SCHOOL NOTES

At the New South Wales Amateur Athletic Championship Meeting in February, S. H. Suhan had a brilliant success. He won the 440 yards junior championship in 52½ secs., and the 880 yards junior title in 2 mins. 1 sec., winning the latter by 30 yards and creating a State record. A. V. Maxwell at the same meeting won the junior championship in the 120 yards hurdles with a time of 16½ secs., one-fifth of a second above his previous best time, which was a record for the State. Both ran as members of the Northern Suburbs Athletic Club.

The *Herald* a few weeks ago published a picture of the Centenary celebrations of The Armidale School, in which we recognised the familiar features of Mr. G. A. Fisher. Evidently the new Headmaster has lost no time in developing his well-known powers of organisation. We wish him and his school the best of good fortune.

* * * * *

We welcome these new masters who have joined the Staff this term: Mr. Keith, D. Anderson, M.A. (New Zealand), is in charge of the Preparatory School, and is coaching the 1st XV. Mr. W. V. Butler, M.A. (Melbourne), who comes to us from Scots, is in residence in School House. Mr. J. P. McAuley, B.A. (Sydney), returns after a previous temporary appointment, and is in Barry House. Mr. W. N. Dowling, B.A. (Sydney), came from Mosman Preparatory School, and is already well known to many. Mr. N. M. Goddard, B.E. (Sydney), and Mr. H. G. Shaw are well known Old Boys, the former for his scientific articles in the newspapers, the latter for his long connexion with the production of this magazine. Mr. Shaw is in residence in Junior House.

The New Labs. have already been described very adequately in a contemporary, and may be seen of all men.

To understand the hackneyed phrase, "all mod. cons.," just walk along to the New Labs. They consume their own smells; they run movie-shows; they are self-contained, copper-bottomed and deckle-edged.

Speech Day, 1939, was one of a new type. There was no Chapel service, but a short religious service opened the proceedings in the tent. The Hon. Sir John Peden distributed the prizes, and the vote of thanks was proposed by the Senior Prefect, M. M. Helsham. A choir of Fifth Formers sang two songs, and there were displays by the Cadet Corps and the Preparatory School.

Chapel Notes

On Palm Sunday, a service was held in the evening at 7.30 o'clock, to which all parents, Old Boys and friends of the School were invited to come. Three appropriate anthems were sung by the Choir, and the sermon was preached by the Rev. Canon A. H. Garnsey, Warden of St. Paul's College, Sydney.

* * * * *

At the Open Sunday Service at 10.45 a.m. on May 5th the preacher was the Right Reverend C. Venn Pilcher, Bishop-Coadjutor of the Diocese of Sydney.

* * * * *

An Old Boys' Service was instituted on the evening of Anniversary Sunday, May 5th, for the benefit of Old Boys and their relatives and

friends. The preacher at this service was the Reverend Canon A. H. Garnsey, Warden of St. Paul's College, Sydney.

* * * * *

Addresses were given during term by the Headmaster; by Mr. J. C. Saxby, who spoke on behalf of the British and Foreign Bible Society; and by the Revs. N. a' B. T. Backhouse and T. H. D. Kitley.

We wish sincerely to thank Mr. J. K. Shirley for designing and supervising, free of charge, the construction of a movable font for use in the School Chapel.

* * * * *

We wish sincerely to thank Mrs. Fred. Merewether for presenting to the Chapel a movable font in memory of her late husband.

DEBATING NOTES.

This term Mr. Eldershaw found himself obliged to give up an active interest in debating, through pressure of other activities. His place has been taken by Mr. McAuley, and we have lost nothing by this change.

The membership this year has been most satisfactory, and we are faced with the problem of how to give each speaker sufficient practice, for only six can speak in each debate. The debates thus far have been on set or prepared subjects, in order that the newer members should have an opportunity of becoming accustomed to impromptu speaking by degrees. Next term impromptu debates, such as are held in the competition, will be held.

The topics discussed have covered a wide range, including the usual ones of freedom of the press, democracy and the status of women, and, in addition, some more unusual and more difficult.

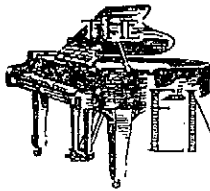

The competition debates begin early next term, and the choice of a team will present some difficulty, as a number of speakers have shown marked improvement during this term.

THE OCTET.

Eight items from "The Arcadians" have been practised this term, and a good deal of hard work has been put in by members at odd moments, several junior boys having learnt up their own parts at home.

Nine copies of the vocal score have been accumulated from various quarters; and also much manuscript work has been done.

After a few full practices early next term, we hope that this programme will be worth hearing. Three choruses will be supplemented by the Preparatory School "50" Choir.

ENTERTAINMENTS CLUB

At our first mid-day concert this year on Friday, February 23, Mr. Raymond Beatty gave a recital, accompanied by Miss Milson. Mr. Beatty's powerful voice and vigorous style has done much at Shore to dissociate music from the notion of effeminacy. Mr. Beatty was in very good voice. Next term he and the well-known contralto, Miss Heather Kinnaird, are to give a joint recital.

On Saturday evening, February 24, a party of senior boys went to the Independent Theatre in North Sydney to see "Our Town," by the American playwright, Thornton Wilder. All found the play very interesting and its dramatic novelties most refreshing. Incidentally, an Old Boy, Frank Monckton, was a member of the cast.

We held a recital of recorded music at our next mid-day meeting. The amplification was supervised by Daley & Scarvell, and the programme composed by Mr. McAuley. "Finlandia" (Sibelius) was followed by Haydn's "Trio in G Major," and then the famous duet from Mozart's opera, "Don Giovanni." The rousing tone-poem and the vocal music were well received, but the trio, perhaps not sufficiently amplified, exhausted the patience of several members of the audience.

On Friday, March 29, our visiting artist was Mr. Ulick King (baritone), who sang two groups of songs by English composers—an early Jacobean group and a modern group, each characterised by a complete fusion of words and music. Mr. McAuley accompanied Mr. King, and, between the songs, played a gavotte, which received an ovation. Many thanks to Mr. King and Mr. McAuley.

A second recital of recorded music was presented on Saturday evening, March 30, in the School Library, by P. W. S. Broughton and R. A. Merewether, who briefly introduced each piece with a remark or two to direct the listening. During the playing of items the lights were switched

off. A very well selected programme opened with Rossini's overture to the "Barber of Seville," and was followed by Mozart's "Oboe Quartet in F Major," Bach's "Toccatina and Fugue in D Minor," the "Polka and Fugue" from "Schwanda the Bagpipe Player" (by Weinberger), concluding with Prelude to Act 3 of "Lohengrin" and the march from "Tannhäuser." The Club desires to thank warmly Messrs. McAuley, Gilfillan and Butler for the loan of records. Supper completed a very pleasant evening.

A party of 55 boys attended the Theatre Royal on Saturday evening, April 6, for the programme of the Gilbert and Sullivan operas, "Trial by Jury" and "The Pirates of Penzance." It was great fun.

At lunch hour on April 12 a group of enthusiasts presented "Campbell of Kilmohr," a tragedy of the Scottish Highlands at the time of the second Jacobite rebellion. Boarders' tartan rugs and dressing gowns served as insecure kilts, etc., and the soldiers were fitted out with uniforms used in the Anniversary Pageant. Although the parts were mostly read, as was the practice last year, the presentation did not lack a touch of realism, and certainly held the attention of a large audience. We hope to carry on this work next term.

Mr. Walmsley very kindly arranged a recital on the Chapel organ for Friday, April 27, by Miss Joyce Ritchie, a brilliant pupil of Mr. Faunce Allman and the 1938 Busby Scholar at the University of Sydney.

On Wednesday afternoon, May 1, a party of 27 boys attended the Young People's Symphony Orchestral Concert being held in the Town Hall and conducted by Professor Bernard Heinze. These concerts make an excellent contribution to the understanding, and hence the appreciation of symphonic music. We are grateful to the Australian Broadcasting Commission.

We concluded our term's activities with a lunch-hour concert on May 3, at which several boys and masters rendered solo items (piano, violin, accordion), and a song composed by a boy of the Upper School.

Next term we are looking forward to hearing Mr. Monckton's Octet in solos and choruses from "The Arcadians," and are arranging several talks and recitals by Mr. Lindley Evans, another visit from the boys of St. Andrew's Cathedral Choir, and perhaps a performance by the Scots College Orchestra conducted by Mr. Victor Massey.

THE
ART CLUB

The Annual Exhibition of Art and Carpentry will probably be held, as usual, about the beginning of August.

There are now a number of active members in the Main School who can do good work. If each contributed two or three exhibits only, this would ensure a really successful show; but there need be no limit to the number of exhibits—the more the merrier. Colour work will be especially welcome, as there is generally not enough of this.

Please begin handing in work now—it is a mistake to leave it until the last moment, when often careless and hurried work is done, which does not do justice to the artists.

Large drawings in broad style will be more acceptable than those of the postage stamp size. Use dark pencils, or clean, strong colours applied with big brushes.

There has been a good assortment of pictures in the Art Club frames.

Members would do well to get leave now and again to visit the new classrooms to acquaint themselves with prints of famous pictures, which we are fortunate enough to have hanging there.

THE CHESS CLUB.

The Club has grown over the last two terms. However, the number of boys from the Vth and VIth Forms is still much greater than from the lower classes. There should be more younger boys, and their membership would be heartily welcomed. Boys from the Lower IVth Forms are particularly invited, as this is the stage to learn if they wish to become really good players. They need not be afraid, as the senior members are willing to teach them; there are books to study, and the competition is divided into two parts for them and the more seasoned players.

This term the meetings have been held as usual each day—for the first part of the term in the Library, and then for the remainder in Room 16. For the use of this room we are thankful to the master-in-charge.

We now have five complete sets, and there are three very informative books that can be read by boys who have a knowledge of the game and wish to learn more.

Next term we hope that some members will be able to lend sets, and we will also have those which will be given as competition prizes at the end of the year. We have not had any competition so far, as it has been difficult to obtain a proper organisation of the Club. During the next two terms we hope to hold competitions with other schools on Friday nights.

The position of president has been filled this year by A. T. Duffy.

We are thankful to Mr. J. C. Pope for the book he donated at the beginning of the year.

PHYSICAL EFFICIENCY.

This term all available members of L.IVth and IIIrd Forms competed (every week on Wednesday and Thursday respectively) in running, high-jumping, and broad-jumping, while a number took part in hurdling. A number of VIth, Vth and U.IVth boys trained in various events on Mondays.

The summer season concluded with three contests, in which more than three hundred boys took part, being divided into six colour teams. The results are summarized below:—

	Navy Blue.	Brown.	Green.	Orange.	Red.	Light Blue.
VIth, Vth and U.IVth	131	112	105	113½	125½	107
L.IVth	96	62	75	67	69	72
IIIrd	66*	76	66*	83	57*	57*

* Equal.

RESULT OF INTER-FORM COMPETITIONS—1st TERM, 1940.

The Physical Efficiency Committee desires sincerely to thank all members of the School Staff, and all boys who have so willingly helped in supervising, coaching, judging, and in doing many other jobs essential to the successful running of the numerous athletic contests held during the term, and specially for the valuable co-operation of all who helped at Northbridge on the occasion of the Upper School Inter-Colour Contest on Friday, April 19, 1940.

SCOUT TROOP

(By J. R. U. Jamieson.)

The Troop's Christmas Camp was held at Kilcare, a small township on the shores of Hardy's Bay. This bay is part of Brisbane Water, named after Governor Brisbane, and is also part of Broken Bay. The main part of Kilcare is about a quarter of a mile from the ocean. The Troop camped at Putty Beach, which is quite a good surfing beach.

We arrived at Kilcare on a Friday morning, and set to work to pitch camp. The site was on the side of a hill, and, as a result, tents were hard to pitch. After making ourselves comfortable, we surfed. While at the beach we made friends with the lifesavers, who were a great lot of chaps.

The Troop was made an honorary collective member of the Kilcare Surf Life Saving Club.

On Tuesday we walked round Box Head. It was a case of "rock-hopping" most of the way until we were well round the headland. On our way back to camp we called on Mr. Pope, who has a cottage on the hills behind Hardy's Bay.

We broke camp the next day after having had a very enjoyable time.

* * * * *

This term a great number of new boys have joined the Troop, the greater part of them from the Preparatory School. As a result, a new Patrol has been formed, bringing the numbers of the Troop up to thirty-two. The Troop can take no more boys, several having been refused already.

The Scout Hut has not been used to any great extent this term because of a Life Saving course, which the whole Troop underwent. Mr. Williams, from the Royal Life Saving Society, instructed us. After several weeks of practice, an examination was held at Balmoral Baths, everyone passing successfully. Three bronze medallions were earned, the remainder of the Troop gaining the Intermediate or the Elementary certificate. We were all much pleased with this result, and for the remaining weeks of the term settled down to the usual work.

CADET NOTES.

Our numbers have reached a record level of 296, of whom 95 are recruits. As is usual, a number of last year's seniors helped as instructors and examiners in the N.C.O. course with which the year commences. Without their help we should have been in difficulties, as Staff instructors are scarce. The position is a difficult one, with so many to train. Fortunately a large number of senior N.C.O.'s have returned to School.

Speech Day.—A demonstration of Corps work was given—Company parades, Corps parade, Advance in Review Order, and a March Past in Column of Route, all with bayonets fixed.

Long Service.—The undermentioned served in the Corps for four years: Cdt.-Lt. J. S. Lyell (Vicars Cup Team, '38, '39); Cdt.-Lt. W. Robins (Capt. Vicars Cup Team, '38, '39), who commanded "A" Coy. in 1939; Cdt.-Lt. W. C. Woods (Vicars Cup Team, '38; Kirby Shield Team, '39), who commanded "C" Coy. in 1939; Sgt. C. Forsythe (Kirby Shield Team, '38, '39); Sgt. J. N. McIntyre (Kirby Shield Team, '38), Sgt. H. D. Sheehan, Sgt. D. R. Way; Cpls. P. E. Haley, S. R. Harris, J. W. Lipscomb, D. B. Morell (Vicars Cup, '38, '39), D. A. Williams; Cdt. R. B. Irvine (leave of abs., '38; Kirby Shield Team, '39).

Training in Lieu of Camp.—As it was not possible to hold a Camp, a five days' Course of Training was undertaken. Cadets returned home at the end of each day, reassembling next morning, and being transported, free of charge, to the scene of the day's activities. Lunch was provided

on the spot by Mr. Rance, who chartered a motor lorry and formed a mobile commissariat and tuck shop. Two days were spent on I.S.L. and Platoon schemes at Rydalmere, each platoon working under its Pl. Cmr. and Sgt. Rifle and L.G. firing at Long Bay Range occupied a third day. Close order work and rehearsal for a ceremonial were carried out on the fourth day, the scene of operations being Cranbrook's ground at Rose Bay. On the final day, 9 Dec., we took part in a Ceremonial Parade, on the same ground, in conjunction with Barker, Cranbrook, Knox, Scots and Trinity. Brigadier J. J. Murray, D.S.O., M.C., V.D., Commanding 9 Inf. Bde., inspected the parade.

We are grateful to Lieut. C. M. Swirles, S.U.R., for his assistance throughout the course.

Officers.—Lieut. Hendry joined the A.I.F. at the end of last year, and is now abroad. He has the best wishes of all, and leaves us the poorer for lack of his expert knowledge.

There are now three masters and one Old Boy with commissions in the Corps, and four of last year's Cdt.-Lts. In addition, applications for commissions have been sent in for three who passed last year. The usual exam. for appointment to commissioned rank will be held early in next term.

Training.—The new organisation has been adopted—three ranks and three Pls. per Company, etc.

A Bayonet Fighting course for senior N.C.O.'s was carried out early in the term, and Bayonet Training is now on the curriculum.

Our L.G.'s, of which there were four, have been withdrawn from us for reissue to the A.I.F.

A new Administration subject has been added to the syllabus. It is concerned with all those things that a Cadet should know that are not part of Drill, Weapon Training, or I.S.L., and yet help him to play his part as a member of a large organisation.

Senior Training has been reorganised into six courses, as follows: (i.) Rifle Training, Range Duties, and Min. Range; (ii.) Fire, Ground and Formations, Patrols, and Mutual Instruction in Squad and Arms Drill; (iii.) Guards and Sentries, March Discipline, Messages and Reports, Administration and M.I. in R.T.; (iv.) Bayonet Training, Theory of S.A. Fire, War Organisation, Weapons, Supporting Arms, and Protection; (v.) Attack, Defence, and Sand Table Exercises; (vi.) Map Reading, Field Sketching, and Vickers M.G.

Competitions.—All competitions are off this year. It is, however, proposed to have a contest along Kirby Shield lines with Knox.

Examinations.—The usual Course of Instruction for those seeking appointment to the rank of Cpl. occupied the first three parades of the year. One hundred and fifty presented themselves for instruction; 120 were examined, and the first 66 were declared to have passed. As a matter of fact, the standard of the candidates was unusually high, and it is not quite adequate to say that the others failed.

The class for promotion to the rank of sergeant was formed after the corporals' exam. Thirty-three were trained, and of them 27 passed. Here again the standard was unusually high.

N.C.O. School.—The N.C.O. School, previously held at Liverpool, is to be at Barker College. Capt. Taylor, late O.C. of S.G.S. Cdt. Corps, and now called up for duty, will be in charge of the School. Representatives of 16 S.C.Dets. will be taking part. As so many are participating, and as accommodation for only 100 is available, the number of vacancies for our Det. is limited to 13.

Shooting.—The Early Roberts Team secured 3rd place amongst the Empire teams.

Miniature Range practice has been carried out as usual.

NUMBER OF PARADES.—3 N.C.O. Training, 2 Exam., 8 Training.

STRENGTH.—8 Officers, Sgt.-Major, 60 N.C.O.'s, 227 O.R. Total, 296.

DAWN ON THE HARBOUR.

(By R. T. Finch.)

On the water's face there's a sluggish mist,
Through which the dim and silent ferries run;
While all the roads and lawns are kissed
By dew, as yet unconquered by the sun.

The barges begin their daily fate
Of unrewarded toil, and then some boat,
Her decks filled high with surplus freight,
Shatters the calm with loud and blatant note.

Then comes the sun: his welcome beams
Rejuvenate the world—proclaim the morn;
The harbour is flecked with golden streams,
And all creation hails the day new-born.

FRAGMENT.

(By F. T. Henry.)

A soft and watery sun
Rises in glory 'bove the morning mist,
Spreading its warmth around each phantom tree,
And drinking the dew which hangs so light and free
From every glistening leaf;
And all the buds, by Spring's warm sunshine kissed,
Open their hearts and think they're now begun—
To live.

A quiet and gentle calm
Spreads o'er the gathering gloom,
And a playful scented breeze
Steals its soft way among the rustling trees.
It stirs on its dying path
The slender branches; and the pearl-pink bloom,
Which, like a living psalm,
Sings for a day the praises of its Lord,
And then is spread,
By the whistling wind, abroad;
Dead:
But in death to more glorious calling led.

KNOWLEDGE.

(By R. T. Finch.)

Knowledge!
O for the knowledge to probe
All the secrets contained in this globe!
A knowledge so vast to be able to measure
The size of the universe, the worth of its treasure;
A knowledge of man, the most complex creation;
A knowledge not bound by one group or one nation,
But knowledge ensuring the greatest of wealth,
Most vital of all things, man's unfailling health.
Such are our dreams!
What should we gain?

Our present knowledge brings us pain
 In shape of bombs and mines and wars,
 And brings us International Laws
 To referee this game of hate
 That millions play to make few great.
 Our knowledge of warfare brings men pain;
 Our knowledge of healing brings health again.
 This paradox, our Knowledge!
 Yet, reflecting further, I believe
 If man all knowledge should receive,
 There would be peace.
 Eternal happiness and health
 Would be within our reach;
 We should regard these things as wealth,
 And these things teach.
 It is to these things men aspire—
 Lord, let Thy children advance higher,
 And give us Knowledge.

SWIMMING.

During the term the three G.P.S. races were held, resulting in much success for the School. In the 200 metres relay, S.C.E.G.S. team, comprising Lang, Cohen, Daymond and Cadell, was placed first; and a similar result was obtained by Daymond in the G.P.S. 100 metres race at Grammar Carnival, while at Scots in the 500 yards relay the School team came second.

TENNIS.

The Annual G.P.S. Competition was held on April 17 at the White City courts. The Senior Team was fortunate in having a bye in the first round, but was eliminated in the semi-finals by a strong team from Sydney High School, the ultimate winners. After a hard fought match, the scores were: Sydney High School, 13 sets; School, 11 sets. The team was Godwin (capt.), Butcher, Dunsmore, Butler, Deamer and Cameron. Scores were:—

- Singles.**—Godwin v. Crealy, 3-6, 5-7.
 Butcher v. Thompson, 3-6, 6-2.
 Dunsmore v. Fullagar, 6-3, 5-7.
 Butler v. Failes, 2-6, 3-6.
 Deamer v. Fisk, 1-6, 6-1.
 Cameron v. Humphrey, 0-6, 3-6.

- Doubles.**—Godwin and Butcher v. Crealy and Thompson, 6-2, 6-3.
 Godwin and Butcher v. Fullagar and Failes, 6-3, 6-4.
 Dunsmore and Butler v. Crealy and Thompson, 1-6, 1-6.
 Dunsmore and Butler v. Fullagar and Failes, 6-3, 0-6.
 Deamer and Cameron v. Fisk and Humphrey, 0-6, 7-5.
 Deamer and Cameron v. Fisk and Humphrey, 3-3 (unfinished).

The year's rowing started with the Christmas Camp on 22nd January. The Camp was as enjoyable as usual. The Eight was selected fairly early, but it took some time to secure the best combination of boys for the two Fours. Throughout the term, training went on with very little interruption. Though we did not win the Championship, we won the five four-oared races in which we competed.

The Eight could fairly be said to be well up to the standard of the three crews which won in 1937-8-9. It was the heaviest which has ever been boated from the shed, and averaged a few pounds over 12 stone. It was very powerful and, at its best, was very fast. In training, it registered some of the fastest times which we put up on the Parramatta. It was not always, however, quite consistent in its rowing. It is always very difficult to blend together men who are of different physique, and it was by no means always that the crew achieved coherence at the recovery and on the last portion of the swing forward. In the last few years our crews have always made enormous improvement in the last week of training, but this year the improvement was not so rapid. It may be that the bad weather we experienced on the first three days of the last week impeded the progress of the crew. During the same time, Grammar, however, made great strides and turned themselves into a really first class eight. In the race they obtained a lead at the start, and were able to get that little breather in the second half-mile which makes all the difference to the finish. In spite of efforts, we could not bring them back, and we finished in third place behind Sydney High School. The crew felt that it had a good row in the race, and had no deep regrets. After all, having won for the three previous years, we could afford to see the Championship go round.

The Fours improved steadily throughout the training, and both, but particularly the second Four, made great strides forward during the last week. In their races, both crews came away in the last quarter-mile to win by a length and a half. The third, fourth and fifth Fours deserve a great deal of praise for their enthusiastic work, often in difficult circumstances.

Following is a brief account of the races:—

SECOND FOURS—1 Mile.

Shore—C. V. Wolstenholme (bow), 10.12 ; G. B. Edwards (2), 11.1 ; L. W. Davies (3), 11.8 ; I. R. Carter (stroke), 11.1 ; H. D. Moors (cox). (J. B. Burrell, coach)	1
Sydney Grammar School	2
Sydney High School	3

Newington College, 4 ; St. Joseph's College, 5 ; The King's School, 6 ; St. Ignatius' College, 7 ; The Scots College, 8. Time, 6 mins. 14.2 secs.

After the hundred yards, Sydney Grammar School led by half a length from Shore. This lead they maintained until the beginning of the last quarter-mile, when Shore gradually drew away.

FIRST FOURS—1 Mile.

Shore—P. R. Evans (bow), 11.2; B. H. Goswell (2), 10.11; L. D. Heath (3), 12.7; J. B. Morgan (stroke), 10.4; J. D. Hum (cox). (J. B. Burrell, coach) 1

terms. During the last quarter-mile Shore drew ahead steadily, winning by a length and a half.

For the majority of the race, Grammar, Shore and Riverview were on level terms. During the last quarter-mile Shore drew ahead steadily, winning by a length and a half.

CHAMPIONSHIP EIGHTS.

Sydney Grammar School 1

Sydney High School 2

Shore—H. W. Coulson (bow), 11.4; D. E. Wood (2), 11.11; I. R. Osborne (3), 12.2; P. L. Collett (4), 12.0; D. R. Osborne (5), 14.6; D. R. Roughton (6), 12.11; G. C. Dent (7), 11.7; P. N. Shaw (stroke), 11.0; K. E. Goldring (cox). (L. C. Robson, coach) 3

St. Joseph's College, 4; The King's School, 5; Newington College, 6; St. Ignatius' College, 7; The Scots College, 8. Time, 8 mins. 32.2 secs.

Grammar led by three-quarters of a length at the quarter-mile. Thereafter they maintained their position, and, by exceedingly good rowing, won by three-quarters of a length. Shore and High varied in position throughout the race, but in the last few hundred yards High drew away to lead Shore by half a length.

The Junior crews' races were rowed on April 13th in pouring rain. Following are the results:—

THIRD FOURS.

Shore—L. E. Soden (bow), 10.4; J. H. Vincent (2), 11.11; R. W. May (3), 11.8; R. J. Luker (stroke), 11.4; T. A. Meikle (cox), 6.6 1

Sydney High School 2

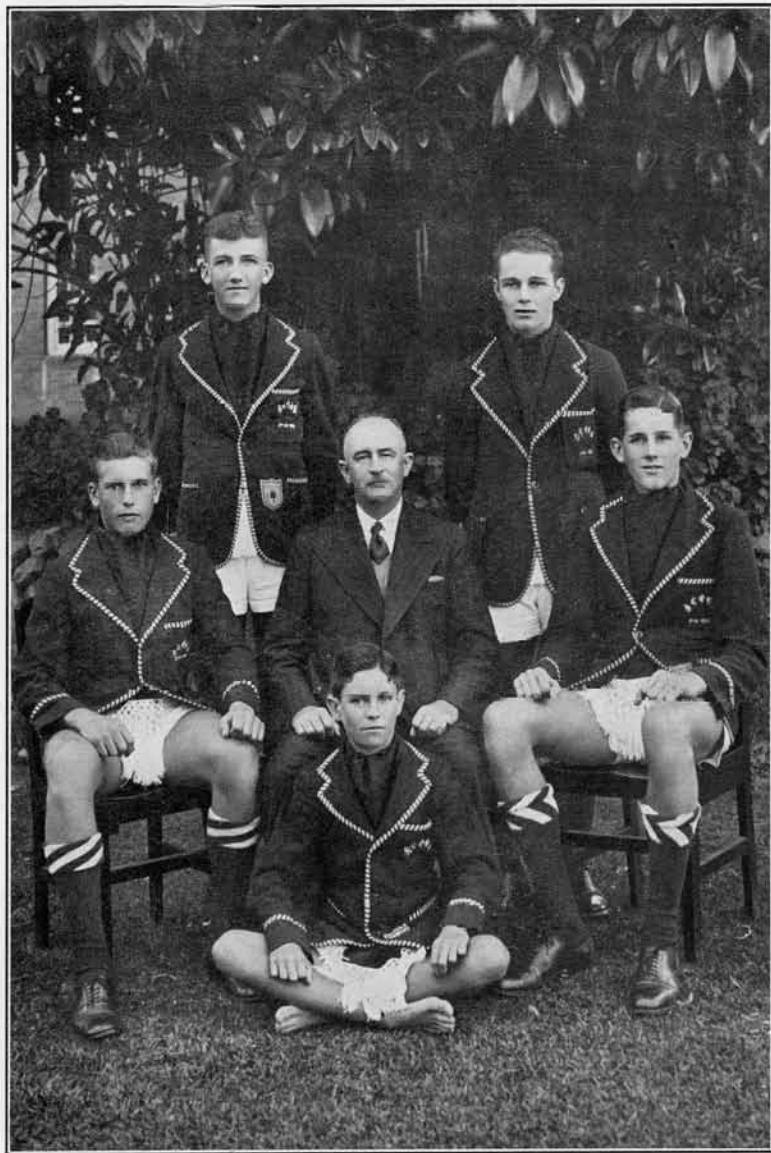

Sydney Grammar School 3

FOURTH FOURS.

Shore—O. R. Cormack (bow), 9.7; D. A. Williams (2), 10.7; W. D. Mitchell (3), 12.6; I. Venn-Brown (stroke), 9.9; H. A. Young (cox), 6.3 1

During the period of training, the crews received great assistance from many friends. One of the attractions of the School rowing is that it brings to the shed from year to year a group of people, parents not only of the present crews but also of the past crews, who keep up the most keen and friendly interest. We received gifts of fruit and gifts of many other kinds, and were greatly helped from time to time by the loan of cars. To acknowledge all this help in detail would be too great a task. We should be ungrateful, however, if we did not offer special thanks for certain gifts of great permanent value. James Banyard, who stroked the winning crew in 1938, presented us with a set of racing oars. A gentleman, who wishes to remain anonymous, has presented a new Regulation Four which is now being built by Mr. George Towns. The Osborne family, which includes two members of this year's Eight, and also two of their uncles, Major J. W. Osborne and Sub-Lieutenant F. M. Osborne, both of whom rowed for the School, has presented a cheque for £50 against the time when we shall require a new racing "Eight." The Boat Club is very fortunate in its friends.

A Dance was held in the School Dining Hall on the night after the Boat Race, and was attended by a great number. Though the accounts are not complete at the moment, it seems likely that about £70 will result from it.

The rowing prospects for the future seem to be good. We should reap great benefit from the keenness and experience of the Fours who rowed so well this year.

FOOTBALL.

At the time of writing the football season has barely commenced, and most of us are still rather conscious of this fact, with a good deal of discomfort in stiff and bruised muscles. However, with a few weeks of hard practices, we should be in better condition by the end of the term. Physical fitness is our object at present, and team building will naturally follow later.

We have a number of practice matches which will serve as useful testing grounds for aspirants to the various teams. The First Fifteen have a good nucleus of last year's team on which to build, but there will be keen competition for all places, as a number of younger players from last year's Seconds and Thirds are showing very promising form. The teams all have good records to live up to, but one and all hope to make the 1940 season even more successful.

C RICKET NOTES

Although we were somewhat hampered by a temporary shortage of grounds, the School cricket has been satisfactory this term. The outside teams have performed fairly well, especially good results being obtained by the under 14 teams, the 4th XI. and the 6th XI. Practice has been carried out keenly in all teams. The system of internal cricket has been changed—Form matches have replaced House matches. From day boys the House seemed to call forth little enthusiasm, and for some time it had been difficult to get full teams for afternoon matches. The Form organization has given a better result. The matches are more keenly contested, and there is now little trouble in fielding full sides. All available practice and match wickets were in continuous use throughout the term, and the opportunity to play was given to as large a number of boys as was possible with the accommodation at our disposal.

The First XI. finished the term four points in the lead in the G.P.S. Competition, but it hardly performed as convincingly as last year's team. We suffered from a lack of sound early batsmen. There were many in the team capable of dealing with bowling that had the edge off it, but only Dunsmore looked safe against the new ball. However, Emery's form improved so much towards the end of the term that it is hoped that he will do an important job as an early batsman next term. Wearne batted pluckily on several occasions, and has improved a great deal as a batsman, whilst Butler and Godwin proved reliable when runs were wanted.

The bowling hinged round Wearne. He bowled with tremendous stamina and all his old skill. He usually got out the good batsmen for us, and he was never expensive. Read put up some splendid performances, and if he had been able to control his direction with the new ball he would have been more valuable still. Lang has developed into a good bowler, and should take many wickets next term. If Marchant was a little disappointing at times, it was only because we expected so much from his undoubted ability. He did not always bowl to his field, nor did he consider sufficiently the qualities of the batsmen against whom he operated. He suffered a good deal from fielding lapses, his own included. There is no doubt, however, that if he uses this term's experience wisely, he can make himself a very good bowler indeed.

On account of the slowness and clumsiness of two or three men and the essentially specialised ability of some others, it was an extremely difficult team to get the best out of in the field, and on several occasions it had Lang in trouble. Anyone who knew his difficulties must have been tolerant with him in the task, and in most cases he managed very well. Way's job with last year's first-rate fielding side was easy by comparison. Facile criticism of the distance some men had to change over did not take account of all the factors of the case, and,

whether Lang's decisions were correct or not, they were at least always the result of consideration. The team decided early that some fieldsmen were very good, some were very bad, and that the way to make the best of things was for all to be very keen and very ready to support the captain. Of the individual fieldsmen, Deamer was outstanding in speed and versatility. Kraefft and Emery took some very good catches in the slips, and Godwin improved greatly during the season and is now a first-class outfield. Dunsmore's wicketkeeping was very good except in The King's match.

For the players all the games this term were pleasant and interesting. That against St. Joseph's was one of the most exciting the School has taken part in of recent years. Fortunes fluctuated on both days. On the first day we made a respectable score after a very scratchy start, and then St. Joseph's gradually overhauled and passed us, after they had seemed in danger of collapsing. The fielding, catching particularly, of both sides had made runs very hard to get. We started the second day 23 runs behind, and again plucky batting saved us after early failures. St. Joseph's were set 178 to get, and, when only one wicket was down for over fifty, looked like winning. A magnificent catch by Dunsmore on the leg side to dismiss Ryan, the St. Joseph's captain, was the turning point, and some good bowling by Read drove home our advantage. We won by 51 runs.

We were sorry not to have a chance on a dry wicket of chasing King's fine score of 256 against us, but glad that when rain did come it came properly. On a damaged wicket our chance would not have been good.

COMPETITION MATCHES.

v. St. Ignatius', at Northbridge.

This match was commenced on a day with ideal cricket conditions. Lang won the toss and decided to bat. The attack which we had to face was not particularly hostile, and consisted mainly of two slow left-hand spin bowlers, who did very little on the unresponsive wicket. In the first innings the whole School side was dismissed for a total of 217, of which Wearne scored 65; he scored mainly with a very powerful straight drive, which he used to great advantage. Smith also gave a hard hitting display to compile 54 in a comparatively short time.

In Riverview's first innings Wearne again came to light, sharing the bowling honours with Marchant. The fielding was quite bright, and had a lot to do with keeping Riverview down to a total of 129.

Shore batted again, and succeeded in only totalling 190. This was rather disappointing, although the side missed Smith, who was absent. Wearne again top-scored, being aided by the tail-enders.

Again in their second innings Riverview batsmen failed, mainly because of a good bowling spell by Read, who just missed a hat-trick. They succeeded in totalling 113 runs, thus losing the match by 162 runs.

v. Sydney High School, on March 2nd and 9th.

Again the weather was perfect for cricket. Binns won the toss and decided to bat, but owing to an aggressive attack by Wearne, who bowled with a lot of pace, and who also secured the hat-trick, and Marchant, who was breaking the ball both ways, the side only totalled 89 runs. Again the fielding was partly responsible for the low score.

In School's first innings Dunsmore was the main contributor, scoring patiently with a variety of shots. However, against the bowling of a slow leg-break bowler, Sullivan, the team was dismissed for 199 runs.

High again batted, but without success. They were dismissed for only 65 runs, only one man, Ellis, getting into double figures. The wickets were fairly evenly distributed between Read, Wearne and Lang. This left School the winners by an innings and 45 runs.

v. St. Joseph's, at Hunter's Hill.

This proved to be by far the hardest match of the term. St. Joseph's had a powerful team, having back five good men as a nucleus for their strength.

Possibly the most pleasing aspect from School's point of view was the fine performances by the new men, who rose to the occasion splendidly, thus helping a great deal to pull the match from St. Joseph's grasp.

Lang won the toss, and decided to bat. Good bowling by Beath, a fast-medium bowler, who is particularly accurate and who can swing the ball both ways, and Matthews, a slow-medium left-handed in-swinging bowler, dismissed the side for 175. This score was mainly due to a fine fighting innings by Butler, aided by Emery, both of whom went in at a particularly bad time.

St. Joseph's first innings was marked by a particularly fine effort of bowling endurance given by Wearne, who captured 8 wickets for 54 runs. Even with this effort, the side managed to total 198, thus leading School by 23 runs. This score was mainly due to a fine innings by K. Ryan, the St. Joseph's captain, who scored 65.

Easter then intervened, and the match was continued on Saturday two weeks later. The day was again fine, but the first five batsmen again failed badly, leaving it to the remainder, who were new to the team. Emery played a solid, confident innings of 73, which included two sixes; he was aided by Wearne and Godwin, both of whom played the bowling with remarkable confidence considering the time at which they went in. These scores resulted in the total reaching 200, when, with a new ball, the last three wickets fell without any additional runs being scored.

With St. Joseph's only 177 runs behind, this did not look at all promising on the rather small Hunter's Hill ground. However, School rose to the occasion and succeeded in dismissing St. Joseph's for 127, thus leaving them the winners by 50 runs.

This success was due to the good bowling of Wearne and Read, and to the fine wicketkeeping of Dunsmore, who secured three wickets, thus taking five wickets for the match. It was a particularly exciting match, and even towards the end the anxiety on both sides was keenly felt.

v. The King's School, at Northbridge on 6th April.

On this day the wicket was slightly affected by rain, and Lang, winning the toss, sent the visitors in. Owing mainly to a bad spell of fielding, King's managed to total 256, of which Croker and Reynolds scored 61 and 68 respectively. Wearne again showed his bowling skill by taking 7 wickets for 66 runs.

This was the largest score yet made against School, and it looked as though the weather was going to be a major factor, as it had taken King's until 5.10 p.m.

to score their runs, and when play stopped School were none for seven.

However, when the following Saturday arrived the rain came, and it increased during the day, so that play had to be abandoned. This left School at the top of the competition, with King's and St. Joseph's close behind.

JUNIOR "A."

In the first round of the Competition, School were successful in defeating King's by 11 sets to 1. School met Grammar in the semi-finals, and were easily defeated by the much superior Grammar team, the result being 1 set to 11. Grammar then went on to win the finals from High. The School team was J. B. Trenerry, R. Henning, K. R. Doyle (capt.), J. A. Schmidt, K. Shelley-Jones and F. M. MacDiarmid.

JUNIOR "B" TEAM.

The Junior "B" Team met Sydney High School, whom they defeated in the first round by 9 sets to 3, Sydney Grammar School having the bye. In the afternoon School met Grammar in the final, and were decisively beaten by 10 sets to 2. School team was as follows: Wilson (capt.), Coulton, McDowell, Burns, Ferris and Austin.

FORM CRICKET.

This year the House system was replaced by Form cricket. The four IIIrd forms have two elevens each, and each of the five Lower and Upper IVth and four Vth forms has one team. The IIIrds play on grounds A, C, D and E at Northbridge on Tuesdays. The Lower and Upper IVths and Vths play on grounds C and D on Mondays, Wednesdays and Thursdays respectively. Teams with the bye in the Lower and Upper IVths play one another on Fridays on the School ground. Four fortnightly rounds of two-day matches were played this term, with little interference by rain. The results were as follows:—

III. A	30	points	U.IV. A	26	points
III. B	38	"	U.IV. B	10	"
III. C	16	"	U.IV. C	6	"

The winners in the IIIrds were very kindly treated to cold fruit drinks and iced cakes by a member of the Staff on the afternoon of their last match.

PREPARATORY SCHOOL NOTES.

General.—We extend a hearty welcome to Mr. and Mrs. Keith Anderson, also to Mr. Shaw.

Mr. Fisher, of Armidale, has sent us his good wishes, and hopes before long to revisit Shore.

In the third week of term, our new Matron, Miss Huby, joined us, and she has already proved a good friend to both boarders and day-boys. For her careful watch on the health of the boarders she deserves our thanks.

Our best thanks are due to the Masters' Common Room for having passed on to us so many copies of the *Illustrated London News*.

The boarders wish to thank Barry House for allowing them to see some good films. Boarders should also remember that the School Chaplain is always glad to receive comics and other such literature, which is welcomed by the boys at the Club at Miller's Point.

Physical Training.—This has been held on Wednesday afternoons on the School Oval. We congratulate Sergeant-Major Davidson on the splendid results already achieved.

The Chapel.—At our special service on Fridays, the lessons have been well read, and the singing and responses have been hearty. Addresses have been given by Mr. Saxby, a former Headmaster of Sydney High School, and by the Chaplain.

Music.—After Easter the singing classes began again. About half the new boys were found to be able to sing fairly well. Several have joined the Chapel Choir. Mr. Arnold's class has been divided into two groups, each of which practises once a fortnight.

The "50" Choir has learnt three choruses from "The Arcadians," to supplement The Octet next term. They have also embarked on a programme of their own, which should be quite presentable by Term III.

Art.—Although the Friday class began late, it has done some good work, and should acquit itself well at the Exhibition in August. Members are urged to practise drawing and painting at home.

Carpentry.—Boys can take this very necessary subject for the very moderate fee of 10/- a term. Mr. Chambers will see that those who are wise enough to take advantage of this will not be disappointed.

Swimming.—No regular swimming periods have been held this year, though the boarders have had frequent enjoyable visits to the Olympic Pool and to Balmoral. Our swimming could be improved a good deal, however, as we were not very much to the fore in the Combined Preparatory Schools' Carnival, though individually our representatives performed satisfactorily.

Entertainments.—A most enjoyable hour's entertainment, both amusing and educational, was provided by a visiting actor, Mr. Peter Leonard. We all enjoyed immensely his extracts from Dickens, and the amusing and clever puppet show.

PREPARATORY SCHOOL CRICKET.

Preparatory School cricket has continued this term the series of successes begun last term. The First team has won all its matches, and the Second team all but one; the School is thus in a very good position in the Inter-Schools Competition.

The First team has usually played sound cricket; the bowlers could always be relied upon, but the best batsmen frequently failed. Fielding, on all occasions save one, was more than safe. Calling and running between wickets steadily improved during the term; while behaviour on the field and team spirit were on the whole excellent.

The Second team is not as pleasing as the First. Its bowlers not uncommonly lost their length, and often its batsmen were painfully slow and sedate when they might well have been quick and dashing. Fielding, on the other hand, has always proved very sound. This team had two main faults—a tendency, towards the end of the term, to think that they were unbeatable; and an inclination, on the part of some of its members, to forget that they were playing for the School and not for themselves. There is reason to believe that both these faults will be eliminated by the third term.

In the Third team there is a certain amount of promising material, but the incentive that match-play gives was largely lacking, and, although most practices were held on middle wickets, team spirit seemed to be absent.

The Colts played matches against the First Elevens of Cranbrook and Trinity Preparatory Schools, and, although these teams were superior to the Colts, the latter gave a good account of themselves, and should be a good team by the end of the year. Hyland, Lee and Davey batted well at times. West, Davey, Lee

and Hyland are really good bowlers. Blackett shows promise at keeping wickets. Fielding and running between wickets were poor—usual failings amongst beginners whose practices are limited.

The Trials played no matches, but Nelson, Lyall, Barnes and Lemon showed promise at practice.

Dr. Anderson, Mr. Blackett and Mr. Davey deserve our gratitude for various kindnesses to the Colts.

OLD BOYS' UNION

As we go to print, the usual functions associated with 4th May are being held, with, no doubt, the maximum of success.

* * * * *

On Monday, 29th April, an Old Boys' football team was fielded against the School at Northbridge, the match resulting in a 16-all draw. The Annual Dinner was held at the Killara Golf Club on Thursday, 2nd May. In the afternoon, the fifth Annual Golf Competition was played.

* * * * *

On Sunday, 5th May, at 7.30 p.m., the first of the special Old Boys' services was held at the Chapel. This annual service will, we feel sure, take a permanent place among the events which link Old Boys with the School.

* * * * *

Your Committee has decided that, owing to the war, the Old Boys' Dance will not be held this year.

* * * * *

We publish below a letter received by the Old Boys' Union from the Headmaster:—

The President,
S.C.E.G.S. Old Boys' Union,
Box 1334 J., G.P.O.,
SYDNEY.

26th March, 1940.

Dear Mr. Hipsley,

In recent years I have sometimes found myself unable to enrol the sons of Old Boys. This has been not only disappointing to them, but also distressing to me.

The School has now, for some years, reached in numbers the full limit which is considered desirable for efficient organisation. Hence it is now necessary to make application in advance. In most cases, about twelve months' notice is sufficient, but two years' notice is safer.

There are many considerations to which full weight must be given before a boy can be accepted. It is not necessary to put these before you in detail, but

you will readily understand, for instance, that the upper forms will afford few vacancies in comparison with the Junior School and the lower forms of the main School. The age and standard of the proposed entrant, therefore, must be carefully considered before acceptance. There are other points of difficulty.

My object in addressing you is to suggest that this letter be circularised to your members, so that they may be sure that everything possible is being done by the School to facilitate the entrance of the sons of Old Boys, and to strengthen the association of Old Boys with the School from one generation to another.

Yours sincerely,

(Signed) L. C. ROBSON, Headmaster.

* * * * *

At the first meeting of the Old Boys' Union Committee, Dr. A. D. Morgan was co-opted under the Articles of our Constitution. D. J. Richards was elected on 7th December to fill the vacancy caused by the resignation of B. H. Travers.

* * * * *

A consignment of one gross of Wedgwood mugs, pint size, with the School Arms in colours, is expected to arrive from England towards the end of the year. They will be identical with those in the last consignment. Applications should be forwarded to the Secretary.

* * * * *

Athletic Exercises at the School.—There has been organised at the School a system for improving physical efficiency by organised athletic exercise in sprints, high and broad jumps, distance running, hurdling, etc. Any Old Boys interested in these branches of athletics will be most welcome, if they care to come over and take part in the exercises. The boys will be glad to have their competition and advice, which would be of the greatest service to the School. The exercises are held in the School grounds according to the following time-table:—

Mondays, 3.30 p.m. to 5 p.m. Upper IVths and Seniors

Wednesdays, 3.30 p.m. to 4.30 p.m. Lower IVths

Thursdays, 3.30 p.m. to 4 p.m. IIIrds

The keenest boys in the two latter grades stay till 5 p.m.

* * * * *

W. R. Locke has been elected president of the Motor Traders' Association of New South Wales.

* * * * *

The Institution of Engineers has announced the promotion of H. S. Lloyd and H. D. Wolstenholme to associate members.

Dr. Frank Louat has been elected president of the Constitutional Association of New South Wales.

* * * * *

A rather interesting marriage took place at the School Chapel on 17th February, when John St. Vincent Welch was married. All his henchmen were Old Boys—S. L. St. V. Welch (best man), J. B. St. V. Welch, Douglas Lovejoy, and the chairman of the reception, H. L. St. V. Welch.

* * * * *

Two well-known Old Boys, Hal. Shaw and N. M. Goddard, joined the staff of the School during the first term.

* * * * *

Dr. K. Bradfield is now in the Civil Aviation Department—as an inspector of aerodrome engineering services.

MILITARY NEWS.

We are endeavouring to secure a full list of Old Boys who have joined His Majesty's Forces for active service, whether in the Navy, Army or Air Force, and whether they enlisted in Australia or overseas (excepting Militia). Any information which readers can supply to us will be appreciated. If possible, please give the name and initials, rank, identification number, unit, and any other particulars which may be of interest.

To date we have managed to compile a fairly lengthy list or Roll of Honour, but there are probably numerous Old Boys whose enlistment has not come to our notice. It is essential that we should have a complete list, and therefore the co-operation of all readers is requested.

We publish a list which is as complete as we can make it. If any kind reader is able to forward further names or add to the information already published, we shall be duly grateful.

An interesting newsletter is to hand from Newcastle—Alec. Forsythe the writer. He reports that J. F. Unsworth and B. H. Anderson, who are both Air Cadets, have been doing their preliminary training with the Newcastle Aero Club. J. M. Busby is an instructor at the Club, training cadets preparatory to their being posted to Air Force stations. He was previously the Club's instructor for their North-West circuit. Major R. H. Russell left Newcastle some months ago, and is now in Palestine with the A.I.F. Army Medical Corps.

* * * * *

We received with sorrow news of the accidental death on 15th December of Captain Richard Gordon Dibbs at Ingleburn. He was a company commander in the Sydney University Regiment before he enlisted in the A.I.F., and was respected and admired by all the members of his unit.

* * * * *

Kenneth A. Slessor has been appointed Official War Correspondent with the A.I.F. abroad. He left the School in 1918, and has since achieved considerable standing as an Australian poet, while pursuing the calling of a journalist.

* * * * *

The leader page of the *Sydney Morning Herald* is regularly brightened nowadays by articles from the pen of G. E. W. Harriott, War Correspondent. He deals with the activities—military and otherwise—of the A.I.F. in Palestine, and his excellent style and descriptive ability make these articles most entertaining. When war was declared he sought to enlist in the A.I.F.—soldiering is in the Harriott blood—but soon afterwards he was nominated as War Correspondent. A member of the literary staff of the *Herald*, he now represents several morning papers.

* * * * *

The Editor of *The Torch-Bearer* would be grateful to receive news from any Old Boys on active service. We have the makings of some very interesting war correspondents already, but more news would be appreciated, especially with regard to the Air Force and the Navy.

* * * * *

Before war broke out, Morrie Myers was a very keen amateur wireless operator, and was in charge of the Wireless Reserve for New South Wales and Canberra. Early in September he was called up by the Air Force. He is now at Richmond, attached to the Headquarters Staff, with the rank of Leading Aircraftman.

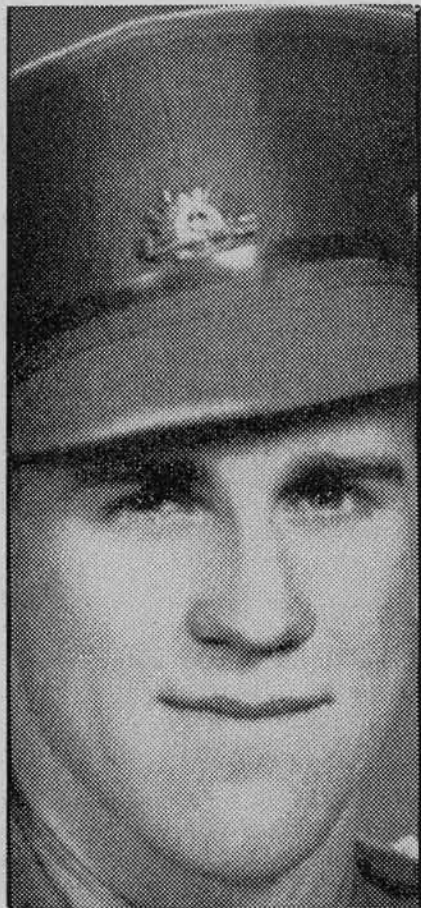

Some interesting letters have been received from Bill and Jika Travers, and we republish extracts therefrom. During March, Jika was at the Middle East Tactical School, Egypt. He writes:—

I have seen the Scots Guards since I have been here, and they are everything Sgt.-Major Davidson cracked them up to be.

Bill has been playing football in Palestine. The Army plays in sandshoes and gets sore feet. "The ground is about as hard as North Sydney Oval, although moles soften it by burrowing down."

The Australian General Hospital is not very far away, and here a very interesting discovery was made yesterday. While digging a drain, the "wogs" (Arab workers) came across a heap of stones, which proved on further investigation to be a grave. This was about six feet below the present surface, and contained a coffin of lead. The A.P.M. set a guard over it and sent for an archaeologist. It turned out to be a Roman grave about 2000 years old; the date was on the side in fact—60 B.C. [We hope not in those words.—Ed. "T.-B."] Later in the afternoon two more graves were uncovered, and it has now been established that the Australian General Hospital is situated on a Roman cemetery. How suggestive this is!

Jika Travers was captain of the Rugby Union team selected to represent the A.I.F. against the French Army in Syria on April 28th.

LIEUT. B. H. TRAVERS.

A. H. Mack is stationed at Victoria Barracks, Melbourne, and is working on the design and layout of R.A.A.F. stations. He holds the rank of Flying Officer.

* * * * *

Flight-Lieutenant Sturt Griffith has had several hazardous experiences during his flying hours, especially in the direction of forced landings. In January of this year he was piloting an R.A.A.F. Avro Anson engaged in night exercises. The 'plane had to be abandoned by the crew after he had attempted for more than seven and a half hours to find his way through dense fog. The crew donned parachutes and leapt to safety as the 'plane crashed into a creek.

* * * * *

Lieutenant-Colonel Keith Fraser will sail from Australia in charge of the railway units which have been raised for work with the A.I.F. He joined the Railway Service in 1912, and, with the exception of his years with the 12th Field Engineers in France during the last war, has been a railwayman ever since. When volunteers were called for the railway units for the A.I.F. he was in charge of the construction of the new Hawkesbury River Bridge, but he relinquished that task for war service.

* * * * *

Stop Press.—Both Bill and Jika Travers played in the A.I.F. Rugby Union team which defeated a French Army team at the Beyrouth Stadium by 11-5. It was a meritorious win, as the French team included eight internationals. Each brother scored a try.

OVERSEAS NEWS.

Tom Dunbabin was in Athens at the outbreak of war as the Assistant Director of the British School of Archaeology. He returned to England immediately to enlist, and has, we understand, been recommended for a commission.

* * * * *

Ian Esplin is a Flight Commander in the R.A.F., and was elected Captain of Rowing for the R.A.F. Initial Training Wing. As Ian is a Rhodes Scholar at Oxford, it is interesting to read his letters, postmarked Cambridge. But this is no ordinary war! One gathers from his letters that the youth of England is afire, longing to be doing something constructive.

We reported in the last issue that Dr. Ivan Page was the first Old Boy to leave Australia for active service overseas. Another Old Boy, Dr. Stanley Bellmaine, dux of the School and cox of the eight in 1926, who was studying in London at the outbreak of war, joined the British Army Medical Corps, and has been in France for some time.

* * * * *

The Editor of these Notes regrets that the fourth Annual Dinner of the United Kingdom branch was not reported in the December issue. It was held at the Bristol Grill, and those present included Matthew J. Dawson (President), Jesse Bishop (Secretary), and Messrs. Esplin, Fairey, Finlay, Gowing, Hislop, Minton-Taylor, Moran, Pain, Ross-Smith, Shirley and Walker. The toast of "The Old Boys' Union" was proposed by A. M. Ross-Smith in an extremely entertaining speech. Unfortunately the Lord Chamberlain's regulations prevented our correspondent from reporting it fully. Ross-Smith's job is the "dissemination of information," which he assures us is something quite different from propaganda.

* * * * *

R. Minton-Taylor has joined His Majesty's Forces, and, as far as we know, is situated at the Isle of Wight with the 87th Light A.A. Battery, R.A.

* * * * *

John H. C. Read, of Singapore, was appointed Lieutenant Commander of the Straits Settlements R.N.V.R. last year, and on the outbreak of war was called up for active service with the Royal Navy. Patrol and mine-sweeping duties form the majority part of the activities upon which such people are engaged.

* * * * *

William Isbister, who left these shores in June, 1938, returned last February by the "Niagara" via America. While in England he was with the De Havilland Aircraft Company at Hatfield. He left Liverpool on the "Samaria," but after about twelve hours out they collided with another vessel, wrecking more than half the lifeboats, and were compelled to return to port. He finally embarked on the "Georgic," another Cunarder, and there met L. Buntyne, who was the "one-gun crew" of that liner. Isbister is now at the De Havilland Factory which was recently opened at Mascot.

* * * * *

C. R. Roberts, who is with the Bank of New South Wales, Suva, recently returned to Suva after three months' camp in New Zealand.

Jack Harricks returned early in the year from a trip abroad occupying about a year, during which time he managed to see a lot of England. His Continental exploration was rudely curtailed by a European dictator who shall remain anonymous!

* * * * *

Mrs. Hodges and her sister, Miss Hawtrey, sailed for England via America last month. They propose to spend a short time in England and America, and then return to their home in Datchet, near Windsor. We trust that their voyage will be accompanied by a minimum of anxiety and a maximum of safety.

INTERSTATE NEWS.

South Australia.—We are grateful to an old friend, C. V. T. Wells, for news of South Australian Old Boys. A. G. Fox is a Major in the Artillery (Militia). W. H. Shepherd and J. Mehan are respectively President and Vice-President of the Legacy Club of South Australia. It must be almost unique for contemporaries at School to hold joint office in another State in an organisation, such as the Legacy Club.

E. Chaseling is the Australian Operations Manager for Guinea Airways. Another Old Boy, C. Mocatta, is a pastoralist at Salisbury, S.A. Reg. Walker, whose regular globe-trotting has been arbitrarily interfered with by the Führer, is anchored in Adelaide for the present. He is on the Executive of the Navy League (S.A. Division).

The Annual Dinner for South Australian Old Boys will be held on the 11th May. We wish them success.

* * * * *

Victoria.—J. C. Nield is the Principal of Koornong School at Warrandyte, Victoria. He and his wife started this school during 1939, and the new system of education practised there has had excellent results. Extensive alterations and additions to the school have already been built.

Our diligent Victorian representative, Major L. H. Lemaire, is leaving Australia shortly as Camp Commandant, Corps H.Q., A.I.F. Godfrey Hawker has already sailed as D.A.P.M. 6th Division. (You will notice the sign of the times in the changing face of *The Torch-Bearer*—we are beginning to talk in initials!)

Queensland.—A. J. Mansfield, an Old Boy of the School and an LL.B. of Sydney University, has been appointed to the Bench of the Supreme Court of Queensland.

COUNTRY NEWS.

A motor accident on 31st December last resulted in the death of James Ian Hole, of "Arthursleigh," Gilgandra. Ian was one of the best known and most popular young men of the district; his happy nature and good sportsmanship endeared him to all.

Our representative in Dubbo, Bruce Murray Arthur, died on 19th December. He was Senior Agriculturalist at Dubbo, and did a vast amount of work in the Central Western division for the man on the land.

Requiescant in pace!

* * * * *

C. M. Gibb, of Wallendbeen, wrote that the Annual G.P.S. Dinner was held on 20th April at the Albion Hotel, Cootamundra. A G.P.S. Dinner was also held at Lismore on Regatta night.

* * * * *

Brian Broadbent has set up in practice as a dentist in Portland.

* * * * *

We have an expert rabbitier in our ranks. The *Herald* announced on 8th March that Mr. E. V. Doddmeade, a grazier in the Hampton area, has a secret decoy for rabbits. He has been informed by the Bathurst Pastures Protection Board that the Council of Advice will be asked to investigate the decoy.

UNIVERSITY NEWS.

Most of the daily newspapers have adopted the rather parsimonious attitude of not publishing University examination results, the reason given being the increase in the price of paper. Apparently Sydney's seat of learning is small in stature compared with comic strips and greyhound racing! University results represent culture, whereas what Australia wants is trash. So spake Melba!

One result of this policy is that the University is divorced from the general public. Another result is that your Editor finds it much more difficult to collect the University notes!

However, the final year Medicine results have been discovered. J. S. Robertson obtained First Class Honours on graduation, and secured the Clayton Memorial Prize. W. G. H. Epps and S. C. Barrett graduated with Second Class Honours, and the following Old Boys passed: R. W. G. Mackay, St. John Grace, M. S. Truscott, H. R. J. Hodgkinson and David Hinder. Third and fourth year Med. results appeared in our last issue.

F. H. Ward graduated in Veterinary Science with Honours, and was awarded the Research Scholarship by the Council of Scientific and Industrial Research. He is now at Armidale University College.

The results in the Faculty of Law are not yet complete, as exams. were held in April for those who were unable to take them earlier on account of military duties. To date we have two LL.B.'s, Houghton Bradley and Doug. Richards. The lastnamed secured First Class Honours at graduation.

As regards Economics, H. W. Stokes obtained one High Distinction in second year, and E. J. and D. R. V. Wood each passed the final exams. for the B.Ec., Dave securing a Distinction in Public Administration II.

In Science, Dick Smith won the Caird Scholarship (Third Year), and David Craig came second in Chemistry III. Brian Swire has obtained a Credit in Physics, and we are awaiting his Maths. results.

M. G. Goldring and S. J. Clifton each passed Second Year Engineering.

* * * * *

One of the most pleasing items of University news concerns Jika Travers, who was awarded the Rhodes Scholarship for 1940..

After an exceptionally fine School career, Jika went to the University on an exhibition, and then into St. Paul's on a scholarship. He gained distinction in history in second year Arts, although in camp with the A.I.F. when the exams. were held. He obtained a lieutenancy in the University Regiment last year, and after enlistment with the A.I.F. retained his commission. He was in the first training group of the A.I.F. He gained Blues in cricket and football for 1938 and 1939, and won an Australian Universities Football Blue in 1938.

Jika left for overseas service with the first contingent, and is now with the 2/2nd Battalion in Palestine. His scholarship will be held over until the end of the war, when he intends to go to Oxford University to study philosophy, politics and economics. Our hearty congratulations and sincere wishes go to him.

David Thurlow, who, having safely weathered Arts, is now doing First Year Law, was one of Sydney's delegates to the annual conference of the National Union of Australian University Students, held in Hobart during January.

* * * * *

Owen Edwards, also a third year Arts student proceeding to Law, was appointed Editor of *Honi Soit* for 1940. We trust that the heavy responsibility of that position will not prevent him from achieving merited success in the faculty of Law.

* * * * *

Another Old Boy on the staff of *Honi Soit* is W. B. Pritchett, a sub-editor.

* * * * *

Several Old Boys assisted the University Tennis Club to enjoy a successful season during 1939. Dave Walkom played in the Seconds, John Neil and Norm. Stokes in the Thirds, and Colin Swirles in the Fourths. The third team won their section easily, and Norm. Stokes with his partner won the pairs' average for the section, winning 85% of their matches. Incidentally Norm. is now in the A.I.F., and will, we hope, become one of our most valuable "War Correspondents."

This year John Neil and Dave Walkom are playing in the Seconds. Colin Swirles is captain of the Thirds and secretary of the Club. David Slade, who is off to Fiji soon, was playing in the Sixths, and Bunny Stokes captains the Sevens.

* * * * *

Some time ago we remarked upon the exceptionally large Shore representation among the lieutenants of the S.U.R. Towards the end of last year three more Old Boys obtained commissions—Reg. Epps, Dick Smith and Colin Swirles.

* * * * *

Lloyd Greenwell has been appointed Captain of the Rifle Team for the third successive year. Boris Janes is Secretary of the Club, and Warren Robins is a new member of the team.

* * * * *

The crew to represent Sydney University in the Universities' Championship to be rowed on 1st June includes Basil Welch, Don. Taylor, "Rag" Holmes and Dick Smith.

Geoff. Wansey and Frank Hutchinson are playing with the 1st XV. again, and George Connor is playing on the wing instead of at full-back.

* * * * *

A number of Old Boys rowed in the University trial eight-oar race between the extra-collegiate crew and St. Andrew's College, holder of the inter-collegiate title. The winning crew, St. Andrew's, contained M. G. Goldring and J. B. St. Vincent Welch. We were well represented in the extra-collegiate eight with J. Starkey, J. Cormack, E. B. J. Smith, B. L. Geddes, and R. Bedford (stroke).

SPORT.

We were pleased to see the name of T. J. West among the results of the Army and Air Force Championships held on 17th February. He won the 100 yards championship of the Permanent Forces in 10.2 secs.

* * * * *

We may yet see another Harry Hattersley in Clem. Moore, who is playing with the Pymble Club. After four and a half months of golf, one month of which was spent in camp, Clem. brought himself down to a handicap of 9. Good shooting! Incidentally we saw Harry Hattersley create quite a stir at Manly one Saturday recently by driving the first green (338 yards), and then sinking a 30-foot putt for an eagle 2. He caused another stir a few minutes later when he put on an eight at the seventh hole!

Another of our Old Boy golfers has made a temporary exit from the golf world. Tom McKay, with his partner, won the State foursomes championship last month, and then left for Melbourne, where he joined the Air Force as Flying Officer T. S. McKay.

On Saturday, 10th February, the Old Boys' Union placed a team in the field against the School 1st XI. The School won by 33 runs. Our best performers were Fred. Tyrrell, who had the best bowling average of the day (4 for 17 off 4 overs), and Geoff. Wansey, who scored 58. The School Seconds were defeated by the Old Boys' Seconds.

Brin. Jay was a member of the New South Wales crew which won the New Zealand championship eights in February last. Dick Pedlingham also took a trip across the Tasman as an emergency member of the crew.

In January, a team of original A.I.F. cricketers played the 2nd A.I.F. Bill Trenerry, who opened for the "originals," shaped attractively, and Jika Travers top-scored for the 2nd A.I.F. with 67. Jack Gregory was selected to play with the original A.I.F. team, but unfortunately was unable to play, as he was absent from Sydney at the date of the match.

John Crouch was once again among the leaders in the Bathurst Road Race held on Easter Monday. He finished in fifth place, driving an Alfa Romeo.

"Torch-Bearer" Ski Club.—The Club has arranged accommodation at the Alpine Hut from 31st August to 6th September, and at the Chalet from 7th to 14th September. Prospective members of the party should communicate with L. J. Richardson, 39 Martin Place, Sydney, as soon as possible.

The Club's activities have been curtailed recently, as several of its members have either enlisted in the A.I.F. or Air Force, or gone into camp with the Militia.
