## SCHOOL NOTES

**Staff News.**—It is learned that Mr. Butler, who left us last year and went to Malaya with the A.I.F., has joined a British unit and become an officer.

**Prefects.**—The following was appointed Prefect : B. R. Marshall. The following were appointed Sub-Prefects : C. Campbell, R. T. Finch, R. D. Jones, K. Shelley-Jones, R. D. Spooner, M. J. Tooth.

**Decoration.**—It was with great pleasure that we learnt during the term of the award of the D.S.O. to Lt.-Col. Robert Heathcote Russell, A.A.M.C., a member of this School from 1916 to 1918. The award was made for his work in Greece and Crete, where he was in charge of evacuating casualties from forward areas.

**Geoffrey Cohen Memorial Prize.**—A gift has been received by the School for the endowment of an annual prize, to be known as the "Geoffrey Cohen Memorial Prize." The prize will be awarded for general proficiency in the Upper Fourth form. Geoffrey Landas Cohen attended the

School from 1926 to 1929. He enlisted in the R.A.A.F., and attained the rank of Pilot Officer before losing his life in an air accident in August, 1941.

**War Effort.**—The School's war effort has continued satisfactorily this term. The total number of camouflage nets made and roped this term is, at the time of going to press, 302, as compared with 320 last term. The house with the best average per boy is Hodges, which has produced over three nets per boy; U.IV.R. heads the forms with nearly one and a half nets per boy. Daily collections total £80, while salvage has yielded £17, making the war fund's total for the term nearly £100.

**Air Training Corps.**—During this term arrangements have been made for the formation of a Flight of the Air Training Corps. Its training will be under the Flight Commander, Mr. Tiley, assisted by Cadet Corps and A.T.C. officers.

[We are indebted for the following notes to the Department of Information.]

### YOUTH PLAYS ITS PART : WAR WORK IN BRITAIN.

Nearly a million British girls and boys between the ages of 14 and 18 are connected with organisations giving direct or indirect aid to the war effort. Younger children doing voluntary tasks in out-of-school hours number hundreds of thousands. Inquiries made by a London newspaper showed that most of the great cities in England had no idle youths. In Birmingham, not one of the 65,000 young people on the Juvenile Employment Bureau books was out of work. Many boys are giving up half-holidays and Sundays to work on the land. Last year 4000 boys from 170 public and elementary schools worked in relays at big forestry camps, felling, cutting and stacking timber. Young farmers' clubs have been organised on a nation-wide scale: They consist of lads between the ages of 10 and 21, and each club carries out the task of buying and selling its own stock, keeping accounts and managing the farm. The Youth Service Corps has enlisted 250,000 boys and girls from 14 to 18 years. It is of vast help to the war effort. Boys collect salvage of all descriptions. Scouts teach the Home Guard the elements of stalking and woodcraft; others assist the local authorities with evacuees, and work on the land. Girls help local authorities with their war tasks; they sew, knit and mend for civil defence and other workers; they look after children and evacuees, for women who are engaged in war work. Thousands of young people are working civil defence, carrying messages through air raids, helping to extinguish fires and rescue wounded. The youth of Britain is finding that there is a job of everyone in a total war.

**PAGAN ARMY OF YOUTH WHERE "GESTAPO" IS RECRUITED.**

Hitler to-day commands the lives of millions of children. He commands not only their physical lives; he has also taken their minds, forming them into a great force for his own infamous purposes. In 1935 Hitler said: "The German young of the future must be as hard as steel from the factories of Krupp!" He has taken from the youth of Germany the simple, happy ideals of honesty and kindness, leading youthful instincts into the path of war, conquest, fierce racial pride and belief in force. Under Nazi teaching, children learn contempt for home influence; they become ambitious to join the "Hitler Youth" to wear a uniform and be free to go out at night. And now, as Hitler's task of policing occupied Europe grows greater, it is necessary to bring in fresh recruits to the forces of the dreaded Gestapo (Nazi special police). They are selected from the ranks of the "Hitler Youth." These recruits are boys of 16 years or so, who have been trained from early childhood. They are anxious to justify their promotion from the schoolroom. They are fitted with their black uniforms, given revolvers and steel-lined whips. . . . This is a brief sketch of Nazi youth to-day. Perhaps there are no sins blacker than those Hitler has committed against the children of Germany. No price can be too great to pay to ensure that such teachings will find no place in the lives of children of the British Commonwealth.

# Chapel Notes

The Headmaster gave the address at the Open Sunday Service which was held on December 7th.

Armistice Day was observed at the ordinary morning services on Monday, 10th November, and Tuesday, 11th November. The service included a special Prayer for the Fallen, Psalm 46, and Hymn 641 ("For all the Saints"). The customary period of silence was observed on assembly at 11 a.m. on Armistice Day.

A special Chapel service was held on Friday, 24th October, at 2.30 p.m., attended by parents and boys of the Preparatory School.

On 17th October, Brother Michael of the Brotherhood of the Good Shepherd gave an address in Chapel.

All Saints' Day was observed by the School on Monday, November 3rd. The Reverend W. F. Pyke, Rector of St. John's, Gordon, preached the sermon at the Service of Holy Communion, at which a very large number made their Communion.

**WAR FUNDS.**

War funds collections this term have amounted to £133. This figure is lower than the preceding terms by £165. It is only by constant effort by the individual that a better result can be achieved in the future. In order to attain this result it is imperative for each to ask himself the question : Am I giving as much as I can ?

**CAMOUFLAGE NETS.**

Net-making has continued steadily through the term, the weekly output varying between 24 and 42. The grand total at the time of going to press was 661. There was then a good chance that the number would grow to 700 by the end of the term.

These results, although they are very good, are not as good as those of Term II. To some extent the relative falling off was due to the virtual withdrawal of the VIth forms and most of the U.IVth forms from the undertaking. They had the Leaving and Intermediate Certificate examinations to cope with. But there were occasions when work through the School fell away.

Of the forms, the best work was done by U.IV.R., which, up to the time when it had to go to the I.C. exam., had produced 34 nets—142 nets per boy. At the same date L.IV.B. was second with 26 nets, L.IV.C. third (20), and L.IV.A. (17) next. V.C. and VI.A. followed. Among

the Houses, Hodges had the best record, its total being 110, at an average of 3.33 per boy. School House (135) has made most nets, but its average was not so high.

In the making of the nets to date over four and a half million knots have been tied; 2500 lbs., or about 323 miles, of twine have been used, and more than eight miles of rope have been put round the nets.

The details of the totals at November 24th are:—

	Term I.	Term II.	Term III.	Total.
Barry House .....	3	37	21	61
Hodges House .....	2	56	52	110
Robson House .....	3	34	46	83
School House .....	4	59	70	133
Forms .....	—	107	121	228

Grand Totals .....	12	310	339	661

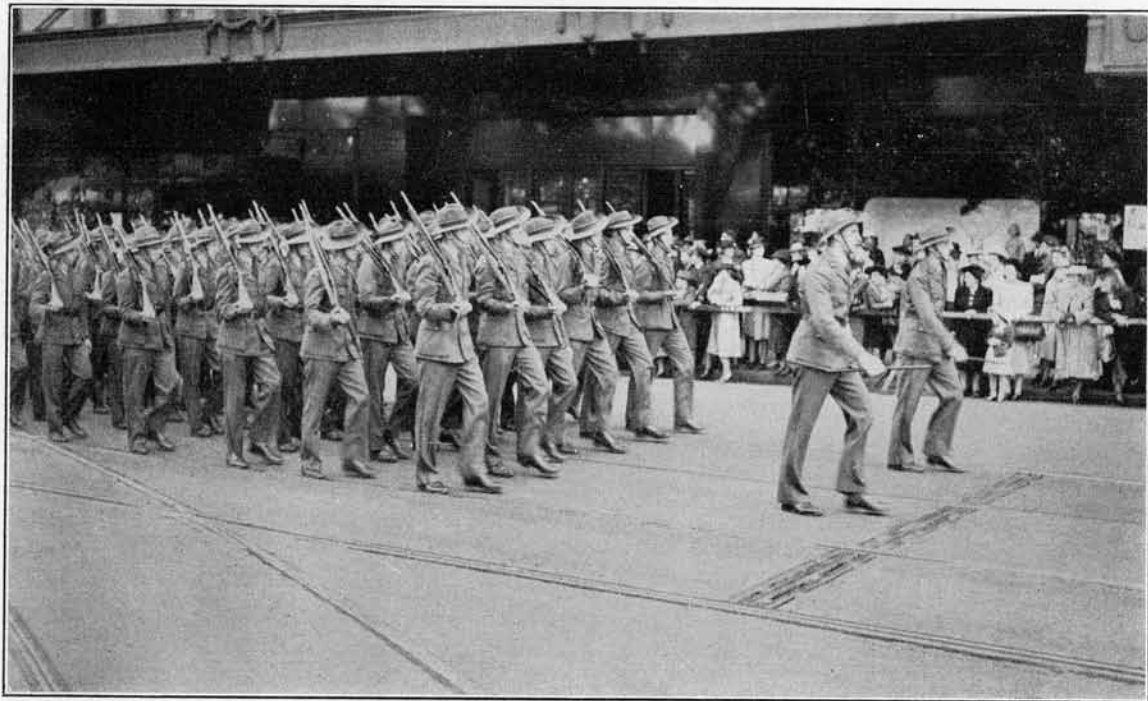

## ENTERTAINMENTS CLUB

On Saturday evening, October 11th, a party of 65 boys attended the Independent Theatre's production of Bernard Shaw's "Saint Joan." It was an unusual but very stimulating experience.

We heard Godfrey Stirling at the mid-day concert in the School House Prep. Room on Friday, November 21st. It was an half-hour of delightful singing, for Mr. Stirling possesses a voice of pure tenor quality, over which he exercises a masterly control. His programme was a varied one, ranging from oratorio and opera to light humorous modern English songs. We are very grateful to Mr. Stirling, and to Miss Chalmers, his accompanist. They have kindly promised to come again early in 1942.

We are also indebted to David Maddison, the brilliant young pianist, who came over from Sydney Grammar School to give us a recital on Friday, November 28th. His programme opened with the classical music of Chopin, Liszt and Schubert—ambitious works, but revealing remarkable technical skill and musical feeling in the pianist; and concluded with his own arrangements of two popular tunes.

CADET MARCH THROUGH CITY—OCTOBER 10, 1941.

On Wednesday afternoon, December 10th, the Club conducted a play-acting competition in the Independent Theatre, and so inaugurate the first of what we hope will be annual school play-days. Five plays were presented, including two especially written for the occasion—"A Lady at Last" by I. G. Ross (V.A.), and "To Have and to Hold" by Norman Cull (L.IV.R.). The other plays are "The Crimson Coconut" by Ian Hay, presented by Hodges House; "Bardell versus Pickwick" (adapted from Charles Dickens), presented by Lower IV.A.; and two scenes from Shakespeare's "Merchant of Venice."

On Tuesday afternoon, December 2nd, a party of 90 boys, mainly from the Lower Fourths, attended the Australian Broadcasting Commission's orchestral concert for young people, conducted by Prof. Heinze, in the Sydney Town Hall. The programme included the overture to "The Flying Dutchman" (Wagner), Liszt's "Hungarian Fantasia" (soloist, David Maddison), "Pizzicato Polka" (Strauss), "Danse Macabre" (Saint Saens), and "Polka and Fugue" from "Schwanda the Bagpipe Player" (Weinberger). It was an afternoon of music everyone enjoyed. The Commission is to be congratulated on the fine work it has done over the last few years to cultivate in the younger generation an appreciation of good music by means of these free orchestral matinees presented by Prof. Bernard Heinze.

This term a number of boys have taken advantage of the opportunity of attending the last five of the 1941 celebrity concerts in the Town Hall by purchasing the special unreserved season ticket covering the five concerts and offered by the Commission for the remarkably low price of 3/4. It is to be hoped that more boys will be able to attend these concerts next year.

### DEBATING.

(D. R.)

There have been several good debates on topical subjects on Friday afternoons during this term, and a great deal of improvement has been shown in the standard of speaking of those Fifth Form boys who started earlier in the year.

For some time we have not had the Sixth Formers with us, and during this time we have had a miniature oratory competition between Fifth Formers, and, as we found it difficult to get six boys together at a time, one debate with two boys on each side. This was found to be fairly satisfactory, but the leaders had a great deal to cover in their second speeches.

We have several new speakers with us now, and it is hoped that more from the Sixth and Fifth Forms will start next year. Those who wish to start should come up to the Library on any Friday afternoon after school.

Our thanks are due to Mr. Kitley, who has very kindly given up his time to adjudicate.

Fine poster work has been done throughout the year by R. Merewether, J. D. Hum, G. Wilson, R. Higgs, P. Valder and others.

H. Pickersgill is the new Secretary, as R. A. Merewether has been obliged to relinquish the post owing to other activities.

Our best wishes go with G. D. Wilson, who, as Joint Secretary, has not spared himself in furthering the Club's welfare.

### ART AND CARPENTRY EXHIBITION.

This was held in the Scout Hut. There were over sixty carpentry exhibits; among these, Freeburn's ink-stand and Austin's maple coffee table and walnut tray were outstanding. Pountney, Blake and Coulton also showed good work. "Gall, of the Prep," showed a neatly made hat-stand.

Many boys could produce better work if they spent more time on it.

B. S. Robertson deserves great credit for his large-scale model of a trawler. R. M. Forbes, C. Black and M. Wellington showed some very fine smaller models.

There were a few well made model aeroplanes from Prep. boys.

The Art Show was considered to be the most interesting one up to date. About forty boys from the Main School contributed, the most conspicuous work coming from G. D. Wilson, M. Beresford, R. Higgs, H. Pickersgill, P. Valder, G. Richards, R. Forbes, R. Bedingfield, J. Hum, G. Davis and G. Stilling. Pickersgill's work was outstanding.

The Prep., as usual, was well represented, and special mention is made elsewhere.

The staff, under Mr. Pope, contributed various works of art, including paintings, weaving, and very fine photographs. We thank them for their interest.

The Show was well patronised by the School, and there were some visitors besides.

### **THE OCTET CLUB.**

The services of W. East, R. T. Finch and D. L. Green as basses will be missed, and B. Marshall's alto will be very hard to replace. We wish these members the best of luck. D. Macourt and M. Wellington as treble leaders will also be missed.

The loan of further copies of "Merrie England" for next year will be welcome. Short practices will begin early next term. The procuring of alto voices will be the problem.

Unaccompanied carols to be sung in the Chapel main aisle are being prepared. These are "Hark! The Herald Angels Sing" and "The Holly and the Ivy," both harmonized by Sir Walford Davies.

### **THE CHESS CLUB, 1941.**

The first meeting of the year was held on 7th March in Room 17. There a number of VIth and Vth Formers were elected to the Chess Committee. Mr. King kindly allowed us to use his room.

During the second term a "knock-out" competition was held, and a number of boys entered. There was great keenness on the part of all those who competed, and much benefit was obtained from this competition.

Also during the second term the junior members of the Bondi Beach Chess Club challenged us. This challenge was accepted, and Mr. Koshnitsky kindly allowed us the use of the Metropolitan Chess Club rooms. The match was played on 26th July. The opposing team was one player short, but was fortunately able to borrow one. The School team won by four games to one.

During the third term little chess was played, owing to the keenness towards camouflage nets, but we hope to re-organise the Club next year.

# SCOUT TROOP

The September Camp was held at Bundanoon in the grounds of "Greenways," a boarding-house owned by Mr. S. Everett, an Old Boy of this School.

Work this term has been more interesting for both Scouts and Scouters, because the patrols are learning the importance of team-work.

There will not be the usual Christmas Camp, on account of the difficulty of getting water. Instead there will be some daily hikes to interesting parts around Sydney. Some senior boys may go to Mount Kiera, a new permanent camp on the South Coast.

## CRUSADER UNION REPORT FOR 1941.

We would like to take this opportunity to thank Mr. Robson for allowing us to use Chapel for our meetings, held every Monday of the school year.

Throughout the year the attendance of boys has been variable. Generally, however, the numbers have been moderate. On several occasions the numbers were extremely satisfactory, the best being 50.

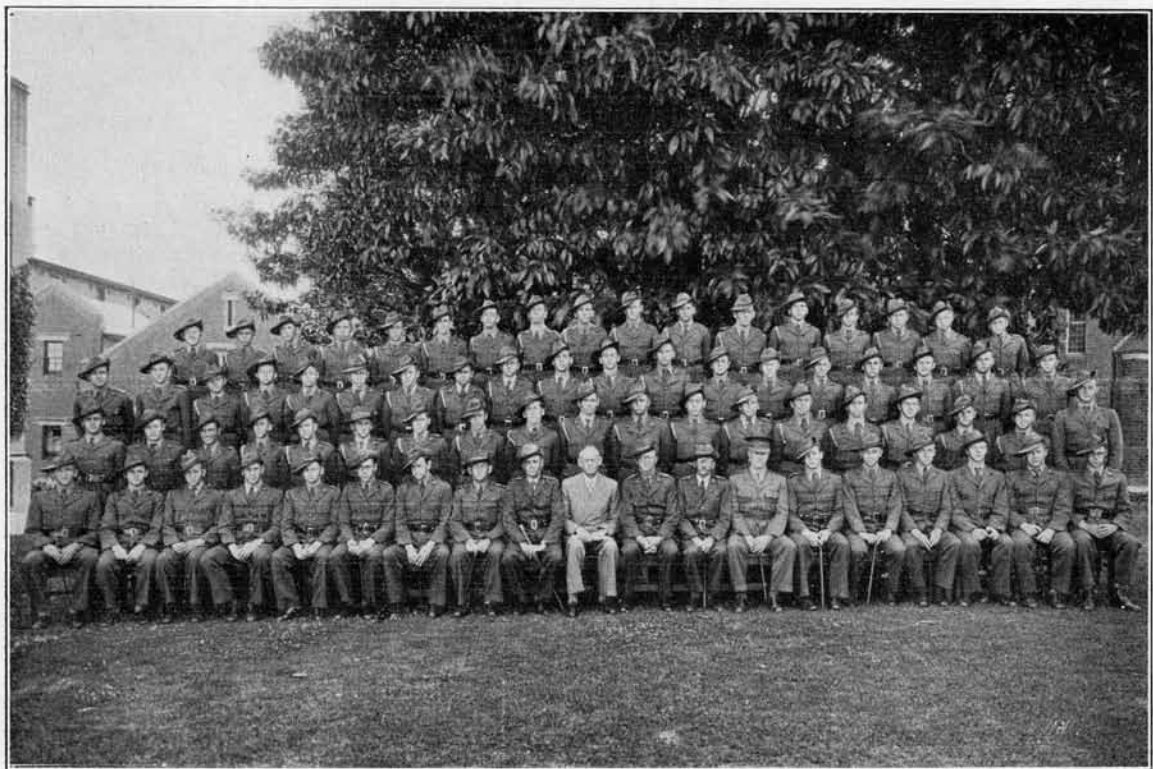

The Camp will be held in December and January (29th December-7th January). There, boys from most G.P.S. and associated schools cruise for about ten days, having a great time. Games, hikes and prowls are conducted throughout the Camp.

Owing to the new lunch hour arrangements, we hope to be able to hold our meeting at 1.10 p.m. instead of 1.15 p.m. next year. We hope that the meeting will not fall off because of this.

OFFICERS AND N.C.O.'s, 1941.

### CADET CORPS.

The year has been one of good general progress, marked by great keenness and a willingness to endure long periods of training. Of course, there is every incentive to work hard. The training is all calculated to be of use to the soldiers; the value of Cadet work is demonstrated by the rapid progress Cadets make in the Army; and there are many immediate rewards for those who become Officers or N.C.O.'s. It is true that all cannot get the promotion that they would like, while at school, but it is also true that all receive N.C.O. training, and that the value of this training becomes apparent at a later stage. Many who have not risen very high in the Corps have progressed rapidly in the Army.

A move is afoot to make more immediate use of Cadets who have shown special aptitude. It is not possible to give any definite information under this head at the present time. However, many Cadet officers and senior N.C.O.'s have recently been interviewed by military authorities.

Maj.-Gen. H. W. Lloyd, C.B., C.M.G., C.V.O., D.S.O., Commanding 2 Div., inspected the Corps on 11 Nov. Gen. Lloyd was accompanied by Brig. the Hon. T. A. J. Playfair, D.S.O., O.B.E., V.D., M.L.C., C.R.A. 2 Div., and Brig. C. E. Cameron, M.C., E.D., Commanding 8 Inf. Bde., and Lieut. A. V. Maxwell. A number of parents and friends witnessed the proceedings. At the conclusion of the inspection, the General addressed the Corps. After making some complimentary remarks, which were very much appreciated, and drawing attention to the importance of smart personal appearance in its effects upon the state of mind of the soldier, the General dwelt on the subject of leadership. He said that it is not by the led that great deeds are accomplished, but by the man who leads them; that it was not the Carthaginians who marched into Rome, but Hannibal. The General urged all boys to develop in themselves the essential qualities of the leader. Music was provided by the Band of the 30 Bn. Needless to say their presence made all the difference to the parade, and we are very grateful to them for their assistance. Capt. Kirby, whose gas demonstration last term is still fresh in the minds of all, was in charge of the amplifying apparatus. He found time to let off explosives at a critical stage of the proceedings. It was observed that the troops were steady under fire.

On Youth Day, 10 Oct., in connection with the War Loan Drive, over 2000 Cadets from non-departmental schools of the metropolitan area took part in a march through the streets of Sydney. Detachments were under the command of their senior Cdt.-Lts. or N.C.O.'s. In our case, Cdt.-Lt. R. Blomfield was in charge. The Corps was represented by three

companies of about 100 strong and a detachment that was part of a composite group. The parade was well carried out, and aroused a great deal of interest.

Eastern Command is playing a large part in the training of Officers and N.C.O.'s of Cadets. The S.O.S.C. conducted, on 19 Oct., a Field Exercise, at which a party from the Corps was present. During last holidays a School (No. 9 Course) was held at Long Bay Rifle Range. The permanent staff instructed Cdt.-Lts. and W.O.'s, who, in turn, instructed those of lower rank. The Corps personnel attending consisted of 7 Cdt.-Lts., 1 W.O. and 28 O.R. Another School, No. 10 Course, is set down for 6-15 Dec. To this we are to send 8 senior N.C.O.'s who will be returning next year. The syllabus of this School, and of one to be held next May, is intended to meet the requirements of candidates for commissions. One of the features of all these Schools is night work, of which we have so far been unable to take advantage.

It was decided to include Signal Training in the work of the Corps. With the assistance and guidance of the V.E.N.T.S., a Morse class was started this term. Sessions occur during parades, and at lunch time. The boys generally are very keen, and considerable progress has been made. Transmission was carried out, in the first instance, by Mrs. Thomas, an instructor in the V.E.N.T.S., but recently Mr. C. S. Tiley and some of the boys have been doing it. Mr. Tiley has taken over the supervision of the sessions. We are grateful to the V.E.N.T.S. and to Mrs. Thomas for their assistance.

Field Training in lieu of Camp was arranged to take place at Blacktown, as last year. A report on this activity will be published next term.

### REVERIE.

(R. T. F.)

Lissomly, slowly,  
 the twilight drapes her silken form  
 upon the earth.  
 A hush falls . . . . .  
 The evening breeze  
 in tuneful harmony with silence  
 sighs.  
 All life is tranced—  
 racked into syncope—  
 time hesitates  
 —and sleeps . . . . .

Then,  
 like the split of the world,  
 silence is cracked—  
 a strutting bird,  
 unawed by majesty,  
 trills !

The world awakes—  
 the irreverent vandal  
 is joined by chorus.  
 Silence is cleaved,  
 folded, vanished.

Darkness . . . .  
 Mosquitoes hum.  
 The croak of crickets,  
 The heavy-scented smell of earth—  
 Night . . . . .

### MATINS.

(B. R. Marshall.)

#### I.

The eastern sky grows pale;  
 The tapering chimneys send up their dark  
 Industrial incense.  
 A lick of flame, a glimpse of toiling muscle,  
 Creation's furnace starts again its cloudy day.  
 A hum of trams, that wend their twisted way  
 Through smoky streets, sets the fevered key.  
 And through the mist, that natural veil that cloaks  
 Poor huddled dwellings, come shambling figures,  
 Neolithic parodies of men that hurl their breath  
 Behind them in whirling gusts, a suggestion first,  
 Then materialization. In the gloomy pit  
 May be unexpected death. . . .  
 Out of the veil, into the light—to wait in gutters;  
 To ride in rocking trams, and cough, and spit.

A window shrieks, and the tattered, faded silk,  
 That was once a curtain, flaps. The tenement door opens;  
 With mottled hand old Mrs. Cooney grabs the milk.

#### II.

The Gardens, radiant in the early light,  
 Sweep gently down to the water as still as air.  
 The giant rhododendrons

Make their gardeners men from Lilliput—  
A scent of roses from the hill, when the sun's  
First ray illuminates the garden's crowning joy.

A sparrow perches on the mighty gates.  
The tall Norfolk pines stand, sentinel-like,  
To guard the peaceful walks amid the shades;  
The jasmine pours down some Old World wall.

There is no sorrow, no distress : only the bright  
Display of Nature's fruit. The crime and lust  
Of weary worlds of power and might are gone—

There is no time.

In that smooth slope of lawn, sliding down  
In one verdant flood to the waters' edge,  
There is more strength than in towering piles  
Of steel and stone. An unaccustomed peace  
Has closetted the bone of hate; the heel of light  
Crushes underfoot myopic stratagems of night.

Where is the bow of burning gold ?  
Where the chariot of fire ? The deeds of men,  
The brave and bold of yesteryear, cannot sustain  
Us in our hour; we have yet to feel the pain  
Of blinded fear, when havoc and destruction  
Hurl their arrows of desire.

The sword that slept, the spear that rested  
By our side now lie in that dark cavern  
Whence we crept; the voice of One that cried  
Aloud again is heard—a ray that pierces  
Through the gloom.

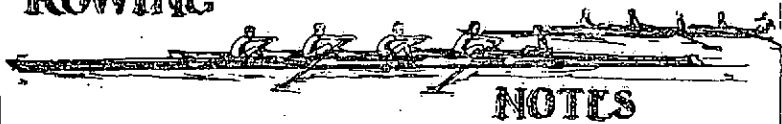

Who may abide His Day ?

### TENNIS REPORT.

This term the activities of the Tennis Club have been rather limited, owing to the lack of water for the courts. Consequently the School championships had to be abandoned. Nevertheless, we managed to produce both a senior and junior team for the Fairwater Cup, our annual match with Sydney Grammar School. The teams played well, but, besides being handicapped by lack of practice, were decidedly inferior to the strong Grammar teams, which beat us by 13 matches to 3.

It is hoped that by next year the School courts will be in a suitable condition for regular use.

## ROWING

Rowing is being conducted on a larger scale this season. The Berry's Bay shed itself, and hence the standard of rowing, have been improved, both through the tireless efforts of Mr. Burrell.

The House Regatta was conducted on a larger scale than in previous years, House first fours rowing in regulation fours, and House third crews being introduced.

The standard of next year's eight is promising, and will no doubt be yet another example of consistent Shore School standard. It is boated as follows: Stroke, Judd; 7, Jamieson; 6, Giblin; 5, Staples; 4, Geeves; 3, Hunt; 2, Robertson; bow, Leslie.

The eight and the two junior fours are rowing from the Gladesville shed, while the second eight and eight fours are boated from Berry's Bay. This organisation permits the training of 70 boys.

**9th and 10th XI's.**

In spite of watering difficulties, there has been a full programme of fixtures. Results have been surprisingly uneven, however. Great keenness has been shown. Among the more promising "colts" are Schmidt, Noble, Butler, Wright, Best, Messmer, Garland, Carr, White, Boxhall and Moore. Older boys who show promise are Marris, Wauch and Marquis. J. R. Nelson bowls well at times. There are also several beginners who have shown much keenness and progress. P. G. Coward and D. P. Clifton have been very useful as captains.

The Wednesday practice game at Northbridge has proved most popular. Friday's nets have also been well attended.

**FORM CRICKET.**

Because of water restrictions, it was possible to make available only two grounds for Form cricket this term. These were used each week on Monday and Tuesday in two-day matches by the Lower Fourth and Thirds respectively. At the time of writing, however, Fourth has completed three rounds, and the Thirds two because of interruption by rain. Results are as follows:—

1st Round.—L.IV.B. won on first innings from L.IV.A. L.IV.R. won on first innings from L.IV.C. L.IV. Mods. bye. III.A. and III. Mods. respectively defeated III.B. and III.C. on first innings.

**2nd Round.**—L.IV.M. won on first innings from L.IV.A., and L.IV.B. won outright from L.IV.C. L.IV.R. had the bye. III.A. defeated III. Mods. on first innings, and III.B. won outright from III.C.

**3rd Round.**—L.IV. Mods. won on first innings from L.IV.B. L.IV.A. won on first innings from L.IV.C. L.IV.R. had the bye.

**Outstanding Performances.**—Webb (L.IV.B.), 55; Lloyd (L.IV.C.), 39; Bennett (III.A.), 115 not out; Suhan (III.B.), 40 not out; Kelly (L.IV.M.), 54. Warby, with 6 for 9 and 8 for 13, took the hat-trick in each innings of the III.B.-III.C. match.

## PREPARATORY SCHOOL NOTES.

**Chapel.**—Our annual Open Service on October 24th was well attended. The Chaplain, Rev. N. a' B. T. Backhouse, took the service. The lesson was read well by J. M. Hamilton, of II.A. The volume and heartiness of the singing from the "50" Choir left little to be desired, and Mr. J. V. Terry, who trains them, may well be gratified. An anthem was sung, "In Dulce Jubilo," with a descant especially written for us by Mr. Frank Taylor of Manly, whom we thank for his interest.

The services have been much brightened by the singing of the responses, canticles, several descants, and Parry's "Jerusalem."

**Special Exhibition.**—This contained some excellent work done under Mr. Brierley's guidance, and included maps of all kinds. Perhaps Edwards and J. R. Williams (II.A.), Tiley, Pratten, Anderson (Rem. A.), Davey, Coote and Boydell (Rem. B.) deserve special mention, while Hutchinson's ornamental printing was outstanding.

**Art.**—As usual, the Prep. School was well represented at the Exhibition in the Scout House. Most conspicuous was work from Edwards, Richardson, Blackett, Engelbach, Moffitt, Fraser, Jackson, Vonwiller, Bowe, Fitzsimons, Perdriau, Pratten, Pringle and Sixsmith. Further mention is made elsewhere.

**Carpentry.**—It is to be hoped that more boys will learn next year, for 10/- a term is a very small fee compared with the advantages derived from the tuition.

## PREPARATORY SCHOOL ATHLETICS.

The annual Athletic Sports were held at Northbridge on 9th October before a large number of parents and friends. Some good performances were witnessed, W. D. Fraser and J. H. Hyland being outstanding in the open events. Fraser was the 100 yards and 220 yards, and came third in the high jump; the high and broad jumps were won by Hyland. The Victor Ludorum Challenge Trophy, awarded to the senior champion athlete, was won by Fraser. The Athlonikes Trophy for the junior championship went to A. J. Sutton, who won the 100 yards

and the broad and high jumps in the junior division. Outstanding among the younger boys were B. Fitzhardinge, who won the 100 yards championship under 11, and G. B. Lawrence the 75 yards under 10.

Baker won both the senior and mass relays, and Linton the junior; the prize for the winning team in the relays was a cake. Linton boys thought this was an excellent idea. The results of the Quarter Competition were: 1, Baker; 2, Hall; 3, Davies; 4, Linton.

We took part in the Combined Preparatory Schools' Sports as usual this year, but had no entries in the very junior groups. Hyland, Sutton, Lawrence and Bowe were our outstanding representatives.

Early in the term a visit was paid to Cranbrook, and a long programme of events was contested between their Preparatory School and us. Fraser, Hyland and Bowe jumped well in the broad and high jumps; Lawrence, Fitzhardinge and Sutton were prominent among the runners. Cranbrook won the day.

An innovation was made this year in the form of a Junior G.P.S. Meeting, held at Newington on 13th October. The Prep. did well. Sutton gained first place in the broad jump; Fitzhardinge and Lawrence won the 100 yards and 75 yards respectively; Hyland shared first place in the high jump (senior); Fomenko came second in the high jump (junior), and Bowe second in the high jump (senior).

### PREPARATORY SCHOOL CRICKET NOTES.

The continued dry weather and water restrictions have made the preparing of wickets most difficult. We are very thankful to those responsible for arranging regular practice and match wickets for our use.

Our first four elevens and Colts and Trials have played regularly throughout the season. The remaining boys, as in the first team, have enjoyed playing vigoro and rounders, these games being introduced owing to the shortage of prepared wickets.

Again this year we have been fortunate in fielding quite a good 1st and 2nd XI. The players in these teams have shown their keenness generally, the fielding being particularly smart in both teams. Several players have found their way during the season from the 3rd and 4th XI's to the two senior teams, which indicates a keen and competitive spirit throughout.

We take this opportunity of wishing the players who are leaving us to go to the Upper School every success, and look forward to the time when several of the promising younger players from the Colts and Trials will take their place in the first two elevens.

We were sorry to lose, through illness, E. W. Carr, our 1st XI. captain, whose place we found difficult to fill. However, Scott managed to fill the vacancy admirably.

Players worthy of special mention are:—Batting: E. W. Carr, A. J. West, R. M. Anderson, Hawkins, Scott, Edwards and Bowe. Bowling: J. Shand, A. Shand, Hyland, A. J. West, Lee and Moffitt. Fielding: E. W. Carr, Hawkins, Pennefather, A. J. West, Bowe, J. Shand, Lee and A. Shand.

\* \* \* \* \*

**COLTS.**—In spite of often disappointing match results, the whole team has improved greatly, and has no "tail"—except the variety that can be, and has been, kept up in defeat. Palmer, Cudmore, Williams, J. Clifton, Winkworth and Pratten are good all-rounders. Fomenko is good behind the wickets, and is the most enterprising batsman. Chubb, I. A. Hooper, Hodgson, Hawker and Nelson have batted well at times. Fielding and running between wickets always seem to be the weakest spots in this team.

We thank Messrs. Hodgson and Pratten very much for their many kindnesses. Dr. Anderson has also helped, and we thank him, too.

**TRIALS.**—The most useful players appear at present to be Sixsmith, Fitzsimons, Lemon, Lawrence, Morgan and Arlom, though several others are beginning to show improvement.

# OLD BOYS' UNION

**Annual Meeting.**—The Annual Meeting was held at the School on Friday, 17th October, when the following office-bearers were elected :—

*Patron* : THE HEADMASTER.

*President* : R. N. CADWALLADER.

*Vice-Presidents* : R. C. ANDERSON, I. D. ARMITAGE, G. E. BROWNE, N. Y. DEANE, R. B. HIPSLEY, T. A. LANGLEY, C. M. MARSH, A. DISTIN MORGAN; D'A. F. ROBERTS, E. I. ROBSON, C. S. TILLY, G. C. TURNBULL, H. L. ST. VINCENT WELCH, A. B. S. WHITE.

*Honorary Secretary* : E. M. SWIRE.

*Honorary Treasurer* : D. M. MACDERMOTT.

*Assistant Hon. Secretary* : P. C. TAYLOR.

*Assistant Hon. Treasurer* : F. W. CATTS.

*Honorary Auditor* : D. M. DIXON.

*"Torch-Bearer" Representative* : J. W. LIPSCOMB.

The ballot for Committee resulted in the following being elected :—  
B. L. Geddes, N. M. Goddard, F. T. Henry, P. R. M. Jenkins, A. G. Lomer,  
A. H. Maclachlan, I. H. McDonald, N. C. Nelson and O. P. Wood.

\* \* \* \* \*

Before passing on to notes on the various Old Boys, several matters that we feel might profitably be brought to the notice of Old Boys generally are :—

1. Any changes of address should be forwarded at the first opportunity to the Office of the Union. By so doing, members will help to avoid non-receipt of their *Torch-Bearer* and of notices.

2. The Committee will be glad if corrections and additions to enlistment lists will be sent to the Union's Office.

3. In practice it has been found that *Torch-Bearers* and notices are more likely to reach their destination if sent for re-direction to the home address of members on active service. It is therefore suggested that members enlisting would be well advised to direct that their correspondence from the Union should be sent to the home address.

4. Circulars, *Torch-Bearers* and all other correspondence (sometimes including invitations) are sent to all members at home and abroad. Such correspondence from the Union has been sent out, as we think members overseas, as well as at home, will be interested to receive it. However, we have found that sometimes the impression is gained that the Union has overlooked the fact that certain members are on active service, and is sending these circulars by mistake. We take this opportunity to assure those concerned (probably relatives of members on active service overseas) that such correspondence is sent out as a matter of interest.

At the end of this issue is printed a full list of Old Boys known to have enlisted in the Navy, A.I.F., R.A.A.F., and other branches of His Majesty's Forces. It is intended to have such a list in each December issue of the *Torch-Bearer*, unless economy intervenes, and to have supplementary lists in the May and August issues. We again tender our thanks for the assistance received from Old Boys and parents who have supplied information for our lists.

\* \* \* \* \*

The Annual Cricket Matches against the School will take place on 14th February, 1942. The Union hopes to field three teams, and asks that those available to play should send in their names to the Secretary on or before 10th February.

\* \* \* \* \*

Since the last *Torch-Bearer*, letters have been received from the following Old Boys on active service abroad:—A.I.F. : W. Alldritt, C. S. Hewlett, J. H. Marshall, F. A. Maxwell, M. T. Morell, D. M. Carment and R. G. Row (the latter two coming from Malaya). R.A.A.F. : G. R. Allman. F. A. Maxwell wrote on paper that once belonged to the Municipio di Tobruch, nicely crested and very official-looking. It is very interesting to hear from Old Boys and of their impressions.

Reg. Rowe—one time prefect and member of 1st XI.'s of 1930 and 1931, 1st XV. of 1931 also—has written us six pages of particularly interesting information, which we should have been delighted to publish in full, but lack of space prevents our doing so. We are given a good idea of the trip from the coast to their first station by what must have been a most uncomfortable train, particular emphasis being laid on the remarkable amount of perspiration lost en route. We particularly appreciate receiving this letter, also Carment's, which were written because of the paragraph in recent issues mentioning that no letters had been received from Malaya. We were very pleased, too, to hear words of praise for the canteens and the wonderful work done by the women of Singapore and other large towns.

Steve Hewlett says that the scene on the beaches at Syria reminds him of Sundays at Newport and Freshwater, also that it was nice to see the gum trees on the road leading to Damascus.

\* \* \* \* \*

Lieutenants E. S. White and J. W. Chapman, members of the A.I.F. XI. in the Middle East, have good all-round performances to their credit. White gained the bowling average and took most wickets against New Zealand—10 wickets at an average of 7.4, five in each innings—and four from catches. Chapman's forceful batting, bowling and fielding were of a high order. Against New Zealand he scored 32 in one over—three consecutive 6's and four 4's. The A.I.F. XI. was unbeaten. E. S. White says that in a regimental match they retired for lunch, and on return found two Soccer teams about to play a match. The cricketers became spectators for an hour before resuming play.

\* \* \* \* \*

Reg. Walker, uncle of Reg. Row, has been in Sydney recently.

\* \* \* \* \*

At the end of September the following Old Boys graduated in Medicine, and were admitted to their degrees: H. Busby, J. C. Church, D. L. Dey, P. H. Greenwell, C. K. Hambly, R. A. G. Holmes, J. R. Sands, A. D. Shirley and C. M. Swirles. H. B. Gatenby recently received the degree of Master of Surgery. R. W. Kerr has completed his final year in Economics. Congratulations to all!

\* \* \* \* \*

Regarding the R.A.A.F., we think we are right in saying that A. G. Sands, now a Pilot Officer, is in the 1st Australian Bomber Squadron flying Wellingtons; Sgt.-Pilots W. H. Wright and P. H. Watson are members of the 2nd All-Australian Spitfire Squadron; F/O Graham Pockley is flying a Sunderland; P/O C. A. Crombie is flying Beaufighters; P/O Douglas Richards came top of his six months' Observers' Course, and was one of the lucky ones to be chosen to fly the Atlantic (P/O Snow Swift, we understand, flew too); and P/O F. J. Young was one of the Australians to take part in the Armistice Day Procession in New York. Other Old Boys in New York later were Sgt.-Pilot Gordon Webb and Sgt. Mitchell Black, who, according to paper reports here, with all Australians have been given a wonderful time.

\* \* \* \* \*

During October we heard that two more Old Boys have had honours conferred: Acting F/Lt. E. Maynard Pain, R.A.F.—Distinguished Flying Cross; and Lt.-Colonel Robert Heathcote Russell, of the A.I.F.—the Distinguished Service Order for bravery at Crete and Greece.

E. J. Crawford reports that his brother, Lieut.-Commander S. H. Crawford, R.A.N.R., of H.M.A.S. "Lismore," who was at the School from 1919-21, has been on active service with the R.A.N. since the outbreak of war. At that time he was on H.M.A.S. "Hobart," and was mentioned in despatches in connection with the evacuation of British Somaliland. Subsequently he was appointed the C/O of the "Lismore," one of the first corvettes built and commissioned in Australia.

\* \* \* \* \*

The memorial fund for the late Sgt.-Major F. J. Davidson is still open. Subscriptions to 29th November totalled £90/15/-, which is being invested in War Savings Certificates.

\* \* \* \* \*

In our last issue we reported that Dudley H. Roberts is now an Australian Comforts Fund Commissioner, but omitted to say he is at Darwin.

\* \* \* \* \*

The usual author of these notes, J. W. Lipscomb, we are sorry to report, was unable to compile them this time. His departure to hospital with appendicitis just before the notes were due at the printers necessitated the Union Office doing them as best it could. Latest reports are that the patient is doing very well, and by the end of term should almost be completely restored to health.

### S.C.E.G.S. OLD BOYS' CLUB.

Since the close of 1940 a further 50 members of the Club have become members of the Forces, and the Active Service List now contains the names of 145 members. The Committee sends Christmas greetings to all of these.

Owing to the large number of members of the associated clubs who are now on active service, the Club Rooms have been somewhat quieter this year than usual, but the Committee is glad to see that many members make use of the Club whenever they are in town from the various camps.

Once again an appeal is made for members, particularly from the ranks of boys leaving school this year. They are always welcome, and special concessions are available to them, if application is made within four months of the end of the School year, when no entrance fee is charged, and a subscription of £1/1/- covers the years 1942 and 1943.
