferries sail right away
Past Garden Island to—who can say?
For such unbelieving folk we've grown,
That they never appear when the dark
has flown.

By azalea pink and wistaria blue!
The tale that I've told is quite strictly
true—

The Captain told me, and he'll tell you.

DEBATING.

During the past term the Debating Society has enjoyed a most vigorous and successful season. Both in the number of those who participated in the weekly discussions and in standard achieved by the School representatives we have cause for congratulation.

The informal debates early in the term revealed that there were several speakers whose ability was such that they could be regarded as candidates for places in the School team. In such circumstances the choice of representatives was a matter of some difficulty, but ex-

perience has proved that the choice of Tribe, Steed, Paynter, and Parsons was a wise selection.

Although at the opening of the series the team did not appear to be a formidable combination, such was the assiduity of the speakers, and so marked was their progress, that they won several successive debates and carried us into the final round. For this feat they deserve the greatest credit.

That the series of competition debates was more exciting than is usually the case is made clear by the following summary:—

June 27th, against Newington College: "That the control exercised by the State of New South Wales is desirable." Lost.

July 18th, against The Scots' College: "That modern publicity methods are harmful." Won.

July 25th, against Riverview (impromptu): "That the time given at present to study of the classics in the schools of New South Wales is

desirable." Won.

At this stage each of three schools had won two debates, which necessitated a series of semi-final contests.

August 1st, against Riverview (impromptu): "That there is more to hope than fear from the progress of science." Won.

August 6th, against Newington College (impromptu): "That it would be in the national interest if there were more work and less play in the Great Public Schools." Won.

In the final debate we affirmed, against Sydney Grammar School, "That the industrial revolution has increased the sum of human happiness." The contest revealed the high standard to which G.P.S. debating has attained. Our opponents, showing both a capacity of dealing with the arguments as they arose and a knowledge of the arts of presentation, gained the adjudicators' award. We congratulate the "Grammar" team on their meritorious victory.

N.H.S. NOTES.

The work of the Society this term has been mainly confined to instruction of new members, and further arrangement of the collection. The Society's thanks are due to several people for their very generous gifts. Many boys have been willing to bring various specimens which they have collected round the School grounds, at home, or elsewhere. Every specimen is of value to the

collection; boys are asked to bring any they find to Mr. Radford, or to any members of the Society. Of the larger donations, particular mention must be made of the very generous gift of a collection of South African butterflies from H. G. S. Begbie, Esq. The Australian Museum has promised us a small collection of shells, minerals, and invertebrates, such as corals, sea-stars,

etc. We are very grateful to them for their offer. The gift of some New Guinea butterflies has enabled us to study the different butterflies in South Africa, New Guinea, and Australia.

So far this term we have only had one lecture. On August 6th Mr. Gurney, State Entomologist, gave us a very interesting talk on "Insect Life." He showed us numerous slides illustrating the anatomy of the different orders of insects, and explained the life and habits of many of them. We are grateful to Mr. Gurney for giving up his time to come and speak to us, and giving us

such helpful information. Before the end of the term we also hope to have a talk from Dr. Nicholson, of the Council for Scientific and Industrial Research. He has promised to give us an address on the photographing of insects.

These next holidays specimens of all kinds will be plentiful. Do not come back next term and say, "I saw such a funny insect during the holidays. What was it?" Bring it back with you. We shall then have another specimen, and may be able to give you some information about it.

THE SCHOOL CONCERT.

This took place on 11th May in the Dining Hall. The next noteworthy fact about it is that it was timed to begin at 8 o'clock, and in defiance of all amateur entertainment traditions it actually did so. That was a good beginning; and when the curtain went up to reveal Mr. Debenham's horde of niggers, we all said Oo! and settled down to enjoy ourselves. Next we tried to pierce the disguise with which the pregnant enemy had done so much to hide, and possibly in some cases to enhance, the good looks of our friends. Massa Johnson of course we knew. As a certain Cabinet Minister said of someone else, he "learns us" to sing hymns in Chapel. Then we spotted Brother Tambo for the man who

makes us write out our Physics definitions. And when the coloured spot-light shone on the spectacles of Brother Daniel, people in Division 3b made hasty vows for amendment of life, so portentous—glamorous, some would say—was the effect.

First of all we sang the School Song. This is a thing which should be done either well or not at all; and this time it was a poor affair. The words should be known so well that the singers can look at the person beating time, for a piano is not enough to gather up and steady a straggling five hundred voices. Then there was an opening chorus in the best traditions of Carolina vaudeville, followed by a sort of mixed grill of nigger melodies. Right from the start we saw that

we were in for a good thing. Everything went with a snap, and everybody, both on and off the stage, seemed to be having a jolly time. Not for nothing were those long continued rehearsals which we had all been observing during the term.

The "Torch-Bearer" is not going to say who did what in that hour or so of hilarious joy; the performers were shrouded in a decent anonymity, and we respect it. But all were good, some were excellent; some items were delightful, others were a revelation of unsuspected powers, others again gave us a pain across the short ribs, for paroxysms of helpless laughter affect "Mr. Torch-Bearer" in that way. One thing we must say: there was a horse. It was, so the programme assured us, owned and trained by Mr. I. F. Jones, whom we had never suspected hitherto of following what the newspapers call "the sport of kings." It was a horse bred in the light that never shone on sea or land, a horse whose ancestors came from Hy-Brasil, and it was bestridden by one Brother Bones. We hope to see the noble beast again.

The second half of the concert consisted of a play, "The Tragedy of Bullmore Castle," written by Norman Pickering and produced by Mr. Grigg. It was a good little play, a medieval burlesque, but it would have gone better if it had been put on before the nigger

troupe had taken heavy toll of our laughter. To the writer of this account, the point of most interest was that we have reacquired the habit of having a School play, which we should never have lost. Some of the players did not remember that the first essential in an actor is that his words should carry to the back of the theatre. But the gusto with which they performed their parts, and their costumes with that touch of the unexpected which is, we are told, one of the ways in which genius differs from mere talent, to say nothing of the pity and terror inspired by the plot, went a long way to atone for the inexperience of the players. We want to see them again. Especially do we want to see the prompter in a part that will not keep him tied to a table, Jipp the Jailer in a part where his young life is allowed to develop on happier lines, and the two lovely ladies in a play where the course of true love finds a smooth track, at least towards the end.

Now, will the organisers of and performers in this concert please note two things: one, that they had a really good audience; and two, that the audience thoroughly appreciated their efforts; and will they please give us another concert at their earliest convenience?

In connection with the School concert, it occurred to a person present whose sense of humour has

been depraved by the reading of many School Essays that there were references in the poets to some of the performers. Thus:—

Massa Johnson (at rehearsal) :

“Out o’ tune, sir, ye lie.”

The Company :

“Clothed in white samite, mystic, wonderful.”

Brother Bones :

“A horse, a horse, my kingdom for a horse.”

Brother Rastus :

“A fool, a fool, I met a fool i’ the forest.”

Brother Daniel :

“Very sweet and contagious, i’ faith.”

Brother Tambo :

“I’ faith, thou wast in very gracious fooling.”

Brother Sambo :

“Sport that wrinkled care derides,
And laughter holding both his sides.”

The Princess Isolda :

“Yes, we have no bananas.”

“Two lips, indifferent red.”

Her Lady-in-waiting :

“A daughter of the gods divinely tall,
And most divinely fair.”

Beowulf :

“The course of true love never did run smooth.”

Jipp the Gaoler :

“Two massy keys he bore.”

The Moon :

“Hesperus entreats thy light,
Goddess, excellently bright.”

The corpses at the fall of the curtain :

“Thick as autumnal leaves that strew the brooks
In Vallombrosa.”

CADET NOTES.

Special Parade.

Brigadier J. M. C. Corlette, C.M.G., D.S.O., V.D., Administering Command 1st Division, and Lieut.-Col. H. D. Wynter, C.M.G., D.S.O., G.S.O. 1st Division, favoured the Corps with a visit on Friday, August 19th, and very kindly judged the Annual Platoon Competition which was held on that date.

At the conclusion of the competition, Brigadier Corlette presented their Commissions to Cdt.-Lieuts. I. G. Esplin and D. M. Cowlishaw, and afterwards addressed the Corps. Brigadier Corlette, after passing complimentary remarks on

the work he had seen, said that men who had had the advantage of early training and discipline were particularly valuable in the Militia, and urged the Cadets not to forget, after they had left school, their duty in respect of national defence.

Many parents and friends, by accepting the invitation to be present, contributed largely to the success of the afternoon.

The manner in which the Platoons were handled by their commanders, the very evident determination of each Cadet to do better than his previous best, and the smartness of the turn-out are regarded as highly satisfactory.

The programme, which included a certain amount of ceremonial, was the same as last year's. As then, each Platoon Commander handled his platoon throughout, except that the Platoon Sergeant gave the orders for the test in Arms Drill. No. 3 Platoon did not compete, but gave a demonstration in Lewis Gun handling. The result shows that there was not much to choose between the platoons:—

Corps Functions.

Examinations and matches set standards, add zest, and provide tests in lessons and games. By these means is attainment measured and flagging interest spurred.

The Corps has in the first term the Kirby Shield Competition on the Show Ground against squads from other corps; in this term the Internal Competition, the Platoon Competition mentioned above; and in the third term an Inspection plus a demonstration of the normal training parade.

These events are to be regarded as something more than on the surface they appear to be. They test, they add zest, and they set standards. Old Boys should come to see whether the standard is being maintained.

Examinations.

The rank and file had a busy time this term acting as the material for candidates for promotion to practice on and to be examined on.

Two examinations were held, one for promotion to the rank of Sergeant and the other for 1st appointment to the rank of Cadet Lieutenant or promotion to the rank of Warrant Officer. In the latter, Capt. Marlan, Staff Corps, Adjutant of 17th Bn., again represented Brigade as President of the Board of Examiners. A satisfactory standard was attained by the majority of the candidates.

The appointments of the Cadet-Lieutenants have not yet been gazetted, but the promotion of the W.O.'s has been effected.

Shooting.

The Corps once again won the right to represent the State in the Earl Roberts Imperial Cadet Trophy Competition.

The Miniature Range has been utilised continuously.

Teams representing the Corps competed in the 11th Annual Meeting of the Militia Rifle Clubs' Union. (See Rifle Shooting.)

Small Arms Course.

"A" Coy. spent the 10th May on Long Bay Range firing Table A (Rifle), which was completed. No. 2 Pl. completed Table L (Lewis Gun). The best results are recorded below.

On Thursday, August 25th, "B" Coy. fired Table A.

RIFLE SHOOTING.

On May 14th a team representing the Corps won, for the third successive year, the right to represent New South Wales in the final of the Earl Roberts Imperial Cadet Trophy Competition, which will be shot in September. The conditions of the match are: Five shots application, at 500 yards; five shots fire with movement, from 500 to 100 yards; five shots rapid at 200 yards; and five shots snap, also at 200 yards. Our total was 217, Sydney Grammar School being second with 210. Cdt.-Lieut. I. G. Esplin was fire-director. The team and scores were:—

Name.	500				Total.
	Yds.	F.W.M.	Rapid.	Snap.	
Sjt. D. L. Watson	19	16	18	17	70
Cpl. J. Sheaffe	4	12	10	14	40
Cpl. J. P. Lyttle	14	15	16	8	53
Cdt. S. Duddy	15	9	18	16	58

The possible score at each range was 20, making the possible for the whole match 320.

On the 4th and 6th of June, members of the Corps took part in the Annual Prize Meeting of the N.S.W. Militia Forces' Rifle Clubs' Union. Although there were no outstanding individual performances, the teams from the School did better than last year. In the Merris (7 rounds application at 300 yards), the "A" Team came second to S.G.S., being defeated by only 6 points. Three members of the team scored possibles, viz., Cdt.-Lieut. Esplin, Sjt. Calman, and Sjt. Watson. The team and scores were:—

(Possible, 210.)

Cdt.-Lieut. Esplin (Captain)	35
Sjt. R. H. Hodgkinson	28
Sjt. Calman	35
Sjt. Watson	35
Cpl. J. P. Lyttle	34
Cpl. J. L. Holme	32

Total 199

In the Pozieres (10 rounds snap at 300), the Team shot well to fill ninth place, with a total of 80 points out of a possible 120. Sjt. Watson scored a possible. Teams and scores:—

	Hits.	Pts.
Cdt.-Lieut. I. G. Esplin (Capt.)	7	= 14
Sjt. D. L. Watson	10	= 20
Sjt. L. D. Calman	7	= 14
Cpl. J. P. Lyttle	6	= 12
Cpl. J. L. Holme	6	= 12
Cdt. S. Duddy	4	= 8

Total 80

In the Lone Pine, the School Team was unplaced; but in the final match, the Bullecourt, the Team survived three rounds of the elimination contest, being one of the final 16 teams.

At a meeting of the Sports Executive, held on 10th May, D. L. Watson was elected to the Shooting Subcommittee.

This term we started under a distinct disadvantage; there were only a few members of the previous year's teams to act as coaches, and we could not shoot on the first few Saturdays owing to our being unable to arrange for sufficient ammunition or transport. However, a

permit to use the School 'bus was granted, and things settled down to their normal routine.

The Miniature Range Test has long been considered unsatisfactory, and so this year, owing to our having records of the Corps shoots, we were able to judge the boys' ability without using the miniature range, except in a few cases. This saved a great deal of trouble.

The House matches were shot at (Chatswood Range on Saturday, 23rd July; the weather was excellent. Conditions of the match were teams of four men from each House, each to shoot 7 shots and 2 optional sighters at 300 and 500 yards. Considering that it was only the second time we had used slings, some of the scores were excellent, and our prospects for the G.P.S., in spite of the lack of experienced men (as previously mentioned) seem very bright. Robson House, the winners, shot consistently throughout, and we extend our congratulations to them. Barry was second, and School third; Hodges, with an equal total, were placed fourth, owing to having the smaller total at the longer range. Teams and scores were:—

The conditions of the G.P.S. matches have been considerably altered, and the following is the revised set of conditions:—Rawson Cup: Seven shots and 2 optional sighters at 300 and at 500 yards. N.R.A. Shield: The same as before, viz., 10 shots and 2 optional sighters at 500 yards. Buchanan Shield: Eight shots and 2 sighters, not to count, at a 22-inch snap disc; range, 300 yards; each exposure 3 secs., with 4 secs. between each exposure. Also 2 sighters, not to count, and 10 shots rapid at 200 yards; time limit, one minute; rifle unloaded and at the order, until the command "rapid fire"; bulls and inners to count 3 points, and magpies 1 point. The match for the 2nd teams is unaltered.

The following boys have been chosen to go to Shooting Camp this year:—Esplin, Watson, Locke, S.

Duddy, White, Lyttle, M. Duddy, Thompson, Holme, Burnell, Calman, Johnston, Pockley, Sevier, Burrell, Haskins, Lightfoot, Robertson, Truscott, Wilson, Travers, and Read.

Several Old Boys have come out to the range with us during the term, and their assistance has been

very valuable. We take this opportunity of thanking them, and also of reminding all Old Boys that they will be very welcome should they choose to pay us a visit in Camp, which will be at the Long Bay Range again this year, from September 12th-17th.

ROWING.

G.P.S. Regatta, 1932.

The Regatta took place on May 4th and 7th, and accordingly it was not possible to include the results in the last issue of "The Torch-Bearer." Viewed as a whole, the rowing season was enormously successful, in spite of the fact that we won none of the three finals. The crews will retain the most pleasant memory of their training period. The camp was a most harmonious one—particularly after the gramophone was broken—the standard was very high, and the enthusiasm as great as ever. The junior crews achieved marked success, all of our crews entered the finals, and all performed with great credit. We should want little more. Had we won, we should have been elated; however, although the eight was a really first-class School crew, it was its fate to meet a crew which was a little better. We congratulate St. Joseph's: they have been very close to victory on numerous occasions in recent years, and have richly deserved a win.

The weather for both heats and finals was wonderfully good. The heats of the second fours were rowed first. Our crew won very comfortably, but it was apparent from the result of the second heat that the opposition in the final would be much stronger. The heats of the championship eights showed clearly that St. Joseph's College and our own crew were far better than any of the others. Both won very easily by four lengths or more,

in times which were approximately the same. Our first four rowed with determination, and was only narrowly beaten in its heat; its form was not quite its best, and we believed that it would do well in the final. The School was alone in having all three of its crews in the finals.

The morning races on the Saturday produced the usual keen racing. The conditions for these races can never be quite just, as the crews are spaced over the width of the river in a spot in which the tide is strong and variable. The races are great fun, however. Our junior crews deserve great credit for their performance. It is a matter for regret that Mr. Robinson is no longer with us. He did splendid work with the junior fours in company with Mr. Martin; he had the satisfaction, however, of seeing his crews win their races yet again.

The weather for the finals was again wonderful. The High School second four was a very powerful one, and won easily from St. Ignatius, with the School in third place. Our four was a light one, and has every reason to be pleased with its performance. The first four again failed to produce its very best form, but rowed with determination; the St. Joseph's four was a very good one for this race.

The final of the eights was, as anticipated, entirely between St. Joseph's and

the School crew. At Putney, St. Joseph's had a lead of almost a length, and Grammar and King's were feeling the pace. Our crew was not rowing quite its best form, but the difference was mostly that which would be expected in a stern chase. They challenged St. Joseph's again and again down the course, without once letting up. About 400 yards from the finish they succeeded in drawing almost level. However, St. Joseph's maintained really fine form and power, and were always able to hold off the challenge. They won by about half to three-quarters of a length from the School. The other two crews were at least eight lengths away, and were not in the same class.

It is difficult to compare crews from year to year. We have in recent years had none which were stronger or better conditioned, and few which were capable of better form. All were powerful, sound oarsmen, but some would have been better placed in other seats, had circumstances permitted it. Esplin's stroking in practice and in the races was very good indeed. Cowlshaw filled exceedingly well a seat for which his convex mould is less suited than the 3 seat. Page also was a most honest and powerful worker, whom one would like to have seen in the 4 seat. Sinclair was once more a very reliable captain, and an untiring worker. The new men in the crew all fitted well, and deserve great credit for the manner in which they assimilated the science of the game. The St. Joseph's crew was a powerful one physically, and rowed regularly with a rhythm which we were only able to equal on our best days. May all our races be as good ones!

From last term's "Torch-Bearer" was omitted mention of thanks to Mrs. Russell Sinclair for the gift of the bow flag for the Eight; also thanks to Mr. Randall Carey for his kindness in conveying coaches and members of crews from the School to the Boat Shed; to D. Phillips for a donation of books, which were sold,

the proceeds helping to swell the Boat Club funds; and to Mr. Broinowski for metal treatment of the riggers of the VIII. and the two IV's.

The results of the heats and finals are as follows:—

FOOTBALL RETROSPECT.

Despite the youthfulness of the majority of the team and an unusual crop of serious injuries, the XV. did well to come second (tie with High School) in the G.P.S. Competition. Throughout the whole season they played sound football, at times were brilliant, and were always virile. With seven of last year's fifteen back to form what looked like a solid nucleus, it was disconcerting to lose Taylor, who was showing fine form as a centre, with an injured ankle. Then Sinclair went amiss, and Cowlshaw broke his collarbone in the first competition match. We were more fortunate

in the matches themselves, though the loss of Vincent, a sterling half, was felt in the last three matches. Watson, Kierath, West, and Puffett were the remaining "colours," and these led the new recruits. All members of the team were terrifically keen, and good team work stood to them where individual brilliancy was lacking. No player ever shirked his job, and Watson captained the team admirably. The practice matches proved a good augury, as we defeated King's (12-nil), Grammar (21-3), Newington (10-3), Technical College (11-3), and held St. Joseph's to two tries

with 17-6. In competition matches we were successful against Armidale (38-3), Scots (12-nil), King's (29-11), Newington (15-5), High (11-8), Grammar (23-11), and lost to St. Ignatius' (6-14) and St. Joseph's (21-nil). We congratulate the latter on winning the Premiership. We held them to nil all for half an hour, but their superior weight and pace wore us down, and really good football did the rest. At no time, however, did the Shore team "let up"; they played with spirit right up to their weight and experience. We have to thank Mr. A. B. S. White for entertaining the XV. at the University Club at the end of the season.

The School was well represented in the Combined G.P.S. trials. In the backs West, Pufflett and Wansey, and in the forwards Watson and Kierath were selected, Hodgkinson and Lyttle being emergencies. In Combined Schools' 1st XV. versus R.M.C., West, Wansey and Kierath gained representation, all playing well; whilst Watson captained the Schools' 2nd XV. against Hawkesbury College. Both teams won.

The 2nd XV. won three of the seven matches, being narrowly defeated in two games (Scots 9-8 and Grammar 3-nil). They were beaten by definitely superior teams in King's and St. Joseph's (11-6), though their game against the latter team was a splendid effort. The standard of their forward play was good, that of the backs patchy.

The 3rd XV. won five matches,

and came third in the competition. Their forward play was exceptionally good, but their backs suffered many dislocations and were not so good.

Of the other teams, the 5ths, 7ths (under 15 years), 9th and 11ths (under 14 years) did particularly well, the under age "A" teams being beaten once only. There is good material here in both forward and back divisions, but in most of the fifteens there is more promise in the forwards. The junior teams, however, had a really good year, thanks to keen coaching.

Details of the matches are given below:—

S.C.E.G.S. v. S.I.C.

(Lost, 16-6.)

Team: Buckham, West, Merrett, Marris, Pufflett, Wansey, Vincent, Swift, Kierath, Travers, Hodgkinson, Hannaford, Watson, White, Cowlshaw. Taylor was absent, and was replaced by Merrett.

There was a light nor'easterly blowing when Shore kicked off. Riverview immediately attacked strongly, and for a while Shore were penned in their 25. 'View then received a penalty kick, which, however, they failed to put over. Their forwards at this early stage were winning the ball from scrums and rucks, and they kept up the pressure. From a scrum the ball travelled along 'View's backs to the outer centre, who cut in to score near the posts. The try was not converted. 'View again attacked, but the ball soon travelled down to their 25 where, from a ruck, the ball was passed along to Pufflett, who ran hard to score in the corner. The kick just failed, hitting the cross-bar. Score, 3 all. From the kick the 'View forwards rushed down on the ball, and, playing hard, kept the ball in our 25, till

Cowlshaw pushed his way through the opposition and passed to Marris, who, taking the difficult pass well, brought the ball into 'View's territory. Here we received a free kick, and Buckham raised the flags with a splendid effort. Score, 6-3. 'View now attacked hard, but Buckham relieved again and again by excellent taking and line kicking. Wansey, West, and Vincent were also prominent in defence. Then 'View, whose forwards were still superior in the scrums, got the ball out to the outer centre, who again broke through to score between the posts. This try was converted, and 'View took the lead—8-6. 'View kept up the pressure, and Shore was hard put to it to keep them out, Vincent and Buckham saving with good line kicks. Their centres, however, were continually breaking through, but half-time came with no addition to the score. During this half the ball had been in our territory for the greater part of the time. They also received a lot of free kicks through off-side.

In the second half there was no alteration in the score till about a quarter of an hour before full time, both sides defending well; but unfortunately for us, a few minutes after the start Cowlshaw was injured and had to leave the field. For the first twenty odd minutes, however, the ball went from one end of the field to the other, first one side then the other attacking. Although 'View forwards still got the ball more than ours, our breakaways, ably supported by Vincent, managed to prevent their backs from coming into action; but Cowlshaw was badly missed. Shore started off by attacking strongly, and 'View had to force, Puffett making an excellent run. 'View now attacked, and Shore forced. The ball then came back into mid-field, and Buckham had three attempts to kick goals from free kicks, all of which unfortunately failed, two very closely. Shore attacked strongly, but could not score. 'View then attacked, and the backs, running and passing well, broke through for Tully to score between the

posts. The try was converted. Play then went from one end of the field to the other by excellent kicking on the part of the full-backs. Puffett also did some very good takes and line kicks. Then Shore received another free kick, which, however, missed. Just on full time 'View attacked hard, and Tully again scored. They failed to convert, leaving the final scores 16-6.

Of the forwards, Watson and Cowlshaw (until he was hurt) played excellently, and did much to prevent the opposing backs from getting going. Kierath also played well, though the 'View forwards were, however, superior. Of the backs, Buckham played an excellent game, Puffett and Vincent also playing well. The opposing centre, Tully, who scored three tries, was too quick for Merrett, who did not play up to previous form.

S.C.E.G.S. v. Newington.

(Won, 15-5.)

Played July 9, 1932.

Team: Buckham, West, Marris, Wansey, Puffett, Lyttle, Vincent, Olive, Kierath, Swift, Hannaford, Hodgkinson, Watson, White, Travers.

There was quite a strong westerly when Shore kicked off. For some time the ball remained in mid-field. Shore's forwards, however, were winning the ball from scrums and rucks, and the ball was forced into Newington territory. Then from some loose play the ball was passed to West, who ran well to score in the corner. The try was not converted. The ball was in the centre for a while, when Vincent dummied his way through and took the ball almost to the line, and the forwards, led by Watson and Kierath, took the ball at the toe, till Travers picked up and scored. This kick also failed. Score, 6-0. Shore forwards were still superior and were winning the ball from the majority of the scrums, rucks, and line-outs, though Newington breakaways were doing good work. Then from a ruck the ball was passed to Marris, who

beat the opposition to score a good try near the corner. Once again the kick failed. Shore kept up the pressure, and Newington were lucky to force. Play now went from one end of the field to the other. The half-time whistle blew with Shore attacking, the score being 9-0.

In the second half, though Newington played better, Shore were still superior in all departments of the game, the forwards winning three times as many scrums, rucks, and line-outs as they lost. Play was in the centre for a little while, then Newington, winning the ball from a scrum, it was passed along the backs to the inner centre, who ran trickily to score between the posts. This try was converted. Newington again attacked strongly, but gradually the ball was taken down to their territory. Soon, however, they cleared, and a forward rush brought the ball right down to our line, where we were fortunately awarded a free kick. Travers, following hard on the kick, took the ball on the full and brought it down to half-way. We were now awarded another free kick in Newington territory, which Buckham put over. Play went from one end of the field to the other, first Newington then Shore defending hard. Then from a ruck the ball travelled along the backs to Puffett, who ran hard to score in the corner. The kick failed. Newington now attacked hard, but good tackling and kicking kept them out, and the full time whistle went with the ball in mid-field and the scores 15-5.

Of the forwards, Watson, Hodgkinson, and Swift stood out from a good pack; the backs showed better form in attack, and particularly in defence. The team work on the whole was good.

S.C.E.G.S. v. Scots College.

(Won, 12-0.)

Played July 16, 1932.

Team: As against Newington, except that Travers replaced Clive in the front

row of the scrum, and Langby came in as breakaway.

The match opened sensationally. Shore kicked off, and the forwards, being well up on the ball, the Scots man was caught in possession. From the scrum which followed the ball was passed out to Puffett, who came in from the wing, beat Scots five-eighths, and dummied his way over near the posts. Although there was no wind, the kick failed. Scots kicked off, and for a little while pressed hard, taking the ball into our 25. However, from a scrum Vincent got the ball and passed to Lyttle, who, with a good line-kick, gained about thirty yards. The teams were warming to their work, and play became very fast. Generally, however, our forwards were getting the more of the ball. Play went from one end of the field to the other. Then Shore attacked hard, and a weak kick gave West his opportunity, and, running at full speed, he took the ball and beat all his opponents to score a beautiful try in the corner. This try was not converted. Scots came back to the attack with a will, but Shore were tackling splendidly, and gradually the ball was taken down the field again, where we were awarded a free kick, which, however, failed. From now to the end of the first half Scots had the ball in Shore territory, but despite their efforts, Shore's determination, hard tackling, and good kicking kept them out. Scots received a good many free kicks, and at times it seemed that they must get over; but Shore's forwards would fling themselves desperately on the ball, and the backs, each one getting his man, they managed to keep Scots out till half-time.

The second half was very different; although Shore scored only another six-points, they were always on top, and most of the play took place in Scots territory, our men winning rucks, scrums, and line-outs. Scots kicked off, but immediately Shore forwards, taking the ball at the toe, brought it down to Scots 25. From here we received a free kick near the

posts, which Langby put over. Scots now attacked, but Wansey started a good movement which took the ball back to mid-field. Shore attacked, Wansey again being prominent, and Watson, Kierath, Travers, and Swift led a good dribbling rush which took the ball down to Scots 25. Scots were now defending desperately; first Wansey, then Lyttle, Vincent, Puffett, and Watson, were stopped inches from the line. The crowd was on its feet with excitement as Shore made attempt after attempt to cross the line. Finally we won the ball from a scrum, and it was passed to Lyttle and then to Wansey, who cut in to dive over mid-way between the posts and the corner flag for a good try. This try also was not converted, despite a change of kickers. Shore again attacked, and Puffett made a fine run. Our forwards were definitely superior, and prevented Scots backs from getting a chance to get the ball. The full time whistle blew with Shore still well in Scots territory.

Of the forwards, the whole pack played splendidly, Kierath raking excellently. Of the backs, the tackling was good, and they combined well with the forwards. Vincent, Puffett, and West were good in attack, and Wansey and Marris very outstanding in defence. The whole team tackled well.

S.C.E.G.S. v. St. Joseph's College.

(Lost, 21-0.)

Played July 27, 1932.

Team: Same as against Scots College. From the kick off Shore attacked strongly, and for the first 25 minutes were most of the time in Joseph's territory. The ball was taken down the field to Joseph's 25, where we received a free kick near the touch line, which, however, failed. Joseph's now brought the ball back to half-way, but Shore, pressing strongly and combining well, again forced their way into the opposition half. A free kick, however, was awarded against us, and Sharman put it out right on our

25 line. Shore forwards dribbled the ball back to half-way, but another kick went out close to our line. For a time we were defending desperately, but good tackling kept them out, and the situation was relieved by a free kick, and Shore again were tackling hard, and for the next ten minutes had Joeys defending desperately hard to keep us out. Good work was done by all the forwards, who were holding Joey's heavier pack, and among the backs by good combination, Wansey and West being especially conspicuous. Suddenly, however, Buckham failed badly and gave away five points. Sharman took a free kick, and the ball went down the field to where Wansey, Buckham, and Lyttle were waiting for it. No one, however, attempted to take it, and when Buckham finally got it he ran, but gave a weak pass to Marris, the ball not reaching him, and a Joey's forward picked up the ball and scored near the posts. Shore again attacked, and Marris, taking well a particularly hard pass, should have scored, only instead of running hard he looked about him for someone to give the ball to, and he was tackled some yards from the line. Then from Joey's side of half-way Beaton secured the ball, and, passing five would-be tacklers, scored in the corner. This try was also converted. Soon after, the half-time whistle went with the score 10-0.

The second half was more in Joey's favour. Their team improved out of sight compared with the first half. Play centred about mid-field for a while, and then from a ruck Joey's secured, and forwards and backs all combining together, they scored in the corner with half of Shore's team on the wrong side of the field. The attempt at goal failed. Then from a line-out the ball travelled along to the wing, who scored in the corner. This try also was not converted. Shore now took control of things for a little while, Puffett making an excellent run along the line. Joeys, however, never relaxed, and though Shore held them in rucks and scrums, they were beaten in

the line-outs, chiefly by Elias; and for about a quarter of an hour the ball was in Shore territory. Excellent tackling, however, held them out for a while, Watson, Wansey, Lyttle, and Vincent being conspicuous; Swift and Kierath also did good rucking work. However, Joey's scored when Shore made a weak kick, Sharman gathering and passing Marris and West to score between the posts. The try was easily converted. For the last bit of the game, however, Shore attacked. First of all came a movement in which both forwards and backs combined, which was stopped in Joey's 25. Then Puffett made a determined run, but was forced out at the corner flag; and then Buckham just missed a penalty from half-way. Shore three-quarters then came again, but Puffett was again forced out, and full time came without Shore scoring.

Of the forwards, all played well and held Joey's in scrums and rucks, but in the line-outs we were beaten. They all tackled well, Watson and Travers being perhaps the best in this department. The backs were patchy at times, possibly owing to the opposition. Wansey, West, and Puffett did particularly well in defence and attack, and Marris and Lyttle were sound in defence.

S.C.E.G.S. v. Sydney High School.

(Won, 11-8.)

Played July 30, 1932.

Team: Buckham, West, Marris, Wansey, Puffett, Lyttle, Vincent, Swift, Kierath, Gilet, Hodgkinson, Hannaford, Watson, White, Travers.

Shore kicked off and attacked hard, and after a few minutes High were penalised, but Buckham missed a difficult kick. High touched down, and from the drop-out their forwards followed on hard and took the ball into Shore territory, where it remained for some minutes, Shore defending desperately as High tried again and again to take the ball over, and only exceptionally good tackling and a good

line kick by Lyttle kept them out. High, however, with the aid of a strong wind and two free kicks, kept on the attack. Then Vincent saved us for a moment with a good line kick, but we were soon forced to touch down again. Finally it seemed as though we were out of danger, for the backs got moving nicely; Wansey broke through, but served a short pass—the wind making handling difficult—and a High man snapped it up and ran well to score. The try was not converted. High again attacked, but an easy penalty kick in front of our goal failed, and Shore brought the ball up to half-way. Shore were now tackling well, and were getting into their stride, though the High backs seemed faster; and when their five-eighth kicked through, the High winger raced up and beat the full-back to score in the corner. Shore now came into their own, and for the rest of the half dominated the game. The forwards rucked better and tighter, and the High forwards did not again force their way through. The backs, too, handled better. We were awarded two penalty kicks in quick succession; the first missed, but White put over the second. Play was faster now, and continued in mid-field; then came a movement in which Puffett, Swift, Kierath, and Puffett again handled, which ended in the lastnamed going over in the corner, and Buckham put over a very difficult kick. High now attacked, but good work by White brought the ball back to the centre again, and the half-time whistle soon blew.

In the second half play started very fast, and Shore attacked hard. Our forwards were superior in the loose, though we were losing the line-outs. A good tackle by Kierath prevented High from clearing, and kept the ball in their 25. However, opportunities were missed by both sides by bad handling, but Shore kept on pressing High, good work being done by Watson and Travers; but finally High cleared, and the ball was taken down to our 25. The ball now went from one end of the field to the other, West making

an excellent run, and Kierath, Watson, and Wansey tackling well. Then the ball was kicked to Buckham, who ran a little way and kicked, the ball bouncing the wrong way for the High full-back, who missed it, and Puffett, following on hard, scored in the corner. The try was not converted. The game now became most exciting, as High tried again and again to pierce Shore's defence; Shore was in serious difficulties after Vincent was forced to leave the field with a broken collar-bone, and at one stage a High man got over but was recalled. Finally High received a free kick for Travers (now playing half) not putting the ball in straight, but fortunately for us it missed; and from the drop-out we kept the ball out of our 25 till the end of the game.

The forwards played a hard game, at times being very good; Kierath, Watson, Travers, Hannaford, and White played really well, and the others also were at times brilliant. Of the backs, Puffett and West played well, and Wansey and Marris tackled very hard. Vincent played his usual splendid game until injured. The whole team stuck to the job, and it was a meritorious win, which put us second in the competition with High.

S.C.E.G.S. v. The King's School.

(Won, 29-11.)

Played August 6, 1932.

Team: Buckham, Cohen, West, Marris, Puffett, Wansey, Little, Swift, Kierath, Gilet, Hodgkinson, Hannaford, Watson, White, Travers.

Shore again started well, and from the kick off attacked hard. Shortly after the start we were given a free kick near half-way, Buckham's effort just falling short. Then King's brought the ball out, and a good kick had Shore in their own 25. However, from a bad pass Puffett snapped the ball up, and, evading two or three would-be tacklers, beat all the opposition to score in the corner after an 80 yards run. The try was not converted. Play was now very fast, and King's forwards

and backs combining well, brought the ball into our territory, where they were awarded a free kick in front of the posts, which was put over. The ball was being thrown about a lot, and the game continued open and fast. Then came a brilliant run by Wansey: from a ruck the ball was passed out to him, and he cut through, beating the defence hopelessly to score between the posts. White converted a great try. King's, however, came again, and soon equalised, the ball being passed out to Dan, who ran very fast to score near the posts. A good kick made the scores 8 all. However, from now on to the end of the half it was definitely Shore's game. Shore soon went into the lead, when the ball was passed by Lyttle to Wansey to West, who cut through well and drew the tackle of the full-back; he then passed to Puffett, who scored in the corner. Score, 11-8. Shore were now tackling excellently and combining better than in any other game, Lyttle, Watson, and Kierath doing excellent tackles. Then after some hard play in mid-field the forwards, led by Kierath, took the ball down to King's 25, where West picked up and swerved past the full-back to score a good try under the posts. White missed an easy goal. But he soon made up for it, for right on half-time Puffett secured the ball, and running well, scored for the third time in the corner. This time White put over an excellent kick, making the half-time scores 19-8.

In the second half the game again opened very fast, and the ball went from one end of the field to the other in a series of passing and dribbling rushes. After a time Shore took the ball into King's 25, and then from some loose play Cohen picked up, and, beating several defenders, scored a fine try between the posts. White converted with an easy kick. Although in this half Shore scored 10 points to 3, King's gave a good account of themselves, and the ball spent quite a lot of time in Shore territory; but excellent tackling and splendid team work kept them from scoring. Both sides con-

inued to throw the ball about, and play therefore was still fast. Then Cohen secured, and made a good run down the line; he was forced out, but from the line-out the ball came out along the backs to Puffett, who passed in to West, who ran well to score. White again converted. King's then attacked, and were awarded a free kick in front of the posts, which was put over. King's, with the aid of four free kicks, now kept on the attack till the finish, and at times had Shore defending very hard; but hard tackling and good kicking kept them out till full time, leaving the final score 29-11.

All the forwards played well; all tackled well, rucked tighter, and combined splendidly with the backs. The backs, too, played well, Wansey being outstanding, and being well supported by all the others. Buckham showed a welcome return to form, and Cohen, playing his first match in the firsts, did very well.

S.C.E.G.S. v. Sydney Grammar School.

(Won, 23-11.)

Played August 13, 1932.

Team: Buckham, Cohen, West, Marris, Puffett, Wansey, Lyttle, Swift, Kierath, Gilet, Hodgkinson, Hannaford, Watson, White, Travers.

There was a very strong wind blowing against Shore when Lyttle kicked off, and Grammar immediately took the ball into Shore territory; Shore, however, cleared, and soon brought the ball well inside Grammar's side of half-way. There we received a free kick out near the touch-line, and Buckham put over an excellent kick. Shore again attacked, and we were awarded another free kick, which, however, failed. Play now became more open, and the ball went from one end of the field to the other; Shore, however, were generally on the attack, but Grammar were able to make a great distance with their kicks on account of the wind. Grammar were now awarded a free kick, which they put over. Shore now attacked, and, West securing, ran very

trickily from half-way to be pulled down inches from the line. We were awarded another free kick, however, and Buckham again did the necessary work. Score, 6-3. Grammar now made an effort, and had Shore defending hard; then came a beautiful movement, which ended with Grammar going over in the corner. This try was converted with an excellent kick, which put Grammar in the lead, 8-6. Immediately after Grammar forwards took the ball down, and they again scored. As Shore were throwing the ball about and Grammar were using the wind for kicking, play became very open and fast. Wansey cut through beautifully, but he was tackled by the full-back. Shore forwards were holding their own, but good line kicks kept Grammar on the attack; and the half-time whistle went with no addition to the score.

In the second half Shore had the advantage of the wind, but for a couple of minutes Grammar looked dangerous. Shore, however, pulled themselves together and took the ball to Grammar's 25, where Buckham put over his third free kick. Grammar again attacked and almost scored, but Shore again cleared, and from now on were always on the attack. Travers now did a brilliant solo effort; dribbling the ball from half-way, he took it down to the Grammar line, where he picked up and scored. White made no mistake about the goal, and Shore led 14-11. Shore again attacked, and Buckham just missed a penalty goal. The next try came from a seat move, the ball being passed from a scrum to Puffett, who came inside and ran well to score. 17-11. Shore kept up the pressure, and from a line-out the ball travelled along the backs with short, crisp passes to West, who, with Cohen outside in support, ran hard to score in the corner. The backs and forwards still combining brilliantly, now had Grammar defending desperately; they cleared, however, and brought the ball back to half-way. From a scrum the ball came out along their backs, but West brilliantly intercepted a forward pass and

left the opposition standing to score near the posts. The try, however, was not converted. Soon after, the full time whistle went, leaving Shore the winners by 23 points to 11.

FOOTBALL CHARACTERS.

Watson, D. L. (Captain, breakaway)—A fine forward; brilliant tackler, and equally good in ruck and loose. Captained the team really well. Was never beaten, and was always where required most. (Colours.)

Cowlshaw, D. (breakaway)—Played half a competition match. Good tackler, and used weight to advantage. Tendency to open play, but good forward.

Kierath, R. V. (rake)—A splendid player; raked well. A fine tackler, and always on the ball. (Colours.)

West, T. J. (wing three-quarter)—Played splendidly here; quick starter, always at top and looking for openings. Also developed sound defence. Prolific scorer. (Colours.)

Puffett, E. D. (wing three-quarter)—The most improved player of the side. Used his great pace to advantage to score in every match except one. Also developed his hands, kicking, and defence to a remarkable extent. (Colours.)

Taylor, P. C. (centre three-quarter)—Was injured just as he was coming to it. Developed a strong-bursting run, fearless tackler, and good kick (punt and place). Hands were improving. Would be a good winger.

Vincent, H. (half-back)—A splendid half. Served a quick, accurate pass, and backed up well. Equally good in attack and defence. (Colours.)

Wansey, G. (in-centre and five-eighth)—A young player who displayed great promise. Very fair pace, determined runner, quick to see and seize openings, and good tackler. With better kicking must do well. (Colours.)

Marris, B. M. (inner-centre)—Another young but much improved player. Fast, hard to stop, and splendid tackler. Hand unsafe, but with this remedied, and more experience, will do well. (Colours.)

Lyttle, J. P. (five-eighth and half-back)—Slow, but improved; very cool; serves a neat pass; fine tackler and safe kick. Played well. (Colours.)

Buckham, W. (full-back)—Slow, but very safe hands; good kick, also good place kick. Tackling sometimes "off." (Colours.)

Swift, R. (front row)—A keen player, delving into everything; good tackler and dribbler. (Colours.)

Hodgkinson, H. R. (second row)—Light for this position. Always willing; good dribbler and vigorous diving tackler. (Colours.)

Hannaford, J.—A greatly improved player; always in the thick of it. A splendid rucker and sound tackler. (Colours.)

Travers, W. H. (breakaway)—Came on remarkably. Good hands, safe tackler, dribbles well, and good kick. Anticipates extraordinarily well. With more ruggedness must have a good future. (Colours.)

White, E. S. (lock)—Our tallest and heaviest forward. Used height well in line-out to spoil and gain possession. Safe hands, and very useful place kick. (Colours.)

Cohen, E. D. (wing three-quarter)—Has pace and plenty of football in him. Can defend, and when certain of this must do well.

Gilet, P. (front row)—A hard rucking forward; dribbles well, and good tackler.

Langby, N. G. (breakaway)—Good hands, splendid kick, fair tackler (must get off feet); will be useful with harder rucking.

Colts Under 14.

On the whole, the 11ths and 12ths have had a pretty successful term. Despite the inroads of mumps, which at one time accounted for six of the team, the 11ths have won all their matches except that against T.K.S. This match was lost by trying to play unsonnd football against a good side. The forwards have proved to be an outstandingly good pack, while the backs, although very young for this

class of game; have tried to play good tactics. As most of the latter will be under age next year, a good back division should result.

The 12ths have suffered severely by losing men to the team above, and have therefore done very well to win four out of seven matches. They have shown very good spirit throughout, and some of them will make good as they grow older.

Appended are the results:—

11ths.

- v. S.I.C. Won, 6-5.
- v. T.S.C. Won, 9-8.
- v. S.J.C. Won, 16-6.
- v. T.S.C. Won, 17-3.
- v. S.G.S. Won, 21-0.
- v. S.J.C. Won, 13-9.
- v. T.K.S. Lost, 14-11.
- v. S.G.S. Won, 25-3.

12ths.

- v. T.S.C. Won, 12-6.
- v. S.J.C. Lost, 38-17.
- v. S.A.C. Won, 9-6.
- v. S.A.C. Won, 12-6.
- v. T.K.S. Won, 17-11.
- v. S.J.C. Lost, 17-6.
- v. S.G.S. Lost, 18-0.

15ths played several games during the season, and defeated teams from Mowbray, King's, and Cranbrook.

16ths played a series of games against King's, Grammar, St. Aloysius', and Cranbrook, winning several times. The

team improved greatly during the season, and most of its members were promoted to higher teams.

PREPARATORY SCHOOL FOOTBALL.

The 1932 season has been an excellent one, and we must congratulate the 1st XV. on winning the Preparatory Schools' Competition, its success being well merited. The play has been up to and even beyond the usual standard of Prep. football, the team being one of good balance, with more ability than usual in the three-quarters. With one match still to play, the 1st XV. has won 8 matches, drawn 1, and lost 1. The team has scored 224 points as against 32 scored by opponents.

The 2nd XV. have played seven matches, winning 6 and drawing 1. They have scored 73 points as against 15 scored by opponents.

Following are the results of the matches played by the 1st XV.:

- v. Main School 17th XV. Won, 65-0.
- v. Trinity Grammar School. Won, 15-0.
- v. Mosman. Won, 27-3.
- v. Scots'. Lost, 9-12.
- v. Manly. Won, 22-0.
- v. Coogee. Won, 12-0.
- x. Knox College. Won, 33-0.
- v. Mosman. Won, 22-6.
- v. Scots. Won, 8-5.
- v. Manly. Draw, 6-6.
- v. Coogee. To be played.

MILLER'S POINT CLUB.

The chief interest of Club boys this term has been centred in the boxing contests. Usually a large crowd of onlookers has gathered round the contestants, who, in some cases, have lasted many rounds.

The supply of "comics" has been well maintained by Club supporters of Shore, while the demand for them

is always keen on the part of the Club boys.

The School authorities have granted to the Scout Troop at Miller's Point the privilege of using the name "S.C.E.G.S. Own" on their Troop banner and uniforms. The Scouts are very proud of this distinction. The Old Boys of the

School are still acting as sponsors to the 9th Sydney (Holy Trinity) Scout Troop, and have given it considerable financial support.

The Parish Council has constructed a partition wall in the Club-

room. This has made an extra room, which is used by the Scouts as their den. The fireplace is used by the Scouts for the weekly camp fire.

S.C.E.G.S. BOY SCOUTS.

After careful investigation of the Boy Scout Movement in the Public Schools of England and Australia, the Headmaster decided that Scout Troops should be formed at the School. Already there are two Scout Troops, which have been meeting regularly on Friday between 3.30 and 5.30 p.m.

The first meeting, held on Friday, 24th June, at the School, was attended by nearly fifty boys, who were addressed by Dr. Moseley, a prominent Rover Leader of the Scout Movement in New South Wales. Dr. Moseley, who explained the ideals of the Scout Movement, pointed out that Scouting would help considerably in training G.P.S. boys to take their part as the future leaders of the community. Mr. Milton Boyce, an experienced Scoutmaster, who has already done splendid service in connection with the Scout Troop at Miller's Point, gave an instructive talk on the practical side of Scouting, explaining the meaning of the Scout Law and Promises.

The Headmaster approved of the following appointments, which are yet to be confirmed by the Chief

Scout Commissioner of the State:—
Group Scoutmaster: Rev. N. a'B. Backhouse.

Scoutmaster in Charge of No. 1 Troop: H. W. Grigg, Esq.

Scoutmaster in Charge of No. 2 Troop: Rev. C. T. Debenham.

Assistant Scoutmaster: C. E. Burgess, Esq.

Instructor: Milton Boyce, Esq. (Group Scoutmaster 9th Sydney Troop).

Application has been made to Northern Suburbs District Headquarters for registration of the School Troops under the district names of 1st and 2nd Waverton Troops (S.C.E.G.S.).

The personnel of the Troops is as follows:—

No. 1 Troop.

Scoutmaster: Mr. H. W. Grigg.

Assistant Scoutmaster: Mr. C. E. Burgess.

Assistant Instructors: J. F. Le Fevre, B. A. Munro.

Troop Leader: H. Pronk.

"A" Patrol—A. I. Lane (P/L), H. L. Sutton (No. 2), B. L. Geddes, A. V. Gloor, W. L. Morris, B. P. Mawby, P. Thomas, B. B. Symons.

“B” Patrol—J. F. Crouch (P/L), J. W. Hutchison (No. 2), F. J. McDonald, R. A. Lowe, D. D. Bathgate, O. M. Hunt.

“C” Patrol—G. B. Connor (P/L), P. H. Playfair (No. 2), J. A. Geddes, D. A. Williams, I. J. Mackay, A. B. Barton, J. C. Leitch, D. C. Howie.

No. 2 Troop.

Scoutmaster : Rev. C. T. Debenham.

Assistant Instructors : J. Ashley Thompson, J. Hoskins, S. D. Angus.

Troop Leader : C. S. Richards.

“A” Patrol—J. Pronk (P/L), C. F. Moore (No. 2), W. A. Pringle, H. R. Browne, J. G. Moxham, R. D. Bridges, B. P. Jay, E. B. Farr, G. R. Hewson.

“B” Patrol—R. D. Bell (P/L), F. J. Ludowici (No. 2), A. S. Clark, A. P. Tindal, A. O. Ferguson, R. S. James.

“C” Patrol—W. G. Coward (P/L), S. P. Spooner (No. 2), W. F. Munro, J. C. King, W. G. Alexander, I. G. Harvey, A. H. Fotheringham.

Group Scoutmaster :

Rev. N. a'B. Backhouse.

Instructor :

Mr. Milton Boyce.

Auxiliary Patrol (attached to other Troops).—A. G. Sands, G. G. Carr, R. H. Paxton, F. W. Johnson, P. E. Green, D. C. Williams, B. R. Mack, N. J. Reid, K. D. Green, L. A. Pockley, C. S. Hewlett, J. E. Perkin, E. D. Warren, R. B. Downes, G. H. Mackisack, K. D. Maclachlan, C. W. Prescott.

On Friday, 2nd July, the Chief Scout Commissioner, Colonel J. Maughan, D.S.O., visited the School Troops. The Chief Commissioner congratulated the School upon its

being the first of the Great Public Schools in New South Wales to form Scout Troops. The Colonel explained that the Boy Scout Movement was strictly non-military in character, that Scouting was a great game, that it brought its members into touch with God through the study of nature in the open spaces, that every Scout who lived true to the ideals of Scouting would be clean in thought and word and deed, and would be a credit to the State.

The Headmaster granted to the Scout Troops the right to use the gymnasium as a Scout hut. The building is most suitable for this purpose.

Every lunch hour members of the Scout Troops have been meeting in patrols and learning the tenderfoot tests.

Scoutmaster Booker, of Christ Church, Lavender Bay Troop; District Scoutmaster White, of Northern Suburbs District; and Rover Leader Pilcher, an Old Boy of Shore, have visited the Troops and given most valuable advice and assistance.

All members of the Troops are preparing for the Tenderfoot Test, and are hoping to be ready for the first Investiture ceremony in the School Chapel on Friday afternoon, 12th August.

Thirteen boys in charge of Rev. N. a'B. Backhouse and Mr. Grigg camped at the Baden Powell Training Camp at Pennant Hills on 23rd and 24th July. Under the direction

of Mr. Milton Boyce as Instructor, much valuable information and experience was obtained. The Headmaster and Mrs. Robson, Major Bagot and Mrs. Bagot, Dr. Moseley, and Colonel Rabett visited the Camp.

Members of both Troops wish gratefully to acknowledge the generous gifts of Mr. Ludowici and Mr. Jay, namely, two loads of tan bark for the Hut floor and two beautiful Fleurs de Lys.

OLD BOYS' UNION NOTES.

L. F. Fitzhardinge has completed his course at New College, Oxford, and will shortly return to Australia. He obtained a second-class in his Final Honours School in "Greats."

o o o o

Tom Moore, who has been coaching tennis for the last four years at schools and privately, has recently commenced a series of talks on the air through Station 2BL. These have been much appreciated by beginners and enthusiasts generally, and are in line with the new era of general instruction through broadcasting.

o o o o

Old Boys will hear with regret of the recent illness of Rev. D. Davies. However, he is up and about once again, and taking as much interest in the doings of the School as of yore. Few Old Boys realise that he never misses a meeting of Old Boys, and this includes the Committee meetings, which are held every month.

o o o o

L. H. Holden has been for more than a year at Salamoia, New Guinea, where he is flying a commercial machine on his own account.

On May 25th the following admissions were made by the Full Court of New South Wales:—Barrister: Jesse Bishop, LL.B. (Syd.). Solicitors: P. H. Allen, B.A., LL.B. (Syd.); R. G. Dibbs, B.A., LL.B. (Syd.); R. W. Keegan, B.A., LL.B. (Syd.); and Ralph Taylor.

o o o o

Norman L. Nock, who has been elected President of the Retail Traders' Association of New South Wales, is the youngest member of the Council to hold this office.

o o o o

G. T. W. Browne, H. W. Hattersley, and A. C. O'Reilly recently passed final legal examinations held by the Institute of Chartered Accountants in Australia, while P. H. Shirley completed intermediate law.

o o o o

Ralph Taylor has commenced practice as a solicitor at Tenterfield.

o o o o

The following were successful in the final Law Examination of the Commonwealth Institute of Accountants:—C. R. Kelynack, W. H. J. Kemp, W. S. Perks, J. G. Phillips, G. A. Morgan, and R. J. Hunter.

Chosen from forty applicants for the position, R. C. Cox has been appointed Shire Engineer for Dalgety Shire. He is now residing at Berridale.

○ ○ ○ ○
 F. D'A. Hixson has been in Sydney recently for a holiday.

○ ○ ○ ○
 At Cooma, S. H. Litchfield was asked to organise a Troop of the Light Horse. The movement has met with much enthusiasm, and the Troop includes several Old Boys of the G.P.S. on its roll. L. E. Litchfield is a member.

○ ○ ○ ○
 R. T. Moodie, having been appointed manager of the Bank of New South Wales at Ballarat, Victoria, was tendered a farewell luncheon by some of the Old Boys in Adelaide on July 1st. Those present included Rev. E. A. North Ash (chairman), W. H. Sheppard, Reginald Walker, C. V. T. Wells, and J. R. Barter. R. T. Moodie was the senior Old Boy in South Australia, and will be very much missed by his fellow-members.

○ ○ ○ ○
 A luncheon was tendered at the Hotel Oriental, Adelaide, on May 6th to J. R. Barter, Hon. Secretary in South Australia to the Old Boys' Union, to celebrate his recent wedding. Among those present were Rev. E. A. North Ash, Messrs. R. T. Moodie, Reginald Walker, C. V. T. Wells, and W. H. Sheppard.

○ ○ ○ ○
 Ken. Niall is acting-chairman of Goldsbrough, Mort & Co., Ltd.

The marriage is announced of Gordon Hutchinson to a sister of two Old Boys, Dr. F. A. and Rev. C. E. W. Bellingham.

○ ○ ○ ○
 Professor L. G. Melville is one of the Australian delegates to the Ottawa Conference, acting on the Currency Committee.

○ ○ ○ ○
 K. N. E. Bradfield leaves early in September for Sandgate, Queensland. Following in his father's footsteps, he will be building a bridge.

○ ○ ○ ○
 It is pleasing to see so many Old Boys continuing their sporting activities after leaving the School. More particularly is this noticeable in cricket and football, but such is the case in other sporting spheres also.

G. W. Smith has joined Randwick-Kensington Club, and has done well in cross-country running. In the N.S.W. five-mile novice championship, he occupied 15th place in a field of 108. He was first of the R.-K. competitors past the post, for which achievement he received a silver cup presented by the Club's President.

H. W. Hattersley, playing with D. M. Garland, won the play-off for the foursome golf championship of New South Wales by seven strokes, after tying in the final. Harry repeatedly thrilled the gallery with lengthy drives.

T. T. Halstead and F. R. Cooper have been scoring regularly for

Alumni football teams, while T. Moppitt is playing with North Sydney Club. Congratulations are due to H. R. Hyndes on his election to the position of captain of North Sydney first grade side. Bill Linton is also with Norths. J. C. Fletcher and R. Morgan also play with Alumni.

K. C. Harris has been playing in University 1st XV., conspicuous for his tackling. J. Chapman, J. P. Gowing, G. Cullis-Hill, F. Munro, I. A. Litchfield, and J. D. Evans were all members of teams of the same club; Gowing and Munro materially assisting the Fourths to premiership honours. J. Chapman was playing very soundly until an injury interfered for this season. He will be back next season, but will be higher up the football ladder.

F. G. Hole must be congratulated on his recent award of an Imperial Universities' Rifle Blue.

Congratulations are due to A. V. Mayne on his success in the refereeing sphere. Among other matches, he controlled the Sydney Test Match against the All Blacks, and the Victorian interstate match, as well as the N.S.W. v. All Blacks.

Several other Old Boys have taken on the position of referee, and, among others, the names of C. V. Walker, sprint champion in the 1923 All Schools' athletic meeting, R. W. Keegan, and M. Flatt appear.

A number of Old Boys took up hockey this season, with a certain amount of success.

A golf match took place on Eastlake Links on Saturday, August 6th, between Lodge Old Sydneians and Lodge Torch-Bearer, the latter winning by six matches to one. This is the second match of its kind, and is an event to which members of both Lodges look forward. Results :

A. N. Harding (T.) beat R. Bullock (O.S.)
 G. S. Blackmore lost to Dr. Brearley.
 J. Thompson beat E. L. Paul.
 L. G. Watt beat F. Mullans.
 J. W. Martin beat C. Whitmont.
 T. W. V. Read beat G. Christie.
 R. R. King beat C. V. Davis.

W. J. S. Harding and A. T. Stewart were square at the 18th, but it is noteworthy that the events at the 19th are not reported in regard to this match or any other.

o o o o

Apparently 13,060 miles means nothing in a mathematician's young life, for John Conrad Jaeger, Sydney University's brilliant Science and Engineering graduate, who won a three years' Barker Scholarship to Cambridge, has returned to his home at Chatswood on a six weeks' vacation! When he completed his studies last year he was awarded a further scholarship (for English this time), and decided to visit Australia in the interim. Whilst in Sydney he delivered a lecture to the Physical Society.

o o o o

H. K. Webb has transferred from Casino to Warren. There is a possibility of an Old Boys' Dinner being held there in the near future.

In the last issue of "The Torch-Bearer" it was stated that Noel Gullick had been shooting lions in Rhodesia, but he hastens to advise that though he had been after them he had not had the good fortune to shoot one.

o o o o

A letter from D. S. Goddard, Grimsby, Ontario, reads:—

We are now located in the town of Grimsby, which is in the heart of the fruit district, on the Niagara Peninsula. Some may be interested in the fact that Australian dried and canned fruits are proving popular up here. Even though the price is a little higher than the American product, retailers are recommending them, as the quality is right. Their place on the market has largely been due to the efforts of our vigorous and exceedingly popular Trade Commissioner in Toronto, Mr. L. S. MacGregor. We have noticed in the smaller centres of the Province that the demand for these Australian products is increasing.

o o o o

Dr. F. B. Uther has started to practice in Cobar.

o o o o

J. M. Loder has been appointed manager of Burwah Station, St. George, Queensland. He secured the position just before he received word of an appointment which the Old Boys' Union was instrumental in obtaining. He has already met a number of Old Boys up there.

o o o o

F. G. Brooks is with the C.S.R. Company at Fiji. He expects to be over in Sydney on holidays at the end of the year.

R. C. Mackay is now jackerooing on "Willara" Station, Hungerford, via Bourke.

o o o o

M. E. Lawrence is working in Wagga Shire, after graduating at Sydney University in Civil Engineering.

o o o o

A letter from Dr. Kenneth H. Broome, of Coonamble, speaks for itself:—

It may interest members to know that, in common with many other country centres, Coonamble had a gathering of Old Boys of the G.P.S. on Regatta night. This was the first meeting of its kind held here, and in spite of the fact that the idea was conceived only ten days before the event, we had an attendance of about forty. Included in these were some members of Victorian Public Schools. Old Boys of the School present were Messrs. B. D. Button, G. Brown, P. Grace, and myself. It was unanimously decided to make the gathering an annual event, and for this purpose a representative committee was elected, the School being represented by Colonel C. Fetherstonhaugh (president) and B. D. Button (secretary). Queensland and Victoria each have a representative. Next year we expect to double the number present. If we have not yet got into touch with any Old Boy in the district, the secretary would be pleased to hear from him.

o o o o

At Narrominé a Rugby Union football club has been formed, the following Old Boys being members: J. M. Scott (captain and secretary), E. Webb, R. Perry, and Jack Scott. Our informant does not state whether R. J. Kierath is playing or not, but in all probability he is in the thick of it.

A letter from R. A. Rawling, of the 1920-21 1st XI., gives us some news of Old Boys in Yass district. J. L. Rawling, of the 1928 XV., who is now senior jackeroo on "Coree," Jerilderie, recently returned from a trip to Western Australia, where he delivered some stud rams. R. H. Julius has just returned from U.S.A., where he helped to supervise the installing of a totalisator at Hialeah Racecourse, Miami, Florida. The machine, of which his father, Sir George Julius, is the inventor, met with great success. Other Old Boys in the district include Dr. N. Little, J. and E. Bucknell, Stewart Hay, Alan O. Smith, Roy Smith, W. Travers Jones, N. Eedy, and Rowley Hall. There is some talk of a reunion being arranged.

o o o o

T. T. Shadforth, of "Ravenswood Downs," Queensland, recently visited Sydney, arriving by plane from Longreach. The Union expresses its deepest sympathy to him in the loss of his father.

o o o o

A. H. Campbell, who organised the Longreach Dinner so successfully, recently visited Brisbane, hoping to arrive in time for the Dinner which was being organised in that city.

o o o o

Alec. Ralston has been overseer on "Manwelter" since the end of last year. Before attaining this position he was head musterer on "Wilshot."

R. C. Jamieson, late of "Westland," is now managing "Evora" Station, near Blackall, Queensland.

o o o o

A G.P.S. Dinner was held at Coonamble on the night of the Regatta. Details appear elsewhere.

o o o o

A most successful second annual Dinner of the Longreach Old Boys took place on Friday, July 22nd. Those present were: T. S. Armstrong, S. Zlotkowski, J. H. L. White, F. W. White, A. Taylor, F. Bell, R. Ellis, S. McNally, J. Alt, A. S. Mackenzie, H. C. Cullen, T. McKenzie, and A. H. Campbell. Four others had arranged to attend, but found it impossible to do so at the last minute.

At the Dinner, T. S. Armstrong was in the chair, and proposed the toast of the School and the Union, F. Bell responding for the School and S. Zlotkowski for the Union. The question of holding a G.P.S. Dinner instead of a School Dinner did not find favour in the sight of those present. The Dinner is usually arranged for Amateur Week, when many functions take place, and it was felt that a G.P.S. Dinner would occupy too much time and thus become unpopular. This report would not be complete without a word of praise for the energetic Hon. Secretary, A. H. Campbell. The success of all functions depends on the organisation carried out beforehand, and in this respect Longreach has a capable member.

The Masters v. Rowers cricket match has its uses. Bob Miller, stroke of the eight at the never-to-be-forgotten 1928 Regatta, and who is now at "Oak Park," Einasleigh, near Cairns, has taken up cricket, at least realising his earlier mistake in his choice of games. In a match Einasleigh v. Georgetown, he made 63 and 34. Using F. N. Bell's phrase, he must still be able to "drive her"!

The Annual Dinner held by Old Boys in South Australia usually takes place in April, but J. R. Barter, the Hon. Secretary, advises that for several reasons it had to be postponed this year, although he is hopeful that it will happen at a later date. In the meantime C. H. Mocatta, of Salisbury, South Australia, has been elected chairman for the coming year.

The Quirindi Dinner is reported by letter from G. R. Westgarth:—

The G.P.S. Dinner, held on Regatta night, was, I believe, the first one held in Quirindi, and although it was rather hurriedly arranged, about twenty-five G.P.S. Old Boys attended, and all declared it a great success. The Old Boys from the School were Jack Sheaffe, R. A. McDonald, Guy Haden, and myself. After the dinner a committee was elected, and it was decided to make the Dinner an annual event. There is some talk of a dance being held on G.P.S. Sports night each year also, but the committee will decide that at the next meeting. R. D. Gelling, an Old Boy of Grammar, was elected President and Secretary. Next year we hope to have a much bigger attendance, and make a big affair of it.

Percy Best, who rowed (2) in the 1924 Eight, has been jackerooing on Barcaldine Downs, one of Clarke and Tait's stations; and now moves on to Simerah, another of their places, near Stonehenge.

Old Boys in Brisbane attempted to arrange a Dinner during Show Week, but J. S. Mehan, c/o The Shell Company, writes to say that a suitable date could not be found.

A G.P.S. of N.S.W. Old Boys' Association has been formed at Wagga. The first annual Dinner to be held at Wagga took place on June 11th, and, in spite of the State elections, proved a great success. J. A. Brunskill represents the School on the committee. At the Dinner there were 74 Old Boys of the G.P.S. present, of which number 25 were from the School. A telegram from the Union was read, and also a letter from the Headmaster.

Annual Dinner.

The Annual Dinner of the Old Boys' Union was held in the Dining Hall at the School on Friday, May 13th, 1932, when there was a large attendance. As in previous years, men were seated in groups, as follows:—

Apologies were received from Professor Holme, Drs. F. G. A. Pockley, L. B. Heath and K. B. Voss, Messrs. W. G. B. Boydell, N. W. Carey, E. N. Greenwell, A. N. Harding, F. W. Hixson, J. M. Packer, Noel Walker, and Dudley Williams.

The usual toasts were honoured, viz., "The King," proposed by the President, Mr. D'Arcy F. Roberts; and "The School and the Union," proposed by Mr. Adrian H. Curlew. The Headmaster, Mr. L. C. Robson, responded for the School, and the President, Mr. D'Arcy F. Roberts, for the Union.

The Rev. D. Davies, Hon. Treasurer of the Union since its foundation, called on four Old Boys who were at the opening of the School, viz., Drs. H. W. Kendall and E. O. Pockley and Messrs. Branthwaite Clarke and Harold Pockley, to stand up, and they were received with a round of applause. Dr. Kendall made a humorous speech as to how he had been taught by the Rev. D. Davies, Mr. E. I. Robson (the first Headmaster, now in Melbourne), the late Mr. A. D. Hall, and Messrs. C. H. Linton and L. A. Baker.

Some musical items concluded an enjoyable evening, when many old School friends met after, in some cases, years of separation.

The second annual G.P.S. Old Boys' Reunion took place at Narromine, the attendance being very good—about ninety G.P.S. Old Boys, of whom twenty-five attended the School. The organisation was in the capable hands of R. J. Kierath, who was unanimously elected organiser for next year's Reunion. The practice of the previous year was adhered to—each boy present standing up in turn and stating his name, school attended, and year of leaving; also, if a visitor, mentioning his present abode. During the proceedings the Chairman, Mr. F. Mack, of T.K.S., on behalf of those present, expressed appreciation of the excellent work done by R. J. Kierath. Those present included T. H. Lincoln, R. L. Harvey, H. H. Braund, R. M. Hadley, J. Z. Hine, H. W. Kierath, T. M. Scott, F. M. Stevenson, R. J. Kierath, J. M. Scott, R. Perry, E. I. Webb, H. Greive, R. G. MacKinnon, B. M. Arthur, and D. Harrick.
