In our last issue we had occasion to chronicle the birth of that energetic infant, The Shore Weekly Record. This term it has been put upon a more secure footing by means of an advance subscription of one shilling for the term, and the editorial staff has perfected its technique of producing and publishing to a very high degree. To say that the paper fulfils a long felt but unexpressed; want is to take refuge in platitude, but nevertheless it is true. The Shore Weekly Record is filling a most useful place in our community, and once more we wish it well. All it needs now is a more attentive public.

\* \* \* \* \*

For many years now this School has been popularly known as Shore, though we have on official occasions used the title of Sydney Church of England Grammar School. An uneasy feeling is present with many, who think that our godfathers and godmothers in our baptism shirked the responsibility of naming this child, and merely burdened us with an orotund catalogue description in lieu of a name. The disadvantages of sesquipedalian nomenclature are manifold, one of them being that an impatient public may adopt its own term, and another being that confusion may arise in the minds of those who do not weigh words. Every day we receive letters and telephone calls meant for someone else. Only the other day the Editor of this magazine was called to the telephone to discuss with a stranger some problem of our contemporary, Lux. On the other hand. the Postal Department knows perfectly well how to deliver a letter addressed to Shore School, North Sydney. For our own part, we frankly accept the name which popular usage has conferred upon us, and, as far as this magazine is concerned, we adopt the term Shore as our normal way of referring to the School which Bishop Barry founded half a century ago.

But, of your charity, kind friends, do not deface it by the addition of inverted commas.

On Tuesday, 21st November, the announcement was made of Mr. G. A. Fisher's appointment as Headmaster of The Armidale School. Mr. Fisher joined the School staff in 1930, has been Headmaster of the Preparatory School since 1937, and has coached the 1st XV. since 1930 except for 1935, when he was absent in England.

# Chapel & Notes

The eighth Annual Service of Lodge Torchbearer was held in the School Chapel on Sunday, 1st October, at 7.30 p.m. The preacher was the Reverend Canon C. S. Hulley, Rector of St. Peter's Cathedral Parish, Armidale.

At Evensong on 13th August a tablet was dedicated in memory of Frederick Gordon Arnott.

On Friday, 20th October, an address was given by the Reverend W. J. Hudson, Principal of the Brotherhood of the Good Shepherd, Dubbo, N.S.W. The Reverend G. W. Lovejoy, a member of the Brotherhood, gave an address at the Friday morning Chapel service of the Preparatory School.

On All Saints' Day, the Reverend Leonard Sutton, Rector of St. John's, Ashfield, formerly Chaplain of The King's School, was the preacher at Holy Communion. There were 182 communicants.

Instead of the usual service on Armistice Day, which this year fell on a Saturday, special "Remembrance Services" were held on Thursday, 9th

November, for Lower School and Preparatory School; and on Friday, 10th November, for Upper School. The traditional offering of the polished pennics was made, the total number amounting to 623.

#### THE OCTET.

Owing to this term's crowded programme of activities, it has been impossible to attempt anything elaborate. Members, however, have put in much time preparing carols which, we trust, will be ready to be sung in Chapel in the last week of term. These are: "I saw three ships," arr. by Godfrey Sampson (where the air and words are accompanied by the other parts, trebles and tenors alternating with the solo part); and Walford Davies' setting of "Good King Wenceslas." The former carol is probably one of the finest of its kind.

Members also took part in a "sing song" concert given by the Prep. "50" Choir.

We shall greatly miss the services of M. Helsham, W. Robins and D. Robinson. The last named was among the original members of the Octet, formed four years ago. All three have been great assets to the Club.

### MR. J. CLARK.

Fifty-one years ago, the year before our School was opened, a great change took place in the life of a Scottish schoolboy. He became a pupil-teacher, and, while still pursuing his own studies, began to teach the younger boys in his school. In time he won his way to Edinburgh University, where he took his M.A. degree. Later he studied at the Sorbonne, in Paris, and spent his holidays listening to lectures in French. So much for his training.

Mr. Clark has had a rich and varied experience. At one time he taught in Spain the children of British engineers in the mining settlements. At another time he was in a shipping office in Buenos Aires, conducting business in a number of languages whose names sound like the roll-call of the League of Nations. Then he conducted a country school in the Argentine. Crossing the Andes, he took ship for Australia, where he has taught in Queensland, Victoria and New South Wales.

Besides this, Mr. Clark has taught both in Wales and England. At one school he conducted the choir. In fact, besides being a notable linguist, he is a very competent musician, and played the piano in the orchestra at this School which Mr. Walmsley used to conduct some years ago. For years Mr. Clark has been the mainstay of the tenors in the School Choir, and he was at one time in the New South Wales Conservatorium Choir.

For the past twenty-one years Mr. Clark has been in charge of the Modern Language teaching at Shore, and to his care some hundreds of boys owe their French and German. Now he retires to a well earned rest. We wish him many years of health to enjoy a happy leisure, and couple with the wish a recommendation: that he take an occasional walk up the hill from the Gas Company's Office to see that Shore stands where it did, and how things fare with us.

Mr. Clark is a Scot, a typical Scot in speech, in canny wisdom, in wide humane culture and interests. And with all deliberation we add this—a typical Scot in his quiet humour and his kind heart.

# DART CLUB

The Club has gone modern this term. The new Impressionist prints for the classrooms, Miss Lange's talk to the Eentertainments Club on the French painters of the nineteenth century, and the current exhibition of Modern Art from France and Britain have all had their effect. Our display boards have shown prints of the painters represented in the present exhibition of moderns, there have been examples of Impressionism in its early stages, and some notable examples of modern artistic advertisement. In comparison have appeared works of the early Italians and of the Dutch school. Room 29 is always available to Club members for painting and sketching; magazines and reproductions are available in increasing numbers.

Active members are reminded that the long holidays ahead provide a splendid chance for practising art. The Secretary will examine any work done next February. It is not too early to begin preparing for next year's Exhibition. The sooner the better.

The Club wishes J. W. Lipscomb the best of luck, thanking him for his invaluable services.

It is hoped that members will often study the fine collection of prints in the different class-rooms. This in itself would ensure a good grounding in the knowledge and appreciation of the great masters.

#### MASTERS' COMMON ROOM.

Our best thanks are due to Mrs. V. Williams for kindly lending us her excellent portrait of Mr. Minney, the well-known London sitter; and also to Mr. James Adam for the loan of a group of his landscapes in oils, with which we shall not relish parting. At least one of these has been exhibited with the Society of Artists.

Mr. Muir Auld has kindly offered to lend us some of his paintings.

On Friday evening, 3rd November, a Concert was held at the Boys' Club, Woolloomooloo, to help the funds for the poor children's Christmas dinner. The School was well represented, and it was a great success. The Shore Swingtet, the nucleus of which was born last term, provided This was followed by a play by a most enjoyable entertainment. S.C.E.G.G.S., and a remarkable performance of tap-dancing by a girl three Alan Rogers, an amateur conjurer of the School, preceded a The last item on the programme was series of acrobatics by two clowns. the Swingtet leading the audience in community singing, which rounded the evening off successfully.

Numerous boys have gone over on Friday nights, and altogether the Torch Club has had a very successful term.

#### THE CAMERA CLUB.

This term the Camera Club met every second Friday, as usual, in the A Kodak representative gave us several interesting demonstrations of the mechanical side of the hobby, namely, producing prints and Great interest has been shown by several members; howtoning them. ever, the attendance has not been all that has been expected. because of lack of interest, but on account of the varied sporting activity of members on Friday afternoons.

At our first meeting this term, September 29, Miss Eleanor Lange, well-known lecturer in Art, spoke on the French impressionists of the nineteenth century, using the School's prints collected from several of the new class-rooms and hung in sequence in School House prep. room to give point to all her remarks. In a most interesting way she dealt with "Manet's break from traditional subjects and with his painting of everyday life; with Monet's experiments in the breaking up of colour into its primary forms; with Renoir's defiance of conventional draughtsmanship, and so on down to Cezanne's use of colour and form, beside line, to emphasize depth." This talk was particularly appreciated by members of the Art Club, and generally helped to divert attention to the splendid prints which adorn the walls of the class-rooms in the New Block.

On Saturday, September 30, the Club arranged a party for Molière's "The Imaginary Invalid" at the Independent Theatre, now located in Miller Street, North Sydney, only a few minutes from the School. It was, as usual, a first rate production.

On Friday afternoon, October 6, a party of forty boys attended the only Young People's Concert conducted by Dr. Malcolm Sargent in Sydney this year. In his inimitable style, Dr. Sargent prefaced each piece by a few words about the composer and the composition, and played the main themes on a piano. Incidentally, he took the opportunity of ridiculing the attitude of those British people who, during this war against Nazi Germany, turn a deaf ear to the glorious music of the great German composers. The programme included Weber's "Der Frieschutz Overture," excerpts from Overture (Suite) in C Major (Bach), "The Dance of the Apprentices" from "Die Meistersinger," Delius' "Song before Sunrise," and the third movement of Tschaikowsky's Symphony No. 6 in B Minor (Pathetique). We left the Town Hall wishing the programme had been longer.

At our next lunch-hour meeting, the fourth talk in the series on careers, this time on "Journalism as a Career," was given by Mr. S. H.

Deamer. Beginning with some hard facts about salaries and conditions of work and the daily routine of reporting, Mr. Deamer went on to speak of a newspaper man's need of an unerring knowledge of his fellow-man and human institutions, and of a perfect understanding of the exact meaning and use of words. We are much indebted to Mr. Deamer for a stimulating talk full of wisdom and information.

On November 3 we had a musical treat—a recital by the thirty boys of St. Andrew's Cathedral Choir conducted by the Cathedral organist and choirmaster, Mr. W. T. Beckett. The beauty of their full, clear tone, their precision in attack and release, their lightness and delicacy of expression, and at other times their force and enthusiasm, made their singing a sheer delight to a packed audience. Their programme opened with "The Ballad of Sir Humphrey Gilbert," followed by Schubert's setting of the 23rd Psalm. Then they sang "Distant Bells," "Night sinks o'er the wave" and Brahm's "Lullaby" (each arranged for three voices), and, as a brilliant finale, Handel's "Met the Bright Seraphim." We hope the visit of these youthful musicians will be from now on at least an annual event.

On November 10 Mr. Lawrence Campbell spoke on "The Australian Accent of C. J. Dennis," and gave a short recital. Mr. Campbell explained the difference between an accent and a dialect, and described his first visit to Melbourne to obtain the platform rights of "The Sentimental Bloke" when it was first written. He told how he failed to persuade C. J. Dennis that he (Lawrence Campbell) was a fit and proper person to interpret the "Bloke" to Australian audiences until he ceased making him a Cockney and presented him in the authentic "dinkum Aussie" accents of larrikin slang. Mr. Campbell concluded this unusually interesting talk with a plea for clear, bold speech, which he considered as much the aim of physical efficiency as good health and athletic prowess.

What will probably be our last meeting this year was held on November 17, when a choir of fifty Prep. boys conducted by Mr. Monckton sang a short programme of songs, including "The Admiral's Broom," "I've Gotta Motta" from "The Arcadians," two rounds, and concluding with "The Umbrella Man' (with apologies to Mr. Chamberlain) and "Grandma Said," in the last two of which the whole audience heartily and triumphantly joined. We must have more community singing.

This year the Entertainments Club has held altogether twenty lunch-hour meetings.

#### POST-EXAMINATION ACTIVITIES.

The following activities were organised for the Sixth Forms after the Leaving Certificate examinations. We are much obliged to our friends for so kindly coming to our help:—

- Monday, November 20—Dr. H. L. St. Vincent Welch: "The Eye."
- Tuesday, November 21—Dr. A. H. Moseley, D.S.O.: "The Working of the Body."
- Wednesday, November 22—Mr. D. P. Fomenko, M.Litt., B.Ec.: "The Far East in Its Relation to Australia."
- Thursday, November 23-Mr. Albert Collins: "Art and the Man in the Street."
- Friday, November 24—Professor T. Hytten: "Economics and the Modern World."
- Monday, November 27-Rt. Rev. Bishop Pilcher, D.D.: "Hymn Tunes."
- Wednesday, November 29—Excursion to Railway Workshops at Eveleigh.
- Thursday, November 30—Mr. Mackay, Commissioner of N.S.W. Police: "The Police in a Democracy."
- Friday, December 1-Professor R. C. Mills: "The Real Cost of War."

# MILITIA VACANCIES.

An Old Boy, Lt.-Col. J. W. Crawford, has recently been appointed to command the 4th Battalion, and is anxious to have G.P.S. Old Boys as volunteers in his regiment.

Any boys—especially Cadets—leaving school this year, who are not going on to the University Regiment, thus have a chance of serving in the Militia under an Old Boy of high standing in the Army.

If anyone is interested, further particulars can be had from Mr. Broinowski or Mr. Gilfillan.

#### CADET NOTES.

The outbreak of war has placed more emphasis on the importance of Cadet work. We have never underrated that importance, either on national grounds or from more general considerations. "We" is to be read to include a large number of the boys who constitute the Corps, and whose enthusiasm and growing abilities work like yeast amongst us.

One effect of the war on the Corps is that the supply of Staff Instructors is entirely cut off. It is therefore important that existing Officers and N.C.O.'s should hand on their knowledge to others. There will be an opportunity for those who leave, and whose occupation does not prevent them from doing so, to make a useful contribution to defence by passing over some of their knowledge to the candidates for promotion in the classes held at the beginning of the year.

As one would expect, several ex-members of the Corps belong to the 2nd A.I.F., and many more are to be found in the Militia Forces.

Training in Lieu of Camp.—Owing to the general shortage of stores and quarters, H.Q. were not able to provide Cadets with the assistance usually given of recent years. After investigation, it appeared to be inadvisable to attempt to organise a camp using hired materials, and it was decided to hold daily parades, the troops returning home each afternoon.

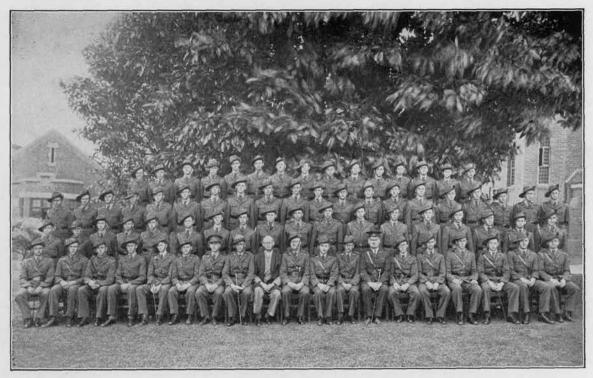

The syllabus provided for two field days at Rydalmere, for I.S.L. problems and tactical exercises; a day on the range, devoted to L.G. and Section firing; a day of N.C.O. training and rehearsal for the Ceremonial Parade, which formed the fifth day's programme. The G.O.C. Eastern Command, Lt.-General Sturdee, consented to take the salute at the Ceremonial Parade.

The Detachments of the Schools with whom we usually combine for camp purposes and, in addition, that from Trinity Grammar School, took part in the Ceremonial Parade. Cranbrook and Knox joined with us on the Range day.

Our thanks are tendered to those friends of the School who helped us by lending us swords.

The Sand Table.—A great deal of interest has been aroused by the Tactical Exercises carried out on our recently acquired sand table. Models of people, houses, stock, trees, etc., made by Cadets add to the realism of

EARL ROBERTS TEAM.—Cdt.-Lts. W. Robins, T. I. Robertson, J. S. Lyell, Cpl. D. A. Williams, Cdt. H. S. Hordern.

Throughout the year the standard of shooting was as high as that of last year, and the results obtained in Shooting Camp showed that we had as good a chance of success as last year. The Camp was again held at the Oceanic Hotel, Coogee, and was quite enjoyable. As Long Bay Range was required for military purposes, practices and matches were held at Anzac Range. This range seemed to be more satisfactory than the one at Long Bay, although difficulties of transport complicated matters. However, some of the boys were able to borrow their parents' cars, and the team which was shooting first in the morning was transported by car. The conditions on both days of the matches were excellent, but the scores of all teams in the application matches were not up to their usual standard, perhaps because packing rifles was disallowed.

On the first day we came second in both the Rawson Cup and N.R.A. Shield, and prospects of winning the premiership were not bright. However, in the morning of the second day the second team won their match from T.S.C., and rather restored the confidence of the first team. To come equal first with Scots for the G.P.S. we now had to win the Buchanan Shield and the Scots team had to come fourth, and this is just how it turned out. The fight for the Buchanan Shield was the most exciting match of the G.P.S. Scots soon saw that they could not win the match, and were wondering who was going to come second, and there was a continual state of tension throughout the whole match.

The results of the G.P.S. Premiership points were as follows:-

	Rawson	N.R.A.	Buchanan	
•	Cup.	Shield.	Shield.	Total.
Shore	5	5	8	18
Scots	8	8	2	18

We congratulate B. B. Nettleton on winning the Venour Nathan Shield with a total of 162, the highest in the G.P.S.

The scores of our men were :-

J. N. Stedman and D. B. Morell gained the highest scores in the match.

Earl Roberts.—This match was fired on Tuesday, 12th September, in a heavy wind and on a part of the range unsuitable for the "Fire with Movement" part of the match. The score obtained was 256, which is less than that obtained in the elimination match fired in July last.

House Matches.—These matches were fired at Long Bay Range the Saturday following the G.P.S. matches, in quite favourable conditions. The teams and scores were:—

Robson: Robins (c.), Stedman i., Fairchild, Morell. Hodges: Lyell (c.), Saunders, Nettleton, Williams. Barry: Hordern (c.), McIntyre, Shellshear i., Noble. School: Robertson (c.), Laurence, Woods, Wise.

The match was fired at 200 and 400 yards, with the following results:

May blessings be upon my School, While I am there, when I have left; And may it ever grow to be A place of learning and of sport, Where evil is not, nor is theft, Where honesty and truth are sought.

May all its pupils learned grow;
May they be wise, and do their work.
May sport be put in equal place
With literary efforts, first;
That ne'er a boy his sport will shirk,
And everyone for knowledge thirst.

#### REVERSED ARMS.

(By T. I. Robertson.)

In the cold light of a bitter morning Another hell was loosed on earth, And hard years of patient toiling Brought nothing—but re-birth.

A week ago, everything was going on as usual; Business, conversation was quite casual, For no one, in their hearts, had thought of war. We got up at the same time in the morning, and saw The usual things you always see each day, For we had never thought of it again—that way. Yet in a day or two, suddenly, almost overnight it came; And in the morning, life went on just the same.

And here—remote from England We live, free from the breath That blasts and shatters countrymen, Untouched by greedy death We go to work each morning, yet somehow we feel That civilisation, the whole world, is unreal. And in a while, I suppose, men will go away: You'll see their faces one morning— They'll be gone next day! They go to fight for life, for love. Some will live; Some will pay the sacrifice and yield up all they have to give. And there will be lists in the papers: Ships destroyed at sea, And sweat, and blood, and sacrifice-Then things will settle down-we'll grow used to blood and strife; Grádually we will learn to bear Even this life.

Now turn from this quiet sunlight
To the flash and glare of gunlight:
Stunned minds moving in a sea of time;
Crouched shapes and shadows in a land of slime;

Holes blasted, with earth flung up all round, And bloated figures on the sodden ground; The shell holes filled with slimy mud. And stricken men—the slime stained with blood.

And there will be lists in the papers: Torpedoings at sea; Vague, disjointed rumours of defeats. Then victory. But over all, man, the world, victory or defeat, Permeating everything, a throbbing, sobbing beat: For generations— For man's memory— Drowning conversation's hum, The dulled thud Of the funeral drum.

#### A VISION.

(F. T. Henry.)

One day, I sat and dreamed Of a crystal palace in a golden land, Built by an Eastern lord's command To house his treasures of priceless gold, Won by the deathless kings of old, The palace shone like a shining light, A symbol of beauty, brilliant, bright, In Lighting the oceans which circled the land Where this place was set on a silver strand. But a raging storm struck the crystal isle, Sucking the sands 'neath that shining pile; And dimming the brilliance which lighted the lands Of continents distant, off foreign strands. And the palace, shaken with deadly shocks, Wavered and fell on the savage rocks.

And as I sat and dreamed, A flight of birds with silvery wings widespread Flew, like a fleeting cloud, Across the spring-blue heaven above my head.

#### ATHLETICS FOR THE MILLION.

Some jog-trot, penny-a-line poet of Queen Anne's day wrote an ode to the Duke of Marlborough's success at Blenheim which contained this immortal couplet :—

Think of two thousand gentlemen at least, And each one mounted on his capering beast.

Well now, what can we do about this cheerful, bustling, five-ring circus that enlivens Friday afternoons? Will not Helicon sparkle for us, or Pegasus paw the shaven lawn at our behest? For by our Flaming Torch and Scallop Shell, here is a worthy theme for a pen. And we promised the Chaplain to write a little something about the Physical Efficiency Games.

To begin with, one approaches the School Ground, which a real newspaper would call the venue of the venture, but which we in our simplicity call the place where the thing happens, by way of the asphalt court. There, in solemn pageantry and representing the conservative spirit of the community, is the traditional Friday afternoon ritual dance, presided over by the Sergeant-Major. True, it has only an indirect share in the proceedings of the Sons of Freedom up on the grass, but an influence it undoubtedly has, for if one is on drill one cannot be winning points for one's Form, which does not increase one's popularity.

But to return to the "capering beasts," which by poetic license means the Lower Fourths and Thirds—the idea is this: it was felt that a large number of boys were getting far too little out of, and were putting far too little into, the general out-of-school activities of the place. Athletics had come to mean the training of a few specialists, whose performances lesser men admire but do not emulate. Under this scheme every boy in the Lower Fourths and Thirds—and the whole School is to come in later on—engages in an all round programme of events, in which an exact record in kept of each person's doings. They are trained by precept and example; they compete against the standards fixed for their ages; they acquire points for improving on these standards; and as someone once remarked, "A good time is had by all."

The idea is not to produce bigger and better or even more champion specialists. If any mute inglorious Stuarts or Shetliffes are discovered, well and good; but the idea is really to give, as has already in this short while been given, to several scores of boys who never thought of attempting,

the inducement and opportunity to run fast, to jump far and high, and generally to take an interest in the development of their bodies by means of strenuous disciplined effort.

It would not be too much to say—and to make this judgment The Torch-Bearer has performed quite a big piece of planned mass-observation—that this scheme is the most popular innovation in school routine for many years. Friday afternoon is no longer just the last day of the school week; it is the busiest, happiest day of all the five, at any rate for some two hundred and fifty boys. The organisation work is heavy, and is ably carried out by the Rev. N. a'B. T. Backhouse, assisted by several masters and senior boys.

The events that are being practised at present are: 100 yards, 880 yards and hurdle races; high jump and broad jumps, both running and standing. A furlong circular course has been marked out on the School ground, and the most spectacular sight of the afternoon is the Grand Parade, or loosening-up run, in which each Form is led by its captain clad in a coloured sash. Several events take place simultaneously, including starting practice. Recently the whole of Friday afternoon has been given up to Physical Efficiency Games, one set of forms training in periods 6 and 7 and the rest from 3.30 onwards.

## **ATHLETICS.**

This year the athletic season was less interfered with by illness and weather than in 1938, but the effects of measles caused a number of boys to fail to appear in the heats or finals of the sports. This was regrettable in view of the excellent

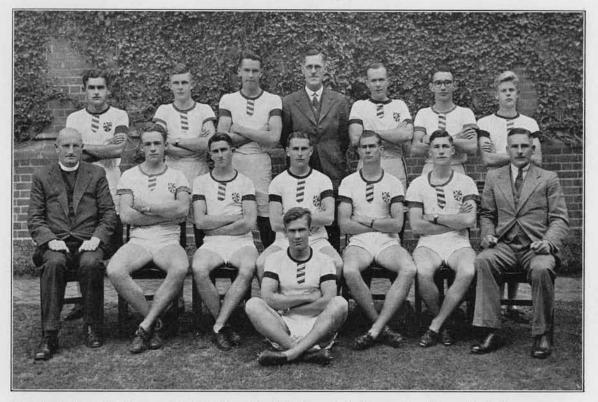

support given by the School in the way of entries.

The Sports were held on Saturday, 26th August, in fine weather, and provided some well contested events, although no outstanding performances were registered. F. A. Epton secured the honours as winner of the Senior Athletic Shield and the Headmaster's Cup; he won three sprint events and the broad jump, scoring 32 points. S. H. Suhan, who had considerable trouble with a form of leg strain, was second with 19 points, and J. C. Petrie with 18 points was third. P. E. Haley won the high jump, G. H. Wearne the shot, A. V. Maxwell the hurdles, Suhan the 880 yards, and D. E. Yates the mile.

The Junior Shield and Randal Carey Cup were won by D. A. L. Graham, with E. S. Finckh and J. S. Paterson in that order as runners-up. Graham was first in the hurdles, first equal in both the 100 yards and high jump, and second in the 220 yards. He was not available for the G.P.S. Junior Team, unfortunately, being

just over the age.

#### SENIOR ATHLETIC TEAM, 1939.

Back: D. M. Taylor, W. F. Burgess, P. L. T. Ilbery, Mr. C. S. Tiley, G. H. Wearne, A. R. Lakeman, D. E. Yates. Front: Rev. N. a'B. T. Backhouse, J. C. Petrie, F. A. Epton, A. V. Maswell, S. H. Suhan, J. C. Fairchild. K. P. Lyttle.

The J. P. Hardy Cup for under 14 year athletics was won by R. E. Biddulph, whose performances indicate that he will do well in athletics later on.

Amongst the juniors there are a number who should not neglect their running in between seasons; some of these are Graham, Cohen, J. Paterson, East, Carter, Macneil, Shaw, Finckh, Lambell, Morris, Biddulph; Cooke, Bullock, W. Paterson, B. Petrie and Edmends. J. J. Coghlan, who was a casualty at the time of the sports, is another athlete of promise, as his subsequent performanaces at the G.P.S. Meeting indicate.

It has been emphasised before in these columns that proficiency in technical events (high and broad jumps, hurdles, putting the shot) needs long-continued practice, and the same applies to foot-running itself. Boys should take every opportunity of practising each event, not for a short period, but throughout the year; standards are now so high that, to achieve success, a high degree of proficiency is necessary.

The meeting against S.U.A.C. and S.G.S. had to be abandoned owing to heavy rain on the morning of the date arranged, if We much regret the loss of this friendly and valuable fixture.

\* \* \* \* \*

Trinity Grammar School invited the teams to compete against a team drawn from the School and the Old Boys of T.G.S., a meeting which provided both a pleasant day's sport and some very valuable practice, for both of which we thank T.G.S., and hope to be able to return the courtesy at a future date. On this occasion, Epton improved on his times at the School Sports, Ilbery cleared 5 ft. 7 ins. in the high jump, and Yates ran a very good mile; in the Juniors, the brothers Paterson, Shaw, Elvy, Clinton and Carter performed fairly well, and we returned the hospitality of our hosts in cavalier fashion by defeating them.

In preparation the Senior Team for the G.P.S. Sports appeared to hold out prospects of a good performance, even against the strong combinations known to exist at S.J.C. and S.H.S. In performance the team, as a whole, did not quite live up to the promise it had shown, and finished fourth in the order. The two teams mentioned above put up excellent performances, and we extend our congratulations to St. Joseph's College. on, their win.

Epton ran splendidly in the sprint events, although he lost five days' work through an infected ankle. Yates ran a splendid mile in 4.43, beating off a plucky challenge by Minter (T.K.S., by inches, and sheer grit. Burgess won his division in the Mile with excellent judgment and pluck. Maxwell, after his customary kick at the first flight, ran an excellent second to Kaad (S.H.S., in the hurdles, and Wearne secured the place in the Shot that was expected of him, but in other events the performances were not of sufficiently good standard to achieve success.

In the Junior Championship the School finished third to S.G.S. and S.H.S., the former fielding a splendid team. J. J. Coghlan won both the sprint events under 14 years. Finckh won the Hurdles, a triumph for him in overcoming his early difficulties with this event, and Edwards, though short of work (another measle), did well to finish third in the under 16 High Jump; both the relay teams

performed as well as they could, but it is worth noting that even more practice in baton changing is necessary to avoid loss of time in an event where time is so important.

We extend to J. P. Metcalf, Esq., our hearty thanks for visiting us when he was able to do so, and assisting us with the preparations in the technical events.

#### TENNIS NOTES.

The tennis year of 1939, although not eminently successful, was most enjoyable. The standard that has been reached in G.P.S. Competition and in the School tennis is gratifying.

In the earlier part of this term, the annual match against Sydney Grammar School for the Fairwater Cup was played. Our teams were :— Seniors: Varley, Irvine (captain), Griffiths, Coulton. Juniors: Godwin (captain), Butcher, Baldry, Ferris. The juniors were unfortunate to lose Trennery and his replacement, Warwick, both being injured, and Ferris filled the vacant position. The scores were:—

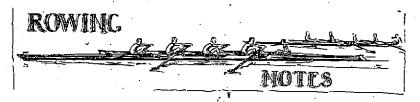

Back: A. B. Cuthbert, D. R. Osborne, D. R. Roughton, S. C. Clark.
Front D. M. Taylor, D. T. Bartley, Mr. L. C. Robson, G. G. Fisher, M. H. Forsyth.
R. P. Windeyer.

Barnes (S.G.S.) v. Varley (S.C.E.G.S.), 6-3, 6-1; Silvester v. Irvine, 7-5, 6-2; Hilliar v. Griffiths, 6-0, 6-3; Finlay v. Coulton, 4-6, 4-6; Walker v. Godwin, 3-6, 6-2; North (2) v. Butcher, 5-7, 2-6; Newman v. Baldry, 3-6, 6-3, 6-4; Youdale v. Ferris, 9-7, 6-3.

Barnes and Silvester v. Varley and Irvine, 7-5, 6-2; v. Griffiths and Coulton, 6-1, 6-2. Hilliar and Finlay v. Griffiths and Coulton, 10-8, 7-5; v. Varley and Irvine, 4-6, 4-6. Walker and North v. Baldry and Butcher, 6-2, 3-6; v. Godwin and Ferris, 8-6, 8-6. Newman and Youdale v. Baldry and Butcher, 7-5, 2-6, 4-6; v. Godwin and Ferris, 9-7, 6-1.

We congratulate Grammar on their excellent win by 12 rubbers to 4. The House tennis matches were played during the term, and Barry was the ultimate winner. In the first round, School defeated Hodges by 5 sets to nil and Barry defeated Robson by 5 sets to nil. Barry, in the final, defeated School by 5 sets to nil, and Robson and Hodges filled third and fourth places respectively. The matches were marked by a particularly enthusiastic and friendly spirit.

The School Tournament is well on the way to completion, and the finals of the Singles Championship, senior and junior, will be played off next week.

Early in this term the usual gathering of novices collected at Berry's Bay and were initiated into the art of rowing. Luckily we had a good five weeks' training, which allowed the boys to become fairly familiar with sliding seats, and resulted in a much higher standard than previously.

The Regatta was held on November 4, and went through smoothly. Results:—

2nd FOURS.			1st FOURS.					
3	School Robson Hodges Barry		2 3	School Barry Hodges Robson				

Throughout the season we were greatly helped by Mr. E. K. Stewart and Mr. R. A. Gilfillan, and every one would like to thank them.

After the Regatta, Mr. Hixson named the new light four "Jubilee." This boat was acquired by the efforts of the Ladies' Committee and the donations of many kind friends, all of whom we would like to thank.

After the first fortnight, School rowing was well under way at Gladesville. Thirty odd boys went up to train, and the basic material is there for some very good fours. Training has been greatly helped by two new tub fours, and the "Jubilee" will release another light four for use. The eight boated a few weeks before the House Regatta, and, in spite of the fact that some seats had to be filled by new boys, it has improved very rapidly and is well advanced in its training.

#### G.P.S. CRICKET TEAMS.

Wearne, A. B	. Lang, Coulton	n	1st XI.
TT 1 TT . 15			2nd XI.

The season has been a very successful one. The 1st and 2nd XI's both won their competitions, and both scored the maximum number of points during third terms.

The 1st XI. retained the same team as had played in all matches during the first term. They played keen cricket in all departments, and every member contributed a good deal towards the team's success. As in first term, the fielding was first class, the slips men being outstanding. During the term no possible catch in slips was dropped. The wicketkeeping was also good.

The bowling was consistently accurate, we depending mainly on the two fast bowlers, but the reliefs were steady and dependable. The chief deficiency of the term was the lack of a leg-break bowler, but unfortunately we did not feel this greatly, as Grammar's second innings was the only score of over 150 against us during the year.

No batsmen stood out from their fellows to any extent. They were a very even lot, and each one at times made valuable scores. Against King's there were ten double figure scores, and against Scots nine. In only one match during the year did we have to bat twice.

Way was a good captain. The team was a very happy one and enjoyed the season. A. B. Lang, Wearne and Deamer are likely to return to School next year, and several others may do so.

Cricket throughout the School has been keener than for some time past, and attendance and keenness in House and Form matches has been satisfactory. There is plenty of promising material among the colts, and a good number of this year's excellent 2nd XI. will be returning, so prospects for next year are good.

### 2nd XI.

The 2nd XI. were Premiers this year, after performing well in this term, whereas in the first term bad luck and bad weather made such a position seem hopeless. The team was lucky to find Barnes this term, who, although bowling in two matches only, secured the best average, taking 13 wickets from 19 overs at 44 runs per wicket. In the batting line, Emery performed creditably in every match, heading the average and aggregate with 263 runs at 43.8 runs per innings. The team obtained 38 points, beating St. Joseph's by 3 points. The results of competition matches are as follows:—

v. N.C.—Shore, 1st innings 232 (Cousens 49, Emery 42); N.C., 1st innings 9-101 (Wilson 4-39, Read 3-25). Match drawn.

v. S.J.C.—Shore, 1st innings 108 (Smith 35, Emery 30); S.J.C., 1st innings 88 (Woodman 3-20, Helsham 3-30); Shore, 2nd innings 50 (Helsham 14, Kraefft 13); S.J.C., 2nd innings 6-73 (Read 2-16). Shore lost outright.

v. T.K.S., 1st innings 116 (Read 4-18, Lambell 3-22); Shore, 1st innings 5-312 (Kraefft 113, Emery 111); T.K.S., 2nd innings 123 (Marchant 4-34, Read 2-3). Shore won outright,

v. S.G.S.—S.G.S., 1st innings 112 (Lambell 3-11, Barnes 2-6); Shore, 1st innings 218 (Kraefft 44, Emery 40); S.G.S., 2nd innings 80 (Barnes 4-15, Woodman 4-25). Shore won outright.

v. T.S.C.—T.S.C., 1st innings 83 (Barnes 6-19, including hat trick); Shore, 1st innings 280 (Kraefft 70, Helsham 58); T.S.C., 2nd innings 80 (Marchant 3-11, Read 3-16). Shore won outright,

There was no play against S.I.C.

# 2nd "B" XI.

v. Trinity Grammar School 3rds.—School, 264 (McCorquodale 77; Trinity, 92 (MacDiarmid i. 3-13) and 84 (McCorquodale 3-22). School won by an innings and 88 runs.

v. Scots College 2nds.—School, 146 (Cousens 28) and 144 (MacDiarmid ii. 33); Scots, 271 (Anderson 4-19) and 1 for 24. School lost by 9 wickets.

v. Newington College 2nds.—School, 179 (MacDiarmid i. 57); Newington, 8-54 (Wright 3-13). Unfinished.

### 3rd XI.

v. T.S.C.—T.S.C., 1st innings 84 (Lance 5-34, Keatinge 4-46); 2nd innings 8-194 (closed) (Keatinge 2-45). Shore, 1st innings 159 (Tilley 40, Parkes 48); 2nd innings 5-109 (Burling 50, Tilley 30). Shore won on 1st innings

v. King's.—Shore, 1st innings 128 (Warwick 49, Parkes 39 n.o., Scandrett 20); King's, 1st innings 282 (Woods 3-25, Blaxland 3-77).

v. Grammar.—Shore, 1st innings 159 (Scandrett 59 n.o., Lemon 23 n.o.);

Grammar, 1st innings 120.

  - v. Grammar.—Lost.
  - v. Grammar.-Won. School, 101; Grammar, 78.
  - v. T.S.C.—Lost. v. T.S.C.—Draw. For School: Madell, 50.

Best scores were: Madell, 50; Little, 30 n.o.; Woods, 30.

Best bowling: Saunders, 2-10; Duddy, 3-22.

### 9th and 10th XI.'s.

Matches were played against King's, Scots, Grammar, and Trinity Grammar; results of these should have appeared in "The Record." As the coach of these teams is generally engaged with the Prep. School matches on Saturday, and owing to the meagre attendance at the nets, unavoidably due to the new system of House Cricket, it is difficult to make more than a few remarks on the standard of play.

Ogden, Tulloch and Ferguson have been useful captains. Fielding has much improved. As far as can be judged, Ogden, Fisher, Wansey, Lyall, Perry, Paterson, Elvey, Sands Bull ii, Petrie, Melville and Mitchell deserve special mention as promising players. Score books have been kept neatly, but reports of matches might have been handed in more punctually.

# Under 14 "A" XI.

v. Scots.—School, 82 (Coulton 27 n.o., Burns 17, Dalrymple 16); Scots, 79 (Walker 3 wkts., Keep 1 wkt.).

# Under 14 "B" Colts.

# HOUSE CRICKET.

The points scored in the 24 mid-week two-day matches played this term are shown, along with results of Term I. and the year's totals, as follows:—

	Term I.	Term III.	Total.
School House	76	82	158
Barry House	68	68	136
Robson House	84	52	136
Hodges House	28	16	. 44

Thus School House wins the House Cricket Competition for the sixth year in succession.

The following table shows by whom each match this term was won. Winning teams are indicated thus: Barry, B; Hodges, H; Robson, R; School, S. \*Means the match was won on first innings:—

Matches.	£. :	Grad	ies.			
•	1	2	3		4	
Barry-Hodges	H*	В	В,	•	B*	
Barry-Robson	Draw	R•	·B	1	В	
Barry-School	Draw	S.	ន		В	
Hodges-Robson	Draw	${f R}$	R*		H	
Hodges-School	S	S	S		S*	
Robson-School	S*	Draw	s		R*	

In addition to these games, 8 non-competition games were played this term; also 18 two-day form matches for the Lower School and the fifth forms. These have been marked by great enthusiasm, and have replaced the House matches during the absence of boys at the public examinations.

# PREPARATORY SCHOOL NOTES.

Thanks.—Our best thanks are due to Mrs. P. T. Taylor, who presented an autographed copy of P. G. Taylor's "Call to the Winds." The prize (for reading) was won by N. O. Cull, and Mrs. Fisher's prize by K. F. Tugwell.

Music.—The two singing classes have been held as usual. That in Rem. A Room, under Mr. Arnold, has covered much ground in the Fellowship Song Book, and has also practised modern songs.

The "50" Choir in the Hall has on occasions sung extremely well, and, we trust, gave enjoyment to the Entertainments Club in the mid-day concert. They have been in Mr. Monckton's charge.

The Chapel.—Addresses were given by a Bush Brother, the Chaplain, and Mr. Fisher.

The singing has generally been hearty, and new tunes have been learnt. Readings of the Lessons by boys reached a high standard.

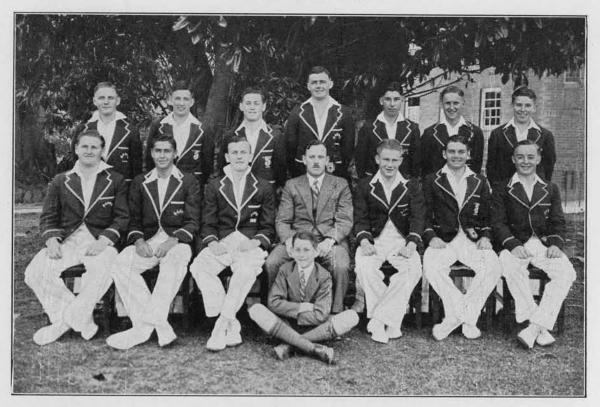

The Annual Special Service was held on 22nd November, and was well attended. The boys sang and responded well.

**Physical Culture Display.**—On November 23rd, after the special service, the display was held on the School ground. As usual, this was greatly enjoyed, thanks to the skill and careful preparation of Sergeant-Major Davidson.

The Boarders' Camp was a great success. An account appears elsewhere.

The Library.—Our best thanks are due to Mrs. Nicolson and P. L. Ilbery for their kind gifts of books. The Library is fairly well equipped, but more books of the science encyclopaedia type would be useful.

Swimming.—After half term the School visited the Olympia Pool on Friday mornings. The standard of swimming has definitely improved thereby, and every boy in the Prep. can swim. We hope to establish standards later similar to the athletic ones.

Back Row: Wilson, G. D. W.; Cousens, W. L.; Lambell, N.A.; Smith, J. O.; Woodman, A. L.; Butler, G. H.; Marchant, W. S. Sitting: Read, J. C. T.; Kraeft, D. F.; Helsham, M. M. (c.); Mr. J. N. Pascoe; Emery, N. A.; Feather, R. H.; Barnes, J.; Mr.Gregor, R. A. (Scorer).

Play Readings.—Several of these took place in Form I., and there are some budding actors there. It is hoped that their talent will be exploited later on in the School.

Nature Study.—Mr. Arnold's microscope has been much appreciated on occasions. He also kindly brought to School a large case of bees and big sections of honeycombs. One afternoon the Common Room was darkened by a cloud of bees.

Silkworms have proved the main hobby lately, and much silk spinning and winding occupied spare moments.

News was received from Mr. McWilliam, who has settled down happily to life at Cambridge, in spite of his unsettled surroundings.

Drawing Class.—A general improvement has been maintained, though not nearly enough work has been done at home. Litchfield, Richards, Kempton, Nicolson and Mackinnon, perhaps, deserve special mention.

The Prep. School did well in the Combined School Sports, Everett and Hyland breaking records.

Films.—Several good films have been shown, some dealing with nature study and others with travel. Boarders have also enjoyed films, some by the courtesy of Barry House.

Concerts and Other Trips.—The A.B.C. Concert in the Town Hall clashed with another arrangement. A very enjoyable Harbour trip with Hodges House in support took place on 11th November. Boys watched the House Regatta finishes with interest, and on the way home had a close view of the Canberra.

Owing to very unsettled weather, the Games and Physical Culture Display did not take place on 22nd November. We must congratulate Sergeant-Major Davidson, however, upon the high standard attained.

Valete.—It is very deeply regretted that Mr. G. A. Fisher has to leave us. During his term of headship he has been a real friend to the Prep.

School, never sparing himself to further the interests of everybody. As full mention of Mr. Fisher's movements is made elsewhere in this number, we conclude by wishing him the best of luck in Armidale, and congratulate that school on acquiring him as headmaster.

Mr. Bretherton is leaving us. We wish him the best of luck.

# \* \* \* \* \* \* \* \* PREPARATORY SCHOOL ATHLETICS.

The Athletic Sports were held at Northbridge on October 2nd under excellent weather conditions. Due to rain, they had been postponed from the previous Friday. Those parents and friends of the School who were present witnessed many keenly contested races, and a very fine display of physical drill carried out by the boys under the direction of the S.M.

We would like to take this opportunity to thank all those who so kindly sent donations to the Sports Fund. Also we thank the following for their kindness in giving up their spare time to help in judging the events: Messrs. E. W. Carr, H. W. Carr, Everett, Fuller, Moxham, Tugwell, Wood; also Mrs. Robson for presenting the prizes.

The following are the results:--

100 Yards Championship (Open): 1, P. F. Everett; 2, J. A. Bulmer. Under 11: 1, H. L. Pulling; 2, A. H. Hardwick.

High Jump (Open): 1, Schulter, I. M. Litchfield and G. R. J. Coghlan (tie).

100 Yards Championship (Under 12): 1, E. W. Carr; 2, J. L. Cordingley.

75 Yards Championship (Under 10): 1, A. J. Sutton; 2, J. B. Jackson.

100 Yards Handicap (Under 11): 1, H. L. Pulling; 2, A. H. Hardwick.

220 Yards Championship (Open): 1, P. F. Everett; 2, J. A. Bulmer.

High Jump (Under 12): 1, D. H. Playfair and J. A. Norris (tie).

Broad Jump (Open): 1, P. F. Everett; 2, J. H. Heath.

Sack Race (Open): 1, A. S. Paton; 2, J. A. Allen.

Siamese Twins' Race (Open): 1, Moxham and Warden.

100 Yards Handicap (Open): 1, M. E. Moxham; 2, J. A. Bulmer. Under 12: 1, E. W. Carr; 2, J. L. Cordingley.

Junior Relay (Quarters): 1, Hall; 2, Davies.

220 Yards Handicap (Open): 1, E. W. Carr; 2, D. B. Warden.

"B" Relay Team (Quarters): 1, Davies; 2, Linton.

Senior Relay (Quarters): 1, Davies; 2, Baker.

Throwing the Cricket Ball (Open): 1, D. B. Warden; 2, M. E. Moxham.

Kicking the Football (Open): 1, D. T. Leslie; 2, D. M. Webb.

\* \* \* \* \*

The Combined Preparatory Schools' Sports were held on the Sydney Cricket Ground on 11th October. Two of our members broke records—J. Hyland (broad jump, 10 years, 13 ft. 6 ins.) and P. F. Everett (broad jump, 12 years, 15 ft. 6 ins.). Unfortunately in the latter case the record was snatched away on the last jump by another school. Following were the results:—

Broad Jump, 11 Years: 1, J. Hyland. 12 Years: 2, P. F. Everett.

75 Yards, 9 Years: 2, A. J. Sutton.

High Jump, 10 Years: 2, J. Hyland. 13 Years: 3, I. M. Litchfield.

100 Yards, 9 Years: 1, A. J. Sutton. 12 Years: 3, P. F. Everett. 13 Years: 1, M. E. Moxham.

220 Yards, 13 Years: 2, M. E. Moxham. 13 Years: 3, M. E. Moxham.

Senior Relay (Open): 3rd.

#### PREPARATORY SCHOOL CRICKET.

The cricket throughout the Prep. School this term has made very satisfactory progress. Our practices have been played mostly on middle wickets, these taking the place of nets, as it was thought this method would improve the calling and running between wickets, also the general efficiency in fielding, bowling, strokemaking and aggressive batting.

The "A" and "B" teams, made up from boys eligible to play in the 1st and 2nd XI.'s, have had quite successful results in their games against other Prep. Schools, as will be seen from the results mentioned below.

A series of lectures was given during the term by Mr. Brierley, which were well attended, and in consequence a general knowledge of the finer points of the game have been picked up by all the keen cricketers in the School.

Players who are worthy of mention from the "A" and "B" teams include: Boyd, Tugwell, Richards, Leslie ii., Everett, Playfair, Mitchell, Bennett, Crane, Atkinson, Wood, Paton, Warden and Trennery. The batting honours this term went to Boyd, Tugwell, Playfair and Paton, the bowling honours being shared between Heath, Ferguson, Boyd, Mitchell and Tugwell.

The results of the matches played this term are as follows :-

#### 1st XI.

v. Christian Brothers, Waverley.—Won. School, 5-116 (Tugwell 32, Ferguson 21 n.o., Adams 16 n.o., Paton 15); C.B.W., 9-100 (Watkins 26). Crane, Paton, Tugwell and Ferguson took 2 wkts. each.

v. Christian Brothers, Rose Bay.—Lost. C.B., 6-99 (McGowen 44 ret.). Heath

took 3 wkts. School, 41 (Playfair 9, Trenerry 9).

- v. Coogee Prep.—Won. School, 108 (Playfair 23, Boyd 22, Tugwell 15, Trenerry 14 n.o.); Coogee, 104 (Dobbs 37, Dutton 29). Ferguson and Boyd took 3 wkts. each.
- v. Scots College.—Won. School, 109 (Boyd 54, Paton 15); Scots, 86 (Perini 24). Mitchell and Heath took 3 wkts. each, and Ferguson 2 wkts.
- v. Killara Preparatory School.—Lost. Killara Prep., 145 (Delandro 49). Mitchell, Tugwell and Heath took 2 wkts. each. School, 118 (Playfair 39, Boyd 13, Tugwell 16).
- v. Cranbrook.—Won. School, 5-178 (Tugwell 83 n.o., Paton 29, Boyd 20, Adams 16); Cranbrook, 104 (Williams 22, Robinson 22, Sewell 17).

#### 2nd XI.

v. Edgecliff Prep.—Won. School, 56 (Coghlan 16, Mitchell 14); Edgecliff Prep., 18 (Macphillamy 3 wkts., Mitchell and Bennett 2 wkts. each).

v. Christian Brothers, Rose Bay.—Won. School, 73 (Everett 26, Mitchell 12); C.B., 43 (Ryan 13). Bennett took 3 wkts. and Mitchell 2 wkts.

v. Coogee Prep.—Won. School, 91 (Mitchell 21, Schlueter 14, Dean 12); Coogee,

26 (Schlueter 4 wkts., Everett 3 wkts.).

v. Scots.—Lost. Scots, 35 (Martin 12). Bennett took 5 wkts., and Schlueter and Warden 2 wkts. each. School, 31 (Bennett 11).

v. Killara Prep. School.—Won. School, 5-129 (Bennett 38, Coghlan 30 no.t., Leslie 14, Dean 13 n.o.); Killara Prep., 17 (Hawkins 5) and 27 (Cameron 16).

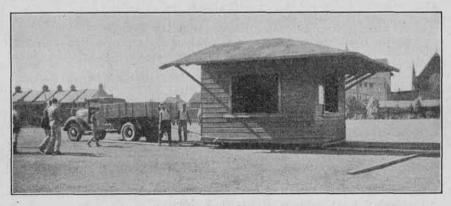

v. Cranbrook-Won. School, 64; Cranbrook, 44.

#### Colts and Trials.

Matches have been played against Trinity Grammar and Cranbrook and our own 3rds and 4ths with gratifying results.

Dr. J. T. Anderson has given us valuable help, and we thank him very much for his interest.

The most promising players include: Carr i., Carr ii., Scott, Anderson ii., Milne, Bowe, Hocknell, East and Thornton. In the field, Proctor, Norris and Hyland are outstanding. Several others also show maarked improvement.

The Tuck Shop on its journey across the ground.

We are in the throes of another, greater, war, and although Australia has not as yet been called upon to contribute men, her contribution is nevertheless important and her responsibility great.

Many Old Boys are in training for service at home or overseas; a number are "over there" already, playing their part as Old Boys of the School did in 1914-1918. But whether we are in camp or carrying on our usual civil occupations, there is a challenge to all, as individuals, to make our contribution wherever it will be most valuable, and, above all, to retain a rational outlook and a sense of balance. It has been said that we are fighting against a principle, not against a people. The last Great War also started as a crusade, but as it proceeded some of the refinements of aim and method tended to disappear. On this occasion, we must determine at the outset to keep a sufficiently rational attitude to ensure a just and enduring peace settlement. This is an individual as well as a collective responsibility.

In the meantime, we feel confident that the School will continue to send out the type of men who will, in the hour of need, serve their country's cause honourably and courageously.

The Old Boys' Tea and Annual Meeting of the Old Boys' Union were held at the School on Friday, 6th October. There was a good attendance at both. The following officers were elected for the ensuing year:—

Patron: The Headmaster.

President: R. B. Hipsley.

Elected Vice-Presidents: J. Cadwallader, A. H. Curlewis, A. D. W. Fisher, R. W. Keegan, R. J. A. Massie, A. H. Moseley, C. S. Tiley. Ex-Officio Vice-Presidents: R. C. M. Boyce, N. Y. Deane, D'A. F. Roberts, E. I. Robson, G. C. Turnbull, H. L. St. Vincent Welch.

A. B. S. White.

Honorary Secretary : E. S. White. ,

Honorary Treasurer: R. N. Cadwallader.
Assistant Hon. Secretary: F. Tyrrell,
Assistant Hon. Treasurer: F. W. Catts.
Honarary Auditor: D. M. Dixon.

The Annual Report presented to the meeting showed that the year had been both eventful and successful. There was a surplus of £38/16/7 on the year's activities.

It was reported that pressure of work (legal and military) had compelled R. W. Keegan to resign from the position of Honorary Secretary, and references were made to the capable and unselfish manner in which he had carried out the duties of the position during his long term of office. His services are appreciated by the Union and by all Old Boys, who realise our indebtedness to him. (He is now more particularly described as Captain Keegan, of the Armoured Cars section of the Militia.)

Nominations were accepted for the election of members of the Committee, and the ballot resulted in the following being elected:—

I. D. Armitage.
G. E. Browne.
D. M. MacDermott.
T. D. Esplin.
C. M. Marsh.
D. C. Pope.
T. A. Tonkin.
B. H. Travers.

The triennial election of five Union representatives to the School Council was held in September. The following were elected:—R. C. M. Boyce, A. H. Curlewis, A. D. W. Fisher, R. B. Hipsley, and A. B. S. White.

# OVERSEAS NEWS.

At the outbreak of war, Major Colin Macleod was appointed to the command of the 228 Anti-Aircraft Battery stationed at a point overlooking the Firth of Forth, Scotland. He must have had a torrid time during those unsuccessful German raids. He is now General Staff Officer II. at Headquarters, 7th Anti-Aircraft Division, Newcastle-upon-Tyne. His brother, Captain Gordon Macleod, of 67 Coy, R.A.S.C., is at present stationed at Abbassia, Egypt, and was recently mentioned in despatches for distinguished service in Palestine. He has been recommended for a staff appointment.

Pilot Officer E. Maynard Pain has been doing reconnaissance work in the North of Scotland since the outbreak of war.

Flying Officer A. D. J. Garrisson left Western Australia last August for an armament course in England.

The first Australian doctor to leave for active service overseas since war was declared was Dr. Ivan Page, who has gone to England to enlist with the Army Medical Corps of the British Imperial Army.

Pilot Officer J. E. A. Williams has been doing instructional work with the R.A.F. in the Firth of Forth. He is now at Kinloss, Moray Firth, Scotland.

Ian Esplin, Rhodes Scholar, has joined the R.A.F. The University Recruiting Board recommended him for a commission, and he is now doing a preliminary training course, which will occupy several months. Esplin was President of the University College and Secretary of the Oxford University Boat Club. He stroked the Wyfold Four to victory at Henley, and was emergency stroke for the Oxford Crew. He secured his B.A. Oxon. in two years, instead of the usual three.

Donald Balmain, who was a passenger on the Athenia, which was torpedoed off the coast of Ireland, shortly after the outbreak of war, returned to Sydney at the end of October. His statements in the recent newspapers reiterate the nerve-wracking experiences of the survivors, and the difficulty of getting passengers from the listing vessel. It will be remembered that the Swedish yacht Southern Cross picked up a great number of the survivors, which were in turn transferred to British destroyers and the American City of Flint. Balmain was taken by the City of Flint to Halifax, Nova Scotia.

William Isbister is working with the De Havilland Aircraft Company at Hatfield, England. His present plans include a transfer to the company's works in Sydney, and, although all such plans are necessarily indefinite, we hope to see him here in February.

P. M. Gilet has arrived safely in England, and is at the National Standards Laboratory, Teddington.

In a letter received from Arthur Blake from Trail, Canada, we hear that he has met Chris. Daly over there. Some of the wildest country in Canada is near Trail, complete with glaciers; grizzlies and all accessories.

Dennis Kane has been reported missing by the R.A.F. after a reconnaisance flight over Germany on 3rd November last.

New Guinea.—Old Boys in the Territory of New Guinea feel that the most remarkable feature of this war is the difficulty one experiences in

getting into it. Apparently there is a complete prohibition against the enlistment of New Guinea men in the Australian forces. One Old Boy who managed to run the blockade is N. D. McWilliam, who was on leave when the war broke out, and is now a naval officer "somewhere in the Pacific or Indian Oceans."

W. R. Philpots and P. J. Woodhill have joined the recently established New Guinea Volunteer Rifles, and other Old Boys will probably join on their return from leave.

# LOCAL NEWS.

L. H. Bell, A. Copeland, P. A. Gilet and G. W. Vaughan have been appointed wool appraisers for the British Government.

At the end of September we welcomed Alec. Tonkin back to Sydney after a most enjoyable trip to the United States. He left these shores in April, and (we are led to believe) gained much valuable business experience in the States.

The Henley Crew is also back in Sydney. John Burrell, Jim Barnes and Brin. Jay formed the advance guard, but Pat. Trebeck did not return till November. He was in the Orient Company's London office at the outbreak of war, and spent several anxious weeks in London.

Clive Weston recently returned from England via America after a tour of the Continent. By the time this issue is put in the post, Ken. Tribe and Rodney Hudson will be back from England. It would seem that the best thing to do in England at present is to leave it and to "leg it hot-foot" to one's domicile of origin.

G. A. N. Woodcock, whose address for some years has been Flushing, New York, is now in Australia on business, with headquarters at Brisbane.

We record with sorrow the death of Captain Lawrence Raymond Benjamin on 5th October at the Rutherford Militia Camp. Captain Benjamin, who was attached to the 18th Battalion, was assisting a party of signallers in the erection of a telephone line, when one of the wires came into contact with a power cable and he received the full force of the shock. We extend our very earnest sympathy to his widow and three children.

Old Boys are asked to bear in mind the special evening service which will be held in the School Chapel on 5th May, 1940. In the past the accommodation of the Chapel has proved inadequate for both Old Boys and present boys, together with their respective friends. The Headmaster has therefore invited Old Boys, their families and friends to attend this special service, which will, we hope, be held at the same time each year, and will prove to be a successful innovation.

The Hon. Mr. Acting Justice Williams.

Dudley Williams, K.C., was appointed an Acting Judge in Equity from 17th November to fill the vacancy caused by the retirement of the Chief Judge in Equity.

Mrs. C. H. Hodges and her sister are still living in Greenwich (34 Greenwich Road). They had intended to return to England in August, but a car accident (reported in our last issue) forced them to defer their departure. Before the broken bones had healed, war was declared, so they are remaining in Sydney indefinitely. Mrs. Hodges has lent her English home at Windsor for war purposes for as long as it is needed.

\* \* \* \* \*

The Hon. F. Graham Pratten, M.L.C.

F. Graham Pratten, M.L.C., at the recent election to fill the fifteen vacancies which will occur shortly in the Upper House, was re-elected and topped the poll.

# UNIVERSITY NEWS.

One of the novel features of student life during the past year has been the number of Old Boys fulfilling the office of treasurer to one society or another. We find Brian Smith keeping monies for the Boat Club, and Jika Travers for the Football Club; while Dave Walkom has a twofold job with the Tennis Club and the Engineering Undergrads' Association, and Jack Chapman for the Cricket Club and the Law Society. Phil. Green is President of the Dental Undergrads (succeeding Brian Broadbent), and has John Noble as Assistant Treasurer. H. G. Sundstrom is President of the Veterinary Society.

Our congratulations to Owen Edwards, who has just been appointed to edit *Honi Soit* next year; and to David Thurlow, who will edit the *Handbook*.

Football.—'Varsity's memorable rise from last place in the Competition table to winners of the grand final and premiership was not accomplished without the active intervention and assistance of several Old Boys. Frank Hutchinson, second row forward in one of the best packs seen for years, was always in the midst of the hard work. Peter Minnett, at outer or inner centre, was a valuable link in the back line. Remember that try at Parramatta? Jika Travers played breakaway in the last few games. In the final match he landed a penalty goal from behind the half-way mark with a drop-kick that drew the newspaper headlines. Geoff. Wansey, in his first season with University, played consistently good football, and his work at five-eighths, must have contributed largely to Varsity's victories.

Cricket.—Old Boys, young and old, are playing a prominent part in University cricket. At the annual general meeting of the Cricket Club, A. B. S. White was by unanimous vote offered the position of Patron, and Colonel J. Travers was appointed one of the Vice-Presidents. Jack Chapman is a member of the Selection Committee and captain of the 1st XI. Jika Travers, who has been batting and bowling well this season, was elected to the General Committee. In Inter-Faculty cricket, Doug. Lovejoy, playing for Arts, has been distinguishing himself with some good bowling, and Tom Bell has greatly assisted Law in both batting and bowling.

Rowing.—Boat Club Blues for 1939 were awarded to Bill Pringle, Bruce Geddes and Bill Woodward. Brian Smith has done useful work in coaching Inter-Faculty crews.

Tennis—Dave Walkom gained his Blue in tennis, and was the mainstay of the Engineering Faculty team. Russell Braddon was No. 1 player in the Arts "B" team, which was runner-up in its competition.

Rifle Shooting.—Blues were awarded to Lloyd Greenwell and Boris Janes. David Shirley, David Craig and Brian Potter were amongst the

scorers in the Inter-Faculty shoot.

In the third year Medicine examinations, A. L. Yuille secured a Credit, and Bob Dey, John Findlater, Luke Middleton, Dave Pope and J. M. Rae passed. In fourth year, Credits were awarded to John Sands, Colin Swirles, David Shirley and Peter Greenwell. David Dey and Colin Hambly were content with passes.

J. D. Whiteman, of the University of Sydney, has been awarded the Australasian Institute of Mining and Metallurgy prize for the best paper

submitted by a student in New South Wales.

Many Old Boys have joined the Second A.I.F. for service at home or abroad. We have done quite a lot of ferreting around in an endeavour to secure a full list of these men. So far we have heard of the following Old Boys having enlisted in the Sixth Division or Second A.I.F. —Clive Baylis, Dooley Bourke, Bob Browne, Tom Hanson, Bruce Haydock, Ned Kater, H. W. Martin, Doug. Rickard, Tom Selby (who is M/O of 2/1 Battalion), Myles Sutton and his brother Henry, F. C. Taylor, Bill and Jika Travers, Wal. Tyrrell, and Ron. Willmott (who, we understand, was the first enlistment at the Barracks). Jim London has joined up in Melbourne, and Tom Elliott, after serving three years in the 51st Battalion, North Queensland, has been accepted in the Second A.I.F. as Lieutenant.

We had intended to deal fully with Old Boys' military activities, but it is impossible to particularise in any detail without laying oneself open to the charge of making indivious distinctions. We have received news from Old Boys on North Head, South Head, Cape Banks, from anti-aircraft gunners, tank men and Light Horsemen, from privates and majors, from airmen, and from members of a mysterious detachment known as the P.B.I. Some Old Boys who have attained high rank are perhaps worthy of special mention; for example, Lieut.-Col. A. R. M. Gibson (Anti-Aircraft), Major J. I. Humphreys (7th Brigade Reserve), Major J. Kelso (27th Battery Command), Major E. D. Thane (1st Medium Brigade). Those with the

rank of Captain include Tom Hanson, R. W. Keegan, Keith Magno, G. E. Mason, and R. O. Merrett. Captain B. Mander-Jones is O.C. of the No. 1 Battery, Anti-Aircraft. There are probably many others who have achieved some distinction or done something of especial interest in the military sphere. We trust that they will not be offended by their omission, also that they will keep in touch with the Old Boys' Union office and give us news of their doings.

From Major Lionel Lemaire, Victoria Barracks, Melbourne, we learnt that Godfrey Hawker has got his Captainey (18/11/39), and is now D.A.P.M.. 3rd Division, and is probably going to 6th Division shortly.

D.A.P.M., 3rd Division, and is probably going to 6th Division shortly. His son is in camp with the A.A.M.C., 2nd A.I.F. N. K. Gilfillan is with the 3rd Division Signals. Major Lemaire also informs us that V. D. Watson is at present acting as Vice-President of the Junior Chamber of Commerce.

\* \* \* \* \*

H. C. Deane, of Queanbeyan, writes that W. A. Woodger is in camp at Dapto with the 3rd Battalion.

\* \* \* \* \*

Their military obligations do not altogether prevent Old Boys from taking part in sporting and other activities. For example, one Saturday in October we saw Jack Chapman hit merrily for 69 runs in 45 minutes, after spending the night on military duties. On the same day, Geoff. Lewis, who was in camp with the Garrison Artillery, secured 5 wickets for 37 runs, his victims including Ted White and Nig. Sutherland. One of the abovementioned Old Boys (no names, no pack drill) came out of camp that day to play for a certain first grade team, and was bowled without scoring. Perhaps F. W. Harvey, 20th century poet, had that particular person in mind when he wrote:

"From troubles of the world I turn to ducks, Beautiful, comical things."

Sport.—A cricket match has been arranged for 11th December between an A.I.F. team and present players. We notice the names of Jack Gregory, Dr. Roy Minnett and Bill Trenerry in the A.I.F. team.

B. R. Bennett (5) and Dave Pratten (7) were among the low markers in the annual 18 holes stroke handicap open to G.P.S. Old Boys. Seven 'Shore men were among the first 24 places.

Brin. Jay, bow man in the Australian crew which rowed at Henleyon-Thames this year, made his first appearance in inter-club rowing last month as stroke of Sydney's senior four. He was denied the pleasure of stroking his first crew to victory by the heavy North Shore four, which included Dick Pedlingham and Brian Willis.

On Saturday, 23rd September, an Old Boys' XI. played a one-day practice match against the School 1st XI. The result was a draw. Ted White, who captained the Old Boys' team, top scored with 78 not out.

Old Boys noted with pleasure the School's success in the G.P.S. Competition.

# COUNTRY AND INTERSTATE NEWS.

Lismore.—Jack Cockle has sent us a letter full of interesting news. He reported that the G.P.S. Old Boys' Association of Lismore and District (of which he is Secretary) was organising a big golf day, which was to take place on 26th November. We hope to publish the results in our next issue. We note with interest that the programme included not only a 36 holes championship and handicap, but also a teams competition. From a schools' point of view, the teams event is an excellent innovation.

Our correspondent recently met an Old Boy named Westbrook, visiting Lismore in the course of a trip round Australia on horseback. He was making his way along the coast, giving exhibitions of whip-cracking and other cowboy stunts. Westbrook gave up a job on a station to undertake this venture, and we should be interested to hear how far he has gone on his travels.

A recent addition to the Old Boys of the district is Bob Platt, who is in business near Nimbin. Bob created quite a good impression when he had a row with the Lismore Rowing Club.

Allan Taylor, who married Miss Barbara Bertie, sister of Alan and Dugald Bertie, was to be one of 'Shore's stalwarts in the golf championship. He is apparently prospering in the insurance business.

Clarrie Cliff is one of the leading dentists in the district, and has recently built himself a new home overlooking Lismore.

Blayney.—John St. Vincent Welch has been elected President of the Blayney Agricultural and Pastoral Association, and is, we understand, the youngest committeeman to have been elected to that office. He has the support of another Old Boy, Cecil Purser.

\* \* \* \* \*

Walgett.—Many Old Boys reside in the Walgett and Inverness district. George Mace and Bruce Hodgson have joined the local Light Horse Troop. Bill Treweeke and Geoff. Saddington are both in the Burren Troop. Guy Blake recently won a 36-hole stroke handicap in Walgett.

\* \* \* \* \*

Queensland.—Alpin Campbell writes from Longreach to give news of Old Boys' doings. Max. McNally, John Sawkins, J. Milne and F. Flower were in camp in November with the 26th Battalion at Townsville. Alan Leslie was anxious to join the Air Force, and came down to Sydney by car.

Another newsletter comes from "Binghi" Bell, of "Blendon," Barcaldine. He tells us that K. S. Lyttle, who was jackerooing at "Blendon," has gone to "Portland Downs" for a few months. There he will join forces with Tom Hutchinson, who is head musterer on "Portland Downs."

Bill Henderson, who is now at "Callygoora," Daymar, Queensland, is another correspondent to whom we are indebted for news. Bill met John Connell in camp with the 6th Light Horse Regiment at Orange. John is managing a place in Gilgandra for his father. Colin Capp and John Haydon, from Quirindi, are both in camp with the Murrurundi Troop. Tom Wise was in camp at Wagga with the Narrandera Troop. (Readers will observe that this correspondent's news more or less covers the eastern half of the continent.)

Tom Cracknell has been in camp at Ipswich with the 11th Light Horse Regiment. Other Old Boys in the Regiment include Dudley and Geoff. Woods ("the Shovellers") and Toby Robinson.

Wallace Munro, who is with the 24th Light Horse Regiment, was recently at Goondiwindi with a good string of horses for a forthcoming Bushmen's Carnival. Calder Coulson is another addition to the Old Boys of the Boggabilla district. Dick Marshall was trying to join the Air

Force when our correspondent last saw him in Goondiwindi. His brother Jack has recently undergone a trying but adventurous experience. He left Warsaw the day before war broke out, and should have some interesting news to relate.

South Australia.—An extract from an Adelaide newspaper announced recently that Alderman R. Walker would perform the ceremony of laying the foundation stone of the Walker Scout Hall at Kensington Gardens. This trowel-wielder is our old friend, Reg. Walker, in a new capacity. Incidentally he is at present on an extensive motor trip, and will probably be in Sydney some time before Christmas.

\* \* \* \* \*

The Editor of these Old Boys' Notes wishes to apologise for any decline in quality or quantity that may be apparent in this issue. The excuse, if not the justification, is that the University authorities decided to hold certain of the final Law exams. in November instead of February. Consequently it was virtually impossible to spend sufficient time on the compilation of the Notes. However, the writer's task was made easier by the assistance of Hal. Shaw and the Union Office, and by those Old Boys who are good enough to send us news of their doings. Would that there were more like them!
